Combined Synopsis/Solicitation – Portable Latrine and Hand-Wash Station Services

Solicitation Number: W911SG27QA003
Solicitation Number Amendment: W911SG27QA0030001
Posted Date: October 23, 2026 (Amendment 0001 Date: November 6, 2026)
Question Submission Cutoff: November 13, 2026, 10:00 AM Mountain Standard Time (UTC -7)
Response Date: November 20, 2026, 12:00 PM Mountain Standard Time (UTC -7) **Set Aside:** 100% Total Small Business Set-Aside
NAICS Code: 562991 – Septic Tank and Related Services
Size Standard: $9.0 million
Product Service Code (PSC): W085 – Lease or Rental of Equipment: Toiletries
Type of Agreement: Multiple-Award Firm-Fixed-Price Blanket Purchase Agreement (BPA)
Number of Anticipated BPA Awards: Five (5) (Rotational Call Placement Schedule: Vendor 1 through Vendor 5)
Ordering Period: 23 November 2026 through 22 November 2031 (Five [5] Years)
Aggregate BPA Ceiling: $6,500,000.00
Maximum Value of an Individual BPA Call: $1,000,000.00
Solicitation Type: Request for Quotation (RFQ)

---

1. Description

This is a **combined synopsis/solicitation** for commercial services prepared in accordance with Revolutionary FAR Overhaul (RFO) Part 12 and RFO FAR 12.201-1(e)(3). This announcement constitutes the only solicitation. **Quotes are being requested and a separate written solicitation will not be issued.**

Solicitation number **W911SG27QA003** is issued as a Request for Quotation (RFQ) for the rental or lease, delivery, placement, setup, anchoring, scheduled servicing, cleaning, pumping, off-installation waste disposal, sanitization, restocking, in-field relocation, repair, emergency servicing, spill prevention, spill remediation, removal, and pickup of portable latrines and standalone portable hand-wash stations.

The **Mission and Installation Contracting Command–Fort Bliss (MICC–Fort Bliss)** intends to establish five (5) Firm-Fixed-Price Blanket Purchase Agreements (BPAs) with responsible small-business concerns for commercial, non-personal portable sanitation services. The requirement includes the rental or lease, delivery, placement, servicing, cleaning, pumping, waste disposal, sanitization, restocking, relocation, repair, spill

prevention, spill remediation, removal, and pickup of portable latrines and portable hand-wash stations.

The Government anticipates issuing funded BPA calls on a **five-vendor rotational schedule (Vendor 1 through Vendor 5)** to meet recurring requirements in support of military units conducting routine activities, training events, and field exercises at Fort Bliss, Texas, and associated training areas and ranges in Texas and New Mexico.

This acquisition is a 100% total small-business set-aside under NAICS 562991 ($9.0 million size standard). The Government intends to establish five (5) BPAs with responsible, technically acceptable offerors with acceptable (or neutral) past performance whose evaluated prices are determined complete, balanced, and fair and reasonable. The Government is not obligated to establish the maximum number of BPAs or to make any BPA award. This solicitation incorporates provisions and clauses by reference and full text. The full text of provisions and clauses may be accessed electronically at https://www.acquisition.gov.

---

2. Performance Work Statement (Summary)

The Contractor shall provide all personnel, equipment, supervision, transportation, tools, materials, supplies, facilities, and other resources necessary to provide portable latrine and portable hand-wash station services, including off-installation waste disposal, spill prevention, and spill remediation.

