I. General Information

I.A. The Solicitation and Contract

(1) This Solicitation sets forth requirements for proposals for a Contract to construct the Project described in the Solicitation Documents. Proposals conforming to the Solicitation requirements will be evaluated in accordance with the Method of Award set forth herein. The Government will award the Contract to the selected Offeror, subject to the conditions set forth herein.

(2) Neither the Solicitation nor any part of an Offeror's proposal shall be part of the Contract except to the extent expressly incorporated therein by the Contracting Officer.

(3) The Offeror's proposal submitted in response to this Solicitation shall constitute a firm offer. No contract shall be formed unless and until the Contracting Officer has countersigned the SF 1442 submitted by an Offeror, and delivered to the Contractor a copy of the SF 1442 with original signatures together with the Agreement reflecting the Offeror's proposed prices.

I.B. List of Solicitation Documents

The Solicitation Documents are comprised of:

(1) The Solicitation

(2) Standard Form (SF) 1442 – Solicitation Offer and Award

(3) The Agreement and Attachments to the Agreement

(4) The Scope of Work, Specifications, Drawings, Exhibits and other Attachments to the Agreement *(via amendment to Phase II offerors)*

(5) Proprietary Information Agreement (sample)

(6) Wage Determination – General Decision Number PR20260001 dated 05/18/2026

(7) Tips on Preparing a Subcontracting Plan

(8) Individual Model Subcontracting Plan

(9) GSA Form 527 – Contractor’s Qualifications and Financial Information

(10) Standard Form 24, Bid Bond

(11) GACA Account Instructions

I.C. Authorized Representatives

The following individuals are designated as the authorized GSA representatives under this Solicitation:

Authorized Representative Information:
Contracting Officer’s Information

Authorized Representative Information:
Name: Natalia Lugo-Vina
Email: natalia.lugo-vinacruz@gsa.gov

I.D. Pre-Proposal Conference (Phase I)

Date: Tuesday, November 10, 2026
Time: 10:00AM (AST)
Location: A virtual pre-proposal conference will be conducted. Prospective offerors must register via the provided Google link. Attendance at the virtual session is strictly restricted to entities that have completed registration and submitted required details prior to the event. Pre-Proposal conference Registration Link **Note:** A site visit for prospective offerors during Phase I is optional. Written requests for facility access must be directed via email to Natalia.Lugo-VinaCruz@gsa.gov.

For Phase II, a pre-proposal conference and a site visit are scheduled. Specific details regarding dates and times will be formally issued in an upcoming Solicitation Amendment.

I.E. Estimated Price Range
The estimated price range for the Project is between $40,000,000 and $50,000,000.

I.F. FAR 52.228-1 Bid Guarantee (SEPT 1996) (PHASE II REQUIREMENT)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, *e.g.,* bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds—

(1) To unsuccessful bidders as soon as practicable after the opening of bids; and

(2) To the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.

(c) The amount of the bid guarantee shall be 20 percent of the bid price or $3,000,000, whichever is less.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed

bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

I.G. Receipt of Offers

(1) This procurement will be based on a phased evaluation approach and advisory list process. The advisory process allows an offeror not recommended to proceed to the next phase to still participate in the next phase, and if so, will be considered for award. At the conclusion of the first phase, the contracting officer will inform each offeror either (1) that it is invited to participate in the next phase; or (2) that, based on the information it has already submitted, it is unlikely to be a viable competitor along with the general basis for that opinion. However, the notice will not restrict any Phase I offeror from participating in the next phase. The Scope of Work, Specifications, Drawings, Exhibits and other Attachments to the Agreement will be provided as a Google Document after submission of the Sensitive but Unclassified (SBU) Document and verification the offeror is participating in the next Phase. The offeror must have a GACA account to receive these documents for Phase II.

(2) In order to be considered for Phase II, offers conforming to the requirements of the Phase I Solicitation must be received at the following office no later than 3:00 pm (AST) on the following date and at the following address.

Date: Tuesday, December 15, 2026
Address: All **Phase I** Proposals must be submitted electronically via email as separate attachments in Portable Document Format (PDF) to natalia.lugo-vinacruz@gsa.gov

(3) In order to be considered for award, Phase II technical and price proposals conforming to the requirements of the Solicitation must be received at the following office no later than 3:00 pm (AST) on the following date and at the following address.

Date: To Be Determined (TBD). Details shall be formally issued through a Solicitation Amendment.
Address: All **Phase II** Proposals must be submitted electronically via email as separate attachments in Portable Document Format (PDF) to natalia.lugo-vinacruz@gsa.gov

Electronic Submission of Proposals Electronic Submission of Proposals:

Offers must be received by the GSA Point of Contact (POC) listed herein on or before the date and time established for receipt of offers. The date and time of receipt will be established according to the Government computer system's documentation showing the exact official time of receipt by the GSA POC listed herein and not by the time the electronic proposal was sent by the Offeror or received by the GSA server. It is the Offeror's responsibility to ensure proposals are complete and submitted early enough to be received by the GSA POC before the deadline,

and to confirm receipt before the deadline. Proposals or portions of proposals which are received by the GSA POC later than the time noted within will be rejected and will not be considered.

NOTE: The maximum file size is 25 MB. GSA has occasionally experienced delays in delivery of emails from the GSA server to an email account. Therefore Contractors/offerors need to plan accordingly.

WARNING: Pursuant to FAR 52.215-1(c)(3)(ii)(A) (GSA Class Deviation RFO-2025-15), an electronically submitted proposal that is received late will not be considered unless (1) it is received before award is made, (2) the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition and (3) it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals. FAR 52.215-1 (c)(3)(ii)(A)(1)(GSA Class Deviation RFO-2025-15).

II. Proposals

II.A. Proposal Contents

Proposals shall consist of the following documents, completed and executed in accordance with this Solicitation:

PHASE I

1. Technical Proposal
2. Proprietary Information Agreement(s)
3. Acknowledgement of Amendments to Solicitation (if any)
4. If applicable, Joint-Venture Agreement
5. Other Documents as Required

PHASE II

1. Technical Proposal (submitted separately from Phase II Price Proposal)
2. Price Proposal (submitted separately from Phase II Technical Proposal)
3. Offeror Representations and Certifications
4. Standard Form 24, Bid Bond
5. Individual Model Subcontracting Plan
6. GSA Form 527 – Contractor's Qualification and Financial Information
7. Proprietary Information Agreement(s)
8. Acknowledgement of Amendments to Solicitation (if any)
9. Backup Pricing Worksheets (may be requested if needed for negotiations)
10. Other Documents as Required

II.B. Proposal Format

Offerors responding to the Phase I solicitation notice shall submit one (1) electronic version of the required technical information. The submission should be organized to correspond to the evaluation factors listed below. The cover letter, table of contents, section dividers, PPQs,

Amendments and Proprietary Information Agreement form are excluded from the page counts in the Technical Proposal Factors.

