RFO 52.237-1 Site Visit (Apr 1984) (Deviation Jan 2026)
Offerors or quoters are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award.

(End of provision)

A site visit is highly recommended but not required. Vendors are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. In no event shall failure to inspect the site constitute

grounds for a claim after contract award. Please contact richard.pollman@noaa.gov (248) 625-3309 x642 to set up a time to visit the site. All questions during the site visit should be submitted via email to Contracting Officer, Vicki Keen, vicki.keen@noaa.gov and Contract Specialist, Taylor Abrassart, taylor.abrassart@noaa.gov.

(vi) A list of contract clauses that apply to the acquisition (see FAR 12.205(b)) can be found on the Request for Quote Form SF18 attachment in Section 4 Contract Terms and Conditions.

(vii) Quotes are required to be received in the contracting office no later than 5:00pm on 11/13/2026. All quotes must be submitted electronically via email to Contracting Officer, Vicki Keen, vicki.keen@noaa.gov and Contract Specialist, Taylor Abrassart, taylor.abrassart@noaa.gov.

THE GOVERNMENT DOES NOT ACCEPT RESPONSIBILITY FOR NON-RECEIPT OF QUOTES. IT IS THE CONTRACTOR'S RESPONSIBILITY TO REQUEST AND RECEIVE A CONFIRMATION OF THE QUOTE RECEIPT.

(viii) Any other additional information required by 5.101(c).

Per NOAA Deviation 2025-02/03: System updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in agency solicitations. Contracting officers will not consider those representations when making award decisions or enforce requirements. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

Statement of Work SOW

Statement of Work (SOW)
National Weather Service (NWS)
Detroit Weather Forecast Office Snow Removal

Scope:
The contractor shall provide all personnel, materials, tools and supervision for satisfactorily managing and performing programs for snow removal as specified herein. All equipment, materials, and supplies shall be furnished by the contractor, unless otherwise specified, and properly stored in the area designated by the Meteorologist-In-Charge (MIC) or designated representative.

Location:
National Weather Service
Detroit/Pontiac Weather Forecast Office
9200 White Lake Road
White Lake, MI 48386

Period of Performance:

Base Year: Date of Award- 11/30/2027
Option Year 1: 12/01/27 – 11/30/28
Option Year 2: 12/01/28 – 11/30/29
Option Year 3: 12/01/29 – 11/30/30
Option Year 4: 12/01/30 – 11/30/31

Description of Work:
The contractor shall perform snow removal when two (2) or more inches of snow falls, or upon request by the MIC. The contractor shall not allow snow to accumulate over four (4) inches. When requested, the snow removal shall be performed within two hours of the request. Snow removal shall include:

1. The parking lot of the main facility, including entrance drive and all paved surfaces, excluding the locations where vehicles are parked at the time when work is performed. If the contractor is requested to come and plow, we shall request parked vehicles be moved to plowed areas to allow thorough snow removal.
2. The sidewalks to all entry ways of the building. Also, the sidewalk to the instrument equipment and to the storage/generator building. This includes the upper air compound. The contractor will have to be given access to the fenced area.
3. Once snow has been removed from designated sidewalks and around all exterior doors, the Contractor shall apply an application of ice melting granules that will not kill grass and/or shrubs or damage concrete and asphalt surfaces.
4. The snow shall be plowed to allow trash removal vehicles access to the trash dumpster.

Inspections and Acceptance:
If any of the services do not conform to the contract requirements, the Government may require the contractor to perform the services again in conformity with the contract requirements, at no increase in

contract amount. If the defects in services are not corrected by performance, the Government may (1) require the contractor to take necessary action to ensure that future performance conforms to contract requirements and (2) reduce the contract price to reflect the reduced value of the services performed.

If the contractor fails to expeditiously take the necessary action to ensure that further performance will be in conformity with contract requirements, the Government may terminate the contract for default.

Invoicing:
The Contractor shall bill in IPP.gov on a monthly basis in arrears for the service provided.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least $13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: $5.92 per hour, up to 40 hours per week, or $236.80 per week or $1,026.13 per month

HEALTH & WELFARE EO 13706: $5.42 per hour, up to 40 hours per week, or $216.80 per week, or $939.46 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, 4 weeks after 15 years, and 5 weeks after 20 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least $27.63 per hour (or at least $684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials

are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of $3.35 per week (or $.67 cents per day). However, in those instances where the uniforms furnished are made of """"wash and wear"""" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS **

The duties of employees under job titles listed are those described in the """"Service Contract Act Directory of Occupations"""", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is

not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the """"Service Contract Act Directory of Occupations"""" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1)).

