STANDARD FORM 30 (REV. 11/2016)
Prescribed by GSA FAR (48 CFR) 53.243

ITEM NO. (A)	SUPPLIES/SERVICES (B)	QUANTITY (C)	UNIT (D)	UNIT PRICE (E)	AMOUNT (F)
	Period of Performance: 06/01/2027 to 05/31/2028				

The purpose of this amendment is to issue a corrected version of Attachment J-2, Price Proposal Template, and document the resolution of formula and referencing errors identified by offerors following the release of Amendment 0003.

Description of Changes:

1. Issuance of Revised Attachment J-2: The Government has revised and is hereby re-issuing **Attachment J-2, Price Proposal Spreadsheet**. Offerors shall discard previous versions and utilize this updated template for the submission of Volume V (Price Proposal).

2. Summary of Template Corrections: The following table documents the specific formula, reference, and labeling discrepancies identified by industry and corrected by the Government in the revised Attachment J-2:

#	Location within Attachment J-2	Issue Identified by Industry	Government Response / Correction
1	Risk Mitigation Options, B122 (Option Period 2, Guard II)	Formula incorrectly referenced the Option Period 3 Guard II rate instead of Option Period 2.	The Government has corrected this formula/reference error in the updated Attachment J-2 Price Proposal Template.
2	Indirect Buildup, H43 (Fringe Benefit Allocation)	Formula referenced an external workbook that was not provided, returning an error/zero.	The Government has removed the external link and corrected the reference to point to the internal 'Fringe Breakdown' tab.
3	Transition Period, L25 (FJCC subtotal)	The sum formula omitted row 24 (Powerhouse Operating Engineer Lead).	The Government has corrected the sum formula to include row 24.
4	Risk Mitigation Options, Base Period L43 (Total ODCs (T&M))	Formula counted the Operations option twice by including both the individual Antenna Tech line and the aggregated Operations total.	The Government has corrected the formula to eliminate double counting.
5	Risk Mitigation Options, F217 (Option Period 4, Antenna Tech)	Cell for Total Wage and Fringe Per Hour was blank, causing the line to price at $0.	The Government has added the missing SUM(C:E) formula.
6	Base & Option, I170:K170 (Option Period 4, Teamsters)	Cells contained text labels ('OH', 'G&A', 'Profit') instead of the active formulas used on other lines.	The Government has replaced the text labels with the correct active formulas.
7	Risk Mitigation Options, Option	Column L totals omitted specific priced labor lines (e.g., IT, M&O	The Government has corrected the sum formulas to include all applicable lines

#	Location within Attachment J-2	Issue Identified by Industry	Government Response / Correction
	Period 1-4 'Total' rows for IT and Site Support	Laborer). Columns G and H contained hard-coded zeroes instead of sums.	and replaced hard-coded zeroes with sum functions.
8	Base & Option, Column M on Exempt rows	Formulas divided by Column B (which was blanked out for exempt positions), resulting in #DIV/0! errors.	The Government has wrapped the formulas in Column M (e.g., using IFERROR) to eliminate the #DIV/0! display.
9	Attachment J-3 Crosswalk vs. J-2	Previous Government Q&A directed offerors to price Temp Guard Services using "Guard I", but J-2 only contains a merged "Guard II" line.	Confirmed. Offerors shall use the J-2 Guard II (27102) rate for the J-3 Temporary Additional Guard Services rate. The template has been updated accordingly.
10	Risk Mitigation Options, A181 and A226	Government Directed Overtime totals were incorrectly labeled as 'Total ODCs (T&M)'.	Labels have been corrected to read 'Total Government Directed Overtime (T&M)'.
11	Risk Mitigation Options, I10, J10, K10	Cells incorrectly referenced the Option Period 1 Base & Option tab (I88, J88, K88) instead of the Base Year values.	The Government has corrected these cells to reference the correct Base Year values.
12	Risk Mitigation Options, Option Period 1	Cells incorrectly referenced Option Period 3 (I128, J128, K128).	The Government has corrected these cells to reference the correct Option Period 1 values.
13	Risk Mitigation Options, Option Period 2	Cells incorrectly referenced Option Period 4 (I168, J168, K168).	The Government has corrected these cells to reference the correct Option Period 2 values.
