ARTICLE I
PARTIES

1.01 PARTIES

AGREEMENT made effective the first day of June 2026 between Netcentric Technology, LLC., hereinafter referred to as the “Company,” and the Fairbanks Joint Crafts Council, hereinafter collectively referred to as the “Union,” for the Company's employees in the certified unit represented by the Union at the Gilmore Creek NOAA facilities at Fairbanks, Alaska.

1.02 PURPOSE

The Union, representing employees of the Company, and the Company's desire to establish and maintain, through harmonious cooperation, a standard of conditions and procedures to provide for orderly collective bargaining relations, prompt and equitable disposition of grievances and fair wages, hours and working conditions for the employees covered by this Agreement.

1.03 RECOGNITION OF BARGAINING UNIT

The Company recognizes the Union as the sole and exclusive collective bargaining representative, with respect to rates of pay, wages, hours and other conditions of employment, for all employees of the Company's Plant Maintenance activity at its NOAA/NESDIS Fairbanks CDA Station (Gilmore Creek), 1300 Eisele Rd**,** Fairbanks, AK 99712, Mile 13 Steese Highway, in the occupational classifications listed in Appendix A of this Agreement, EXCLUDING: All other employees including office and plant clerical employees, engineers, technical and professional employees, guards and all supervisors as defined in the Act.

Except in emergencies, the work which is within the scope of the Union's certification shall be performed by the employees in the bargaining unit by the appropriate job classification.

An emergency situation refers to unexpected and immediate needs that demand urgent attention, due to safety concerns, potential significant damage to property, or disruption to the normal course of operations.

1.04 CONDUCT OF UNION AFFAIRS, COLLECTION OF UNION DUES, FEES, OR ASSESSMENTS

The Union shall assume all obligations and responsibilities for the collection of any union dues, fees, or assessments, except as agreed to by the Company and set forth herein.

The Company will deduct working dues from the employees' pay checks for each compensable hour, and/or a percentage of gross wages in an amount so designated by the Union, with proper authorization submitted to the Company by the employees so affected.

All monies collected for working dues by the Company shall be paid to the appropriate Craft

within the Fairbanks Joint Craft Council as notified by the Union. The working dues that are deducted shall be paid monthly for all pay periods that fall in a calendar month (two pay periods for ten months a year, and three pay periods for two months a year). The working dues that are deducted shall be paid monthly by the fifteenth (15th) of the month following the month in which they were deducted.

The Company fringe contributions shall be paid monthly in accordance with working dues deductions; except for the month of December which will be calculated thru the last day of the month (December 31st), and January which calculations will begin the first day of the month (January 1st). Fringe Contributions contributed on the employee's behalf shall be reported to the employee monthly.

The Company will deduct legal aid and or credit union checkoffs for each compensable hour in an amount so designated by the particular Craft involved, with proper authorization submitted to the Company by employees so affected.

All monies collected for legal aid and or credit union checkoffs by the Company shall be paid to the appropriate Craft within the Fairbanks Joint Craft Council as notified by the Union. The monies that are deducted shall be paid monthly by the fifteenth (15th) of the month following the month in which they were deducted.

1.05 SPECIFIED ACTIVITIES NOT PERMITTED

The Union agrees that neither the Union nor its members shall solicit membership on Company time, or conduct on Company time any Union activity other than the handling of grievances or the legitimate conduct of Union business in the administration of this Agreement in the manner and to the extent provided by the terms of this Agreement. Any employee or employees who violate this section of this Agreement shall be subject to disciplinary action by the Company.

1.06 ACCESS TO COMPANY PROPERTY

The Business Agent of the Union may visit the Company's Station office at any time during the Company's regularly scheduled workday. The Business Agent's initial contact on each visit shall be made with the Company's Resident Project Manager or designated representative. The Union understands and agrees that the security regulations concerning visitation to the Station must be observed.

