(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) Applicability. This clause applies only to-

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(5) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts, as described in 8.4 and 16.5; and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) Independent contractors. An independent contractor shall be considered a subcontractor.

(e) By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for-

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(b) The Contractor will promptly provide written notice to the Contracting Officer if it finds that the project will exceed or is likely to exceed the funding limitations and it is unable to design a usable facility within these limitations.

(1) Upon receipt of such written notice, the Contracting Officer will review the Contractor's revised estimate of construction cost.

Tax on Certain Foreign Procurements-Notice and Representation (Feb 2026) (Deviation 2026-O0038)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It [ ] is [X] is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 [ ] a full exemption, or [ ] partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.

Section M - Evaluation Factors for Award

M.1 Basis for Award
The Government will award a contract to the responsible Offeror whose proposal represents the best value to the Government, considering the evaluation factors stated below.

The Government will evaluate proposals using a tradeoff process. The Government is not required to award to the Offeror with the lowest proposed price. The Government may award to an Offeror other than the lowest-priced Offeror when the evaluated benefits of that Offeror's proposal justify the additional price.

The Government intends to make award without discussions but reserves the right to conduct discussions if determined necessary.

M.2 Evaluation Factors
Proposals will be evaluated using the following factors, listed in order of importance:

1.Technical Approach

2.Past Performance

3.Price

Technical Approach is more important than Past Performance. Technical Approach and Past Performance, when combined, are approximately equal in importance to Price.

M.3 Factor 1 - Technical Approach
The Government will evaluate the Offeror's Technical Proposal to determine the extent to which the Offeror demonstrates a clear understanding of the requirement and a sound approach to successful performance.

The Government will evaluate:

a. Understanding of the design-build scope and project requirements;

b. Design approach and management of required design disciplines;

c. Construction sequencing, phasing, and coordination with facility users;

d. Approach to roofing, exterior-envelope work, weather protection, and quality control;

e. Ability to manage the required design submittals, Government review periods, material lead times, construction, testing, and closeout;

f. Preliminary schedule realism and feasibility;

g. Safety approach, including demolition, fall protection, and construction safety; and

h. Qualifications and relevant experience of proposed key personnel.

The Government will also evaluate whether the Offeror submitted the required licenses, roofing qualifications, manufacturer authorizations, and Miami-Dade NOA documentation required by the solicitation.

The Technical Approach factor will be assigned one of the following ratings:

- Outstanding: Proposal demonstrates an exceptional approach and understanding of the requirements. Strengths significantly outweigh any weaknesses, and risk of unsuccessful performance is low.

- Good: Proposal demonstrates a thorough approach and understanding of the requirements. Strengths outweigh weaknesses, and risk of unsuccessful performance is low to moderate.
-Acceptable: Proposal demonstrates an adequate approach and understanding of the requirements. Any weaknesses are offset by strengths, and risk of unsuccessful performance is moderate.
-Unacceptable: Proposal does not demonstrate an adequate approach or understanding of the requirements. Proposal contains one or more deficiencies or presents unacceptable risk.

A proposal rated Unacceptable under the Technical Approach factor is not eligible for award.

M.4 Factor 2 - Past Performance
The Government will evaluate the recency, relevancy, and quality of the Offeror's past performance.

Past performance information is considered recent if performed within the past five years.

Past performance is considered relevant when it involves design-build construction, building renovation, roof replacement, exterior-envelope work, occupied-facility renovation, or work otherwise similar in scope, complexity, and magnitude to this requirement.

The Government will assign one of the following confidence ratings:

Rating Definition

-Outstanding: Offeror's past performance record demonstrates exceptional performance on recent and relevant efforts. Performance strengths significantly outweigh any weaknesses, and risk of unsuccessful performance is low.
-Good: Offeror's past performance record demonstrates thorough and successful performance on recent and relevant efforts. Performance strengths outweigh any weaknesses, and risk of unsuccessful performance is low to moderate.
-Acceptable: Offeror's past performance record demonstrates adequate performance on recent and relevant efforts. Any performance weaknesses are offset by strengths, and risk of unsuccessful performance is moderate.
-Unacceptable: Offeror's past performance record does not demonstrate adequate performance on recent and relevant efforts. The record reflects one or more significant weaknesses, deficiencies, or performance concerns that present unacceptable risk.

M.5 Factor 3 - Price
The Government will evaluate the Offeror's total evaluated price for completeness, reasonableness, and balance.

The total evaluated price will consist of the sum of all base CLINs and any option CLINs identified in Section B as evaluated for award.

The Government may reject a proposal if the price is materially unbalanced, incomplete, or unreasonable.

The Government may use one or more price-analysis techniques to determine whether proposed prices are fair and reasonable.

M.6 Responsibility
Before award, the Government will determine whether the apparent successful Offeror is responsible, including whether the Offeror has the necessary organization, experience, accounting and operational controls, technical skills, facilities, equipment, financial resources, and required licenses to perform the contract.

M.7 Award Decision
The Source Selection Authority will make an integrated assessment of the evaluation results and determine which proposal represents the best value to the Government.

The award decision will consider the comparative advantages and disadvantages of each proposal, the assessed performance risk, and the price premium, if any, associated with a higher-rated proposal.
