MARKING OF SHIPMENTS - LEVEL 1/DSS-SOC

The contractor shall mark all shipments of military packaged items in accordance with MIL-STD-129 (Latest Revision) "Marking for Shipment and Storage" and all commercially packaged items in accordance with ASTM-D-3951 (Latest Revision) "Standard Practice for Commercial Packaging".
ALL EXTERIOR CONTAINERS/PACKS SHALL AS A MINIMUM BE MARKED AS FOLLOWS:
1. Applicable National Stock Number (NSN), Federal Stock Number (FSN), Local Stock Number (LSN), or Part Number, when neither NSN nor FSN or LSN are available.
2. Quantity
3. QA Designator: 1
4. Government Contract or Purchase Order Number (incl. Delivery Order No)
5. From: (Contractor's Name and Address)
6. To: (Shipment Address)
7. Markings may be applied by any means, which provide legibility
8. Additional markings required are stated below:
Containers shall be marked with bold red letters, maximum two inches high on two (2) sides and two (2) ends as follows:
For LEVEL I material: "LEVEL I"
For DSS-SOC material: "DSS-SOC"

SPECIFICATION CHANGES
No changes to specification or other contract technical requirements are allowed without Contracting Officer approval.

DLAD-5452.233-9001 5452.233-9001 (Sep 2025)
5452.233-9001, DISPUTES -AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION (DEC 2016)
(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.
(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and legal counsel. Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.
(c) If you wish to opt out of this clause, check here [ ].Alternate wording may be negotiated with the contracting officer.

MERCURY CONTROL (SUPPLIES)
Mercury or mercury containing compounds shall not be intentionally added or come in direct contact with hardware or supplies furnished under this contract.

CORRECTION OF CERTIFICATIONS:
Data deliverables which have been submitted to the receipt inspection activity shall not be modified or corrected by the contractor after submittal without approval from the Material Logistics group, Code 245. The change must be apparent on the amended certification and must be provided by the appropriate source (e.g., changes to a mechanical testing report must be performed by the testing facility vice a distributor). Corrected certifications must include the signature of the authorized representative making the change. If the change is initialed and dated, it must be initialed by the same person whose signature appears on the certification. Typed initials on corrected certifications are not acceptable. If the change is made by an authorized representative other than the original authorized representative, the change shall be signed by the authorized representative making the change. Statements substantiating the reason and/or justification for the change must be provided on the certification or in separate correspondence unless the change is administrative in nature (specification revision changes and qualitative or quantitative test data changes are technical and require written justification). When changes are made to certifications or rework is performed on material, Certificates of Compliance/Conformance (COC) must be resigned and dated to affirm that the contract and specifications have been met. The revised COC is required to be provided and dated on or after the date of revised certification. The COC does not require an explanation or rationale by the vendor, provided justification for change is identified elsewhere. Where supplementary data (i.e., not contract deliverables) is provided after the date on the COC, or administrative changes are made to the supporting certifications, the COC may stand as is.

PREPARATION FOR DELIVERY (COMMERCIALLY PACKAGED ITEMS)
Preservation, packaging and packing shall be in accordance with ASTM Designation D-395l(Latest Revision), "Standard Practice for Commercial Packaging

PROHIBITED PACKING MATERIALS
The use of asbestos or excelsior is prohibited. In addition, the use of yellow wrapping or packaging material is prohibited except where used for the containment of radioactive material. Loose fill polystyrene is prohibited for shipboard use.

INSPECTION AND ACCEPTANCE (DESTINATION)
Inspection and acceptance of the supplies or services to be furnished hereunder shall be made at destination by the receiving activity. Receiving activity shall execute acceptance certificate on the applicable inspection and receiving report form: DD Form 1155, Standard Form 44, DD form 250, or the Wide Area Workflow (WA WF) Receipt and Acceptance Receiving Report. The executed payment copy shall be forwarded to the paying office within four (4) workdays thereafter.

CONSIGNMENT INSTRUCTIONS FOR DELIVERIES TO THE PORTSMOUTH NAVAL SHIPYARD
Consign Parcel Post shipments to Portsmouth, NH 03801.
For access to the Portsmouth Naval Shipyard (PNS), contact PNS Security Pass Office at 207-438-2235/2614.
MARK SHIPPING DOCUMENTS: "Notify Receiving Officer, Portsmouth Naval Shipyard prior to arrival for delivery instructions. Telephone: 207-438-5521/5206".
NOTICE: CARRIER'S DRIVERS ENTERING PORTSMOUTH NAVAL SHIPYARD MUST BE UNITED STATES CITIZENS BY BIRTH OR MUST CARRY EVIDENCE OF NATURALIZATION.
Except by special arrangement, shipments will be received only between the hours of7:00 AM and 2:30 PM local time, Monday through Friday (Federal Holidays excepted).