When it is necessary for the Business Agent to visit the Station to confer with Union members on matters concerning the relationships existing between the Company and the Union as defined in this agreement, the Business Agent shall follow the prescribed regulations. The Union further agrees that such visits will not interfere with normal Station operations.

1.07 UNION SHOP

It shall be a condition of employment that all employees of the Company covered by this Agreement who are members of the Union in good standing on the effective or execution date of this Agreement, whichever is later, shall remain members in good standing and those who are not members on the effective or execution date of this Agreement, whichever is later, shall on the thirty-first (31st) day following the effective or execution date of this Agreement, whichever is later, become and remain members in good standing in the Union. It shall also be a condition of employment that all employees covered by this Agreement and hired on or after its effective or execution date, whichever is later, shall, on the thirty-first (31st) day following the beginning of each employment, become and remain members in good standing in the Union.

1.08 EXCLUSIVE HIRING HALL

All employees to perform services covered by this Agreement shall be secured through the offices of the Unions subject, however to the following:

(a) The Company shall notify the Union of vacancies in classification covered by this Agreement which are to be filled from applicants for employment. Such notification shall include the classification in which the vacancy exists as well as the experience and/or skills necessary to perform the work required. Vacancies occur for the purposes of this Article when; employees have been out on paid leave for a period greater than three (3) weeks, retiring, quit, are terminated, or on LWOP that leave a position for any craft unfilled for more than two (2) work weeks; or, when the Company has a special project that requires extra employees whether the craft is represented full time or not.

(b) The Union shall refer applicants for jobs, provided that the selection of applicants for referral shall be on a nondiscriminatory basis and shall not be based upon, or in any way affected by Union membership, bylaws, rules, regulations, constitutional provisions or any other aspect or observance or Union membership, policies or requirements.

(c) The Company shall have the right to reject any job applicant referred by the Union. The Company shall provide in writing the reason for rejecting applicants to the appropriate Union within 24 hours of rejection (exclusive of Saturdays, Sundays and holidays).

(d) The Company is an Alaska Native corporation, and will affirmatively hire Company Shareholders who meet the qualifications to fill the vacancy in accordance with the Alaska Native Claims Settlement Act. Therefore, the Union will have seventy-two (72) hours (exclusive of Saturdays, Sundays and holidays). If the Union cannot produce a qualified Company Shareholder within seventy-two (72) hours (exclusive of Saturdays, Sundays and holidays), the hall will then provide résumés for qualified applicants in accordance with 1.08 (b).

The Company agrees to hold the Union harmless for allegations of discrimination related to the Alaska Native Claims Settlement Act under this section.

(e) The provisions of this Section, as well as the standards or criteria to be adopted pursuant hereto, shall be posted in the Union offices upon appropriate Company bulletin boards, and in other places where notices to employees and applicants for employment are customarily posted.

1.09 PROVISION AGAINST DISCRIMINATION

There shall be no discrimination by the Company or by the Union against any employee because of age, gender, gender identity, sexual orientation, race, color, national origin, creed, religion, being disabled veterans, certified mentally or physically handicapped, or because of Union activity or membership.

Wherever the male gender is used in this Agreement, it shall include the female gender where applicable.

1.10 RECOGNITION OF SHOP STEWARDS

At no time shall the total number of Shop Stewards exceed three (3) in the Bargaining Unit. The Shop Steward(s) shall be an employee(s) of the Company and shall be selected by the Union.

1.11 UNION DUTIES OF SHOP STEWARDS

The duties and activities of the Shop Steward (except where otherwise specifically agreed between the parties) while acting as such shall be limited to the handling of grievances and complaints in accordance with the grievance procedure. Except when they are engaged in the settlement of grievances and complaints under the grievance procedure, all Shop Stewards shall continue at their regular work in the same manner as other workers. When a Shop Steward is required to leave regular duties as a worker for the orderly and expeditious handling of a grievance, complaint or other recognized Company-Union business, the Steward shall notify the appropriate supervisor. If necessary, a Shop Steward may be required to remain on regular work until their work is safely secured or a reasonable time is afforded to provide a substitute.

