INSTRUCTIONS FOR PROPOSAL PREPARATION

1. DESCRIPTION OF PROCUREMENT

Princeton Plasma Physics Laboratory (PPPL) desires to award one Firm Fixed-Price Subcontract to a contractor for the performance of the requirements described in PPPL Statement of Work for **C-40 & C-41 RF Roof Replacement Project, Revision 1, dated August 28, 2026**, and in accordance with **Michael Graves RF Roof Replacement Specification dated September 26, 2026.**

2. ABOUT PRINCETON PLASMA PHYSICS LABORATORY (PPPL)

Princeton University manages and operates PPPL under contract with the US Department of Energy (Contract No. DE-AC02-09CH11466). Based on its dual status as an accredited institution of higher learning in the State of New Jersey and a US Department of Energy Prime Contractor, PPPL may qualify for academic and/or federal government prices/discounts. Offerors shall specifically identify any discount arrangements offered with their proposals.

3. PRE-PROPOSAL CONFERENCE

A Pre-Proposal Videoconference will be held at **1:30 PM (EST), Tuesday, November 17, 2026.** The agenda includes an introduction, a briefing on the proposed procurement and a question- and-answer period. Attendance is not mandatory but recommended.

4. SUBMISSION OF QUESTIONS

Prospective Offerors shall direct all questions concerning this RFP, via email to the Procurement Specialist, Jimmy Russell, who can be reached at jrussell@pppl.gov. All questions should be submitted sufficiently in advance of the proposal closing date to allow for review and response by PPPL prior to the closing date. Oral explanations or instructions provided by PPPL will not be binding. Any substantive information will be furnished to all prospective Offerors via a written Amendment to the RFP if determined to be necessary to Offerors in submitting their proposals or if the lack of such information would be prejudicial to uninformed Offerors.

The deadline for submission of questions is Nov 24, 2026.

5. SAMPLE SUBCONTRACT AGREEMENT

It is PPPL's plan to enter into a Firm Fixed Price Subcontract Agreement for this effort. Any Subcontract awarded will be issued as a subcontract between the Awardee and the Trustees of Princeton University under Princeton's Prime Contract No. DE-AC02-09CH11466 with the U.S. Department of Energy (DOE).

The Subcontract awarded will be substantially the same as the *Sample Subcontract* set forth in Section II. It is PPPL's intention to incorporate the terms and conditions set forth in the *Sample Subcontract* in any Subcontract awarded as a result of this RFP.

6. FORMAT AND CONTENT OF PROPOSALS

Prospective Offerors are expected to thoroughly examine **all** sections of this RFP (including the Sample Subcontract) and to comply with all instructions for preparation and submittal of proposals in response to this RFP. Written proposals must set forth full, accurate, and complete information as required by, or referenced in, this RFP. The proposal must be sufficiently detailed to demonstrate complete compliance with PPPL's requirements.

Offerors shall prepare and submit the following documents which will comprise a complete proposal in response to this RFP. Failure to provide a proposal in the form and with content prescribed by this RFP may result in the proposal being determined to be non-responsive and eliminated from consideration, at PPPL's sole discretion. Proposals should be structured as requested and bound appropriately. **One (1) electronic copy (PDF) of the proposal shall be provided to the Procurement Specialist via email by the RFP closing time and date.**

PART I - FINANCIAL AND ADMINISTRATIVE INFORMATION

A. Offeror Information and Pricing Form. Offerors shall complete and submit the Offeror Information and Pricing Form included in Section V of the RFP and shall include pricing information as described on the form for evaluation by PPPL. Offerors shall also initial the affirmative statement on the Offeror Information and Pricing Form noting their review and acceptance of the terms and conditions set forth in the Sample Subcontract Agreement (RFP Section II).

B. PPPL Representations and Certifications. Offerors shall complete and sign the PPPL Representations and Certifications Booklet included in Section V of the RFP.

C. Princeton University Supplier Registration. Offerors shall provide confirmation of registration into the Princeton University Supplier Portal

D. E-Verify. Offerors who will be fabricating the transformer(s) in the United States shall provide a copy of the Offeror's E-Verify profile page. A copy of PPPL's E-Verify profile page is included in RFP Section V as an example.

PART II – OFFEROR CAPABILITY (EVALUATION FACTORS) INFORMATION

Offerors shall provide documentation that demonstrates capability in the following areas.

A. Project Management & Staffing

(a) The Offeror shall provide a description of methods the offeror uses in managing construction on similar projects, including lower-tier subcontractor coordination. This should include organizational resources and experience in utilizing industry standard construction management software.

(b) A consolidated list to include the name, position title, description of project responsibilities, full time percentage, and resume for the following key personnel:
- (i) Project Manager
- (ii) Construction Superintendent
- (iii) Certified Safety Professional

These roles may be combined as the offeror sees fit, as long as the proposed individuals are qualified to fill both positions. The Offeror shall demonstrate that it has the necessary structure and experienced, qualified personnel within its organization to effectively manage, control, administer, and execute construction operations, and subcontracts. The Offeror shall provide information and details on each of the Key Personnel's experience, education, and certifications; information on at least two (2) successfully completed or current Relevant Projects, and current contact information for Owner or Owner's Representative knowledgeable of and authorized and willing to disclose and discuss details of the proposed Key Personnel performing that role on that Relevant Project.

By identifying these personnel, the Offeror is making a commitment that, barring unforeseen circumstances, they are the personnel who will be assigned to the project. Key personnel submitted shall not be changed after award without the prior written approval of PPPL. In the event the selected Offeror decides to utilize personnel in the performance of the subcontract for which resumes were not submitted prior to award, the Offeror shall, prior to the utilization of these personnel, submit their resumes to PPPL for written approval. The qualifications of the substituted personnel must be equal to or superior than those whose resumes were submitted. PPPL may, at its sole discretion, reject proposed replacement personnel which would require the firm to submit another candidate.

B. Relevant Projects.

"Past performance" refers to the quality of recent project experience from the owner's perspective. Offerors will be evaluated in terms of their relevant performance on construction projects of similar scope and/or complexity to the RF Roof Replacement Project Responsive Offerors shall list at least three (3) prior projects with references completed within the past ten (10) years that are of similar type, size, scope, and complexity to that described in the RFP.

PPPL will use specific project references submitted as part of its past performance evaluation. The PPPL SPEB chairperson will distribute the Contractor Past Performance Survey (Attachment #1) to the points of contact and distribute the completed forms to the SPEB board. PPPL reserves the right to contact other individuals acting for the listed reference if the listed reference is not available. As part of their submission, offerors shall include the following information about each project:

a) Project title
b) Contract amount at start and completion
c) Description of work and location (project type, scope, size, etc.)
d) Name, address, and telephone number of Owner or Owner's Representative and Architect of Record
e) A discussion of experienced delays and cost growth
f) Any significant aspects worth noting