Offerors responding to the Phase II solicitation notice shall submit one (1) electronic version of the required technical information. The submission should be organized to correspond to the evaluation factors listed below. The cover letter, table of contents, section dividers, Amendments, Small Business Participation Commitment Document (SBPCD) and Proprietary Information Agreement form are excluded from this page count. The price proposal shall be one electronic document, separate from technical proposal but in the same email.

Acknowledgement of Amendments: Acknowledgement of receipt of all amendments must be included in your proposal.

All proposals must be current. GSA will evaluate all responses in accordance with the criteria stated in the solicitation notice. At the conclusion of Phase II, GSA intends to award a contract to a single Offeror for all construction services pursuant to FAR Part 15 and 36 (GSA Class Deviations RFO-2025-15 and RFO-2025-36). To the extent consistent with law, GSA may use artificial intelligence tools to assist in its review of proposals and/or documentation of Evaluations.

GACA Account: Vendors are required to create or use an existing GSA Affiliated Custom Account (GACA) for access to documents greater than 25MB. GACA Instructions are included as an attachment to this RFP. Once the account has been created, notify the GSA Contracting Officer, Natalia Lugo-Vina, via natalia.lugo-vinacruz@gsa.gov, to receive a link to the Google Drive folder containing all the RFP documents (i.e. Appendices and other Attachments to the SOW). At this time, the GACA account will be used for Phase II.

II.C. Price Proposal (PHASE II REQUIREMENT)

(1) Contents

The Price Proposal shall consist of the SF 1442 and the Agreement, with prices and/or rates indicated for each price element shown on the pricing form included in Section II of the Agreement. Indicate the Base Contract Price, or if no such distinction is made, the Contract Price, in Block 17 of the SF 1442, which must be fully executed by the Offeror.

(2) Qualifications, Exclusions and Conditions

If the Offeror communicates in its proposal any qualifications, exclusions, or conditions to the proposed prices not provided for in the Contract Documents, the Contracting Officer may reject the proposal and exclude the Offeror from further discussions.

(3) Additional Proposal Requirements:

- Signed Standard Form 1442 and all amendments acknowledged
- Contract Price Form - completed and signed
- Offeror Representations and Certifications
- Completed Form 527, Contractor's Qualifications and Financial Information

- SF 24, Bid Bond
- Proprietary Information Agreement(s)
- Acknowledgement of Amendments to Solicitation (if any)
- If applicable, Joint-Venture Agreement
- List of Authorized Negotiators for the Offeror
- Any other information required in the Solicitation

II.D. Technical Proposal

The Technical Proposal shall include the information requested below for the non-price factors described in Section VI.

The following is a list of evaluation factors that will be used in conjunction with price to select the offeror who provides the best value to the Government. In accordance with FAR 15.104(d)(1) (GSA Class Deviation FAR RFO 2025-15), technical factors, when combined, are significantly more important than cost or price.

Phase I Technical Qualifications	**Relative Weight**
● Factor 1 – Experience on Similar Projects	(40% Weight)
● Factor 2 – Past Performance on Relevant Project	(15% Weight)

Phase II Technical Qualifications	**Relative Weight**
● Factor 3 – Management Approach	(45% Weight)

Phase I proposals must address all Phase I evaluation factors stated herein. Any offeror whose Phase I proposal does not address the required criteria will not be further considered for award or permitted to submit a Phase II proposal.

Upon completion of the Phase II evaluation, the Government will reassess each Phase II offeror's proposal and assign a revised overall technical rating that reflects the results of both the Phase I and Phase II evaluations. The Phase I overall rating is not a final rating and may be revised upward, downward, or remain unchanged based on the Government's evaluation of the Phase II submission.

A. <u>Phase I Technical Evaluation Factors</u>

<u>FACTOR 1 – EXPERIENCE ON SIMILAR PROJECTS (40%):</u>

Description: This factor considers the extent of demonstrated experience, knowledge, and capabilities of the offeror based on the submitted Similar Projects. The evaluation of this factor considers the strength of alignment of the submitted Similar Projects with the requirements of the request for proposal, statement of work, and contract documents for the project.

Basis of Evaluation: The standard for this evaluation factor is met if the demonstrated (i) experience, knowledge, and capabilities of the offeror and Similar Projects reasonably align with the requirements of the project; and (ii) the submitted Similar Projects considered together as a

whole meet all the size, scope and complexity characteristics in the scope of work. The Government will consider the depth, breadth, and relevance of the offeror's experience. Similar Project(s) that more closely align with the requirements, request for proposal, and contract documents for the project may receive a more favorable evaluation.

I. Projects will be considered more similar and evaluated more favorably if they clearly exhibit more of the following characteristics:

- Seismic retrofit projects;
- Projects completed within the last ten (10) years;
- Projects performed in occupied buildings valued at thirty million dollar ($30 million) or higher;
- Projects performed in a secure facility;
- Projects requiring multiple phases;
- Projects requiring high-end finishes similar to this courthouse, i.e. significant millwork;
- Projects requiring significant after-hours work.

Additionally, more recent projects may be evaluated more favorably than less recent performance.

Submittal Requirements:

II. **Experience on Similar Projects Form** - The offeror shall complete an Experience on Similar Projects Form (Attachment 2) for each similar project submitted. Limit Attachment 2, to no more than three (3) 8 ½" x 11" pages per project. The Offeror should submit at least three (3) projects and no more than five (5) projects. Electronic submissions shall be single-spaced and prepared using a minimum 11-point Times New Roman font. Any page limitations referenced herein apply to the electronic document, with each page counted as the equivalent of one single-sided page. If the information submitted exceeds the page limitations, only the first three (3) pages of the project will be evaluated.

Offerors must complete all blocks on each table/form. Lack of response on any field may be interpreted by the Government as rendering the proposal non-responsive or the uncertainty and associated risk may result in a lower rating for this factor. The burden of providing complete and accurate information lies with the offeror.