Standard Language UTILIZATION OF FEDCONNECT FOR CONTRACT ADMINISTRATION

The Department of Commerce will utilize the FedConnect® web portal in administering this award. The contractor must be registered in FedConnect® and have access to the FedConnect® website located at https://www.fedconnect.net/Fedconnect/. For assistance in registering or for other FedConnect® questions please call the FedConnect® Help Desk at (800) 899-6665 or email at support@fedconnect.net. There is no charge for registration in or use of FedConnect®.

RFO 52.217-8 Option To Extend Services. (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 15 days.

(End of clause)

Inclusion of FAR clause 52.217-8, Option to Extend Services, in the solicitation and resultant contract is for use by the Government as outlined at FAR 37.111, Extension of Services. The option will be exercised as needed at any time during the life of the contract using the rates applicable at the time of exercise.

RFO 52.217-9 Option To Extend the Term of the Contract. (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 1 days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 15 days before the contract expires. The preliminary notice does not commit the Government to an extension. If the Government fails to extend the term of the contract within the period identified and the Government has provided a written notice to the Contractor that the action is undergoing review in accordance with Department of Commerce procedures for implementing Executive Order 14222 the contractor shall stop all work and incur no costs to be charged to the Government. Once the Department of Commerce's review process has occurred, the Government will notify the contractor if the option may be exercised or not. The Government will then extend the term of the contract with a bilateral modification.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

NOAA Acquisition Manual 1330-52.222-70 NOAA SEXUAL ASSAULT AND SEXUAL HARASSMENT PREVENTION AND RESPONSE POLICY (MAY 2018)

In accordance with NOAA Administrative Order (NAO) 202-1106, NOAA Sexual Assault and Sexual Harassment Prevention and Response Policy, it is the policy of NOAA to maintain a work environment free from sexual assault and sexual harassment. NOAA prohibits sexual assault and sexual harassment by or of any employee, supervisor, manager, contractor, vendor, affiliate, or other individual with whom NOAA employees come into contact by the virtue of their work for NOAA.

(a) Definitions.

Contractor Employees - The term “contractor employees,” as used in this solicitation and contract language, refers to employees of the prime contractor or its subcontractors, affiliates, consultants, or team members.

Sexual Assault - The term sexual assault, as used in this solicitation and contract language, means any conduct proscribed by state or federal sexual abuse laws, including, but not limited to, those defined in chapter 109A of title 18 of the U.S. Code (sexual abuse), and assaults committed both by offenders who are strangers to the victim and by offenders who are known or related by blood or marriage to the victim.

Sexual Harassment - As defined by the Equal Employment Opportunity Commission, sexual harassment is a form of sex discrimination that violates Title VII of the Civil Rights Act of 1964. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, non-verbal, or physical conduct of a sexual nature when any of the following are true:

● Submission to such conduct is made either explicitly or implicitly as a term or condition of an individual's employment;

● Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual;

● The conduct unreasonably interferes with an individual's work performance or creates an intimidating, hostile, or offensive working environment.

The main characteristics of sexual harassment are that the harasser's conduct is targeted against the recipient’s sex, gender identity, or sexual orientation, and is unwelcome to the recipient. It may include, but is not limited to: offensive jokes, slurs, epithets or name calling, undue attention, physical assaults or threats, unwelcome touching or contact, intimidation, ridicule or mockery, insults or put-downs, constant or unwelcome questions about an individual's identity, and offensive objects or pictures.

(b) Requirements.

1. It is the responsibility of the contractor to ensure that contractor employees maintain the highest degree of conduct and standards in performance of the contract. In support of this, NOAA urges its contractors to develop and enforce comprehensive company policy addressing sexual assault and sexual harassment.

2. The contractor shall include wording substantially the same as this solicitation and contract language in every subcontract so that it is binding upon each subcontractor.