1.12 DISCIPLINE POLICY. The Company has the right to discipline or discharge an employee for just cause. Probationary employees, who are terminated, do not have access to the grievance procedure as outlined in this Agreement. Employees will be afforded their Weingarten rights.

a. The Company and the Union agree that termination of employment is the most severe disciplinary action that can be taken by the Company. Recognizing the responsibility of fairness to the Company and the employee, the Company shall follow a policy of progressive discipline, with the severity of the disciplinary measures generally progressing from oral warning to written reprimand to suspension without pay to termination.

1.13 COMPLAINTS AND GRIEVANCES

Complaints: An employee or employees having a complaint shall have the right to verbally

present the complaint, directly or through the Shop Steward, to the immediate supervisor. If the complaint is not settled by the end of the employee's next scheduled shift and involves a matter subject to Grievance Procedure, it may be reduced to writing and considered a grievance subject to the grievance procedure herein described.

Grievance: "Grievance" shall mean and be limited to a dispute or difference between the Company and the Union, or employees so represented, with respect to the interpretation or application of any provisions of this Agreement. The Union shall not have any right to pursue, through the grievance procedure, any matter of dispute that arises outside the specific terms of this Agreement.

1.14 PRESENTATION OF GRIEVANCES

All grievances shall be presented as soon as practicable after the occurrence upon which the same is based, but in no event later than ten (10) working days if the same is a dismissal grievance, or forty-five (45) calendar days if the same is a grievance arising from any other cause. The failure to submit a grievance within such periods shall constitute a bar to further action thereon. If it is determined under the Grievance Procedure that an adjustment in wages is appropriate, such adjustment shall be applied retroactively to the date of occurrence, provided that such date is not more than forty-five (45) calendar days prior to the date upon which the complaint was presented.

1.15 GRIEVANCE STEPS AND REPRESENTATIVES OF THE PARTIES THEREIN

A duly presented grievance shall be negotiated, when necessary**,** in each of the following successive steps between the representatives of the parties specified in each step.

Step 1: Between the employee's immediate manager or designated representative and the appropriate Shop Steward (provided the steward has authority from the Union to so act), or Business Agent, in a meeting to be held within five (5) workdays after the grievance is presented. The Manager shall give the Shop Steward or Business Agent a written reply to the grievance within five (5) workdays after the said meeting. If this reply is unsatisfactory, the Shop Steward or Business Agent may appeal the decision to Step 2, provided such appeal is made within ten (10) workdays after receipt of the reply. A meeting in Step 2 shall be held within ten (10) workdays after receipt of the Company of notice of appeal.

Step 2: Between a Grievance Committee composed of the Manager of Human Resources of the Company and/or designated representative, and the Shop Steward, Business Agent, or designated representative. The Manager of Human Resources, or designated representative, shall give a written reply to the Shop Steward or Business Agent within five (5) working days after meeting with the Joint Crafts Shop Steward, Business Agent, or designated representative. If this reply is unsatisfactory, the Shop Steward or Business Agent may appeal the decision to Step 3, provided such appeal is made in writing within ten (10) work days (Saturdays, Sundays and holidays excluded) after receipt of the reply. A meeting in Step 3 shall be held within seven (7) workdays after receipt of the Company of notice of appeal.

Step 3: Between the manager of Human Resources Company, or designated representative, and the appropriate Business Agent of the Union, or designated representative. The manager

of Human Resources shall give a written reply to the Business Agent within five (5) working days after the meeting. Failure by the Union to appeal a decision made in any step in the time limits specified shall constitute a bar to further action thereon of that individual grievance. If the Company fails to reply within the time limits set forth in Step 1 or 2, the grievance will automatically progress to the next step.