DLA PROCUREMENT NOTES SOL

C01 Superseded Part Numbered Items (SEP 2016)
If an item part number is superseded during the term of this contract, the contractor shall advise the contracting officer immediately upon determination. The notice shall include complete information on the superseding item form, fit, function, configuration, application, or physical nature. The contracting officer will determine whether the item is acceptable to the Government, advise the contractor within seven days, and modify the contract accordingly.

C02 Manufacturing Phase-Out or Discontinuation of Production, Diminishing Sources, and Obsolete Materials or Components (DEC 2016)
The contractor shall notify the contracting officer immediately upon determining the unavailability of obsolete materials or components. The contractor may recommend a solution to include the impact on the contract price and delivery. The contractor shall not initiate any item redesign or incur any additional costs without the express, written authorization of the contracting officer.

In the event that manufacturing phase-out or discontinuance of production of such items is contemplated, the contractor is required to notify the contracting officer and publish the discontinuance in the Government-Industry ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate. Data Exchange Program (GIDEP), where feasible; and to provide immediate advance notice of production phase-out to DLA DMSMS at dscc.dmsms@dla.mil.

C03 Contractor Retention of Supply Chain Traceability Documentation (JUN 2023)
(1) By submitting a quotation or offer, the contractor, if it is not the manufacturer of the item, is confirming it currently has, or will obtain before delivery, and shall retain documented evidence (supply chain traceability documentation), as described in paragraph (2) of this procurement note, demonstrating the item is from the approved manufacturer and conforms to the technical requirements.
(2) At a minimum, the supply chain traceability documentation for the item shall include: basic item description, part number and/or national stock number, manufacturing source, manufacturing source's Commercial and Government Entity (CAGE) code, and clear identification of the name and location of all supply chain intermediaries between the manufacturer to the contractor to item(s) acceptance by the Government. The documentation should also include, if available, the manufacturer's batch identification for the item(s), such as date codes, lot codes, or serial numbers. In addition, the contractor will obtain and supply any quality requirements necessary to prove the material meets the technical description. Evidence of quality consist oftest results, material certifications, and manufacturing process sheets, identified by the technical data.
(3) Contractors can find examples of acceptable supply chain traceability documentation at the Counterfeit Detection and Avoidance Program (CDAP) website (http://www.dla.mil/LandandMaritime/Business/Selling/Counterfeit-Detection-A voidance-Program/).
(4) The contractor shall immediately make documentation available to the contracting officer upon request. The contracting officer determines the acceptability and sufficiency of documentation. The contractor shall retain supply chain traceability documentation for six years after final payment under this contract for audit and other valid government purposes. If the contractor fails to retain or provide the documentation, or the contracting officer finds the documentation to be unacceptable, the contracting officer may take corrective action, including, but not limited to, cancellation of undelivered orders or rejection of delivered supplies.

C04 Unused Fonner Government Surplus Property (SEP 2021)
To be considered for award, the offeror must complete and submit the following representation with their offer. Additional supporting documentation to demonstrate the surplus material offered was previously owned by the Government and meets solicitation requirements must be provided within 24 hours of request by the contracting officer.
(1) The material is new, unused, and not of such age or so deteriorated as to impair its usefulness or safety. Yes U No()
The material conforms to the technical requirements cited in the solicitation (e.g., Commercial and Government Entity (CAGE) Code and part number, specification, etc.). Yes LJ No_ The material conforms to the revision letter/number, if any is cited. Yes O No O
Unknown
If No, the revision does not affect form, fit, function, or interface. Yes_ No Unknown
The material was manufactured by:
(Name):_
(Address):_
(2) The offeror currently possesses the material Yes_ No_
If yes, the offeror purchased the material from a Government selling agency or other source.
Yes_ No_ If yes, complete the following:
Government Selling Agency: _
Contract Number: --------Contract Date: (Month, Year): _
Other Source: Address:
Date Acquired: (Month/Year)_
(3) The material has been altered or modified. Yes_ No_ If Yes, complete the following:
Name of the company that performed the alternation or modification:
(Address):,-----
Complete description of the alterations or modifications.
(4) The material has been reconditioned. Yes_ No_ It Yes, complete the following:
(i) The price offered includes the cost of reconditioning /refurbishment. Yes_ No_ (ii) Name of the company that reconditioned the material.
(iii) Description of any work done or to be done, including the components to be replaced and the applicable rebuild standard.
----contains cure-dated components. Yes _No _If Yes, complete the following:
(i) The price includes replacement of cure-dated components. Yes_ No_
(ii) Cure date:_
The material
(5) The material has data plates attached. Yes_ No_ If Yes, insert all information contained on the data plate.
(6) The offered material is in its original package. Yes_ No_ If yes, complete the following:
Contract Number NSN-----CAGE
Code
Part Number---------

