PERFORMANCE WORK STATEMENT

I. General:

1. Scope - Provide all equipment, materials, labor, and transportation necessary to perform snow plowing, snow shoveling, and sanding services at the Blackwater Dam Project Area. All work shall be completed in accordance with the following Performance Work Statement.

NOTE: This work requires the following submittals prior to commencement of work (Refer to Section II. Technical Requirements for a full list of submittals):

ENG Form 6293 (Accident Prevention Plan Worksheet)

Activity Hazard Analysis; non-mandatory template available: ENG Form 6206 (Activity Hazard Analysis)

ENG Form 6282 (Site Safety and Health Officer Designation Letter)

First-Aid and CPR Personnel requirements

Safety Data Sheets

All Certifications and Licenses for the Base Year and annually for each Option Year - Prior to the start of the field work.

2. Location(s) - The Blackwater Project Office is located at 43 White Plains Road, Webster, New Hampshire 03303.

3. Technical Point of Contact - The Technical Point of Contact (TPOC) for this contract will be Park Ranger, Cody Symonds who can be reached by phone at (978)-318-8002, or by email at: cody.j. symonds@usace.army.mil.

4. Site Visits -Site visits are strongly recommended to gauge the full scope of work and provide an accurate quote. Interested vendors should conduct a site visit to confirm understanding of the scope, inspect existing conditions, and familiarize themselves with the site(s) prior to submitting a quote. No extra payment will be considered for perceived additional work caused by unfamiliarity with the site conditions and requirements.

Site visits will be held on the specified dates and times listed below only:

a. Thursday, November 12, 2026 at 12:00 PM Eastern

b. Wednesday, November 18, 2026 at 8:00 AM Eastern

Meeting location is: 43 White Plains Rd., Webster, NH. No information is required for site visit attendance. Interested vendors shall meet at the identified location at the specified times.

Please Note - Site visits outside of these specific dates and times are not permitted unless additional site visit dates/times are publicized in an amendment. All questions during site visits will be sent to the Contract Specialist as indicated in the Instructions to Vendors and responses will be provided in an amendment. Information incorporated into the solicitation via amendment will become binding.

5. Schedule - The period of performance for the base year will be from Contract Award to 31 October 2027. In addition, the Government may exercise two option years with the same scope of services. Option year one will have a period of performance of 01 November 2027 to 31 October 2028. Option year two will have a period of performance of 01 November 2028 to 30 June 2029. The Pre-Work Conference shall be completed within 14 days of Contract Award.

All Pre-Work submittals shall be submitted within 14 days of Contract Award. The Government reserves up to 7 days for review and acceptance on each submittal/resubmittal from the date of receipt. If revisions are necessary to the submittals, the Contractor shall make such revisions and shall be resubmitted to the Government in an acceptable form within 7 days of the Government's response, unless additional time is granted by the Government in writing. No field work may proceed prior to the acceptance of Pre-Work submittals.

The following table identifies the task number, description, and quantity. The actual quantity required will be determined by the number and nature of snowstorms. The following table identifies the maximum number of services that could be required at the Service Location during one year.

Task #	Description	Qty
1	Snow Plowing	24
2	Snow Shoveling	24
3	Sanding Operation	12

6. Safety Requirements

a. General:

All work shall be conducted in accordance with the U.S. Army Corps of Engineers (USACE) Safety and Occupational Health Requirements (EM 385-1-1, most recent edition), and all applicable Occupational Safety and Health Administration (OSHA), Federal, State, and local safety and health requirements. A copy of EM 385-1-1 can be accessed electronically at the following link: https://www.publications.usace.army.mil/Portals/76/EM%20385-1-1%20_EFFECTIVE%2015March2024.pdf

Project staff reserve the right to cease work at any time should the safety of employees, Contractors, and/or the public become jeopardized.

b. Accident Prevention Plan:

The Contractor shall prepare a site-specific Accident Prevention Plan. The APP must be written by a Competent Person (CP) and document the specific work processes, equipment, materials to be used, hazards and applicable control measures.

The mandatory ENG Form 6293 (Accident Prevention Plan Worksheet) must be submitted and accepted prior to beginning on site work: https://www.publications.usace.army.mil/Portals/76/Eng_Form_6293_Aug%202024%20-%20FINAL.pdf

A preparatory meeting shall be conducted by the Prime Contractor to discuss the APP contents with all affected onsite employees. The Prime Contractor is responsible for informing the

subcontractors of the safety provisions under the terms of the contract, the penalties for noncompliance, and inspecting subcontractor operations to ensure that accident prevention responsibilities are being carried out.

