COMBINED SYNOPSIS/SOLICITATION **Updated per Amendment 3 Dated 11/09/2027**

Snow Removal Services for Detroit Weather Forecast office

Previous contract 1305M323ANWWR0001, incumbent O&R SUPPLIES AND SERVICES, LLC.

(i) This is a combined synopsis/solicitation for commercial products or commercial services prepared in accordance with FAR part 12. This announcement constitutes the only solicitation. Quotes are being requested and a separate written solicitation will not be issued.

Solicitation number 1305M327Q0023 is issued as a request for quotation (RFQ), for snow removal services in Detroit, MI.

This acquisition is set-aside for small business concerns. The associated NAICS code is 561790. The small business size standard is $9.0M.

The Government intends to award a low priced, technically acceptable, single award firm fixed-price purchase order on an all or none basis with payment terms of Net 30.

This solicitation incorporates provisions and clauses by reference. The full text of provisions and clauses may be accessed electronically at www.acquisition.gov.

(ii) A list of line-item number(s) and items, quantities, and units of measure (including option(s), if applicable).

CLIN 0001 – Base Year
Services, non-personal, to provide all labor, equipment and materials (unless otherwise provided herein) necessary for snow removal services at the WFO in Detroit, MI, in accordance with the Statement of Work.

CLIN 1001 – Option Year 1
Services, non-personal, to provide all labor, equipment and materials (unless otherwise provided herein) necessary for snow removal services at the WFO in Detroit, MI, in accordance with the Statement of Work.

CLIN 2001 – Option Year 2
Services, non-personal, to provide all labor, equipment and materials (unless otherwise provided herein) necessary for snow removal services at the WFO in Detroit, MI, in accordance with the Statement of Work.

CLIN 3001 – Option Year 3
Services, non-personal, to provide all labor, equipment and materials (unless otherwise provided herein) necessary for snow removal services at the WFO in Detroit, MI, in accordance with the Statement of Work.

CLIN 4001 – Option Year 4
Services, non-personal, to provide all labor, equipment and materials (unless otherwise provided herein) necessary for snow removal services at the WFO in Detroit, MI, in accordance with the Statement of Work.

(iii) Description of requirements for the items to be acquired, including documentation supporting any brand name descriptions (see FAR 12.102).

See attached Statement of Work which applies to Base Year and all Option Years 1 – 4, and Department of Labor Wage Rates: WD ~~15-4833~~ **15-4839**~~,~~ Revision No. 32, dated ~~08/13/2026~~ **8/22/2026,** which can be found on: https://sam.gov/content/wage-determinations

INVOICES TO BE BILLED MONTHLY IN ARREARS VIA IPP. PROVIDE **PER SERVICE CALL**, MONTHLY AND ANNUAL PRICING FOR EACH BASE AND OPTION YEAR. QUOTE PRICING ~~MAY~~ **MUST** BE PROVIDED ON ATTACHED ~~SF18 FORM~~, **PRICING SCHEDULE** ~~OR ON COMPANY LETTERHEAD~~.

(iv) Date(s) and place(s) of delivery and acceptance and f.o.b. point (see FAR part 47).

Period of performance shall be:
Base Year Date of Award through 11/30/2027
Option Period 1 for a twelve month period 12/01/2027 through 11/30/2028
Option Period 2 for a twelve month period 12/01/2028 through 11/30/2029
Option Period 3 for a twelve month period 12/01/2029 through 11/30/2030
Option Period 4 for a twelve month period 12/01/2030 through 11/30/2031

Place of Performance:
DETROIT WFO (WHITE LAKE) MI
9200 WHITE LAKE ROAD
WHITE LAKE MI 48386

(v) A list of solicitation provisions that apply to the acquisition (see FAR 12.205(a)) can be found on the Request for Quote Form SF18 attachment in Section 5 Other Contract Terms and Conditions.

RFO 52.237-1 Site Visit (Apr 1984) (Deviation Jan 2026)
Offerors or quoters are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award.