Other Markings/Data_.,.,.-... , ... ,--,-----, ... , .. ---,---,---,--
(7) The offeror has supplied this same material (National Stock Number) to the Government before. Yes_ No
If Yes, complete the following:
(i) The material being offered is from the same original Government contract number as that provided previously. Yes _No_
(ii) State below the Government Agency and contract number under which the material was previously provided:
Agency_
Contract Number---(8) The material is manufactured in accordance with a specification or drawing. Yes_ No_ If Yes, complete the following:
(i) The specification/drawing is in the possession of the offeror. Yes_ No_
(ii) The offeror has stated the applicable information below: Yes_ No_
Specification/Drawing Number _
Revision (if any) _
Date---
(9) The material has been inspected for correct part number and for absence of corrosion or any obvious defects. Yes No
If Yes, complete the following:
(i) Material has been re-preserved. Yes_ No_
(ii) Material has been repackaged. Yes _No_
(iii) Percentage of material that has been inspected is_3/4; and/or
(iv) Number of items inspected is_
(v) A written report was prepared. Yes_ No_
The offeror agrees that in the event of award and notwithstanding the provisions of the solicitation, inspection and acceptance of the surplus material will be performed at source or destination subject to all applicable provisions for source or destination inspection.
The offeror will forward one of the following, within 24 hours of request by the contracting officer, to demonstrate that the material being offered was previously owned by the Government (offeror check which one applies):
_ For national or local sales, conducted by sealed bid, spot bid or auction methods, a solicitation/invitation For Bid and corresponding DLA Disposition Services Form 1427, Notice of Award, Statement and Release Document.
_ For DLA Disposition Services Commercial Venture (CV) Sales, the shipment receipt/delivery pass document and invoices/receipts used by the original purchaser to resell the material.
_ When the above documents are not available, or if they do not identify the specific NSN being acquired, a copy or facsimile of all original package markings and data, including NSN, commercial and Government entity (CAGE) code and part number, and original contract number. (This information has already been provided in paragraph (6) of this procurement note Yes_ No _
_ When none of the above are available, other information to demonstrate that the offered material was previously owned by the Government. Describe:
This procurement note only applies to offers of Government surplus material. Offers of commercial surplus, manufacturer's overruns, residual inventory resulting from terminated Government contracts, and any other material that meets the technical requirements in the solicitation but was not previously owned by the Government will be evaluated in accordance with the DLAD procurement note L04, Offers for Part Numbered Items.
If requested by the contracting officer, the offeror shall furnish sample units, in the number specified, to the contracting officer or to another location specified by the contracting officer, within 10 days after the contracting officer's request. The samples will be furnished at no cost to the Government. All such samples not destroyed in evaluation will be returned at the offeror's expense. The samples will be evaluated for form, fit, and function with subassembly, assembly, or equipment with which the items are to be used. End items furnished under any contract award to the offeror furnishing the samples can include the returned samples, and all acceptable end items will have a configuration identical to the samples. If specific tests of the samples' performance are made by the Government, the offeror will be furnished the results of such tests prior to a contract being entered into. In addition to any other inspection examinations and tests required by the contract, the performance of the end items will be required to be as good as that of the samples submitted.
In the event of award, the contractor will be responsible for providing material that is in full compliance with all requirements in the contract or order. The surplus material to be furnished must meet the requirements of the current contract or order, whether or not the material met Government requirements in existence at the time the material was initially manufactured or sold to the Government. If higher-level contract quality requirements apply to the material being acquired, those requirements do not apply to surplus material furnished under this contract.