Services include, but are not limited to:

1. Furnishing clean, serviceable, high-wind-resistant (up to 45 MPH) portable latrines and standalone two-person portable hand-wash stations meeting ANSI/PSAI Z4.3 standards;
2. Delivery, placement, setup, anchoring, and joint receipt/turn-in inspection (Technical Exhibit 1) of units at Government-designated building locations and 8-digit Military Grid Reference System (MGRS) coordinates NLT 0800 hours on the first day of the call period;
3. Scheduled cleaning, pumping, disinfection, sanitization, 2-foot perimeter cleaning, restocking (minimum 3 full rolls of biodegradable toilet paper per latrine; full fresh water, soap, and paper towels per hand-wash station), interior date-sticker logging (Attachment 1), and signed service-ticket documentation;
4. Repair or replacement of unserviceable units within twenty-four (24) hours of notification at no additional cost to the Government, and post-windstorm uprighting/re-sanitization within 24–48 hours;
5. In-field relocation of emplaced units within training areas within twenty-four (24) hours when directed against funded BPA call quantities (CLINs 0005 & 0006);

6. 24/7 emergency delivery or emergency servicing within twenty-four (24) hours of authorized notification outside normal duty hours, on weekends, or on observed Federal holidays (CLIN 0007);
7. Development, submission (within 15 calendar days after BPA establishment), and execution of both a written **Spill Prevention Plan** and a written **Spill Remediation Plan**, equipping 100% of service trucks with spill-containment and soil/surface remediation kits, reporting any spill within one (1) hour, and completing 100% of spill containment, disinfection, contaminated soil/material removal, and site restoration at Contractor expense;
8. Off-installation transport and disposal of all domestic septage and gray water at state-approved, permitted wastewater treatment facilities in compliance with Federal (40 CFR Part 503), Texas (TCEQ), New Mexico (NMED), and Fort Bliss (AR 200-1) environmental regulations; and
9. Removal and pickup of all units within forty-eight (48) hours after completion of a BPA call performance period.

The Contractor shall perform all services in strict accordance with the attached Conformed Performance Work Statement.

---

3. Place of Performance

The place of performance spans three (3) counties across Texas and New Mexico, organized into four (4) geographic Subline Item (SLIN) zones under each CLIN:

- **SLIN AA — Doña Ana Range:** Located in **Doña Ana County, New Mexico** (governed by SCLS Wage Determination No. **2015-5447**);
- **SLIN AB — McGregor Range:** Located in **Otero County, New Mexico** (governed by SCLS Wage Determination No. **2015-5455**);
- **SLIN AC — Oro Grande Range:** Located in **Otero County, New Mexico** (governed by SCLS Wage Determination No. **2015-5455**); and
- **SLIN AD — Fort Bliss Cantonment & Biggs Army Airfield:** Located in **El Paso County, Texas**, including Main Cantonment, Biggs AAF, Fort Bliss Garrison-controlled areas, and El Paso County training areas (governed by SCLS Wage Determination No. **2015-5229**).

Each individual BPA call will identify the specific performance location(s) (by SLIN AA, AB, AC, or AD), building numbers or 8-digit MGRS grid coordinates, required delivery date and time, period of performance, unit quantities, servicing frequency, and any exercise-specific requirements.

---

4. BPA Structure and Limitations

4.1. Multiple-Award BPA Structure: The Government intends to establish five (5) Firm-Fixed-Price BPAs with qualified, responsible small-business sources. The BPAs will provide a vendor pool for recurring portable sanitation requirements. The existence of a BPA does not guarantee work, revenue, a minimum quantity, or a minimum expenditure. The Government is obligated only to the extent authorized, funded BPA calls are issued by a warranted Contracting Officer.

4.2. Ordering Period: The anticipated five-year ordering period is **23 November 2026 through 22 November 2031**. If BPA establishment is delayed, the Government may shift the ordering period to a later commencement date and correspondingly extend the end date to preserve a total five-year ordering period. The final ordering-period dates will be established in the BPA award document. In accordance with BPA Terms Section 2, each BPA will be reviewed at least annually.

4.3. BPA Ceiling: The aggregate ceiling across all BPAs awarded under this solicitation is **$6,500,000.00**. The Government will not issue BPA calls that cause the cumulative value of all BPA calls across all holders to exceed this amount.