Note for Joint-Venture Offerors: If relying on past experience and performance of the individual firms, at least one (1) relevant project must be presented for each joint-venture partner. All members of the joint-venture will be required to be signatory to the contract. Greater weight will be given to projects that demonstrate prior teaming of the joint-venture partners.

If proposing a joint-venture, offerors must submit past performance for at least one (1) project under Factor 1 that was performed together by the proposed team. Such experience will receive greater consideration than experience performed separately by the individual entities.

FACTOR 2 – PAST PERFORMANCE ON RELEVANT PROJECTS (15%):

Description: This factor considers the depth, breadth, and quality of the offeror's past performance on Similar Projects, or any other acquired past performance information, with regards to considerations such as technical success; customer satisfaction; successful management of the project; perceived quality of the final product from end users and clients; timeliness and responsiveness of the offeror; adherence to contract documents, project baseline schedule, and budget; and the ability to coordinate activities and work with various stakeholders. The factor considers the quality of comments to support reference ratings on CPARS and PPQs.

The Government will use a combined assessment of all aspects of past performance to arrive at a conclusion of overall past performance for each Similar Project. The assessment of the overall past performance for each Similar Project and any other past performance information may be used to arrive at a conclusion and evaluation of the offeror's overall past performance. The Government will consider the quality of the entire portfolio of submitted Similar Projects (not to exceed five (5)) to assess past performance and will not give a more favorable rating for a greater quantity of submitted Similar Projects.

The Government's sources of information for evaluating the offeror's past performance may include, but are not limited to, any and all information the Government becomes aware of (whether or not before or after the deadline for initial offers and whether or not the sources are provided by the offeror). While the Government may elect to consider data and information from any source, the burden of providing detailed, current, accurate and complete past performance information by the deadline for the initial offers' rests with the offeror. The Government may consider the contractor's past performance information it obtains on its own or from other sources regarding past performance on projects other than those submitted for Similar Project.

Submittal Requirements: The Offeror must submit a PBS Past Performance Questionnaire (PPQ) (Attachment 3), completed by the applicable client, or FINAL CPARS for each project proposed in Factor 1, Experience on Similar Projects. Completed PPQs must be submitted directly to the Government's point of contact, via email at natalia.lugo-vinacruz@gsa.gov prior to the proposal closing date. Offerors should follow-up with clients/references to ensure timely submission of questionnaires. If the Offeror is unable to obtain a completed PPQ from a client for a project before the proposal closing date, the Offeror should complete and submit with the proposal the first page of the PPQ, which will provide contract and client information for the project. Offerors must not incorporate by reference PPQs previously submitted for other Solicitations.

Basis for Evaluation: In addition to the above, the Government may review any other sources of information for evaluating past performance. Other sources may include, but are not limited to, past performance information retrieved through the Contractor Performance Assessment Reporting System (CPARS), using all Commercial and Government Entity Code/ Unique Entity Identifier numbers of team members (partnership, joint venture, teaming arrangement, or parent company/subsidiary/affiliate) identified in the Offeror's proposal, inquiries of owner representative(s), Subcontracting Reporting (SAM.gov), previously submitted PPQ information, and any other known sources not provided by the Offeror. While the Government may elect to

consider data from a variety of sources, the burden of providing detailed, current, accurate, and complete past performance information rests with the Offeror. GSA will not maintain a database of PPQs submitted by Offerors.

The Government has no obligation to ensure that an equal number of references are obtained for each Offeror.

Past Performance can be described as *how* an Offeror performed on a job. Offerors are responsible for ensuring the references provided are willing and available to be contacted by the Government. The Government may contact those individuals who are provided as references by the Offeror to verify that the services provided comply with the similarity requirements of this RFP and to solicit an assessment of the quality of those services provided through a PPQ. FAR 15.202(c)(1) (GSA Class Deviation RFO-2025-15) states, "[a]n offeror without a record of relevant past performance or for whom information on past performance is not available may not be evaluated favorably or unfavorably on past performance." This will result in a “neutral” rating. The Government is not required to conduct or complete reference checks. In addition to contacting references provided by the Offeror, the Government may solicit other sources to find references for other relevant, similar work performed by the Offeror.

The standard of evaluation is met when offerors demonstrate at least an overall Satisfactory past performance based on all available information, whether or not included in the proposal, when considered together as part of the overall assessment of past performance. Offerors which receive ratings higher than Satisfactory or Neutral by references (such as in CPARS, PPQs, or direct conversations) may be rated more favorably. References evaluated ratings that are strongly substantiated by comments, remarks, awards, recognition, descriptions, or other evidence may be evaluated more favorably. The Government evaluation team may take into consideration the depth and quality of comments to determine the evaluated rating given for the Company’s Past Performance. A more favorable rating may be evaluated for the Company’s Past Performance to the extent such experience aligns with the requirements of the RFP, the statement of work, and the stated characteristics of a Similar Project.

Offerors may also include performance recognition documents received within the last seven (7) years such as awards, award fee determinations, customer letters of commendation, and any other forms of performance recognition.

Joint-ventures and teaming arrangements are not synonymous and will be evaluated accordingly. If a teaming arrangement is proposed, the offeror (prime contractor) will be evaluated under this factor.

B. Phase II Technical Evaluation Factors

FACTOR 3 - MANAGEMENT APPROACH (45%):

Description: The Government will evaluate the Offeror’s management approach to determine its understanding of the project requirements and its ability to effectively organize, manage, staff, coordinate, and execute the work throughout the duration of the project.

The Offeror must provide a Project Execution Narrative and Staffing Plan that demonstrate a clear, practical, and project-specific approach to successful performance.

Submittal Requirements:

I. Project Execution Narrative

The offeror must submit a written narrative demonstrating its project execution plan. The offeror must include in its narrative all factors and conditions it deems relevant to the successful completion of the work under this contract. At a minimum, the offeror must address:

- The overall management and execution strategy for the project, including how the Offeror will plan, coordinate, sequence, and control the work.
- The approach to coordination and communication among the Offeror, subcontractors, Government representatives, design professionals, and other project stakeholders, as applicable.
- The approach to schedule management, including maintaining project milestones, identifying potential schedule impacts, and implementing corrective actions when necessary.
- The approach to quality management and ensuring that work complies with contract requirements.
- Procurement and teaming approach for all major subcontracts.
- The narrative must also address the offeror's plan to mitigate the negative impacts of differing or unforeseen conditions for a project of this type, including inherent risks of renovation work in an occupied building and mitigation strategies for schedule delays.
- Any project-specific strategies or management practices proposed to facilitate successful and timely completion of the work.
- Approach to long lead items, construction materials and storage, and overall logistics for the project.