C14 Correction of Nonconforming Packaging or Marking (MAY 2020)
(1) The Government may correct nonconforming packaging or marking for receipts of DLA- owned materiel if the estimated costs of correction are $1,000 or less. The contracting officer will advise the contractor of the discrepancy and that the Government has corrected the packaging or marking. The contracting officer will make a determination concerning appropriate reimbursement by the contractor for the Government's costs to correct the deficiencies. Upon determining that reimbursement is required, the contracting officer will send a notice to the contractor. Upon receipt of notice from the contracting officer, the contractor shall reimburse the Government for the costs incurred by the Government to correct the deficiencies.
(2) If the estimated costs of correction for receipts of DLA-owned materiel are more than $1,000, the contracting officer will advise the contractor of the discrepancy and have the materiel returned to the contractor for correction/resubmittal; or, if there are urgent requirements, have the Government remediate the discrepancy at the contractor's expense. If the Government remediates the discrepancy, the contracting officer will make a determination concerning appropriate reimbursement by the contractor for the Government's costs to correct the

deficiencies. Upon determining that reimbursement is required, the contracting officer will send a notice to the contractor. Upon receipt of notice from the contracting officer, the contractor shall reimburse the Government for the costs incurred by the Government to correct the deficiencies.

C21 Shipping Instruction Request {SIR) (AUG 2017)
(1) DCMA's Shipping Instruction Request (SIR) is a web-based system that contractors and transportation specialists use to provide transportation management for contracts administered by DCMA.
(2) SIR shall be used for the following contracts:
(a) Contracts where the ultimate destination is outside the contiguous United States.
(b) Hazardous material (HAZMA T) contracts.
(c) Foreign Military Sales (FMS) contracts.
(d) Contracts requiring Transportation Protective Service.
(3) Contractors shall submit information to DCMA via Shipping Instruction Request (SIR) e-Tool. The SIR eTool can be accessed through External Web Access Management (EWAM) application http://www.dcma.mil.

YM3 D4: PREPARATION FOR DELIVERY (COMMERCIALLY PACKAGED ITEMS)
Preservation, packaging and packing shall be in accordance with ASTM Designation D-3951(Latest Revision), "Standard Practice for Commercial Packaging

YM3 D8: PROHIBITED PACKING MATERIALS
The use of asbestos or excelsior is prohibited. In addition, the use of yellow wrapping or packaging material is prohibited except where used for the containment of radioactive material. Loose fill polystyrene is prohibited for shipboard use.

YM3 E4 Disposition of Nonconforming Material

(1) Rejection of Material: In accordance with FAR 52.212-4(a), the Government reserves the right to reject supplies that are defective in material or workmanship, or otherwise nonconforming to contract requirements.
(2) PQDR Notification & Disposition: Upon determination of nonconformance, the Government will issue a Product Quality Deficiency Report {PQDR). The Contractor shall provide actionable disposition instructions to the Contracting Officer and the designated receiving activity within 90 days of PQDR issuance.
(3) Vendor Non-responsiveness: If the Contractor fails to provide disposition instructions or remains nonresponsive upon the expiration of the 90-day timeframe, the Government will exercise its right under FAR 52.212-4(a) to dispose of the material at the Contractor's expense.
(4) Termination for Cause: Failure to provide actionable disposition instructions within the 90-day timeframe constitutes a failure to comply with contract terms and conditions. Such non-responsiveness may constitute grounds for the Contracting Officer to issue a Cure Notice or initiate Termination for Cause proceedings in accordance with FAR 52.212-4(m).
Quality Assurance Provision: Defect Reporting & Disposition Instructions
(a) In the event that material tendered for acceptance is rejected pursuant to FAR 52.212-4(a), the Government will issue a Product Quality Deficiency Report (PQDR).
(b) To satisfy the requirement for actionable disposition instructions required to resolve the PQDR, the Contractor's response must constitute a formal Corrective Action communication. A simple acknowledgment is unacceptable. The disposition response must include, at a minimum, the following information:

1. Date of the report.
2. Purchase order or contract number.
3. Part Number and exact nomenclature.
4. Source of the defect.
5. Root cause origin of the failure in the process.
6. Immediate action taken to correct the specific defects.
7. Action taken or planned to prevent reoccurrence of the issue.
8. Identification of other products or shipments potentially affected.
9. Effective date of preventive actions.
10. Quality representative approval signature.

{Note: Acceptance of conforming material is not contingent upon this reporting. This QA provision is conditionally activated only upon Government issuance of a PQDR.)

YM3 F500: CONSIGNMENT INSTRUCTIONS FOR DELIVERIES TO THE PORTSMOUTH NAVAL SHIPYARD
Consign Parcel Post shipments to Portsmouth, NH 03801.
For access to the Portsmouth Naval Shipyard (PNS), contact PNS Security Pass Office at 207-438-2235/2614.
MARK SHIPPING DOCUMENTS: "Notify Receiving Officer, Portsmouth Naval Shipyard prior to arrival for delivery instructions. Telephone: 207-438-5521/5206".
NOTICE: CARRIER'S DRIVERS ENTERING PORTSMOUTH NAVAL SHIPYARD MUST BE UNITED STATES CITIZENS BY BIRTH OR

MUST CARRY EVIDENCE OF NATURALIZATION.
Except by special arrangement, shipments will be received only between the hours of?:00 AM and 2:30 PM local time, Monday through Friday (Federal Holidays excepted).

