SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

Solicitation/Contract Form

The following changes have been made:

Miscellaneous text in this section has been added to:

REQUEST FOR INFORMATION:

QUESTION 1: May our proposed local subcontractor attend the November 12 site visit on our behalf? If so, is advance registration required, and what information should they provide?

RESPONSE 1: Yes, a subcontractor is permitted to attend the site visit on your behalf, however, the prime Contractor is responsible for understanding all service requirements in the Performance Work Statement. Advanced registration is not required.

QUESTION 2: Can we serve as the prime Contractor and oversee scheduling, quality control, and reporting while a local small-business subcontractor performs the on-site plowing, shoveling, sanding, and snowbank clearing with its own crews and equipment? Which subcontracting clause applies, and how should we show compliance in our quote?

RESPONSE 2: Yes, a subcontractor is permitted to perform the on-site services, with oversight and quality control maintained by the prime Contractor. There is not a specific clause associated with subcontractor performance. Quote submission compliance regarding subcontractor information must be met on the mandatory Solicitation Survey.

QUESTION 3: May we include the proposed subcontractor's comparable projects and references in our past performance submission if we clearly identify the work they would perform?

RESPONSE 3: As stated on the solicitation survey, "Only when a suitable teaming arrangement with a subcontractor is provided will past performance of the subcontractor be considered."

QUESTION 4: What is the deadline for submitting written questions, including questions that come up during the site visit?

RESPONSE 4: The deadline for submission of questions for response by the Government is November 19, 2026 at 2:00 PM Eastern.

QUESTION 5: The survey and Section M allow subcontractor past performance with a suitable teaming arrangement. For this small-business set-aside, please confirm any applicable limitation on subcontracting/self-performance and whether the proposed local subcontractor's personnel may serve as the onsite Level 3 SSHO, project manager and quality-control personnel, with us retaining prime responsibility? May the SSHO also operate equipment when qualified and able to fulfill the safety role?

RESPONSE 5: There are no limitations on subcontracting. Yes, the subcontractor's personnel may serve as the onsite Level 3 SSHO, project manager and quality-control personnel if they meet the requirements of those positions and accept the designation. The subcontractor would also have to have the authority to act on behalf of the prime Contractor, and the prime Contractor is responsible for overseeing all work and coordination with the Government. Yes, the SSHO may operate equipment when qualified and able to fulfill the role.

QUESTION 6: Section L permits $0/NSP entries, while Section M says $0/NSP entries will be rejected. Should each of the twelve task/year price lines carry a separate positive unit price?

RESPONSE 6: Each task item in the bid schedule must have associated pricing or indicate $0 or Not Separately Priced (NSP). Section M states that quotes that fail to price all items or fail to indicate $0 pr NSP will be rejected as nonconforming to this solicitation.

QUESTION 7: The PWS lists the second option as November 1, 2028 through June 30, 2029, with the same maximum quantities as the other periods. Please confirm that end date and that the unit-price schedule is intended to cover this shorter period. No guaranteed minimum quantity is stated; please confirm that no seasonal minimum is guaranteed.

RESPONSE 7: Yes, the Government confirms that the end date and the unit-price schedule are intended to cover the shorter period. Confirmed that there is no guaranteed minimum quantity and no seasonal minimum guaranteed.

QUESTION 8: May a proposed subcontractor attend the November 12 or November 18 optional site visit on behalf of a prime? Are advance registration or attendee details required?

RESPONSE 8: Please refer to the response to Question 1 of this amendment.

QUESTION 9: The PWS directs monthly invoices to the TPOC, while Section G contains WAWF instructions. Please confirm the required payment-request route and whether TPOC acceptance must precede submission through WAWF.

RESPONSE 9: WAWF is not applicable, and invoices must be submitted to the TPOC as specified in the Performance Work Statement.

QUESTION 10: Is the $38,400 prior award one season or the full term, and can you share how many services were actually performed per season?

RESPONSE 10: The only information regarding the previous award that can be provided is the awardee and the total contract awarded amount, which has been provided in the solicitation.

QUESTION 11: May the project manager and quality-control person attend the pre-work conference through the subcontractor's on-site supervisor, or remotely for the prime?

RESPONSE 11: Attendance at the pre-work conference shall be in person only. Reference the Performance Work Statement. The Project Manager and Quality Control Personnel shall have the authority to act on behalf of the Contractor. A subcontractor would need to meet the requirements of these positions and accept the designation. The subcontractor would also have to have the authority to act on behalf of the prime Contractor. The prime Contractor is responsible for overseeing all work and coordination with the Government.

QUESTION 12: Given the award timing, what start date is expected, and would the government consider relief or an interim arrangement for storms before the pre-work submittals are accepted?

RESPONSE 12: An expected start date is unknown and will not be provided. The Contractor is not responsible for any snow removal services prior to the acceptance of pre-work submittals.

QUESTION 13: Please confirm the insurance minimums, if any, and whether a performance bond is required.

RESPONSE 13: There are no insurance minimums, and a performance bond is not required.

QUESTION 14: Is there a deadline for questions?

RESPONSE 14: Please refer to the response to Question 4 of this amendment.

QUESTION 15: Please confirm the WAWF document type and DoDAAC routing.

RESPONSE 15: Please refer to the response to Question 9 of this amendment.