Daily safety meetings shall be held and documented. Records shall be available to the TPOC upon request.

c. Activity Hazard Analysis (AHA):

An AHA shall be submitted and accepted for each definable feature of work (DFOW) in accordance with EM 385-1-1, Chapter 2-6. A DFOW is defined as any task, which is separate and distinct from other tasks, has separate control requirements, or is identified as different trades or disciplines. The AHA shall be continuously reviewed and revised to address changing site conditions as appropriate.

For a non-mandatory formatted outline of an AHA, see ENG Form 6206 (Activity Hazard Analysis): https://www.publications.usace.army.mil/Portals/76/Eng_Form_6206_Sep%202024%20-%20FINAL.pdf

d. Site Safety and Health Officer (SSHO) Requirements:

The Contractor shall employ a minimum of one person to function as a Level 3, SSHO. A Level 3 SSHO is a designated Qualified Person (QP) or Competent Person (CP) with Safety and Occupational Health (SOH) responsibility that meets the requirements of EM 385-1-1, Chapter 2-3. b and 2-4.b.

Level 3 SSHOs must have training, knowledge, and/or experience identifying hazards and implementing controls for the work being performed.

The SSHO shall be present at the project site and be responsible for overseeing the implementation of the Prime Contractor's SOH program. Contractor shall designate all SSHOs on a mandatory ENG Form 6282 (Site Safety and Health Officer Designation Letter): https://www.publications.usace.army.mil/Portals/76/Eng_Form_6282_Site%20Safety%20&%20Health%20Officer%20(SSHO)%20Designation%20Letter_2024%2009%2013%20-%20Final.pdf

e. First-Aid and CPR Personnel Requirements:

For shifts with multiple employees, provide at least two employees that are certified to administer First Aid and CPR. When employees work alone, they must be certified in First Aid and be provided an effective means of communication to call for assistance in the event of an emergency. Minimum First Aid and CPR qualifications are outlined in EM 385-1-1, Chapter 3-3.

f. Additional Personnel Requirements:

Other Competent Person (CP) or Qualified Persons (QP) may be required per EM 385-1-1 and/or other sections of this Performance Work Statement, based on the definable features of work for this project.

g. Accident Reporting:

All accidents and near misses shall be investigated by the Contractor and reported to the TPOC in accordance with EM 385-1-1, Table 2-1.

The mandatory ENG Form 3394 shall be completed and submitted to the TPOC within seven (7) days of an incident: https://www.publications.usace.army.mil/Portals/76/Publications /EngineerForms/Eng_Form_3394_2021Aug.pdf

h. Employee Exposure Data:

The Contractor shall electronically report total employee work hours (including subcontractors) to the TPOC by close of business on the 10th calendar day of the following month.

6. Pre-Work Conference - Prior to the start of any work, the TPOC will schedule and conduct a "Pre-Work Conference". The Contractor's Project Manager and Quality Control Personnel shall be physically present at this meeting. The Contractor shall directly oversee all work on the project and the Project Manager and Quality Control Personnel shall have the authority to act on behalf of the Contractor. This conference will be held at the time and location agreeable to the Government and Contractor. No work may be performed under this contract prior to this conference. The purpose of the conference is to enable the TPOC to outline the procedures that will be followed by the Government in its administration of the contract, and to discuss the performance that will be expected from the Contractor. This conference will allow the Contractor an opportunity to ask questions about the Government's administration and inspection of contract work or obtain other pertinent information that might be required. At the Pre-Work Conference the Contractor shall provide the name of the Project Superintendent with a telephone number for project coordination.

The following is a general list of items for discussion during this Pre-Work Conference:

i. Authority of the Technical Point of Contact and Quality Assurance Inspectors.

ii. Contractor's Safety Program (including sub-contractors).

iii. Accident Prevention Plan and Activity Hazard Analysis

iv. Documented Safety Meetings

v. Accident Reporting (ENG Form 3394)

vi. Safety Data Sheet (SDS) requirements

vii. Contractor's Quality Control Plan

viii. Contractor's Equipment

ix. Correspondence, Communication, Security and Administrative Procedures.

x. Invoice and payment.

7. Permits - The Contractor shall, without additional expense to the Government, be responsible for obtaining any necessary licenses, permits, and letters of certification. The Contractor shall comply with any applicable Federal, State, county, and municipal laws, codes, and regulations in connection with the performance of the work specified under this contract.

8. Security - The Contractor will comply with all established security policies at the Blackwater Dam. Due to periods of heightened security that may affect access to the areas covered under this contract, the Government reserves the right to close any property or portion of property and reschedule and/or cancel any subsequent service. The Contractor shall be given at least 24-hour notice of any such closure.

9. Payment - The Contractor shall furnish the TPOC with one invoice per month. The invoice shall include the invoice date, contract number, dates of service, description of work, quantities, labor hours, and total amount due per line item. The invoice must also include the company letterhead, and this must match the data that is registered in the System for Award Management (SAM) registry. Payment shall be made monthly for the actual services performed at the applicable contract unit price.