1.16 ARBITRATION

During the term of this Agreement, any grievance which has not been finally settled or disposed of in accordance with the steps of the Grievance Procedure outlined above may be submitted to Arbitration within thirty-one (31) calendar days, by either party, after receipt of the Third Step reply.

The parties shall jointly request the Federal Mediation and Conciliation Service to submit a panel of five (5) arbitrators. The Union shall strike the names of two (2) of this list of five (5), and the Company shall then strike two (2) names; the remaining name shall be the arbitrator. If the parties agree to a local arbitrator who is a member of the American Arbitration Association, the above procedure may be waived.

The authority of the Arbitrator shall be limited to determining questions directly involving the interpretation or application of specific provisions of this Agreement, and the Arbitrator shall not determine any question that lies outside the specifications of this Agreement. The Arbitrator shall have no authority to add to, to subtract from, or to change any of the terms of this Agreement, to change an existing wage rate or to establish a new wage rate or to change production standards. No matter of dispute related to the Management Rights set forth in Section 5.13 shall be subject to arbitration. In no event shall the same question or issue be subject to arbitration more than once. The decision or award of such arbitrator shall be final and binding on each of the parties, and they will abide thereby subject to such applicable laws and rules and regulations as any Federal Agency having jurisdiction may impose. The cost of the Arbitrator's services, and any other expenses incidental to the arbitration which are mutually agreed to in advance, shall be shared equally by the parties. Each party shall bear the expenses of preparation and presentation of its own case. For the purpose of the Grievance Procedure, Saturdays, Sundays and holidays shall not be counted in computing the due date for any decision or appeal there from. Time limits for grievance meetings at any step may be extended by mutual agreement of both parties in writing. In addition, any grievance being submitted to arbitration is subject to final resolution between the President of the Fairbanks Joint Crafts Council and the Manager of Human Resources or their designated representatives, prior to the grievance being presented to the arbitrator.

1.17 DETERMINATION OF WORK SHIFTS

The determination of the starting and ending time of daily and weekly work shifts for individual employees, including extended workweeks on a continuing basis, shall always be made by the Company. Such schedules may be changed by the Company from time to time. The Company shall endeavor to notify the employee of any contemplated "shift change" at least seven (7) calendar days prior to same. If the employee is not given at least four (4) calendar days' notice of shift change, the employee will be paid two times the regular rate of pay for all hours worked on the first day of the new shift.

ARTICLE II
SENIORITY POLICY

2.01 SENIORITY POLICY

The Company and Union accept the principle of employee seniority based upon continuous service credit from the first date of the employee's unbroken service with the NOAA/NESDIS Fairbanks CDA Station (FCDAS).

2.02 HOW SENIORITY WILL OPERATE

After thirty (30) calendar days or more of continuous service with the Company, each employee shall have seniority in the occupational classification in which the employee is then working. When such occupational classification covers several crafts, then seniority will be acquired within the occupational classification on the basis of the craft of the employee. When thus established, such seniority shall equal the employee's total continuous service credit with the Company. If an employee has been officially transferred to a different occupational classification as shown by Company records, and has performed satisfactorily for a period of thirty (30) calendar days, the employee's seniority shall equal the employee's total continuous service credit with the Company, provided, however, no employee shall cross a Craft line without permission of the receiving Local Union.

When two or more employees otherwise would have identical seniority within a classification, seniority rank will be determined by the dispatch order from the prospective Union Hall. This procedure shall apply in all determinations of seniority. The seniority of an employee shall be lost or terminated under the same conditions which cause a break in continuous service credit and seniority as set forth in Article 2, Section 2.07, Continuity of Service.

2.03 HOW SENIORITY IS ACQUIRED

Each new employee shall be hired as a probationary employee and shall not have seniority until the end of a probationary period of thirty (30) calendar days. Upon completion of such period, the employee shall be considered as a regular employee and shall have seniority from date of hire. When thus established, such seniority will equal the employee's continuous service credit. There shall be no requirement that the Company reinstate or rehire probationary employees if they are discharged during their probationary period. This probationary period may be extended for an additional thirty (30) calendar days with the mutual agreement of the Company, Union, and the individual employee. It is not the intent of the parties to increase the probationary period as a general policy.