4.4. Individual BPA Call Limitation: No individual BPA call shall exceed **$1,000,000.00**.

---

5. Rotational Schedule and BPA Call Placement Procedures

To ensure that all five (5) awarded BPA holders have an equitable opportunity to receive BPA call awards throughout the five-year ordering period, the Contracting Officer will place BPA calls using a **sequential five-vendor rotational schedule** in accordance with RFO FAR 12.201-1(e)(3), FAR 13.303-5, and Section 5 of the BPA Terms and Conditions:

5.1. Initial Five-Vendor Rotational Sequence (Vendor 1 through Vendor 5): Upon BPA establishment, the five (5) awarded BPA holders will be placed into the initial rotational sequence (Vendor 1, Vendor 2, Vendor 3, Vendor 4, and Vendor 5) ranked from lowest to fifth-lowest Total Evaluated Price (TEP) determined at BPA establishment. The first BPA call requirement will be offered to Vendor 1, the second BPA call requirement to Vendor 2, the third to Vendor 3, the fourth to Vendor 4, and the fifth to Vendor 5, after which the rotation repeats continuously (Vendor 1 through Vendor 5) for the duration of the five-year ordering period.

5.2. Rotational BPA Call Issuance and Firm-Fixed SLIN Unit Pricing: When a requirement arises, the Contracting Officer will issue a rotational BPA Call Order / Request for Confirmation with the PWS and call-specific requirement schedule to the next BPA holder in the rotation. Each rotational BPA call will identify, at a minimum:

- Required services and applicable PWS performance standards;

- Applicable geographic SLINs (AA Doña Ana Range, AB McGregor Range, AC Oro Grande Range, or AD Fort Bliss) and 8-digit MGRS grid coordinates/building locations;
- Required number and type of portable latrines (CLIN 0001) and standalone portable hand-wash stations (CLIN 0003);
- Call performance period and required delivery date and time;
- Scheduled servicing frequency and total scheduled service visits (CLINs 0002 & 0004, where 1 Each = 1 scheduled service visit per unit);
- Pre-obligated quantities (if any) for directed in-field relocations (CLINs 0005 & 0006) and after-hours/weekend/holiday emergency services (CLIN 0007); and
- Call acceptance / confirmation response deadline.

All rotational BPA calls will be priced strictly using the **firm-fixed SLIN unit prices** established in the awarded BPA holder's Pricing Schedule. **BPA holders will not submit revised pricing on any call.**

5.3. Vendor Response, Declination, and Rotation Advancement Rules: The designated rotational BPA holder shall respond to each BPA call notice within the specified deadline with either a written acceptance/confirmation or a written declination. Urgent operational requirements may require abbreviated response times as short as **seventy-two (72) hours**. If the designated rotational BPA holder declines a call in writing, fails to respond by the deadline, or lacks available equipment capacity to fulfill the entire call requirement (such as during concurrent large-scale brigade/division exercises), the Contracting Officer will advance the rotation and issue the call (or the remaining excess quantity) to the next BPA holder in the rotational schedule (Vendor N+1). Failure to respond to **three (3)** BPA call notices may result in removal from the rotational schedule or termination of the BPA.

5.4. Annual Review & Continuing BPA Relationship: The Government will consider documented field sanitation performance, on-time delivery, responsiveness to rotational calls, and compliance with BPA terms when conducting annual BPA reviews to determine whether to continue the BPA relationship. If additional competition is required by statute/regulation or urgent mission needs exceed the capacity of the BPA-holder pool, the Contracting Officer reserves the right to solicit all BPA holders or other commercial sources.