The narrative should be sufficiently detailed to demonstrate how the proposed management approach will be implemented on this specific project rather than merely describing the Offeror's general corporate practices.

This narrative must not exceed more than five (5) pages. If the information submitted for the narrative exceeds the page limitations, only the first five (5) pages will be evaluated. The organization chart will not count against the page limit.

Note for Joint-Venture Offerors: The project execution plan must clearly define the specific responsibilities, allocation of resources, and operational functions for each joint-venture partner, ensuring these duties properly reflect their respective capabilities, background, and core competencies as established in the joint venture agreement. Proposals that clearly demonstrate this alignment within the execution narrative will be evaluated more favorably.

II. Staffing Plan

The Offeror's staffing plan must include a detailed description of how it intends to accomplish the requirements of the contract using in-house and subcontracted resources. The staffing plan must include:

a. General description of the overall staffing that will be provided to successfully meet the requirements of the Statement of Work (SOW), including a breakdown/ratio of where the key personnel will perform their duties (home/field);
b. Organizational Chart and Line of Authority for the construction phase and construction closeout (or post construction);
c. Resumes for all proposed key personnel, at a minimum key personnel includes:
    1. Project Manager
    2. Superintendent
    3. Quality Assurance/Quality Control manager
    4. Lead Scheduler
    5. Lead Millworker
    6. Pile and foundations project manager
    7. Structural steel project manager
    8. Any other personnel the offeror considers to be "key personnel"
d. Resumes of key personnel should include (Not to exceed (NTE) 2 pages, if more than two (2) pages are provided only the first two (2) will be reviewed):
    1. Name
    2. Title/Position
    3. Employment history
    4. Responsibilities/Duties
    5. Experience on Similar Projects, provide specific examples, and include the construction value of each example
    6. Licenses/Professional Certifications
    7. Education
    8. References (email and telephone number)
e. Description of how the Offeror plans to recruit and retain personnel, particularly key personnel and major trade partners.
f. Communication plan between home and field office personnel.

No changes to proposed specific Key Personnel may be made without the Government's consent. Offerors that propose Key Personnel that clearly demonstrate successful experience on work that is similar in size, scope, and complexity to this project requirement, as defined in Factor 1, will be evaluated more favorably. The Government may contact references regarding the proposed Key Personnel and may use this information to assess the risk associated with the proposed project execution.

Basis for Evaluation: The Government will evaluate the extent to which the Offeror's Management Approach demonstrates a clear understanding of the project requirements and provides a logical, realistic, and effective approach to managing and executing the work.

The Project Execution Narrative will be evaluated based on the extent to which the proposed approach demonstrates an understanding of the project's requirements, complexities, constraints,

and risks; provides effective methods for planning, coordination, communication, schedule and quality management, subcontractor management, and issue resolution; and presents project-specific strategies that support successful, timely, and efficient contract performance.

The Staffing Plan will be evaluated based on the extent to which the proposed organizational structure, staffing levels, roles and responsibilities, reporting relationships, availability, and allocation of resources provide appropriate management and technical coverage for successful project execution. The Government will also consider the degree to which the proposed staffing approach demonstrates continuity, accountability, effective communication, and sufficient resources throughout the applicable phases of the project.

Greater consideration will be given to approaches that demonstrate a thorough understanding of the project, clearly defined responsibilities and lines of authority, effective coordination and management controls, proactive identification and mitigation of project risks, and a realistic staffing strategy tailored to the specific requirements of this project.

Note: The Government will reserve the right to invite Offerors to give oral presentations to further demonstrate their understanding of the project and abilities to complete the project, as well as augment the written information submitted in this Project Execution factor. The Offerors will be expected to provide a clear and concise overview of the project in relation to the project requirements and to provide clear and concise responses to pertinent questions posed by members of the Government's evaluation team. The oral presentations will not constitute clarifications as defined in FAR 15.202 (GSA Class Deviation FAR RFO 2025-15).

No price information shall be included in the presentation narrative or mentioned during the oral presentation.

*The government reserves the right to **NOT** afford an oral presentation to any offeror whose proposal contains any factor rated "marginal" or "poor" if the Offeror is given the proper notice.

II.E. Other Information to Submit with Proposal

(1) Representations and Certifications

Offerors are reminded their SAM registration status must be "Active", at the time their offer is submitted, to be considered for award (see 52.204-7 (GSA Class Deviation RFO-2025-04)). Offerors submitting a proposal in response to this Solicitation shall complete electronic Annual Representations and Certifications in conjunction with required Entity registration in System for Award Management (SAM), accessed via System for Award Management. In accordance with FAR 52.204-90 (GSA Class Deviation RFO-2025-04), if an Offeror will not have an active Federal Government contracts registration in SAM when submitting its offer, it shall complete paragraphs (c) and (d) of FAR 52.204-90 and include its responses with its offer. Offerors shall also submit with their proposal the completed provisions identified in Section IV of this solicitation.

(2) Qualifications of Offerors

Offerors submitting a proposal in response to this Solicitation shall submit with their proposal evidence of their financial responsibility and capacity to perform the Contract. Offerors shall submit this information on GSA Form 527 – Contractor's Qualifications and Financial Information. Where applicable, point of contact, including names and telephone numbers, are required for all contracts listed.

(3) Proprietary Information Agreement(s)

Offerors are advised that employees of the firm(s) identified below may require access to your firm's proprietary information in performing advisory and assistance services for the Government under separate contract. These individuals will be authorized access only to such information that is necessary to enable them to perform their respective duties. Such firm(s) are expressly prohibited from competing on the subject acquisition.

A|E Firm:
STANTEC Consulting Services Inc.
410 17TH ST STE 1400
DENVER, CO 80202-4427
ckrebs@pagethink.com

Construction Management Firm:
Turner & Townsend Heery, LLC
3550 LENOX RD NE STE 2300
ATLANTA, GA 30326-4333
Ken.Fisher@turntown.com

Pursuant to FAR Part 9.505-4(b) (GSA Class Deviation RFO-2025-09), a contractor that gains access to proprietary information of other companies in performing advisory and assistance services for the Government must agree with the other companies to protect their information from unauthorized use or disclosure for as long as it remains proprietary and refrain from using the information for any purpose other than that for which it was furnished. The contracting officer must obtain copies of these agreements and ensure that they are properly executed.

