PRINCETON PLASMA PHYSICS LABORATORY
PQA Supplier Quality Survey (Construction)

This survey is to be completed by the head of your Quality Department and returned to PPPL.

Please attach your Quality Manual and your organization chart that includes the Quality function and

Note: navigate from field to field using the tab key or mouse.

Checklist Completed By	Richard B. Kaser	**Date**	April 12, 2024
Title	Member		

The survey need not be completed if you have completed one within the last 12 months and there have been no significant changes. If so, check here. ☐

Would you be receptive to a site survey visit? ---

If requested, would you be willing to supply specific quality procedures in the future? ---

GENERAL INFORMATION

Name of Facility	Kaser Mechanical, LLC			**Years in Business under this Name**	16
Division or subsidiary of:					
Facility Address	49 Folwell Station Rd				
City	Jobstown	**State**	NJ	**Zip Code**	08041
Mailing Address	49 Folwell Station Rd Jobstown NJ				
Phone	609-353-1360			**Zip Code**	08041
Principle Products/Services	General Construction				
Are you currently certified to any quality standards (ISO, ASME, etc.)? If so, please list them:	NA				
Identify the industry / national standard(s) that the quality system follows?	238220