NOTE: Final Payment may be held until the Contractor has returned any and all issued keys and Government provided resources to the TPOC at the completion of work. All keys and Government provided resources are required to be physically handed to the TPOC, or if mailed, the Contractor assumes all responsibility for loss (which may include the cost of re-keying the applicable project).

All invoices may be mailed to:

U.S. Army Corps of Engineers

Franklin Falls Dam

46 Granite Drive

Franklin, New Hampshire 03235

Or emailed to: cody.j.symonds@usace.army.mil

II. Technical Requirements:

Part 1 General:

1. Summary - Furnish all equipment, materials, labor, and transportation necessary to perform snow plowing, snow shoveling, and sanding services. Contractor's work and responsibility shall include, but not be limited to, all job planning, programming, scheduling, administration, inspection, personnel, equipment, vehicles, fuel, materials, supplies, supervision, and quality control necessary to perform the various services required herein.

2. Submittals - Although the Government reviews submissions required by this Performance Work Statement, it is emphasized that the Contractor's work must be completed using proper internal controls and review procedures. The Government reserves up to 7 days for review and acceptance on each submittal/resubmittal from the date of receipt. If revisions are necessary to the submittals, the Contractor shall make such revisions and shall resubmit to the Government in an acceptable form within 7 days of the Government's response, unless additional time is granted by the Government in writing.

The documents identified below must be prepared in accordance with the applicable standards, submitted to the TPOC for review and must be accepted by the Government.

Pre-Work Submittals: Submitted within 14 days of Contract Award. Submittals must be accepted prior to the commencement of any field work.

ENG Form 6293 (Accident Prevention Plan Worksheet)

Activity Hazard Analysis; non-mandatory template available: ENG Form 6206 (Activity Hazard Analysis)

ENG Form 6282 (Site Safety and Health Officer Designation Letter)

First-Aid and CPR Personnel requirements

Safety Data Sheets

All Certifications and Licenses for the Base Year and annually for each Option Year - Prior to the start of the field work.

3. References - All work shall be in conformance with:

a. U.S Army Corps of Engineers

i. EM-385-1-1 2024 Safety and Occupational Health Requirements, U.S. Army Engineering Manual.

b. Code of Federal Regulations

i. Title 36 - Parks, Forests, and Public Property; Chapter III, Part 327 - Corps of Engineers, Department of the Army.

4. Other Contracts - The Government may undertake or award other contracts for additional work not related to this contract, and the Contractor shall fully cooperate with other contractors and Government employees. The Contractor shall not commit or permit any act which will interfere with the performance of work by another contractor or by Government employees.

5. Clean Up and Waste Disposal - The Contractor shall practice good housekeeping to maintain a safe job site. The Contractor shall keep the work area, including any designated storage areas free from accumulation of waste materials. Upon completing work in an area, the Contractor shall remove any tools, equipment, and materials that are not the property of the Government. Any and all disturbed areas resulting from Contractor activities shall be restored by the Contractor to the satisfaction of the TPOC. All waste materials shall be disposed of offsite in accordance with all Federal, State, and local regulations.

6. Environmental Protection - The Contractor will take necessary steps to ensure all Federal, State, and local environmental regulatory requirements are met at no additional cost to the Government. Assurance of compliance with this section by subcontractors shall be the responsibility of the Contractor.

7. Personal Protective Equipment - It is the Contractor's responsibility to furnish and supply personnel with the proper personal protective equipment necessary for performing the work.

8. Government Resources - The Contractor shall supply their own means of communication (telephone). There is not a restroom available at the contract site, and there is no access to potable water at the contract site. The Contractor would have to provide these resources or have an acceptable alternative plan for these resources. The Government will provide the Contractor with the necessary key(s) to access restricted areas.

9. Damage to Government and Private Property - The Contractor shall be responsible for restoring all Government facilities or structures damaged as a result of the Contractor's operation. The Contractor shall also be responsible for any damage to private property or injury to any person as a result of the Contractor's operation. The Contractor shall notify the TPOC immediately of damage to Government and private property and injury to any person resulting from the Contractor's operation. Also, the Contractor shall notify the TPOC of damage to Government facilities due to vandalism or other causes on the day such damage is first noticed. Trucks and/or trailers will be driven on existing roads only and not across or through park areas to facilities. The Contractor shall also restore landscape features (shrubs, flowers, grasses, etc.), which are damaged or destroyed by the Contractor's operation. Damaged or destroyed grass areas shall be re-planted as directed by the TPOC, and shrubs and flowers which are damaged or destroyed shall be replaced from nursery stock of like size and kind.

10. Contractor's Personnel -

a. Minimum Personnel Requirements - The Contractor shall provide an adequate number of fully qualified personnel to perform the specified service properly and efficiently within the time limits specified. The Contractor shall provide a list of the names and contact phone numbers for all employees prior to them working on Government Property.