E05 Product Verification Testing (SEP 2026)
(1) Product verification testing (PVT) under this procurement note will only apply when the contracting officer specifically invokes it in writing. The contracting officer may invoke PVT at or after contract award. If the contracting officer invokes PVT at contract award, the contract will explicitly state this testing requirement. If the contracting officer invokes PVT after contract award, the contracting officer shall notify the contractor and the cognizant DCMA ACO. The Government will perform PVT testing at a Government-designated testing laboratory.
(2) The contractor shall not ship or deliver any material until it receives notification of the acceptable PVT results, unless the contracting officer directs it to do so in writing The Government will provide the PVT results to the contractor within 20 business days after receipt at the Government testing facility, unless the Government specifies otherwise in writing.
(3) The contractor shall provide and maintain an inspection system acceptable to the Government in accordance with FAR Clause 52.246-2 or 52.246-3; and maintain and make available all records evidencing those details if requested by the Government. When the Government finds evidence of risk associated with the contractor's sampling process, the Government may witness and evaluate the contractors sampling process. The contractor shall randomly select samples from the production lot(s), unless the contracting officer specifies otherwise in writing. The contractor shall ship the selected PVT samples with a copy of the system of record receiving report (i.e., WA WF, DD Form 250, or commercial shipping document) and the contractor's signed DD Form 1222. The contractor shall prepare the shipping container(s) by marking the external packages in bold letters, "Product Verification Test Samples - Do Not Post to Stock," Contract Number [contractor insert] and Lot/Item Number [contractor insert]" adjacent to the MILSTD-129 (latest revision) identification markings. The contractor shall use a hard copy of the system ofrecord receiving report as a packing list, in accordance with DFARS Appendix F. The contractor shall mark the exterior of the shipping container in accordance with MIL-STD- 129 (latest revision), paragraph 5.11. The contractor shall send samples by traceable means (e.g., certified or registered mail, United Parcel Service, Federal Express). The contractor shall upload the following in WA WF:
(a) Material certifications/process operation sheets
(b) Drawings used to manufacture the units
(c) Return shipping information.
(4) The Government will return samples that pass testing and are not destroyed during evaluation to the contractor at the Government's expense for the contractor to include as part of the total contract quantity to be delivered under the contract. The contractor and Government may agree to dispose of samples not destroyed when the cost of the item does not justify the shipping expense. If the Government does not return approved samples that pass testing to the contractor, the Government will consider those samples as part of the contract quantity for payment and delivery.
(5) If samples fail testing, the Government may reject the entire contract lot from which the contractor took the samples. The Government may, at its discretion, retain samples that fail testing without obligation to the contractor.
(b) PLT conducted by the Government. The contractor is responsible to produce the production lot(s), and the Government is responsible to conduct the test. The PL T shall be separately priced with a PL T CLIN to cover the cost of the approved samples that are consumed, destroyed, or otherwise rendered unusable during testing. The Government shall return any useable samples to the contractor upon completion of testing for delivery with the production quantity of the same lot. The contracting officer shall insert the negotiated price for the PL T CLIN at time of award. Solicitations and awards shall include the procurement note E04 when PLT is required. For automated acquisitions, the fill-in information for the procurement note is completed in the solicitation. The contracting officer will obtain the fill-in information for manual acquisitions from the data field in the Product Master.
*****

E06 Inspection and Acceptance at Source (JUN 2018)
Inspection and acceptance are at source. The place of acceptance is the location where the Government conducts the last inspection before shipment, unless the contractor indicated a different physical location for acceptance below.
The contractor shall indicate the location where supplies will be inspected, if different from the production location:
Commercial and Government Entity (CAGE) code: _
Address
Applicable to contract line item numbers(s) (CLIN(s)): _
The contractor shall indicate the location where packaging will be inspected, if different from the production location:
( ) Same as for supplies OR
CAGE code
Address:
Applicable to CLIN(s): _
The contractor shall indicate the location where supplies will be accepted, if different from the inspection location:
Commercial and Government Entity (CAGE) code: _

H04 Sourcing for Critical Safety Items (SEP 2016)
The contractor procuring, modifying, repairing, or overhauling a critical safety item shall only use a source approved by the head of the design control activity.

BIO Awardee Requires No Access to DLA Controlled Technical Data or Information for Contract Performance (FEB 2020)
Awardee has confirmed it will not require access to DLA controlled technical data or information for contract performance, and it will provide items that conform to the current revision of applicable technical data.