2.04 LAYOFF AND REHIRING, AND WORK ASSIGNEMENTS

In the matter of layoffs and rehiring, the employee having the least seniority within a craft shall be the first to be laid off and the last to be rehired. This procedure will continue in order of least seniority as a layoff is required. Rehire shall be by inverse order of employees on layoff. In all cases of layoff, the Company will give no less than two (2) weeks' notice of contemplated layoff to the employee affected, or at the Company's option, the employee may be paid up to two (2) weeks' pay in lieu of notice.

For work assignments, the employee having the highest seniority within a craft shall have the first right of refusal for callouts, off-station assignments, and open positions.

2.05 CUSTOMER-DIRECTED SUSPENSION OF WORK

Government directed suspension of work due to the inability to pass the federal budget shall not be considered a layoff under Article 2 section 2.04 under the following condition.

(a) An official written notification of work stoppage from the Government does not allow the Company to satisfy the provisions set forth in Article 2, Section 2.04.

(b) Employees affected shall be laid off in seniority order: Least senior employee being laid off first. Time lost due to such suspension shall not effect continuity of service.

(c) Affected employees shall be recalled to work in order of seniority, the most senior employee being recalled first. Affected employees shall be returned to the position and shifts they originally held. Employees who had their shifts changed due to the work stoppage shall be returned to their original positions and shifts.

(d) Employees affected under the above work stoppage shall be made whole for lost economics if Government funds are restored and designated for the affected employees during the term of the work stoppage.

(e) If such suspension for work exceeds a two-week duration, employees will have up to seven (7) calendar days to report to work after the Company has notified employees of their need to return to work.

2.06 ACQUISITION OF CONTINUOUS SERVICE CREDIT

The principle of continuity of service is recognized in accordance with and subject to the provisions of this Agreement. Each employee shall have continuous service credit with the Company dating from the first date of unbroken service with the NOAA Tracking Station (formerly NASA STDN Tracking Station).

2.07 CONTINUITY OF SERVICE

The continuous service credit and seniority of an employee will be broken under the following conditions, and when so broken, such employee shall be for all purposes considered a new employee if and when rehired:

(a) Resignation or other voluntary termination of employment.

(b) Absence in excess of three (3) consecutive working days without notice, either by telephone or written message by messenger to the employee's manager, unless satisfactory evidence of inability to do so is shown.

(c) Discharge for just cause.

(d) Unauthorized absence after the time limit of an authorized vacation or an approved absence, unless satisfactory evidence of inability to report for work is shown.

(e) Failure to report to work after layoff within three (3) working days after the Company gives the employee actual notice to return to such work, and failure to notify the Company of the employee's intention to return to work within three (3) working days after such actual notice is given. If actual notice cannot be given, the employee shall have ten (10) working days to return to work after notice is sent by registered mail addressed to the last address furnished to the Company. This provision does not apply to recall periods of less than thirty (30) calendar days.

(f) Layoff without recall to work within twelve (12) months from the date of such layoff.

2.08 SENIORITY OF UNION REPRESENTATIVES

As long as there is work available which they are capable of performing, the Stewards shall hold seniority over all employees in their respective jurisdiction and shift. This paragraph shall apply only in the case of layoff(s).

2.09 SENIORITY PRIVILEGES FOR EMPLOYEES WHO ARE TRANSFERRED OUT OF THE BARGAINING UNIT

When an employee has established seniority privileges in an occupational classification within the Bargaining Unit, and is, or has been, transferred to an occupational classification not included in the Bargaining Unit, such employee is thereby deemed to have retained previously acquired seniority privileges in the same occupational classification within the Bargaining Unit, and will accumulate such seniority privileges for a maximum of twelve (12) months during the time in which the employee was employed in an occupational classification not covered by the Bargaining Unit.