---

6. Pricing Schedule & Evaluation-Only Pricing Worksheet (28 Geographic SLINs: 0001AA–0007AD)

Offerors shall complete and submit the 28-SLIN Pricing Schedule below (or the companion Attachment 3 Word/Excel Pricing Worksheet and Standard Form 1449 [SF 1449]). All proposed prices shall be firm-fixed unit prices in U.S. dollars ($ USD) rounded to two decimal places and shall include all costs necessary to perform the required services in accordance with the PWS, including labor (compliant with the applicable Texas [WD 2015-5229] and New Mexico ([WD 2015-5447] [WD 2015-5455]) Service Contract Labor Standards [SCLS] Wage Determinations), equipment, water, transportation, fuel, initial delivery, setup, 45 MPH wind anchoring, joint inspection, scheduled servicing, cleaning, sanitization, pumping, off-post permitted waste disposal, restocking, spill prevention, spill remediation, post-call removal/pickup, insurance, permits, overhead, G&A, and profit.

TOTAL	**—**	**TOTAL EXTENDED EVALUATION PRICE (TEP) FOR BPA ESTABLISHMENT & INITIAL ROTATION RANKING (SUM OF ALL 28 SLINS: 0001AA THROUGH 0007AD)**	**—**	**21,480**	**—**	**$_____**

Pricing Notes (Amendment 0001):

- **1. Evaluation-Only Estimated Quantities (*):** The estimated annual quantities in Column 5 are provided solely for evaluation purposes to establish an objective, uniform Total Extended Evaluation Price (TEP) for ranking quotations, selecting five (5) BPA holders, and establishing the initial rotational order (Vendor 1 through Vendor 5). **They do not obligate the Government to order any minimum quantity**. For each of the 28 priced SLINs (0001AA through 0007AD), the offeror's Proposed Unit Price (Column 6) is multiplied by the Quantity for Evaluation Purposes Only (Column 5) to calculate the Extended Evaluation Price (Column 7), and the sum of all 28 extended SLIN prices equals the offeror's Total Extended Evaluation Price (TEP).
- **2. Delivery, Setup, and Pickup Included in Daily Rental (CLINs 0001 & 0003):** Rental 'Days' under CLIN 0001 (0001AA–AD) and CLIN 0003 (0003AA–AD) are calculated strictly from the active performance start date through end date specified on the funded BPA call. Advance delivery/setup (NLT 0800 hours on the first day of the call period / up to 24 hours prior to event start) and post-event removal/pickup

(within 48 hours after call completion) are included in the daily rental unit prices under CLINs 0001 and 0003 and shall not be billed separately.

- **3. Scheduled Servicing Unit of Issue ('Each' under CLINs 0002 & 0004):** Under CLIN 0002 (0002AA–AD) and CLIN 0004 (0004AA–AD), one (1) 'Each' equals **one (1) scheduled service visit for one (1) portable unit**. For example, if a BPA call orders 10 portable latrines at McGregor Range to be serviced twice weekly for 2 weeks, the BPA call will order **40 Each** under SLIN 0002AB (10 units × 2 visits/week × 2 weeks = 40 service visits). If an exercise requires 3x/week servicing for 10 units over 1 week at Doña Ana Range, the BPA call will order **30 Each** under SLIN 0002AA.
- **4. Separate Pricing of Directed Relocations (CLINs 0005 & 0006):** Government-directed in-field relocations after initial unit placement are priced separately per unit, per move (Each) under CLIN 0005 (0005AA–AD) and CLIN 0006 (0006AA–AD) (inclusive of pumping/cleaning prior to movement and re-anchoring at the new grid coordinate).
- **5. Emergency Services (CLIN 0007) & Fiscal Authorization Limit:** Under CLIN 0007 (0007AA–AD), One (1) ‘Each’ equals one (1) trip drop/service during an authorized after-hours, weekend, or Federal holiday emergency event. Only a warranted Contracting Officer may obligate Government funds; the COR may direct relocations (CLINs 0005/0006) or emergency services (CLIN 0007) ONLY within funded quantities already obligated on the active BPA call by the Contracting Officer.