H18 Defense Priorities and Allocations System (DPAS) (JUL 2026)
15 CFR Part 700 implements the Defense Priorities and Allocations System (DP AS) that is administered by the Department of Commerce, Bureau of Industry and Security. The DPAS establishes procedures for the placement, acceptance, and performance of priority rated contracts and orders (other

than contracts of employment) and for the allocation of materials, services, and facilities for approved programs.
Priority Ratings and Rated Order (Section 700.3)
Rated orders are identified by a priority rating symbol, "DX" or "DO", along with a program identification symbol. "DX" (highest priority) ratings are reserved for critical programs approved by the Secretary of War. "DO" ratings are used for Department of War (DoW) programs necessary to promote national defense. ALL "DX" rated orders have equal priority and take precedence over "DO" rated and unrated orders. ALL "DO" rated orders have equal priority and take precedence over unrated orders. An unrated order is a commercial order or a Do W order that doesn't qualify for DP AS ratings. The Program identification symbols indicate which approved program is attributed to the rated order. Examples of appropriate priority rating and program identification symbol are DO-Al, DX-A2, DO-Nl). A central list of approved DPAS eligible programs is located at Schedule I to Part 700, Title 15. (Note APAS Rating, P3, is attributed to Food resources -combat rations).
Elements of Rated Orders (Section 700.12)
ALL Four required elements shall prominently be identified on rated orders:
1. The appropriate priority rating and program identification symbol
2. Required delivery date or dates
3. The written or the digital signature or name of an individual authorized to sign rated orders
4. A statement, that reads in substance, that which is outlined in 15 CFR 700.12(a)(4)
Acceptance and rejection of rated orders (Section 700.13)
U.S. suppliers must accept and fill rated orders for items they normally supply. A contractor shall not discriminate against rated orders in any manner such as by charging higher prices or by imposing different terms and conditions. A supplier must reject a rated order if they cannot meet the specific delivery date, but must inform the customer of the earliest date on which delivery can be made and offer to accept the order on the basis of that date. A contractor must accept or reject a rated order via a DLA Post Award Request (PAR) ,or an alternate means of written communication to the contracting officer, within fifteen (15) working days after receipt of a DO rated order and within ten (10) working days after receipt of a DX rated order. If the order is rejected, the contractor must give reasons for the rejection. If the prescribed response time has passed and the contractor learns that shipment or performance will be delayed, the contractor is still required to notify
DLA immediately. DLA Vendor Information Hub, accessible via the following link, provides instructions for submitting a PAR:
Submitting a Post Award Request (PAR) in DIBBs > Defense Logistics Agency > Details. Contractors that do not submit a timely PAR or an alternative means of written communication are self-attesting that they acknowledge receipt of the award and will conform to the DP AS requirements. For DLA Troop Support rated orders that cannot use the PAR process, contractors must send an email to the Procuring Contracting Officer.
Preferential Scheduling (Section 700.14)
A contractor must schedule operations, including the acquisition of all needed production items, in a timely manner to satisfy the delivery requirements of each rated order. Modifying production or delivery schedules is necessary only when required delivery dates for rated orders cannot otherwise be met. If a contractor finds that delivery or performance against any accepted rated orders conflicts with the delivery or performance against other accepted rated orders of equal priority status, the contractor shall give preference to the conflicting orders in the sequence in which they are to be delivered or performed. If a contractor is unable to resolve rated order delivery or performance conflicts under this section, the contractor should promptly seek Special Priorities Assistance (SPA) as prescribed in Section 700.50. If the conflicting rated orders are scheduled to be delivered or performed on the same day, the person shall give preference to those orders which have the earliest receipt dates.
Extension of Priority Ratings (Section 700.15)
A contractor must use rated orders with suppliers to obtain industrial resources needed to fill a rated order using the same priority rating indicated on the customer's order. All elements of a rated order outlined in section 700.12 must be included on the rated order. The requirement extends from the contractor to subcontractors and suppliers throughout the entire supply chain. Contractors may also use DP AS rated orders to obtain replacements of inventoried items used to fill rated orders.
****

L01 Electronic Award Transmission (SEP 2016)