ARTICLE III
SAFETY

3.01 SAFETY

The Company will make reasonable provisions for the safety and health of its employees during hours of employment. The Company and Union will cooperate in the investigation and elimination of hazardous conditions, and the improvement of the safety record of the site. The Company will adhere to Federal or State safety codes that apply to the site, and shall notify the FJCC Business Representatives in writing, of any violations involving the site that could affect any bargaining unit member.

3.02 MEDICAL SERVICE, EVACUATION TRANSPORTATION, AND HOSPITALIZATION

If it is determined that an employee at work at the NOAA Tracking Station site or temporarily assigned off station needs emergency hospital, medical, or surgical services beyond the capabilities of the local facilities, the Company shall provide evacuation transportation for the ill or injured employee to the nearest appropriate hospital, medical, or surgical facilities.

ARTICLE IV
WAGE AND LEAVE PROVISIONS

4.01 WAGE RATES

The base hourly wage rates for employees covered by this Agreement shall be as set forth in the appropriate schedules provided by each local Union. The minimum hourly compensation for each classification utilized in the performance of work under this agreement include fringe benefits and are as stated in the attached Appendix A.

All Local Union's of the Fairbanks Joint Crafts Council shall provide the Company with an allocation letter specifying the distribution of wages and fringe benefits upon the effective date of this agreement and prior to any negotiated increases or changes. Notice shall be in writing to the Facility's Project Administration Manager prior to June 1 each year. If the notice is not submitted by close of company business hours on June 1 for the upcoming annual wage change, the full annual wage change shall be applied to wages. Any Local Union of the Fairbanks Joint Crafts Council requiring a reallocation of Trust fund contributions will certify such reallocation through the Company by letter and such change shall be made provided there is no increased cost to the Company. Notification should be received by the Company a minimum of thirty (30) calendar days in advance of the change. It is understood that the changes will be effective on the first pay period in the effective month.

4.02 PAYDAYS

The Company will pay employees bi-weekly and will designate the regular paydays. If a payday falls on a Federal holiday, payday shall be on the preceding business day. The employee shall make adjustments to their time sheet at the direction of their manager. Should the employee not be available, the manager will provide written notice to the employee when changes are made to the employee's electronic timesheet. Employees can access and print their electronic timesheets by accessing the timekeeping system.

When an employee is laid off, the Company shall process all accrued earnings not later than seventy-two (72) hours from the time of termination, excluding Saturday, Sunday or a legal holiday.

4.03 NIGHT SHIFT PREMIUM

An employee who is scheduled by the Company to work between the hours of 3:00 p.m. and 7:00 p.m. shall be paid a five percent (5%) premium, and an employee who is scheduled by the Company to work between the hours of 7:00 p.m. and 7:00 a.m. shall be paid a ten percent

(10%) premium.

Employees that request a modified “day shift” schedule (if approved in writing) for personal reasons shall not be eligible for shift premiums.

2 Employees that request a modified “day shift” schedule (if approved in writing) to benefit the mission will be eligible for shift premiums.

4.04 CALL IN PAY

An employee called in to work outside the employee's regular shift,-shall be guaranteed a minimum of four (4) hours pay per call out. Hours worked per call, shall be paid at the applicable overtime rate. An employee called in to work outside their regular shift will be allowed to work all hours of the regular shift on the day called in. Employees called in between 3:00pm and 7:00am shall receive night shift premium at a rate of 10 percent (10%) per hour.

An employee called or held over to work outside the employee's regular shift, but continuous with the employee's regular shift, shall be paid at the applicable overtime rate for time worked prior to or after the regular shift. Hours worked prior to a regular shift, shall count toward the computation of overtime later in the shift.

An employee reporting for work on the employee's regular shift shall be guaranteed a minimum of four (4) hours at the applicable rate unless notified not to report at the end of the previous shift.