II.F. Requirements of Joint Venture Offerors

(1) All offers submitted by joint ventures must include a copy of an executed joint venture agreement (with original signatures) which fully discloses the legal identity of each member of the joint venture, the relationship between the members, the form of ownership of each member, and any limitations on liability or authority for each member.

(2) An authorized representative of each member of the joint venture must sign the SF 1442 accompanying an offer regardless of any agency relationship established between the members.

(3) In the case of corporations that are joint venture members, the corporation secretary must certify that the corporation is authorized to participate in the joint venture, either by certifying in the joint venture agreement, or by submitting a separate certification to the Government. The

joint venture must also provide a certificate that identifies a principal representative of the joint venture with full authority to bind the joint venture.

(4) Representations and certifications, financial information, and past performance information must be submitted for each member of the joint venture.

III. General Provisions

III.A. Availability of Funds

Issuance of this Solicitation does not warrant that funds are presently available for award of a Contract. Award of the contract shall be subject to the availability of appropriated funds, and the Government shall incur no obligation under this Solicitation in advance of such time as funds are made available to the Contracting Officer for the purpose of contract award.

III.B. Requests for Clarification or Interpretation

The Government will attempt to answer all requests for clarifications or interpretations of the Solicitation Documents prior to the date set for receipt of offers, but do not warrant that all such requests will be answered within 15 calendar days. Prospective Offerors should make such requests not less than 15 calendar days prior to the date set for receipt of offers.

III.C. Notice to Small Business Firms

A program for the purpose of assisting qualified small business concerns in obtaining certain bid, payment, or performance bonds that are otherwise not obtainable is available through the Small Business Administration (SBA) (Small Business Administration). For information concerning SBA's surety bond guarantee assistance, contact your SBA District Office.

III.D. Information Concerning the Disclosure of Solicitation Results

This acquisition is being conducted under the provisions of FAR Part 15 (GSA Class Deviation RFO-2025-15) as a negotiated procurement. In accordance with FAR 3.104 (GSA Class Deviation RFO-2025-03) and FAR 15 (GSA Class Deviation RFO-2025-15), after receipt of proposals, no information regarding the identity of those submitting offers, the number of offers received, or the information contained in such offers will be made available until after award except as provided by FAR Part 15 (GSA Class Deviation RFO-2025-15).

III.E. Notice Concerning Preparation of Proposals

Offerors are cautioned to carefully read the entire Solicitation and the Agreement to be included in the Contract contemplated by the Solicitation in order to be fully aware of all requirements and clauses in the contemplated Contract. Verify that all blanks requiring information to be supplied in an Offer have been properly filled out, that all pricing and other numerical data is accurately calculated, and that all copies of the Offer contain the same information.

III.F. Bond Requirements

If a bid guarantee is required to be submitted with your offer, any contract awarded will require a performance bond and payment bond as specified in the Agreement. Offerors who utilize individual sureties should note the requirement for a certified, audited, financial statement for each person acting as an individual surety under clause FAR 52.228-1 Bid Guarantee and the requirements of clause FAR 52.228-11 Individual Surety-Pledge of Assets.

III.G. Contractor Performance Information

(1) *Evaluating Contractor Performance:* The General Services Administration is using the Contractor Performance Assessment Reporting System (CPARS) module as the secure, confidential, information management tool to facilitate the performance evaluation process. CPARS enables a comprehensive evaluation by capturing comments from both GSA and the contractor. The website for CPARS is Contractor Performance Assessment

Completed CPARS evaluations may then be used by the Federal acquisition community for use in making source selection decisions. CPARS assists acquisition officials by serving as the single source for contractor past performance data.

(2) *CPARS Registration:* Each award requiring an evaluation must be registered in CPARS. The contractor will receive several automated emails. Within thirty days of award, the contractor will receive an e-mail that contains user account information, as well as the applicable contract and order number(s) assigned. Contractors will be granted one user account to access all evaluations.

(3) *Contractor CPARS Training:* Contractors may sign up for CPARS training. A schedule of classes will be posted to the CPARS training site (CPARS Training) and updated as needed.

(4) *Contractor Representative (CR) Role*: All evaluations will be sent to the Contractor Representative (CR) named on your award. The CR will be able to access CPARS to review and comment on the evaluation. If your CR is not already in the CPARS system, the contracting officer will request the name and email address of the person that will be responsible for the CR role on your award.

Once an evaluation is ready to be released the CR will receive an email alerting them the evaluation is ready for their review and comment. The email will indicate the time frame the CR has to respond to the evaluation; however, the CR may return the evaluation earlier than this date.

GSA shall provide for review at a level above the contracting officer (i.e., contracting director) to consider any disagreement between GSA and the contractor regarding GSA's evaluation of the contractor. Based on the review, the individual at a level above the contracting officer will issue the ultimate conclusion on the performance evaluation.

Copies of the evaluations, contractor responses, and review comments, if any, will be retained as part of the contract file.

III.H. Safeguarding and Dissemination of Controlled Unclassified Information (CUI) Building Information

Certain information contained in the Solicitation Documents may have been designated as Controlled Unclassified Information (CUI) building information. With respect to such information, Offerors shall agree to the terms for receipt of such information, as set forth in the provision "Administrative Matters" in Section III of the Agreement, as a condition of receipt of such information.

III.I. INFORM

GSA's enhanced debriefing process is called IN-Depth Feedback through Open Reporting Methods (INFORM).

A. Overview of the IN-depth Feedback through Open Reporting Methods (INFORM) Process

This solicitation is part of GSA's post award communication process called INFORM. The process is designed to enhance the quality and usefulness of **post-award** communications by providing greater transparency and openness into the procurement process. INFORM seeks to increase GSA-industry communication by providing clearer and more complete information to explain the award decision.