Note: At least one (1) of the Contractor employees on site shall be able to communicate effectively and efficiently with project staff.

b. Employee Conduct - The Contractor shall be responsible for seeing that the Contractor's employees strictly comply with Code of Federal Regulations (CFR) Title 36, Chapter III, Part 327, and all Federal, State, and municipal laws. Any personnel activity, which, in the opinion of the Government, is deemed detrimental to the performance of the contract may result in the removal of Contractor employee(s).

Examples of unbecoming actions or conduct include but are not limited to the following:

i. Cursing, harassment, or discrimination of and/or unwarranted physical contact with visitors, USACE personnel, or other Contractors.

ii. Recurring written and/or verbal complaints from visitors, USACE personnel, or other Contractors.

iii. Unsafe operation of vehicles while on USACE property.

c. Removal of Contractor's Employees - The TPOC may require the Contractor to immediately remove from the work site any employee of the Contractor or subcontractor, who, in the opinion of the TPOC, endangers persons or property, or whose physical or mental condition is such that it would impair the employee's ability to satisfactorily perform assigned work. Notification to the Contractor shall be promptly made in writing if time and circumstances permit. Otherwise, notification shall be verbal or by telephone and shall be confirmed in writing as soon as possible. No such removal, however, will reduce the Contractor's obligation to perform all work required under this contract, and immediate replacement will be made as required. This requirement shall not be made the basis of any claim for compensation or damages against the United States or any of its officers or agents.

11. Quality Assurance - The Contractor is responsible for the quality control of the contract work. The Contractor shall establish and maintain a quality control system to assure compliance with the contract requirements. The Government has the right to inspect and test all items called for by the contract, to the extent practicable at all times and at all places during the term of the contract.

12. Inspections-

a. Contractor Quality Control - The Contractor is responsible for establishing and maintaining an adequate quality control system to satisfactorily inspect and ensure that all work performed by the Contractor's organization in each separate service is in full compliance with this contract and the instructions, provisions, specifications, drawings, and maps herein.

b. General Inspection - Upon the completion of each service requirement, the Contractor will perform an inspection of all areas under this contract to ensure compliance with the Performance Work Statement. The Contractor or their representative must be able to commit personnel, equipment, and resources to correct deficiencies. A Government representative may accompany the Contractor on an inspection of completed work and will identify any contract deficiencies. Any deficiencies noted will be corrected within original contract time frames or appropriate deductions in payment will be made.

c. Equipment/Supplies Inspections - The TPOC may inspect required equipment and, supplies at any time when in use on Government property. Any equipment found deficient shall be removed from service immediately until faulty conditions have been corrected and passed by the TPOC. No such removal will reduce the Contractor's obligation to perform all work required within the time scheduled under this contract. This requirement shall not be made the basis of any claim for compensation or damages against the United States or any of its officers or agents.

d. Government Inspections - The Government will monitor the Contractor's work and make deductions accordingly for work not corrected with the time permitted.

13. Receiving and Storing Materials - The Contractor is responsible for protecting any stored material until it is placed in service. The Contractor is responsible for receiving and unloading of delivered goods. Government employees will not receive materials or supplies for the Contractor and will not be responsible for damage to the Contractor's equipment or materials.

14. Omissions - This contract may not cover all specified activities, steps, and procedures required to supply the contract product. In case of omission, the normal industry, State, or Federal standards, practices, specifications, and/or guides shall prevail. In no instance shall an omission be reason to produce less than an acceptable product.

Part 2 Equipment:

1. Condition of Equipment- All equipment used to perform work under this contract must be in good operating and mechanical condition and comply with EM 385-1-1, Army Corps of Engineers Safety and Occupational Health Requirements. A regular schedule of preventive maintenance must be followed on all equipment. All vehicles utilized under this contract will be presentable, serviceable, and shall comply with safety standards.

2. Type(s) of Equipment-

a. The Contractor shall have equipment sufficient to plow snow, shovel snow, and to spread sand. The plow equipment shall be able to handle typical New England snow loads including snow drifts and be able to push back snowbanks beyond the road and parking lot edges.

b. The minimum equipment shall include:

i. A 3/4 ton four-wheel drive truck equipped with a functioning 8-foot-wide angle-controlled plow.

ii. A powered sander with a minimum one-yard capacity. Hand sanding is only permitted on walkways or near building entrances where power sanding is not practical or would cause damage to the building(s).

iii. Snow shovel(s).

3. Equipment Storage - The Government shall not provide storage for Contractor equipment.

Part 3 Materials and Supplies:

1. Provided by Government: No materials or supplies will be provided by the Government. The Government will issue the Contractor the necessary key(s) to access restricted areas.