An employee who works more than four (4) hours of the employee's regular shift shall be guaranteed the base rate pay for the regularly scheduled number of hours in the employee's established shift, or eight (8) hours, whichever is the lesser, provided, however, that (b) and (c) of this paragraph shall not apply where a strike, earthquake, fire, flood, Act of God, explosion or bombing cause damage which makes it impossible for the employee to resume work, in which case the employee will be paid for the hours actually worked at the applicable rate. An employee who stops work for personal reasons shall be entitled to pay for only those hours actually worked.

4.05 STANDBY

An employee required to be on standby shall be guaranteed a minimum of four (4) hours per day at the applicable rate unless notified they are no longer needed on standby. An employee shall be considered on standby when they are expected to remain in the area to respond for emergency purposes or immediate response up to a maximum of 2 hours travel.

4.06 WAGE RATES FOR NEW OR CHANGED OCCUPATIONAL CLASSIFICATIONS

In the event the Company establishes a new or revised occupational classification, the hourly rate applicable shall be determined by negotiations between the Company and the Union. The Company shall notify the Union prior to the implementation of the new classification. Operations shall not be delayed through failure to agree immediately upon the rate applicable to any such occupational classification. In such cases, pending the results of negotiations, the

Company will establish the new or revised occupational classification and the Company proposed rate applicable thereto and shall place such occupational classification and such rate into effect. A negotiated rate finally established which is higher than the Company proposed rate, will be paid retroactive to the date the employee started to work in such occupational classification.

The Miscellaneous Trades Specialist rate was established to cover FJCC craft unions that do not currently have workers employed on the project. When the Company needs a craft worker from an occupational classification outside their regular workforce in accordance with this paragraph, then the Company shall notify the FJCC and the Union(s) that represents the workers needed and the Union(s) shall provide the Company and the FJCC with a wage and benefit allocation of the Trades Specialist rate prior to the employee(s) being dispatched. The Company agrees to call employees out of the appropriate Union halls only for projects exceeding forty (40) hours with the appropriate Union Hall.

4.07 PAY FOR WORK IN HIGHER RATED OCCUPATIONAL CLASSIFICATIONS

When an employee is assigned by a manager to work in a different occupational classification than they are normally assigned (i.e. trades specialist), the rate of which is higher than the rate of the employee's regular occupational classification, the employee will be paid at the rate of the higher occupational classification for the period during which the employee works in the higher occupational classification. The Company will not avoid payments as described above by assigning the work of the higher rated occupational classification to more than one (1) employee for the particular job on any one shift.

4.08 OVERTIME

Payment for overtime hours worked shall be computed at the following rates:

Time and one-half (1-1/2) shall be paid:

In all other respects, the provisions of this Agreement shall continue in full force and effect for the duration of this Agreement.

5.16 TERM & NOTICE OF CHANGE OR TERMINATION

The Agreement shall be effective June 1, 2026, and shall continue in full force and effect until 11:59 p.m., May 31, 2029, and thereafter be automatically renewed from year to year, unless notice in writing shall be given by either party to the other of changes desired in the Agreement or of its termination; at least ninety (90) calendar days prior to May 31, 2029 or ninety (90) calendar days prior to and not before one-hundred-and-twenty (120) calendar days prior to a subsequent applicable expiration date after automatic renewal. Both parties agree and fully understand that even though this Agreement has an expiration date of May 31, 2029, a fully negotiated and signed Agreement must be submitted to the Department of Labor to satisfy that Agency's requirement of sixty (60) calendar days prior to May 31 to ensure the affected wages and benefits are set as the established prevailing wages for covered employees.

If the parties do not reach an agreement with respect to such proposed changes, or a new agreement in the event termination notice has been given prior to said expiration date, then this Agreement shall terminate on its expiration date. The parties may, however, by mutual consent, extend this Agreement for a period of time specified to allow further negotiations.