3. If a contractor employee observes or is the object of sexual assault or sexual harassment, he or she is highly encouraged to report the matter, as soon as possible, to their immediate supervisor, the COR, subset of the COR (e.g. Task Manager or Assistant COR), or contracting officer (CO) if a COR is not assigned to the contract. The contract employee may also contact the NOAA Civil Rights Office to obtain guidance on reporting instances of sexual assault or sexual harassment. If deemed necessary, the contractor employee may also report such instances to local law enforcement. In the case where the incident occurs while performing at a remote location, such as at sea or in the field (at a field camp or other isolated location) where the above referenced individuals are unavailable, the contractor employee should follow the reporting procedure set forth in NAO 202-1106, Section 6.07, Reporting from Remote Locations.

4. Swift reporting allows NOAA and the contractor to take the appropriate measures to ensure that offensive behavior stops and the complainants' needs are addressed.

5. The COR (if assigned), CO, and contractor, where applicable, will work together to ensure appropriate action is taken in accordance with applicable laws and regulations, contract terms and conditions, and the contractor's written policy (where applicable).

6. The contractor shall provide all contractor employees assigned to perform under this contract with mandatory sexual assault and sexual harassment prevention and response training in compliance with the requirements of NAO 202-1106, Section 5, Prevention Training and Awareness, as part of their initial in-processing and on an annual basis thereafter. The initial training shall be completed within [ ] business days (30 unless a different number is inserted) of contract award or the date a contractor employee is assigned to perform under the contract, as applicable.

Evidence of initial training by name and date completed for each contractor employee, shall be submitted to the COR or contracting officer (if no COR assigned) within 10 business days of completion.

Evidence of annual training by name and date completed for each contractor employee shall be submitted to the COR or contracting officer (if no COR assigned) no later than March 1st of each calendar year of contract performance.

7. The mandatory sexual assault and sexual harassment training provided by the contractor shall include the required elements set forth by NOAA's Workplace Violence Program Manager. A link to the website including the required elements of the training is provided at https://www.noaa.gov/organization/acquisition-grants/noaa-workplace-harassment-training-for-contractors-and-financial. The website will also provide training materials and resources to assist the contractor in conducting the training. The contractor may provide training that solely addresses the NOAA required elements or may supplement existing company sexual assault and sexual harassment training in a manner that ensures all of the elements are adequately addressed.

8. The required elements of the training and resources available to the contractor for the training may be updated by NOAA periodically. The contractor is responsible for monitoring the website and incorporating any changes to the NOAA required elements into the contractor provided training.

9. NOAA's Workplace Violence Program Manager, COR, or CO may periodically review the contractor's training outline to ensure all required elements are included and, if necessary, any appropriate adjustments are made to the training by the contractor.

10. Contractor employees performing on assignments in a remote location, such as at a field camp or other isolated locations, are subject to receiving the same briefing on the parameters of the order provided to NOAA employees as set forth in Section 6 of NAO 202-1106.

11. The contractor shall provide a copy of this solicitation and contract language and NAO 202-1106 to contractor employees.

(c) Sexual Assault/Sexual Harassment (SASH) Helpline.

For NOAA employees, affiliates, and contractors who have experienced sexual assault or sexual harassment, NOAA has established the NOAA Sexual Assault/Sexual Harassment (SASH) helpline. This helpline is designed to provide crisis intervention, referrals, and emotional support to those who are victims and/or survivors of sexual harassment or sexual assault within the workplace. Contractor employees may use the helpline to receive live, confidential, one-on-one support in an occurrence of sexual harassment or assault by a Federal Government employee.

All services are anonymous, secure, and available worldwide, 24 hours a day, seven days a week. The NOAA SASH helpline is accessible through a variety of channels, including:

● Phone: 1-866-288-6558

● Website & Online Chat: https://www.noaasashhelpline.org/

● Mobile App: NOAA SASH Helpline (available via iOS and Android App Stores)

● Text: (202) 335-0265

(d) Confidentiality.

Any party receiving information from the filing of a complaint alleging sexual assault or sexual harassment, or while performing an investigation into such a complaint, shall keep the information confidential. "Confidentiality" means that the information shall only be shared with others who have a need to know the information to conduct their official duties.

(e) Remedies.