2. Provided by Contractor:

a. Equipment, materials, labor, and transportation necessary to provide snow plowing, snow shoveling, and sanding services.

b. Sand - SPECIAL NOTE: Salt shall NOT be used in the sand that is spread at any of the service location areas. Sand shall be road grade sand.

Part 4 Service Requirements:

1. General: Provide all equipment, materials, labor, and transportation necessary to provide snow plowing, snow shoveling, and sanding services. The services under this contract include three separate tasks: Snow Plowing, Snow Shoveling, and Sanding. The services shall be performed at project areas shown on the attached maps: See Figures 1 and 2.

2. Service Definition:

a. One service is defined as a single completion of all requirements for each task as described in Section 4, Service Tasks below. For example, one snow plowing service would include snow plowing at all service locations as listed in Part 5, Service Location(s) and Task Requirements.

b. Snowstorms over 2" in total may require the number of services as indicated below. Snowfall is measured by project staff on-site and is documented daily. The general guidelines are as follows:

i. 2" to 6" storm = up to 1 service

ii. Over 6" to 12" storm = up to 2 services

iii. Over 12" to 18" storm = up to 3 services

iv. Over 18" and greater storms = up to 4 services

c. The table above lists the maximum number of services the Government will pay for based on the storm total. Additional snow removal services performed by the Contractor at their own discretion will not be reimbursed by the Government.

d. Storm totals will be determined by measurement at the Project Office, with the amounts rounded to the nearest whole inch.

e. If the Government TPOC requests additional plowing, that work shall be considered a separate service and invoiced as such. Additional plowing must occur within 4 hours of notification.

f. The Contractor shall only be paid for work fully completed. If a partial service is rendered, payment will be adjusted according to percent of area completed. Partial service is defined as completing anything other than all designated locations as identified in Part 5, Service Location(s) and Task Requirements.

3. Service Schedule:

a. The service priority shall be to plow and shovel snow to provide access to all areas indicated in Figure 1 by 9:00 a.m. on normal business days. Generally, all services shall be completed within 8 hours after completion of a snowstorm, unless otherwise directed by the TPOC.

b. The Contractor's schedule shall be coordinated with the TPOC depending on the timing and size of snowstorms. The Contractor shall be capable of rendering service 24/7 throughout the contract period.

c. The Contractor shall coordinate timing of each service with the TPOC.

4. Service Tasks:

a. Snow Plowing:

i. Snow plowing will be required after accumulation of two (2) inches or more of snow, or upon notification by project staff.

ii. The Contractor shall plow snow from all paved and gravel surfaces shown in Figures 1 and 2.

iii. Snow shall be pushed beyond the edge of pavement where possible.

iv. Snow shall not be pushed against garage doors, entrance doors, culverts, fenced gates or fuel fill access areas.

v. Upon completion of plowing all pavement shall be neatly scraped clean, leaving no measurable snow.

b. Snow Shoveling:

i. Snow shoveling shall be performed each time a Snow Plowing task is performed, or upon notification by project staff.

ii. Snow shoveling shall take place in front of all buildings and entry points, all garage bays, all sidewalks, and in front of all heating fuel fill points as designated in Part 5: Service Location(s) and Task Requirements; 1. c. ii. ITEM NO. - 2: Snow Shoveling and as shown on Figure 1.

iii. Areas to be shoveled shall be clear to the existing pavement, concrete, or wood decking surface. If the areas are icy upon completion of shoveling, sand shall be spread to reduce hazardous conditions. This is separate from the sanding task below.

iv. Snow may not be placed against any building, gate or in the travel path of any gate.

v. In addition to morning shoveling, shoveling will also be performed on weekends, holidays, and after normal working hours during the week to maintain access during storm events.

c. Sanding:

i. The Contractor shall sand the areas plowed (as shown in Figure 1) only upon request by the TPOC.

ii. When requested, sand shall be spread adequately to provide traction for driving and walking.

iii. If roadways and parking areas become icy, the Contractor may contact the TPOC for approval to sand all plowed areas.

iv. The project staff may request additional sanding as conditions require.

v. Sanding will also be performed on weekends, holidays, and after normal working hours during the week if necessary. Sanding is not required for each snow plowing service unless unsafe icy conditions exist and is approved by the TPOC.

Part 5 Service Location(s) and Task Requirements: The service area is located in Webster, NH.

1. Blackwater Dam and Office Area and Cogswell Road- Snow Plowing, Snow Shoveling, and Sanding

a. Site Access:

i. Access to the Blackwater Dam Area (43 White Plains Rd) is via Rte. 127 (Battle St) in Webster, NH.

ii. Access to Cogswell Road (43.33428, -71.72043) is via Rte. 127 (Battle St.) in Webster NH approximately 1.5 miles north of the Blackwater Dam.

b. Site Information:

i. The Blackwater Dam Area consists of an access road to the Gatehouse, a parking area, and areas around outbuildings (garages, offices etc.).

ii. The total service area for snow plowing and sanding is approximately 29,500 square feet.

iii. The total service area for snow shoveling and sanding is approximately 1,580 square feet.