Notice of awards are provided to suppliers by either:
(1) Electronic email containing a link to the electronic copy of the Department of Defense (DD) Form 1155, Order for Supplies or Services, on the DIBBS; or
(2) Electronic Data Interchange (EDI) 850 utilizing American National Standards Institute (ANSI) X12 Standards through a DLA transaction services approved Value Added Network (VAN).
Information regarding EDI, ANSI X12 transactions and DLA transaction services approved Value Added Networks (V ANs) can be obtained at https://www.transactionservices.dla.mil/daashome/edi- vanlistdla.asp.
Questions concerning electronic ordering should be directed to the appropriate procuring organization point of contact below:
DLA Land and Maritime, Helpdesk.EBS.L&M.LTCs@dla.mil DLA Troop Support, dlaedigroup@dla.mil
DLA Aviation, avnprocsysproceddiv@dla.mil, phone# 804-279-4026

L06 Agency Protests (DEC 2016)

Interested parties may file an agency level protest with the contracting officer or may request an independent review by the chief of the contracting office (CCO). Independent review by the CCO is an alternative to consideration by the contracting officer and is not available as an appellate review of a contracting officer decision on a protest previously filed with the contracting officer. Absent a clear indication of the intent to file an agency level protest with the CCO for independent review, protests will be presumed to be protests to the contracting officer.

L08 Use of Supplier Performance Risk System (SPRS) in Past Performance Evaluations (JUN 2020, MAR 2023)

(1) The Government will use the Supplier Performance Risk System (SPRS) (https://www.sprs.csd.disa.mil) (formerly Past Performance Information Retrieval System - Statistical Reporting (PPIRS-SR)) and may use other performance history to evaluate suppliers' past performance.
(2) SPRS collects quality and delivery data on previously awarded contracts and orders from existing Department of Defense reporting systems to classify each supplier's performance history by Federal supply class (FSC) and product or service code (PSC). The SPRS application provides the contracting officer quantifiable past performance information regarding a supplier's quality and delivery performance for the FSC and PSC of the

supplies the Government is purchasing.
(3) The contracting officer will use the quality and delivery classifications identified for a supplier in SPRS to evaluate a supplier's past performance in conjunction with the supplier's references (if requested). The Government will use this past performance information in accordance with the basis for award stated in the solicitation.
(4) SPRS generates classifications daily for each contractor. The SPRS Software User's Guide for Awardees/Contractors (https:/ /www.sprs.csd.disa.mil/pdf/SPRS Awardee.pdt) and the SPRS Government User Guide (https://www.sprs.csd.disa.mil/pdf/SPRSGovernment.pd) provide instructions for accessing SPRS classifications. Contractors have access to SPRS for their own classifications only. Suppliers are encouraged to review their own classifications; the SPRS reporting procedures and classification methodology detailed in the SPRS Software User's Guide for Awardees/Contractors (https://www.sprs.csd.disa.mil/pdf/SPRSAwardee.pdt); and the SPRS Evaluation Criteria (https://www.sprs.csd.disa.mil/pdfi'SPRSDataEvaluationCriteria.pdt). The SPRS Software User's Guide for Awardees/Contractors (https://www.sprs.csd.disa.mil/pdfi'SPRS_Awardee.pdt) provides the method to challenge a rating generated by SPRS.

L31 Additive Manufacturing (JUN 2018)
(1) Additive manufacturing (AM) is a process of joining materials to make objects from three- dimensional (3D) model data, usually layer upon layer, as opposed to subtractive manufacturing methodologies, which remove material from areas where it is not desired, or other traditional manufacturing technologies, such as molding or stamping.
(2) Unless AM is specifically authorized in the solicitation/contract, quotes/offers may not include parts or supplies made using the additive manufacturing process. The Government will not evaluate offers that include an item or items produced using AM, and such offers are not eligible for award for the current procurement. A quoter/offeror proposing to supply an AM- produced item may submit a request to the contracting officer for approval of the item for evaluation by the Engineering Support Activity (ESA) for acceptability for future procurements of the same items.
(3) If an item produced using AM is presented to the Government for inspection and acceptance that was not authorized in the solicitation/contract, the Government may reject the item as nonconforming.

M05 Evaluation Factor for Unused Former Government Surplus Property (SEP 2016)
(1) All offers for unused former Government surplus property shall have a $200 evaluation factor.
(2) All offers for CSI require evaluation by the BSA(s}. An evaluation factor of$600 shall be applied for coordination with each ESA.
(3) If the contracting officer cannot determine acceptability and coordinates with the ESA(s) on other than CSI, an evaluation factor of $600 shall be applied for each ESA.