---

7. Addendum to FAR 52.212-1 Instructions to Offerors—Commercial Products and Commercial Services (Deviation 2026-O0038)

Offerors shall submit a complete quotation organized into the following three (3) volumes:

7.1. Volume I — Administrative Volume (No Page Limit):

1. Completed and signed Standard Form 1449 (SF 1449) / Quotation Cover Page;
2. Legal business name, Unique Entity ID (UEI), CAGE code, and physical business address;
3. Primary and alternate Point of Contact (POC) names, titles, telephone numbers, and email addresses;
4. Confirmation of an **active** System for Award Management (SAM.gov) registration at the time of quotation submission (in accordance with FAR 52.204-7);
5. Representation that the offeror qualifies as a small business concern under NAICS 562991 ($9.0 million size standard);

6. Signed acknowledgment of all solicitation amendments (including SF 30 Amendment 0001);
7. Identification of whether the firm is competing as a standalone small business prime contractor, a Small Business Joint Venture (registered in SAM.gov in accordance with 13 CFR 121.103(h)), or utilizing a named first-tier subcontractor. If relying on a named first-tier subcontractor's experience, past performance, or equipment inventory, include the mandatory First-Tier Subcontractor Commitment Package specified in Section 7.2.1(c) below (demonstrating compliance with FAR 52.219-14, whereby the small business prime and any similarly situated small business subcontractors perform at least 50% of the contract cost incurred for personnel); and
8. Completed representations and certifications in accordance with FAR 52.204-19 (or a statement confirming that annual representations and certifications are current, complete, and active in SAM.gov).

7.2. Volume II — Technical Capability Volume (5-Page Limit for Narrative + Excluded Attachments):

The written Technical Capability narrative shall be limited to **five (5) pages** (8.5 x 11-inch pages) and shall address:

1. The offeror's ability to provide portable latrines and standalone portable hand-wash stations meeting all PWS serviceability and ANSI/PSAI Z4.3 requirements
2. Available equipment inventory and surge capacity (stating the minimum and maximum number of portable latrines, hand-wash stations, and vacuum/service trucks the offeror can provide through owned, leased, or committed first-tier subcontractor fleets)
3. Ability to deliver, set up, anchor against 45 MPH winds, complete joint Technical Exhibit 1 inspections, and make units operational NLT 0800 hours on the first day of the call period across 8-digit MGRS grid coordinates
4. Ability to provide scheduled servicing, pumping, disinfection, sanitization, 2-foot perimeter cleaning, restocking, 24-hour unit repair/replacement, 24-hour in-field relocations, 24-hour emergency response (24/7 notification), and 48-hour post-call pickup
5. Ability to perform across all four geographic zones: Doña Ana Range (Doña Ana County, NM), McGregor Range (Otero County, NM), Oro Grande Range (Otero County, NM), and Fort Bliss Cantonment / Biggs Army Airfield (El Paso County, TX);
6. Approach for complying with Fort Bliss installation access (NCIC-III vetting), off-installation permitted waste disposal, and developing/executing both a **Spill Prevention Plan** and a **Spill Remediation Plan** (including immediate containment, disinfection, contaminated soil/surface remediation, and site restoration

7. **Two (2) examples** of recent and relevant portable sanitation service experience performed **within the last three (3) years** prior to the solicitation posting date (including contract/order number, customer POC, period of performance, contract value, unit quantities supported, and scope performed)
8. An explicit commitment statement that the offeror will submit a complete written **Quality Control Plan (QCP)** within thirty (30) calendar days after BPA establishment (PWS 1.9.2) and a written **Spill Prevention Plan and Spill Remediation Plan** within fifteen (15) calendar days after BPA establishment

7.2.1. Mandatory Technical Attachments Excluded from the Five (5) Page Narrative Limit: The 5-page limit applies strictly to the written Technical Capability narrative addressing items 7.2(1) through 7.2(8) above. Offerors **shall** also submit the following mandatory documents as separate attachments/appendices to Volume II, which are **excluded** from the 5-page limit:

- **(a) Draft Safety Plan (**PWS Deliverable Item 1**):** Prepared in accordance with PWS Section 1.13, 29 CFR Part 1910, USACE EM 385-1-1, and AR 385-10 (Final Safety Plan due within 10 calendar days after BPA establishment)
- **(b) Chemical Safety Data Sheets (SDS) (**PWS Deliverable Item 2**):** Complete SDS package for all proposed cleaning, sanitizing, deodorizing, spill-disinfection/remediation, and winterization chemicals in accordance with PWS Section 5.8.2
- **(c) First-Tier Subcontractor Commitment Documentation (If Applicable):** Any offeror relying on the experience, past performance, or equipment inventory of a named first-tier subcontractor shall submit: (1) the subcontractor's legal name, CAGE code, UEI, and small business status; (2) a bilaterally signed Teaming Agreement or Letter of Commitment confirming dedicated equipment/personnel availability for Fort Bliss BPA calls; and (3) a resource allocation statement confirming compliance with FAR 52.219-14

7.3. Volume III — Price Volume:

Offerors shall submit the completed 28-SLIN Pricing Schedule (Section 6 / Attachment 3 Pricing Worksheet / SF 1449) proposing a firm-fixed unit price for every priced SLIN (0001AA through 0007AD) and calculating the extended price and Total Extended Evaluation Price (TEP) using the Government's evaluation-only estimated annual quantities. Offerors shall ensure all prices are complete, internally consistent, balanced, and sufficient to meet all PWS and SCLS Wage Determination (WD 2015-5229, WD 2015-5455 and WD 2015-5447) requirements.

7.4. BPA Terms and Conditions, Questions, and Quotation Submission Instructions:

Offerors shall acknowledge acceptance of the attached BPA Terms and Conditions.

All questions regarding this solicitation were required to be submitted by email no later than **13 November 2026 at 10:00 AM Mountain Standard Time (UTC -7)**. Official Government responses are published in the accompanying Sanitized Public Q&A Release Document and incorporated into this Solicitation.

All quotations must be submitted via email no later than **November 20, 2026, at 12:00 PM Mountain Standard Time (UTC -7)**to both points of contact below (keep individual email sizes under 15–20 MB; multiple numbered emails are acceptable):

- **SSG Lamar Barnett** at lamar.t.barnett.mil@army.mil
- **SSG Susette Lujardo Lahera** at susette.lujardolahera.mil@army.mil

7.5. SAM.gov Registration Requirement:

All offerors must have an active registration in the System for Award Management (SAM.gov) at the time of quotation submission and at the time of award, in accordance with FAR 52.204-7 (NOV 2024).

---

8. Evaluation and Award

8.1. Addendum to FAR 52.212-2 Evaluation—Commercial Products and Commercial Services (Deviation 2026-O0038):

The Government will evaluate quotations using the following three (3) evaluation factors:

1. **Technical Acceptability**: Evaluated on an Acceptable / Unacceptable basis.
2. **Past Performance**: Evaluated on an Acceptable / Unacceptable (or Neutral) basis based on recent and relevant past performance within the last **three (3) years**.
3. **Price**: Evaluated for completeness, price reasonableness, and unbalanced pricing using the Total Extended Evaluation Price (TEP) calculated across all 28 priced SLINs (0001AA through 0007AD) from the Section 6 evaluation-only estimated quantities.

8.2. Factor 1: Technical Acceptability:

A quotation will be rated **Acceptable** when it clearly demonstrates the offeror's capability to meet all material requirements of the PWS and Section 7.2 submission requirements, including: mobilization; serviceable ANSI/PSAI Z4.3 equipment; equipment inventory and surge capacity; timely delivery, setup, and 45 MPH wind anchoring across 8-digit grid coordinates; scheduled servicing and off-post permitted waste disposal; 24-hour in-field relocations; 24-hour emergency response (24/7 notification); 48-hour post-call pickup; Fort Bliss installation access compliance; two (2) relevant experience examples within the last three (3) years; commitment to submit the QCP within 30 days and the written **Spill Prevention Plan and Spill Remediation Plan** within 15 days; and inclusion of the mandatory **Draft Safety Plan** and **Chemical Safety Data Sheets (SDS)**.