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at https://www.sam.gov; and

(2) Be registered to use WAWF at https://wawf.eb.mil/ following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at https://wawf.eb.mil/

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

WAWF IS NOT USED

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

WAWF IS NOT USED

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Section H - Special Contract Requirements

SECURITY REQUIREMENTS:

General security requirements and guidance: The security requirements described below apply to all contract personnel (including employees of the prime Contractor ("Contractor") and all subcontractor employees) supporting the performance requirements of this contract. The Contractor is responsible for compliance with these security requirements. Questions regarding security matters shall be addressed to the designated Government representative (eg., Contracting Officer Representative (COR), Requiring Activity (RA) representative, or Contracting Officer (if a COR or other RA representative is not appointed)). Contract personnel are critical to the overall security and safety of US Army Corps of Engineers (USACE) installations, facilities and activities, and security awareness training contributes to those efforts. The Department of Defense (DoD) and Army security training requirements specified below, if applicable, are performance requirements; all applicable contract personnel shall complete initial training within 30 days of contract award or the date new contract personnel begin performance on the contract. Within five business days from the completion of training, the Contractor shall provide written documentation (e.g., email or memorandum) to the Government representative. The documentation shall include the names of contract personnel trained and which training they completed; the Contractor shall maintain training records as part of their contract files and be prepared to provide copies of training certificates to the Government representative. Contractor personnel and vehicles are subject to search when entering federal installations. Additionally, all contract personnel shall comply with Force Protection Condition (FPCON) measures, Random Antiterrorism Measures (commonly referred to as "RAMs"), and Health Protection Condition (HPCON) measures. The Contractor is responsible for meeting performance requirements during elevated FPCON and/or HPCON levels in accordance with applicable RA plans and procedures -this includes identifying mission essential and non-mission essential personnel. In addition to the changes otherwise authorized by the changes clauses of this contract, should FPCON or HPCON levels at any individual facility or installation change, the Government may implement security changes that affect contract personnel. The Contractor shall ensure all contract personnel are aware of their security responsibilities, including any site-specific requirements identified in local policies or procedures.

Suspicious Activity Reporting training (e.g. iWATCH, CorpsWatch, or See Something, Say Something): All contract personnel shall receive initial and annual refresher training from the RA representative on the local suspicious activity reporting program. This locally developed training provides contract personnel with general information on suspicious behavior, and guidance on reporting suspicious activity to the project manager, security representative or law enforcement entity.

52.217-9	Option to Extend the Term of the Contract.	2000-03		

Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 15 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 3 years.

(End of clause)

52.219-28	Postaward Small Business Program Rerepresentation. (Deviation 2026-O0038)	2026-02

Postaward Small Business Program Rerepresentation (Feb 2026) (Deviation 2026-O0038)

(a) *Definitions*. As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at https://www.sba.gov/document /support--table-size-standards.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

(1) The Contractor represents that it is, is not a small business concern under NAICS Code 561730 assigned to contract number W912WJ27PXXXX.

(2) [*Complete only if the Contractor represented itself as a small business concern in paragraph (g)(1) of this clause*.] The Contractor represents that it is, is not, a small disadvantaged business concern as defined in 13 CFR 124.1001.

(3) *Women-owned small business (WOSB) joint venture eligible under the WOSB Program*. The Contractor represents that it is, is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [____The Contractor shall enter the name and unique entity identifier of each party to the joint venture: __.]

(4) *Economically disadvantaged women-owned small business (EDWOSB) joint venture*. The Contractor represents that it is, is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [____The Contractor shall enter the name and unique entity identifier of each party to the joint venture: __ .]

(5) *Service-disabled veteran-owned small business (SDVOSB) joint venture eligible under the SDVOSB Program*. The Contractor represents that it is, is not an SDVOSB joint venture eligible under the SDVOSB Program that complies with the requirements of 13 CFR 128.402. [____The Contractor shall enter the name and unique entity identifier of each party to the joint venture: __.]

(6) *HUBZone joint venture eligible under the HUBZone Program.*[*Complete only if the offeror is a HUBZone small business concern.*] The offeror represents, as part of its offer, that It is, is not a HUBZone joint venture that complies with the requirements of 13 CFR 126.616(a) through (c). [____The Contractor shall enter the name and unique entity identifier of each party to the joint venture: .] Each HUBZone small business concern participating in the HUBZone joint venture must be certified as a HUBZone concern. [____Contractor to sign and date and insert authorized signer's name and title.]

COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-

REPRESENTATION (DEC 2019)

(a) Definitions. As used in this provision, "covered defense telecommunications equipment or services" has the meaning provided in the clause 252.204-7018, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services.

