11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☒ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended. ☒ is not extended.

Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods: (a) By completing items 8 and 15, and returning 1 copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or electronic communication which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by letter or electronic communication, provided each letter or electronic communication makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

STANDARD FORM 30 (REV. 11/2016)
Prescribed by GSA FAR (48 CFR) 53.243

SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

Solicitation/Contract Form

The following changes have been made:

Miscellaneous text in this section has been added to:

REQUEST FOR INFORMATION:

Question 1: Key personnel at the Pre-Work Conference. We will perform with a local snow removal subcontractor under a teaming arrangement. May the Project Manager and Quality Control person who attend the Pre-Work Conference in person be employees of our subcontractor, provided they are named in our quote and the teaming arrangement?

Response 1: Personnel designated as the Project Manager and Quality Control person shall meet the qualification requirements of these positions and have the authority to act on behalf of the Contractor.

Question 2: Site visit. We understand site visits are arranged through the technical point of contact, Keith Beecher. Is there a date by which a visit must be completed?

Response 2: No.

Question 3: Is a vendor permitted to submit a proposal as the prime contractor while partnering with an established local snow-removal company as its subcontractor for the actual snow-removal operations?

Response 3: Yes.

Question 4: Would the subcontractor be permitted to provide the necessary snow-removal equipment, trucks, operators, labor, materials, salting, and storm-response services?

Response 4: Yes.

Question 5: Would the prime be permitted to retain responsibility for contract administration, government communications, scheduling, quality assurance, reporting, invoicing, and overall contract management?

Response 5: The prime contractor is required to retain responsibility for contract administration, government communications, scheduling, quality assurance, reporting, invoicing, and overall contract management. The Government's contractual relationship is with the awarded Contractor, not with the awarded Contractor's subcontractor.

Question 6: Are there any limitations under the current solicitation concerning the percentage of work that may be subcontracted, particularly under the applicable Small Business Set-Aside requirements and FAR 52.219-14?

Response 6: Clause 52.219-14 is not included in the solicitation, therefore, it is not applicable.

Question 7: Does the current solicitation contain any specific provisions or restrictions regarding this type of teaming or subcontracting arrangement?

Response 7: The vendor submitting a quote is responsible for reviewing the solicitation to determine if any provisions or restrictions are included.

Question 8: Please clarify the applicable workshare requirements and whether the proposed performer may provide the required on-site safety personnel and experience references.

Response 8: The solicitation does not include any workshare requirements. The "proposed performer" or subcontractor may provide the required on-site safety personnel if they meet the requirements and have the authority to act on behalf of the awarded Contractor only. Experience references shall be of the vendor submitting the quote unless otherwise indicated on the Solicitation Survey.

Question 9: Please also confirm any bid, performance or payment bonds, CMMC status or cybersecurity assessments required of the prime or subcontractor, and whether the proposed performer may attend a site visit on the prime's behalf.

Response 9: No bonding provisions or clauses are included in the solicitation. No CMMC status or cybersecurity assessment provisions or clauses are included in the solicitation. A subcontractor may attend a site visit.

Question 10: The notice and FAR 52.219-6 describe a total small-business set-aside, but the solicitation's cover text also refers to WOSB. Is this open to all qualifying small businesses?

Response 10: Block 10 of the solicitation indicates that the requirement is set aside for small business. Women-Owned Small Business is not checked in block 10, therefore, this is not a WOSB set aside.

Question 11: Is the arranged site visit recommended or mandatory for quote eligibility? We understand the solicitation survey must be returned with the quote.

Response 11: A site visit is not mandatory, however, interested vendors should review the Performance Work Statement, A. General, 3. Site Visit.

Question 12: The PWS requires a Level 3 SSHO and requires the prime's project manager and quality-control personnel to attend the pre-work conference on site. May qualified personnel supplied through a locally based subcontractor serve in those positions under the prime's direct oversight, or must these be prime employees?

Response 12: Refer to the response to question 1. The response is applicable to a SSHO as well as the project manager and quality control personnel.

Question 13: Is any bid bond or offer guarantee required with the quotation?

Response 13: Reference response to question 9.

Question 14: Can a prime contractor propose a qualified local snow removal subcontractor to perform the on-site services, provided all applicable subcontracting requirements are met?

Response 14: Refer to the responses above.

Question 15: May the subcontractor's relevant experience, personnel, and equipment capabilities be included in our technical submission, clearly identified as belonging to the subcontractor, while separately reporting the prime's own experience as required by the solicitation survey?

Response 15: Yes.

Question 16: The SAM.gov notice identifies this as a total small-business set-aside, while part of the solicitation appears to reference WOSB. Could you confirm the applicable set-aside designation?

Response 16: Refer to the response to question 10.

Question 17: Are there any additional requirements for subcontractor personnel regarding safety certifications, site access, or government facility experience that we should consider?

Response 17: Personnel performing work shall meet the requirements as stated in the Performance Work Statement.