(End of provision)

A site visit is highly recommended but not required. Vendors are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the

information is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award. Please contact richard.pollman@noaa.gov (248) 625-3309 x642 to set up a time to visit the site. All questions during the site visit should be submitted via email to Contracting Officer, Vicki Keen, vicki.keen@noaa.gov and Contract Specialist, Taylor Abrassart, taylor.abrassart@noaa.gov.

(vi) A list of contract clauses that apply to the acquisition (see FAR 12.205(b)) can be found on the Request for Quote Form SF18 attachment in Section 4 Contract Terms and Conditions.

(vii) Quotes are required to be received in the contracting office no later than 5:00pm on ~~11/13/2026~~ **11/17/2026**. All quotes must be submitted electronically via email to Contracting Officer, Vicki Keen, vicki.keen@noaa.gov and Contract Specialist, Taylor Abrassart, taylor.abrassart@noaa.gov.

THE GOVERNMENT DOES NOT ACCEPT RESPONSIBILITY FOR NON-RECEIPT OF QUOTES. IT IS THE CONTRACTOR'S RESPONSIBILITY TO REQUEST AND RECEIVE A CONFIRMATION OF THE QUOTE RECEIPT.

(viii) Any other additional information required by 5.101(c).

Per NOAA Deviation 2025-02/03: System updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in agency solicitations. Contracting officers will not consider those representations when making award decisions or enforce requirements. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their

own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least $13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: $5.92 per hour, up to 40 hours per week, or $236.80 per week or $1,026.13 per month

HEALTH & WELFARE EO 13706: $5.42 per hour, up to 40 hours per week, or $216.80 per week, or $939.46 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated

to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least $27.63 per hour (or at least $684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section

13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of $3.35 per week (or $.67 cents per day). However, in those instances where the uniforms furnished are made of """"wash and wear""""" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS **

The duties of employees under job titles listed are those described in the """"Service Contract Act Directory of Occupations""""", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees

(See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See

29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the """"Service Contract Act Directory of Occupations""""" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1)).

Section 5 - Other Contract Terms and Conditions

Summary of Clause Changes:

Clause 52.237-1 is incorporated as follows:

RFO 52.237-1 Site Visit. (APR 1984)

Offerors or quoters are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award.

(End of provision)

A site visit is highly recommended but not required. Vendors are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award. Please contact Joshua Van Drese (248)625-3309 x372 to set up a time to visit the site. All questions during the site visit should be submitted electronically to taylor.abrassart@noaa.gov and Vicki.keen@noaa.gov .

Section 6 - Instructions to Offerors

Summary of Clause Changes:

Clause Addendum to RFO 52.212-1 is incorporated as follows:

Addendum to RFO 52.212-1 Instructions to Quoters-Commercial Products and Commercial Services (Sep 2023) (Deviation Jan 2026)

NOTICE TO QUOTERS: Instructions for submitting quotations under this request for quote must be followed. Failure to provide all information to aid in the evaluation may be considered non-responsive. Quotes that are non-responsive may be excluded from further evaluation and rejected without further notification to the quoter.

1. Email quotes are required and can be sent to Vicki Keen, vicki.keen@noaa.gov and Taylor Abrassart, taylor.abrassart@noaa.gov. Submit PDF or Microsoft Word format quotations to the emails specified in this solicitation at or before the time specified in the solicitation.

2. Quoters shall have an active registration in the System for Award Management

(https://sam.gov/content/home) in order to provide a quote and be eligible for award.

3. To be eligible for consideration, Quotes shall include:

* Signed copies of the SF 18 and SF 30(s) to acknowledge the solicitation and any applicable amendments

* Quoter's UEID/CAGE CODE

* Separately priced line items for the Base through Option Year 4 using the attached Pricing Schedule

* Responses to each item listed below. Quoters should assume that the Government has no prior knowledge of them or their experience and capability.

1. Technical Acceptability/Capability. No more then 2/3 pages.

Provide details describing the Quoter’s overall technical approach to convey the Quoter’s understanding of, approach to, and ability to successfully perform the requirements as described in the Statement of Work. A detailed technical approach

write-up describing how the Quoter will perform this service is required to be submitted regardless of whether a site visit was made or not. The technical approach write-up must not be a reiteration of the Statement of Work, but how Quoter’s company plans on performing the tasks listed in the attached Statement of Work (i.e., performance checklists, anticipated number of employees, anticipated hours at the facility and/or confirmation of supplies being provided, etc.).