(b) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (https://www.sam.gov) for entities excluded from receiving federal awards for "covered defense telecommunications equipment or services".

(c) Representation. The Offeror represents that it [ ] does, [ ] does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(End of provision)

252.204-7017	Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation.	2021-05

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) Definitions. "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) Prohibition. Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at https://www.sam.gov for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) Representation. If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it [ ] will [ ] will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) Disclosures. If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

Section L - Instructions, Conditions, & Notices to Offerors or Quoters

INSTRUCTIONS TO VENDORS:

VENDORS SUBMITTING A QUOTE IN RESPONSE TO A SOLICITATION ARE RESPONSIBLE FOR ADHERING TO ALL INSTRUCTIONS AND TERMS AND CONDITIONS INCLUDED IN THE SOLICITATION. FAILURE TO DO SO MAY RESULT IN QUOTES BEING DEEMED NON-RESPONSIVE

INFORMATION:

1. This is a Request for Quotations (RFQ) in accordance with Federal Acquisition Regulation (FAR) Part 12.

2. The Government may perform a comparative evaluation (comparing quotations to each other) to select the contractor that is best suited and provides the best value, considering the evaluation factors in this solicitation.

3. Evaluation factors will be technical, price, and past performance. Failure to provide sufficient documentation for Government evaluation for these factors with quote submission shall result in a quote being deemed non-responsive.

4. All responsible sources may submit a quote which, if timely received, must be considered by the Agency.

5. The Government may request that a vendor respond to a Quote Verification after the solicitation closes, but prior to award. The vendor shall respond in sufficient detail to all questions or statements no later than the response date and time listed in the correspondence. Failure to do so will result in quotes being deemed non-responsive and removed from consideration. The Government is under no obligation to provide extensions for responses.

6. Information on previously awarded contract (if no information is listed the requirement is considered "new"):

a. Previous contract was awarded to: **LeBell's Landworks LLC**

b. Previous contract awarded amount: **$15,300**

c. Interested vendors are advised that scope may differ from previous contract

d. No additional information on previous contracts will be provided.

QUESTIONS REGARDING SOLICITATIONS:

1. Questions regarding the solicitation shall be directed to the Contract Specialist:

a. Name: Jennifer M. Samela

b. Phone: 978-318-8324

c. Email: Jennifer.M.Samela@usace.army.mil

2. Technical Points of Contact shall not provide responses to interested vendors.

QUOTE SUBMISSION:

1. Quotes shall be submitted via email to the Contract Specialist listed above no later than the closing date and time identified in the solicitation or subsequent amendments.

2. The Government is under no obligation to consider any quote received after the solicitation closing date or time.

3. Interested vendors shall submit signed copies of all material amendments (SF30) with their quotes. Failure to do so will result in quotes being deemed non-responsive and removed from consideration.

BID SCHEDULES:

1. If a Bid Schedule is included in the solicitation, vendors shall complete the bid schedule in its entirety (all tasks, all years).

2. Vendors shall enter $0.00 on Bid Schedules in which items are Not Separately Priced (NSP) when Bid Schedules are required to be submitted in excel format. For Bid Schedules that are not required to be submitted in excel format, either $0 or NSP shall be entered. Blank entries will not be considered and will result in quotes being deemed non-responsive.

3. Failure to complete the Bid Schedule in its entirety and return same with a quote will result in quotes being deemed non-responsive.

4. When Bid Schedules or Contract Line Item Numbers (CLINs) require unit pricing and total amounts, unit pricing shall govern in case of discrepancy between unit prices and total amounts.

SITE VISITS:

1. If dates/times for site visits are included in the solicitation, then interested vendors will be permitted to visit the site during those dates/times. No other dates/times will be permitted for site visits.

2. If no dates/times for site visits are included in the solicitation, then interested vendors shall contact the Technical Point of Contact as identified in the solicitation to schedule a site visit.

3. No site visits will be permitted AFTER a solicitation closes.

SYSTEM FOR AWARD MANAGEMENT (SAM) REGISTRATIONS:

1. In accordance with FAR Clause 52.204-7:

a. Vendors are REQUIRED to be registered in SAM when submitting a quotation and shall continue to be registered until time of award, during performance, and through final payment.

b. "Registered" in SAM means that the Government has marked the record "Active".

2. The Government will deem quotes non-responsive from vendors that do not have an active SAM at the time of quote submission or by date/time of solicitation closing.

3. Provide Unique Entity Identifier (UEI): _____

4. Provide CAGE code: _____

SUBMITTALS:

1. The awarded Contractor will be required to provide all submittals within the time stated in the solicitation and resultant contract. Failure to do so may result in termination.