B. Detailed Description of the INFORM Process

B.1. Component 1 - Notification of Award

After award and in accordance with any post-award notification timeframes required by regulation,the contracting officer will issue written notices (e.g., Notification Letter and Evaluation Statement (NLES)) to the successful and unsuccessful offerors. The notices will contain:

- All information required by statute or regulation;
- An unredacted copy of the complete technical evaluation for that particular offeror that includes a full description of the unsuccessful offeror's strengths, weaknesses, risks, and deficiencies;
- An overall technical evaluation summary for that particular offeror and the successful offeror that includes evaluated price; overall technical ranking, rating, or score.

B.2. Component 2 - Request for Oral Feedback Meeting or Written Questions

Within three business days after receipt of notification, an offeror may, but is not required to:

- submit a written request to the contracting officer for an oral feedback meeting;

- submit a list of written questions to the contracting officer; or
- take no further action.

If the offeror timely elects to request an oral feedback meeting or submit a list of written questions, GSA will consider any such request to constitute a required debriefing. If an offeror does not request an oral feedback meeting or submit a list of written questions within the three day time period, the receipt of GSA's notification concludes the INFORM process and satisfies the FAR requirement for a debriefing.

If the offeror submits a list of written questions in lieu of the oral feedback meeting, the contracting officer will attempt to respond within five business days of receipt of the written questions. The contracting officer's response to the written questions will conclude the INFORM process and any corresponding post-award debriefing.

If the offeror requests an oral feedback meeting, the offeror should provide the following information:

- Primary point of contact;
- List of participants with titles (e.g., Senior Vice President);
- List of topics to assist GSA better prepare for the oral feedback meeting;

B.3. Component 3 - Oral Feedback Meeting

During the oral feedback meeting, GSA's objectives are to provide:

- Reasonable responses to written questions submitted by the offeror;
- Explanations for the evaluation conclusions and contract award decisions;
- Any additional information about the fairness and impartiality of the evaluation and why the award decision was rational;
- Reasonable responses to additional questions raised during the meeting;
- Additional transparency into the underlying competition process; and,
- A greater understanding of the evaluation and award process.

GSA will not provide any information that is prohibited by law or regulation. The contracting officer's provision of an oral feedback meeting will conclude the INFORM process and any corresponding post-award debriefing.

IV. FAR/GSAR Solicitation Provisions

FAR 52.209-7 Information Regarding Responsibility Matters. (NOV 2025) (GSA Class Deviation RFO-2025-09)

(a) Definitions. As used in this provision—

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange

Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than $10,000,000 means—

(1) The total value of all current, active contracts and grants, including all priced options; and

(2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror □ has □ does not have current active Federal contracts and grants with total value greater than $10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of $5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in–

(A) The payment of a monetary fine or penalty of $5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of $100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could

have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

B. (d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via https://www.sam.gov (see 52.204-7).

(End of Provision)

FAR 52.209-13 Violation of Arms Control Treaties or Agreements-Certification (NOV 2025) (GSA Class Deviation RFO-2025-09)

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined in Federal Acquisition Regulation 2.101.

(b) Certification. [Offeror shall check either (1) or (2).]

__ (1) The Offeror certifies that–

(i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/; and

(ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at

https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/; or

__ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If such activity might have occurred, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

(i) An inability to certify compliance.

(ii) An inability to conclude compliance.

(iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

(4) The Offeror may submit any questions with regard to this report by email to NDAA1290Cert@state.gov. To the extent feasible, the Department of State will respond to such email inquiries within 3 business days.

(d) Do not submit an offer unless—

(1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or

(2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has

(i) Waived application under 22 U.S.C. 2593e(d) or (e); or

(ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C. 2593e(b).

(e) Remedies. The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly submitted a false certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting Officer may terminate any contract resulting from the false certification.

(End of provision)

FAR 52.216-1 Type of Contract (NOV 2025) (GSA Class Deviation RFO-2025-16)

The Government contemplates award of a Firm-Fixed-Price contract resulting from this solicitation.

(End of Provision)

FAR 52.222-5 Construction Wage Rate Requirements—Secondary Site of the Work (NOV 2025) (GSA Class Deviation RFO-2025-22)

(a)(1) The offeror must notify the Government if the offeror intends to perform work at any secondary site of the work, as defined in paragraph (a)(1)(ii) of the FAR clause at 52.222-6, Construction Wage Rate Requirements, of this solicitation.

(2) If the offeror is unsure if a planned work site satisfies the criteria for a secondary site of the work, the offeror must request a determination from the Contracting Officer.

(b)(1) If the wage determination provided by the Government for work at the primary site of the work is not applicable to the secondary site of the work, the offeror must request a wage determination from the Contracting Officer.

(2) The due date for receipt of offers will not be extended as a result of an offeror's request for a wage determination for a secondary site of the work.

(End of provision)

Buy American Requirements

52.225-11 Buy American-Construction Materials under Trade Agreements. (NOV 2025) ***(GSA Class Deviation RFO-2025-25)***

(a) *Definitions*. As used in this clause—

Caribbean Basin country construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Component means an article, material, or supply incorporated directly into a construction material.

Construction material means an article, material, or supply brought to the construction site by the Contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

Designated country means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

Designated country construction material means a construction material that is a WTO GPA country construction material, an FTA country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

Domestic construction material means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if—

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Free Trade Agreement country construction material means a construction material that-

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a FTA country into a new and different construction material distinct from the materials from which it was transformed.

Least developed country construction material means a construction material that-

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

WTO GPA country construction material means a construction material that-

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) Construction materials.(1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C.1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction material, excluding COTS fasteners. In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements (FTAs) apply to this acquisition. Therefore, the Buy American restrictions are waived for designated country construction materials.

(2) The Contractor must use only domestic or designated country construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

None

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) For domestic construction material that is not a critical item or does not contain critical components.(1) The cost of a particular domestic construction material subject to the restrictions of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) [Reserved]

(3) [Reserved]

(B) For domestic construction material that is a critical item or contains critical components.(1) The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) [Reserved]

(3) [Reserved]

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute.(1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause must include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost must include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material must include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award must explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) *Data*. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor must include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison

Construction material description	Unit of measure	Quantity	Price (dollars)*
Item 1:			
Foreign construction material.	_____	_____	_____
Domestic construction material.	_____	_____	_____
Item 2:			
Foreign construction material.	_____	_____	_____
Domestic construction material.	_____	_____	_____

[* *Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued*)].

[*List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.*]

[*Include other applicable supporting information.*]

(End of clause)

Alternate II (Oct 2022). As prescribed in 25.602 (c)(4) substitute the following sentence for the first sentence of paragraph (1)(ii)(A) of the definition of *domestic construction material* in paragraph (a):

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 65 percent of the cost of all its components.