In addition to other remedies available to the Government, contractor employee violations of Federal requirements (e.g., law, statutes, executive orders, code, rules, regulations) applicable to sexual assault and sexual harassment and/or failure to complete the mandatory training set forth in this solicitation and contract language, may result in:

1. Requiring the contractor to remove a contractor employee or employees from the performance of the contract;

2. Requiring the contractor to terminate a subcontract;

3. Suspension of contract payments until the Contractor has taken appropriate remedial action;

4. Termination of the contract for default or cause, in accordance with the termination clause of this contract;

5. Suspension or debarment; or

6. Other appropriate action.

(End of solicitation and contract language)

NOAA Acquisition Manual 1330-52.232-71 ELECTRONIC SUBMISSION OF PAYMENT REQUESTS (FEB 2023)

The Contractor must submit payment requests electronically through the U.S. Department of the Treasury's Invoice Processing Platform System (IPP). The Contractor must use the IPP website to register, access, and submit payment requests. The IPP website address is https://www.ipp.gov.

"Payment request" means any request for contract financing payment or invoice payment to the Contractor. To be considered proper, invoices must be prepared in accordance with, and contain all elements specified in, the contract payment clause (e.g., FAR 52.212-4(g), FAR 52.232-25(a)(3), FAR 52.232-26(a)(2), FAR 52.232-27(a)(2)).

The Contractor must include the following documents as attachments to payment requests submitted through the IPP: [Contracting Officer list required invoice attachment(s); none if left blank].

If the Contractor is unable to comply with the requirement to submit payment requests through the IPP due to a threat to national security; a matter of unusual or compelling urgency; or because the political, financial, or communications infrastructure of a foreign country does not support access to the IPP, the Contractor must request an exception in writing. Contact the Contracting Officer for more information about requesting an exception.

NOAA Acquisition Manual 1330-52.237-70 CONTRACTOR COMMUNICATIONS

(a) A contractor employee shall be identified both by the individual’s name and the contractor’s name when:

● Included in NOAA’s locator, and

● When submitting any type of electronic correspondence to any NOAA employee or stakeholder.

(b) Any written correspondence from a contractor or any contractor employee shall be printed on company/organization letterhead or otherwise clearly identify the sender as an employee of the company or organization and shall identify the contract number.

(c) Contractors and/or contractor employees shall clearly identify themselves as such in any verbal communications, whether in informal discussion or a formal meeting.

(End of solicitation and contract language)

NOAA Acquisition Manual 1330-52.237-71 NOAA GOVERNMENT-CONTRACTOR RELATIONS - NON-PERSONAL SERVICES CONTRACT (SEPT 2017)

(a) The Government and the contractor understand and agree that the services to be delivered under this contract by the contractor to the Government are non-personal services as defined in FAR Part 37, Service Contracting, and the parties recognize and agree that no employer-employee relationship exists or will exist under the contract between the Government and the contractor's personnel. It is, therefore, in the best interest of the Government to afford both parties an understanding of their respective obligations.

(b) Contractor personnel under this contract shall not:

1. Be placed in a position where they are under relatively continuous supervision and control of a Government employee.

2. Be placed in a position of command, supervision, administration, or control over Government personnel or over personnel of other contractors performing under other NOAA contracts.

(c) The services to be performed under this contract do not require the contractor or the contractor's personnel to exercise personal judgment and discretion on behalf of the Government. Rather, the contractor's personnel will act and exercise personal judgment and discretion on behalf of the contractor.

(d) Rules, regulations, directives, and requirements that are issued by the Department of Commerce and NOAA under its responsibility for good order, administration, and security are applicable to all personnel who enter the Government installation and facilities, who are provided access to Government systems, or who travel on Government transportation. This is not to be construed or interpreted to establish any degree of Government control that is inconsistent with a non-personal services contract.

(e) Both parties are responsible for monitoring contract activities for indications of improper employee-employer relationships during performance. In the event a situation or occurrence takes place inconsistent with this contract language, the following applies:

1. The contractor shall notify the contracting officer in writing within 5 business days from the date of any situation or occurrence where the contractor considers specific contract activity to be inconsistent with the intent of this contract language. The notice must include the date, nature and circumstance of the situation or occurrence, the name, function and activity of each Government employee or contractor employee involved or knowledgeable about the situation or occurrence, provide any documents or the substance of any oral communications related to the activity, and an estimated date

by which the Government is recommended to respond to the notice in order to minimize cost, delay, or disruption of performance.