252.232-7006 Wide Area WorkFlow Payment Instructions. (Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at https://www.sam.gov; and

(2) Be registered to use WAWF at https://wawf.eb.mil/ following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at https://wawf.eb.mil/

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

COMBO

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

N/A

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Field Name in WAWF	*Data to be entered in WAWF*
Pay Official DoDAAC	N50082
Issue By DoDAAC	SPMYM3
Admin DoDAAC	TBD
Inspect By DoDAAC	TBD
Ship To Code	N39040
Ship From Code	N/A
Mark For Code	TBD
Service Approver (DoDAAC)	N/A
Service Acceptor (DoDAAC)	N/A
Accept at Other DoDAAC	N/A

LPO DoDAAC	N39040
DCAA Auditor DoDAAC	N/A
Other DoDAAC(s)	N/A

*(*Contracting Officer: Insert applicable DoDAAC information. If multiple ship to/acceptance locations apply, insert "See Schedule" or "Not applicable.")*

*(**Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)*

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

N/A

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

52.246-11 Higher-Level Contract Quality Requirement. (Dec 2014)

HIGHER-LEVEL CONTRACT QUALITY REQUIREMENT (DEC 2014)

(a) The Contractor shall comply with the higher-level quality standard(s) listed below.

HIGHER LEVEL INSPECTION, Manufacturers of Level I components shall be required to have an effective Material Control System in operation that complies with MIL-I-45208, or ISO Q9001:2008, with the calibration system requirements otMIL-STD-45662, or IS010012, or ANSI-2540.1. Quality systems in accordance with ISO9001 :2000, ISO9001: 1994, or ISO9002: 1994 are acceptable alternates. Although acceptance will be made in iRAPT, acceptance is NOT final until higher level inspections have been successfully completed, or 180 days have passed since the date the material was delivered, whichever date is earliest.[Contracting Officer insert the title, number (if any), date, and tailoring (if any) of the higher-level quality standards.][[Contracting Officer insert the title, number (if any), date, and tailoring (if any) of the higher-level quality standards.][Contracting Officer insert the title, number (if any), date, and tailoring (if any) of the higher-level quality standards.]

(b) The Contractor shall include applicable requirements of the higher-level quality standard(s) listed in paragraph (a) of this clause and the requirement to flow down such standards, as applicable, to lower-tier subcontracts, in-

(1) Any subcontract for critical and complex items (see 46.203(b) and (c)); or

(2) When the technical requirements of a subcontract require-

(i) Control of such things as design, work operations, in-process control, testing, and inspection; or

(ii) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.

252.204-7017 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation. (May 2021)

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions*. "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition*. Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures*. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at *https://www.sam.gov* for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation*. If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☑ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures*. If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

252.204-7025 Notice of Cybersecurity Maturity Model Certification Level Requirements. (Nov 2025)

NOTICE OF CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions*. As used in this provision, "controlled unclassified information (CUI)," "current," "Cybersecurity Maturity Model Certification (CMMC) status," "Cybersecurity Maturity Model Certification unique identifier (CMMC UID)," "Federal contract information (FCI)", and "plan of action and milestones" have the meaning given in the Defense Federal Acquisition Regulation Supplement 252.204-7021, Contractor Compliance With the Cybersecurity Maturity Model Certification Level Requirements, clause of this solicitation.

(b)(1) *Cybersecurity Maturity Model Certification (CMMC) level*. The CMMC level required by this solicitation is: CMMC LEVEL 2 *[Contracting Officer insert: CMMC Level 1 (Self); CMMC Level 2 (Self); CMMC Level 2 (C3PAO); or CMMC Level 3 (DIBCAC)]*. This CMMC level, or higher (see 32 CFR part 170), is required prior to award for each contractor information system that will process, store, or transmit Federal contract information (FCI) or controlled unclassified information (CUI) during performance of the contract.

(2) The Offeror will not be eligible for award of a contract, task order, or delivery order resulting from this solicitation if the Offeror does not have, for each of the contractor information systems that will process, store, or transmit FCI or CUI and that will be used in performance of a contract resulting from this solicitation-

(i) The current CMMC status entered in the Supplier Performance Risk System (SPRS) (*https://piee.eb.mil*) at the CMMC level required by paragraph (b)(1) of this provision; and

(ii) A current affirmation of continuous compliance with the security requirements identified at 32 CFR part 170 in SPRS.

(c) *Plan of action and milestones*. If the Offeror has a CMMC Status of Conditional, the Offeror shall successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(d) *CMMC unique identifiers*. The Offeror shall provide, in the proposal, the CMMC unique identifier(s) (CMMC UIDs) issued by SPRS for each contractor information system that will process, store, or transmit FCI or CUI during performance of a contract, task order, or delivery order resulting from this solicitation. The Offeror also shall update the list when new CMMC UIDs are generated in SPRS. The CMMC UIDs are provided in SPRS after the Offeror enters the results of self-assessment(s) for each such information system.