2. Past Experience. No more then 2/3 pages.

Provide details describing the Quoter’s background and past performance on contracts performing the same or similar requirements within a 2 year period as described in the Statement of Work. Include a brief description of the contract requirements, length of time to complete, cost management, communications between contracting parties, project management, and customer satisfaction.

3. Price.

Quotes should include best and final pricing for all labor and materials to complete the Statement of Work.

1305M327Q0023 Detroit Snow Removal Services Q&A

1. The SOW describes snow plowing and sidewalk clearing but does not explicitly address off-site snow hauling. Could you please clarify:
    - May snow be piled in designated areas on-site? If so, where?
        - Yes. Traditionally, the two corners on the edge of the parking lot (pile/plow to grass areas first) away from the WFO building, on the east side of the Upper Air inflation building (grass or the edge of that asphalt), and at the edge of the two parking spots at the radar.
    - Is off-site snow hauling and disposal required under any circumstances, including when on-site storage areas become full?
        - Never been an issue and have never had snow hauled away, and we have had some harsh winters in the past 10-12 years. During the most active winters, we may lose a parking spot or two due to the snow piles, but that also has never been an issue.
    - If hauling is required, should that cost be included in the fixed monthly and annual prices?
        - Never been an issue and have never had snow hauled away, and we have had some harsh winters in the past 10-12 years. During the most active winters, we may lose a parking spot or two due to the snow piles, but that also has never been an issue.
2. Will the Government consider the past experience of a proposed subcontractor who will perform the snow removal work in evaluating the Past Experience factor?
    a. Past Performance of the Prime and specific Subcontractor may be considered- show whom has the experience
3. Should monthly pricing be quoted as 12 equal monthly payments per year, or only for the winter months when service is performed?
    a. The Combined Synopsis/Solicitation has been updated with a pricing schedule to reflect requested pricing on a per removal basis, utilizing an estimate of average snow removal incidences annually, during the winter months when service is performed. The POP is annual due to the unknown actual dates of future snowfall. Invoicing and payment will be for actual services provided monthly, at the quoted FFP rates.
4. Will contractor personnel require PIV credentialing or escorted access under 52.204-9?
    a. We have never had PIV credentialing for our snow contractors in the past. There is a contractor sign in log book at the front door, and there are two gate access points that WFO Detroit staff will have to ensure are unlocked for service.
5. Since this is a firm-fixed price contract, if we quote $1,000.00 a month but it only snows three times, will that month still be $1,000.00 charged to the government?
    a. See answer for question # 3.
6. We just completed a 5-year snow removal contract with the NOAA in Gaylord, but it was a BPA. Each month was a different price due to how often it snowed. It seems like this solicitation is a firm monthly price no matter how little or how often it snows. Is that correct?

a. This is a FFP per service rendered. The CSS has been updated to reflect this. Please see question # 3 for additional info.