2. The contracting officer will review the information provided by the contractor, obtain additional information (if needed), and respond in writing as soon as practicable after receipt of the notification from the contractor. The contracting officer's response will provide a decision on whether the contracting officer determines the situation or occurrence to be inconsistent with the intent of this contract language and, if deemed necessary, will specify any corrective action(s) to be taken in order to resolve the issue.

(End of solicitation and contract language)

NOAA Acquisition Manual 1330-52.237-72 CONTRACTOR ACCESS TO NOAA FACILITIES (SEPT 2017)

(a)

1. The performance of this contract requires employees of the prime contractor or its subcontractors, affiliates, consultants, or team members ("contractor employees") to have access to and to the extent authorized, mobility within, a NOAA facility.

2. NOAA may close and or otherwise deny contractor employees access to a NOAA facility for a portion of a business day or longer for various reasons including, but not limited, to the following events:

i. Federal public holidays for Federal employees in accordance with 5 U.S.C. 6103;

ii. Fires, floods, earthquakes, and unusually severe weather, including but not limited to snow storms, tornadoes, and hurricanes;

iii. Occupational safety or health hazards;

iv. Lapse in Appropriations; or

v. Federal Statute, Executive Order, Presidential Proclamation, or any other unforeseen reason.

3. In such events, the contractor employees may be denied access to a NOAA facility that is ordinarily available for the contractor to perform work or make delivery, as required by the contract.

(b) In all instances where contractors are denied access or required to vacate a NOAA facility, in part or in whole, the contractor shall be responsible to ensure contractor personnel working under the contract comply. If the circumstances permit, the contracting officer will provide direction to the contractor, either directly or through the COR, which could include continuing on-site performance during the NOAA facility closure period; however, if Government oversight is required and is not available, on-site performance shall not be allowed. In the absence of such direction, the contractor shall exercise sound judgment to minimize unnecessary contract costs and performance impacts, for example, performing required work off- site if possible or reassigning personnel to other activities if appropriate.

(c) The contractor shall be responsible for monitoring the Office of Personnel Management at opm.gov, the local radio, television stations, NOAA web sites, and other communication channels. Once the facility is accessible, the contractor shall resume contract performance as required by the contract.

(d) For the period that NOAA facilities were not accessible to contractors who required access in order to perform the services, the contracting officer may—

1. Adjust the contract performance or delivery schedule for a period equivalent to the period the NOAA facility was not accessible;

2. Forego the work; or

3. Reschedule the work by mutual agreement of the parties.

(e) Notification procedures of a NOAA facility closure, including contractor denial of access, are as follows:

1. The contractor shall be responsible for notification of its employees of the NOAA facility closure to include denial of access to the NOAA facility. The dismissal of NOAA employees in accordance with statute and regulations providing for such dismissals shall not, in itself, equate to a NOAA facility closure in which contractors are denied access. Moreover, the leave status of NOAA employees shall not be conveyed or imputed to contractor personnel. Accordingly, unless a NOAA facility is closed and the contractor is denied access to the facility, the contractor shall continue performance in accordance with the contract.

2. Access to Government facilities and resources, including equipment and systems, will be limited and personnel necessary to administer contract performance may not be available. Generally, supply and service contracts that are funded beyond the date of the lapse in appropriation and do not require access to Government facilities, active administration by Government personnel or the use of Government resources in a manner that would cause the Government to incur additional obligations during the lapse in appropriation may continue. If a delivery date for a contract falls during the period of a lapse in appropriations, Government personnel may not be available to receive delivery. Contractors are directed to consult with a contracting officer before attempting to make a delivery. Contracting officers will be available throughout the lapse in appropriation period to provide guidance.

Once OMB guidance is given, CORs, in consultation with the contracting officer, will notify those contractors that are deemed by the Program Office to be performing excepted work and identify the contractor personnel requiring access to NOAA facilities. CORs will also coordinate directly with facility management or physical security personnel at respective locations to ensure that the names of contractor personnel requiring access to Government facilities during the lapse in appropriations are provided to physical security personnel.

Contractors who are not designated as performing excepted work are not allowed access to Government facilities or to utilize Government resources in a manner that would incur any additional obligation of funding on behalf of the Government during the lapse in appropriation.

3. Unless otherwise specified within the contract award, contractors requiring access to NOAA facilities outside normal business hours or outside the normal workweek shall submit a written request in writing through the COR to the contracting officer. The written request shall provide justification supporting the required access and be submitted [ ] hours/days (contracting officer insert number of days. If blank, 72 hours applies) before access to the NOAA facility is needed.