52.225-12 Notice of Buy American Requirement-Construction Materials Under Trade Agreements. (MAY 2014)

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "construction material," "designated country construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled "Buy American-Construction Materials Under Trade Agreements" (Federal Acquisition Regulation (FAR) clause 52.225-11).

(b) *Requests for determination of inapplicability*. An offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror must include the information and applicable supporting data required by paragraphs (c) and (d) of FAR clause 52.225-11 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the offeror must include the information and supporting data in the offer.

(c) Evaluation of offers.

(1) The Government will evaluate an offer requesting exception to the requirements of the Buy American statute, based on claimed unreasonable cost of domestic construction materials, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(4)(i) of FAR clause 52.225-11.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) Alternate offers.

(1) When an offer includes foreign construction material, other than designated country construction material, that is not listed by the Government in this solicitation in paragraph (b)(3) of FAR clause 52.225-11, the offeror also may submit an alternate offer based on use of equivalent domestic or designated country construction material.

(2) If an alternate offer is submitted, the offeror must submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of FAR clause 52.225-11 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of FAR clause 52.225-11 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic or designated country construction material, and the offeror must be required to furnish such domestic or designated country construction material. An offer based on use of the foreign construction material for which an exception was requested-

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations.

(End of provision)

Alternate I (MAY 2014). As prescribed in 25.602(d)(2), substitute the following paragraph (b) for paragraph (b) of the basic provision:

(b) Requests for determination of inapplicability. An offeror requesting a determination regarding the inapplicability of the Buy American statute must submit the request with its offer, including the information and applicable supporting data required by paragraphs (c) and (d) of FAR clause 52.225-11.

Buy American Exceptions

For Buy American exceptions, if any, see the applicable Buy American clause in Section IV of the Agreement

FAR 52.233-2 Service of Protest (NOV 2025) (GSA CLASS DEVIATION RFO-2025-33)

(a) Protests, (as defined in FAR 33.102), that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), must be served on the Contracting Officer identified in the solicitation by obtaining written and dated acknowledgment of receipt from them.

(b) The copy of any protest must be received in the office designated above within one day of filing a protest with the GAO.

(End of provision)

FAR 52.240-90 Security Prohibitions and Exclusions Representations and Certifications (NOV 2025) (GSA Class Deviation RFO-2025-09)

(a) Definitions. As used in this provision-—

Backhaul, covered article, covered telecommunications equipment or services, critical technology, FASCSA order, Intelligence community, interconnection arrangements, national security system, roaming, sensitive compartmented information, sensitive compartmented information system, source, and substantial or essential component have the meanings provided in the clause 52.240-91, Security Prohibitions and Exclusions.

Business operations means engaging in commerce in any form, including by acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, or any other apparatus of business or commerce.

Marginalized populations of Sudan means—

(1) Adversely affected groups in regions authorized to receive assistance under section 8(c) of the Darfur Peace and Accountability Act (Pub. L. 109-344) (50 U.S.C. 1701 note); and

(2) Marginalized areas in Northern Sudan described in section 4(9) of such Act.

Restricted business operations means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate—

(1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;

(2) Are conducted under specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;

(3) Consist of providing goods or services to marginalized populations of Sudan;

(4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;

(5) Consist of providing goods or services that are used only to promote health or education; or

(6) Have been voluntarily suspended.

Sensitive technology—

(1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically—

(i) To restrict the free flow of unbiased information in Iran; or

(ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and

(2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).

(b) Procedures.

(1) Covered telecommunications and video surveillance. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at https://www.sam.gov for entities excluded from receiving federal awards for "covered telecommunications equipment or services."

(2) FASCSA Orders.

(i) The Offeror shall search in SAM for the phrase "FASCSA order" for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (e) of FAR 52.240-91, Security Prohibitions and Exclusions.

(ii) The Offeror shall review the solicitation for any FASCSA orders that are not in SAM but are effective and apply to the solicitation and resultant contract (see FAR 40.204-1(c)(2)).

(iii) FASCSA orders issued after the date of solicitation do not apply unless added by an amendment to the solicitation.

(c) Covered telecommunications equipment or services representations. By submission of its offer, the Offeror represents that, after conducting a reasonable inquiry (that looks at any information in the Offeror's possession but does not need to include an internal or third-party audit)—

(1) It will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation, except as waived by the solicitation, or as disclosed in paragraph (g); and

(2) It does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services, except as waived by the solicitation, or as disclosed in paragraph (g).

(d) FASCSA Representation. By submission of this offer, the offeror represents that it has conducted a reasonable inquiry, and that the offeror does not propose to provide or use in response to this solicitation any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order in effect on the date the solicitation was issued, except as waived by the solicitation, or as disclosed in paragraph (g). A reasonable inquiry will look at any information in the offeror's possession but does not need to include an internal or third-party audit.

(e) Sudan certification. By submission of its offer, the offeror certifies, after conducting a reasonable inquiry (that looks at any information in the offeror's possession but does not need to include an internal or third-party audit), that the offeror does not conduct any restricted business operations in Sudan.

(f) Iran Representation and Certifications.

(1) Except as provided in paragraph (f)(2) of this provision or if a waiver has been granted in accordance with FAR 40.203-3, the offeror, after conducting a reasonable inquiry (that looks at

any information in the offeror's possession but does not need to include an internal or third-party audit), by submission of its offer—

(i) Represents, to the best of its knowledge and belief, that the offeror does not export any sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;

(ii) Certifies that the offeror, or any person (as defined at section 15 of the Iran Sanctions Act of 1996, Pub. L. 104-172, 50 U.S.C. 1701 note) owned or controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Act. These sanctioned activities are in the areas of development of the petroleum resources of Iran, production of refined petroleum products in Iran, sale and provision of refined petroleum products to Iran, and contributing to Iran's ability to acquire or develop certain weapons or technologies; and

(iii) Certifies that the offeror, and any person owned or controlled by the offeror, does not knowingly engage in any transaction that exceeds $15,000 with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.) (see OFAC's Specially Designated Nationals and Blocked Persons List at https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx)

(2) Exception for trade agreements. The representation and certification requirements of paragraph (f)(1) of this provision do not apply if—

(i) This solicitation includes a trade agreements notice or certification (e.g., 52.225-6, Trade Agreements Certificate); and

(ii) The offeror has certified that all the offered products to be supplied are designated country end products or designated country construction material.