7. For the past experience section, may we use similar work done within the last two years by a named subcontractor that will perform the snow removal? Or must that work be in the prime contractor's name?
    a. See answer to question# 2
8. We do not see FAR 52.219-14 in the clause list. Is this small-business purchase at or below the simplified acquisition threshold, with no limitation on subcontracting? If a limit applies, please identify the rule for this bid.
    a. 52.219-14 is not included as this is a Total Small Business Set-Aside under SAT.
9. Lot size — the SOW doesn't state the paved area. Could you share the parking lot size (square footage or number of spaces), driveway area, sidewalk/walkway length, and the size of the fenced upper air compound?
    a. 35 Space Parking lot with about 12,500 square feet; 215 foot two-lane driveway; 615 feet of single lane access road to Upper Air and Radar; Another ~500 square feet around Upper Air/Radar site to plow; ~700 square feet to shovel around the Upper Air AROS; ~250 to 300 feet of sidewalk to be shoveled.
10. Snow trigger — where is the 2-inch accumulation measured, and who calls for service when the trigger is met?
    a. Snowfall is officially measured at our NWS office. We usually call for service when needed, including for snow less than 2 inches and/or ice melt. For organized snow events, we will call and arrange for services before snow accumulation to hit shift changes appropriately.
11. Ice melt — the SOW calls for safe ice-melt granules. Is there an approved product list, or any surface where chloride-based melt may not be used?
    a. We cannot use salt (chloride based product) at the fenced-in compound (AROS). It also shouldn't be used on the concrete.
12. Dumpster access — must the dumpster area be kept clear at all times, or only on pickup days?
    a. Dumpster access must be clear as it is an egress area between main building and parking lot, shed storage, and weather observation area.
13. Wage determination: The solicitation applies Service Contract Act WD 2015-4833 (Rev. 32, 8/13/2026), which covers Washtenaw County, Michigan. The place of performance, White Lake, MI 48386, is in Oakland County. Which wage determination should offerors use to price this work?
    a. Wage Determination has been updated to WD#2015-4839, Rev 32, dated 08/22/2026.
14. Monthly pricing: The solicitation asks for monthly and annual pricing, with invoices billed monthly in arrears. Should the monthly price be billed for all 12 months of each period (annual price = 12 x the monthly price), or only for the snow-season months? If only the snow season, which months should we price?
    a. Please see answer to question # 3.
15. Snow events: Does the fixed monthly price cover all snow removal in that month (every snowfall of 2 inches or more and every request from the MIC), with no separate per-event charge?
    a. Please see answer to Question # 3.

16. The attached wage determination, WD 2015-4833 Rev 32, states its area as Michigan Counties of Washtenaw. The place of performance is White Lake, in Oakland County. Could you confirm the correct wage determination for this requirement?
    a. See answer to Question # 13
17. Our SAM registration will add NAICS 561790, with activation expected November 19, 2026 — after the November 13 quote due date. Could you confirm that we may submit a quotation with the NAICS code pending activation?
    a. Yes, you may submit a quote. However, any potential award cannot be made without the proper NAICS .
18. Experience (Factor 2). The quote instructions ask for "the Quoter's background and past performance on contracts performing the same or similar requirements within a 2 year period," and Section 7 evaluates the Quoter's "background, experience, and qualifications." May the quote include the snow removal experience of our proposed subcontractor, who will perform the work, together with our own current federal snow removal contract?
    a. See answer to Question # 2
19. Wage determination. The RFQ incorporates WD 2015-4833 Rev 32, whose area is "Michigan Counties of Washtenaw." 9200 White Lake Road is in Oakland County. Please confirm which wage determination applies to this contract.
    a. See answer to Question # 13
20. After-hours access. The Statement of Work requires snow removal whenever 2 or more inches fall and within two hours of a request, which will often fall at night, on weekends and on holidays. Paragraph 3 of NAM 1330-52.237-72 requires a written request through the COR 72 hours before access outside normal business hours (the blank is not filled in). Please confirm that snow removal crews will have standing access at any hour under this contract, and how they will get into the fenced upper-air compound after hours.
    a. Snowfall is officially measured at our NWS office. We usually call for service when needed, including for snow less than 2 inches and/or ice melt. For organized snow events, we will call and arrange for services before snow accumulation to hit shift changes appropriately.
21. Pricing format. The schedule asks for "monthly and annual pricing for each base and option year." Please confirm whether the monthly price is the annual price divided by 12 and billed every month of the year, or billed only during the snow season (and if so, which months).
    a. See answer to Question # 3
22. Site details. Please provide the approximate paved area of the parking lot and entrance drive and the linear feet of sidewalk, or a site plan. If available, please also share the number of snow removal call-outs per season under the previous agreement (1305M323ANWWR0001).
    a. See answer to Question #9
23. Site visit. Amendment 0002 names Joshua Van Drese (248-625-3309 x372) as the site-visit contact, while Section 5 still lists Jeff Garmon and Casey Keating and the synopsis lists Richard Pollman. Please confirm Mr. Van Drese is the contact, and that our subcontractor's representative may attend the site visit on our behalf.
    a. The amendment is correct