A quotation rated **Unacceptable** fails to meet one or more minimum material requirements of the solicitation and is ineligible for BPA establishment unless the Government elects to conduct discussions or permit revisions.

Technical Rating	Definition / Description
Acceptable	Quotation clearly meets the minimum material requirements of the PWS and solicitation instructions (including required Draft Safety Plan and Chemical SDS attachments).
Unacceptable	Quotation does not meet one or more minimum material requirements of the PWS or solicitation instructions.

8.3. Factor 2: Past Performance:

The Government will evaluate the offeror's (and, when supported by a signed commitment package under Section 7.2.1(c), its named first-tier subcontractor's) record of recent and relevant past performance **within the last three (3) years** prior to solicitation issuance (using submitted experience references, CPARS, and other Government records) to assess the offeror's demonstrated history of delivering and servicing portable latrines and hand-wash stations in a timely, sanitary manner. In accordance with RFO FAR Part 12 / FAR 15.305(a)(2)(iv), an offeror without a record of relevant past performance or for whom information on past performance is not available will not be evaluated favorably or unfavorably on past performance and will receive a **Neutral (Acceptable)** rating, provided the offeror is otherwise determined responsible under FAR Subpart 9.1.

8.4. Factor 3: Price:

Offerors shall propose a firm-fixed unit price for every priced Subline Item (SLINs 0001AA through 0007AD, 28 SLINs total). For BPA establishment, the Government will multiply each proposed SLIN unit price by the corresponding Evaluation-Only Estimated Annual Quantity in Section 6 and sum the extended amounts across all 28 SLINs to calculate the offeror's **Total Extended Evaluation Price (TEP)**.

The Government will evaluate each proposed SLIN unit price and the Total Extended Evaluation Price for:

- **Completeness:** Compliance with the Pricing Schedule instructions in Section 6 and Section 7.3, with a unit price proposed for all 28 priced SLINs (0001AA through 0007AD).
- **Price Reasonableness:** The existence of adequate price competition is expected to support a determination of fair and reasonable pricing; a price is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person in the conduct of competitive business.

- **Unbalanced Pricing:** Exists when, despite an acceptable Total Evaluated Price, the unit price of one or more CLINs/SLINs is significantly overstated or understated as indicated by price analysis techniques. Quotations determined to be materially unbalanced may be rejected if the lack of balance poses an unacceptable risk to the Government.

8.5. Basis for BPA Establishment and Initial Rotational Ranking (Vendor 1 through Vendor 5):

The Government intends to establish **five (5) Firm-Fixed-Price BPAs** with responsible small-business offerors whose quotations are rated **Acceptable** under Factor 1 (Technical Acceptability), **Acceptable or Neutral** under Factor 2 (Past Performance), and whose proposed SLIN unit prices and **Total Extended Evaluation Price (TEP)** are determined complete, balanced, and fair and reasonable. If more than five (5) quotations are found technically acceptable with acceptable/neutral past performance and fair, reasonable, and balanced pricing, the Government will establish BPAs with the **five (5) offerors offering the lowest Total Extended Evaluation Prices** (ranked Vendor 1 through Vendor 5 from lowest to fifth-lowest TEP to establish the initial rotational call schedule under Section 5).

The Government reserves the right to establish fewer than five (5) BPAs (if fewer than five acceptable, fair and reasonably priced quotations are received), establish no BPA, or establish BPAs without discussions.

---

9. Provisions and Clauses

The following Federal Acquisition Regulation (FAR), Defense Federal Acquisition Regulation Supplement (DFARS), and Army Materiel Command (AMC) provisions and clauses apply to this solicitation and resulting BPAs (full text available at https://www.acquisition.gov):

- **FAR 52.202-1**, Definitions (JUN 2020)