Section M - Evaluation Factors for Award

Evaluation--Commercial Products and Commercial Services Revolutionary Federal Acquisition Regulation (RFO) Part 12

1. Addendum. The Government may perform a comparative evaluation (comparing quotes to each other) to select the contractor that is best suited and can perform work at a fair and reasonable price, considering the evaluation factors in this solicitation.

a. Potential vendors are notified that the evaluation factors shall be technical, price, and past performance.

b. By submission of its quote, the vendor agrees to comply with all solicitation requirements, including terms and conditions, representations and certifications, and technical requirements, in addition to those identified as evaluation factors.

2. Evaluation factors. The Government will award a Purchase Order resulting from this solicitation to the responsible vendor whose quotation conforms to the solicitation and is most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate quotes:

a. Technical

b. Price

c. Past Performance

3. Options (if applicable). The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

4. Evaluation process.

a. Step 1 - Evaluate all quotes for responsiveness and reject quotes not considered responsive.

b. Step 2 - The Government may perform a comparative evaluation of all quotes deemed responsive.

c. Step 3 - Contracting Officer will follow award process.

A. Action/Step-1 (Responsiveness).

i. Initially, the Government will verify the quote is signed, via SF 1449, block 30a and signed copies of all material amendments have been submitted. If the SF1449 is signed and signed copies of material amendments have been included, the evaluation will continue. If the SF 1449 block 30a is

not completed, and/or material amendments not signed and returned, the quote will be determined non-responsive, and quote will be eliminated from any further evaluation.

ii. Government will then verify vendor's quote has fully provided all requirements stated above in Section L. If the quote schedule is not completed, the quote will be determined non-responsive, and quote will be eliminated from any further evaluation.

iii. Government will then verify quoter's Technical factors information requested in the Solicitation Survey is fully provided. Per solicitation requirements, if the survey included with the solicitation documents is not completed, the quote will be determined non-responsive, and quote will be eliminated from any further evaluation.

iv. If quoter is found to be responsive from information provided the evaluation will continue to the next Action/Step (Review Technical Factors Information).

B. Action/Step 2 (Review Technical Factors Information).

i. Government will review key personnel, subcontractor teaming arrangements, documents, and certifications as they relate to the solicitation. Subcontractor teaming arrangements shall be considered a confirmation from a subcontractor that they agree to perform the work required by the solicitation in conjunction with the prime contractor.

C. Action/Step-3 (Price Evaluation).

i. The Government shall rank all responsive quotes from the lowest price to the highest price received, including any options if applicable.

ii. Only firm fixed price quotes will be evaluated. A quote using a sliding price scale or subject to escalation based on any contingency will not be accepted and will be considered non-conforming to this solicitation.

iii. A quoter's pricing will be determined by multiplying any quantities identified in the pricing schedule by the proposed unit price for each task or line item to confirm the extended amount for each. The price evaluation will document reasonableness and affordability of the total evaluated price.

iv. Quoter's shall insert proposed unit and extended totals for each task or line item as required. Any quote that fails to cite a price for each item or fails to make an entry that indicates service will not be provided for an Item will be rejected as non-conforming to this solicitation. Quotes that fail to price all items or indicate that the amount is $0 or Not Separately Priced (NSP) will be rejected as nonconforming to this solicitation.

v. After final price ranking is complete the Contracting Officer will continue to the next Action/Step (Award Process).

D. Action /Step 4 (Past Performance).

i. The Government shall review the past performance as listed in the survey. The Contractor shall be able to demonstrate successful performance of previous contracts. Contracts shall be within the past three years. Relevant past performance shall be rated higher than non-relevant performance. Relevant means the performance being considered must have a logical connection to the work described in the solicitation.

ii. Vendors that list do not list past performance, or have no past performance, as indicated by a blank Past Performance section on the survey may be rated as "neutral" for this factor.

iii. Vendors whose System for Award Management (SAM) registration includes a Responsibility /Qualification record due to termination for cause or default, or administrative agreement, may be determined unacceptable and quote may be eliminated from any further evaluation. The Government will consider information provided by the vendor on the termination or failure to perform; however, the Government retains the ability to remove a vendor from consideration.

iv. Only past performance of the prime contractor shall be considered. Past performance of subcontractors shall not be considered unless a teaming arrangement is submitted in response to the Request for Quotation.

E. Action/Step-4 (Award Process).

i. The Contracting Officer may conduct a comparative evaluation of all responsive quotes. A Purchase Order will be awarded to the vendor that submitted the most advantageous, responsive quote that includes fair and reasonable pricing, and who is considered technically capable of performing the work as required by the solicitation.

ii. Quoters are cautioned to submit sufficient information for evaluation. Communication conducted to resolve minor or clerical errors would not constitute discussions and the contracting officer reserves the right to award a contract without the opportunity for quote revisions.

iii. The Government intends to award a contract without discussions with respective quoters. The Government, however, reserves the right to conduct discussions if deemed in its best interest.