Section 6 - Instructions to Offerors

Addendum to RFO 52.212-1 Instructions to Quoters-Commercial Products and Commercial Services (Sep 2023) (Deviation Jan 2026)

NOTICE TO QUOTERS: Instructions for submitting quotations under this request for quote must be followed. Failure to provide all information to aid in the evaluation may be considered non-responsive. Quotes that are non-responsive may be excluded from further evaluation and rejected without further notification to the quoter.

1. Email quotes are required and can be sent to Vicki Keen, vicki.keen@noaa.gov and Taylor Abrassart, taylor.abrassart@noaa.gov. Submit PDF or Microsoft Word format quotations to the emails specified in this solicitation at or before the time specified in the solicitation.

2. Quoters shall have an active registration in the System for Award Management (https://sam.gov/content/home) in order to provide a quote and be eligible for award.

3. To be eligible for consideration, Quotes shall include:
* Signed copies of the SF 18 and SF 30(s) to acknowledge the solicitation and any applicable amendments
* Quoter's UEID/CAGE CODE
* Separately priced line items for the Base through Option Year 4
* Responses to each item listed below. Quoters should assume that the Government has no prior knowledge of them or their experience and capability.

1. Technical Acceptability/Capability. No more then 2/3 pages.
Provide details describing the Quoter’s overall technical approach to convey the Quoter’s understanding of, approach to, and ability to successfully perform the requirements as described in the Statement of Work. A detailed technical approach
write-up describing how the Quoter will perform this service is required to be submitted regardless of whether a site visit was made or not. The technical approach write-up must not be a reiteration of the Statement of Work, but how Quoter’s company plans on performing the tasks listed in the attached Statement of Work (i.e., performance checklists, anticipated number of employees, anticipated hours at the facility and/or confirmation of supplies being provided, etc.).

2. Past Experience. No more then 2/3 pages.
Provide details describing the Quoter’s background and past performance on contracts performing the same or similar requirements within a 2 year period as described in the Statement of Work. Include a brief description of the contract requirements, length of time to complete, cost management, communications between contracting parties, project management, and customer satisfaction.

3. Price.
Quotes should include best and final pricing for all labor and materials to complete the Statement of Work.

RFO 52.212-1 Instructions to Offerors-Commercial Products and Commercial Services. (SEP 2023) (Deviation JAN 2026)

(a) *Submission of offers*. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include-

(1) The solicitation number;

(2) The name, address, telephone number of the Offeror;

(3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;

(5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and

(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) *Period for acceptance of offers*. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers*.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings*. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.

(3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award.

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.

(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

(End of provision)

Section 7 - Evaluation

RFO 52.212-2 Evaluation-Commercial Products and Commercial Services. (NOV 2021) (Deviation JAN 2026)

Quotes will be evaluated based on the factors set forth in paragraph (a) using Lowest Price, Technically Acceptable (LPTA) procedures. Each evaluation criteria will be assessed as does not meet, meets, exceeds and not applicable if not provided. See instructions for what is required each quote to include, if any of the instruction requirements are not met than the quote may not be accepted or evaluated.

a) The Government will award a contract resulting from this solicitation to the responsible Quoter whose quote, conforming to the solicitation, is determined to be technically acceptable and offers the lowest evaluated price. Award will be made without tradeoffs. Evaluation will be based on the following pass/fail criteria:

1. Technical Approach. The Quoter's overall technical approach will be evaluated to assess the Government's level of confidence in the Offeror’s understanding of, approach to, and ability to successfully perform the requirements as described in the Statement of Work.

2. Experience. The Quoter's background, experience, and qualifications (relevant past projects performing similar services, certifications related to current requirement, etc.) will be assessed to determine the likelihood that the Offeror can successfully perform the contract requirements.

3. Price. The Government intends to award a LPTA, single firm-fixed-price contract. Evaluation will start with the lowest priced quote and move upwards until a quote receives a "pass" rating for both factors 1 and 2.

(b) Options. The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) Notice of Award. A written notice of award or acceptance of an quote, mailed or otherwise furnished to the successful quoter within the time for acceptance specified in the quote, shall result in a binding contract without further action by either party. Before the quote’s specified expiration time, the Government may accept an quote (or part of an quote), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