(iii) The offeror shall email questions concerning sensitive technology to the Department of State at CISADA106@state.gov.

(g) Disclosure.

(1) If the Offeror is not able to represent compliance with the prohibitions in paragraphs (c) or (d), then the Offeror shall disclose within 72 hours to the contracting office identified in paragraph (g)(2) the following information for each product or service not compliant:

(i) Contract number and order number, if applicable;

(ii) Identification of whether this disclosure relates to paragraph (c) on covered telecommunication equipment or services, or to paragraph (d) on FASCSA orders;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer

(OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the offeror would like the Government to consider a waiver);

(vii) Whether alternative products or services are available that would be compliant with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions undertaken or recommended.

(2) If a disclosure is required to be submitted to a contracting office, the offeror shall submit the disclosure as follows:

(i) If a Department of Defense contracting office, the offeror shall submit the disclosure to the website at https://dibnet.dod.mil.

(ii) For all other contracting offices, the Offeror shall submit the disclosure to the Contracting Officer.

(3) If the disclosure provided does not contain any of the information required by paragraph (1), and the Offeror later discovers new information that is required by paragraph (1), then the Offeror shall submit a subsequent disclosure within 72 hours of discovering the new information.

(h) Executive agency review of disclosures. The Contracting Officer will review disclosures provided in paragraph (g) to determine if any applicable waiver may be sought. The Contracting Officer may choose not to pursue a waiver and may instead make an award to an Offeror that does not require a waiver.

(End of provision)

FAR 52.252-1 Solicitation Provisions Incorporated by Reference (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this address:

Federal Acquisition Regulation

(End of Provision)

The following provisions are incorporated by reference:

NUMBER	TITLE	DATE
52.204-7 (GSA Class Deviation RFO-2025-04)	System for Award Management–Registration	NOV 2025
52.214-34	Submission of Offers in the English Language	APR 1991
52.215-16	Facilities Capital Cost of Money	JUN 2003
52.219-4 (GSA Class Deviation RFO-2025-19)	Notice of Price Evaluation Preference for HUBZone Small Business Concerns	NOV 2025

GSAR Clause 552.102 Incorporating Provisions and Clauses

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

GSAR 552.252-5 Authorized Deviations in Provisions (Nov 2021)(DEVIATION FAR 52.252-5)

(a) Deviations to FAR provisions. This solicitation identifies any authorized deviation to a Federal Acquisition Regulation (FAR) (48 CFR chapter 1) provision by—

(1) The addition of "(DEVIATION)" after the date of the FAR provision when an authorized deviation to a FAR provision is being used, and

(2) The addition of "(DEVIATION FAR (provision number))" after the date of the GSAR provision when a GSAR provision is being used in lieu of a FAR provision.

(b) Deviations to GSAR provisions. This solicitation identifies any authorized deviation to a General Services Administration Acquisition Regulation (GSAR) (48 CFR chapter 5) provision by the addition of "(DEVIATION)" after the date of the provision.

(c) "Substantially the same as" provisions. Changes in wording of provisions prescribed for use on a "substantially the same as" basis are not considered deviations.

Small Business Subcontracting Plan

A Small Business Subcontracting Plan, as required under FAR 52.219-9 (GSA Class Deviation RFO-2025-19), is required to be submitted with offers.

Project Labor Agreement (PLA)

This procurement does not require a project labor agreement (PLA). Under FAR 2.101 (GSA Class Deviation FAR RFO-2025-02), the United States is defined as the 50 States and the District of Columbia, subject to certain exceptions. Although multiple subparts within FAR Part 22 (GSA Class Deviation FAR RFO-2026-22) expand this definition to incorporate Puerto Rico, FAR subpart 22.5 (GSA Class Deviation FAR RFO-2026-22) does not include a similar provision. Consequently, the standard definition of the United States applies to subpart 22.5, exempting large-scale construction projects in Puerto Rico from PLA mandates.

Additional Provisions

(i) GSAR 552.236-74, Evaluation of Options (Mar 2019)

The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

(ii) GSAR Clause 552.236-77, Government's Right to Exercise Options (Mar 2019)

(a) The Government may exercise any option in writing in accordance with the terms and conditions of the contract within 120 calendar days of contract award.

(b) If the Government exercises the option, the contract must be considered to include this option clause.

(End of clause)

V. Instructions and Clauses

V.A. FAR 52.215-1 Instructions to Offerors – Competitive Acquisition (NOV 2025) (GSA Class Deviation RFO-2025-15)

(a) *Definitions*. As used in this provision-

In writing, *writing*, or *written* means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

Proposal modification is a change made to a proposal before the request for proposal closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.

Proposal revision is a change to material elements of a proposal made after the request for proposal closing date, at the request of or as allowed by a Contracting Officer, as the result of negotiations.

Time, if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period shall include the next working day.

(b) *Amendments to requests for proposals*. If this request for proposal (RFP) is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this RFP by the date and time specified in the amendment(s).

(c) Submission, modification, revision, and withdrawal of proposals.(1)(i) Proposals and modifications to proposals shall be—

(A) Submitted using the method and the format specified in the RFP;

(B) Addressed to the office specified in the RFP; and

(C) Showing the time and date specified for receipt, the RFP number, and the name and address of the offeror.

(ii) Offerors using commercial carriers should ensure that the proposal is marked on the outermost wrapper with the information in paragraphs (c)(1)(i)(B) and (C) of this provision.

(2) The first page of the proposal must show—

(i) The RFP number;

(ii) The name, address, and telephone number of the offeror (and electronic address if available);

(iii) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the RFP and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;

(iv) Names, titles, and telephone number (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the Government in connection with this RFP; and

(v) Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(3)(i) Offerors are responsible for submitting proposals, and any modifications or revisions, so as to reach the Government office designated in the RFP by the time specified in the RFP. If no time is specified in the RFP, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposal or revision is due.(ii)(A) Any proposal, modification, or revision received at the Government office designated in the RFP after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(1) If it was transmitted through an electronic commerce method authorized by the RFP, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(2) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(3) It is the only proposal received.

(B) However, a late modification of an otherwise successful proposal that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(iii) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(iv) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the RFP, and urgent Government requirements preclude amendment of the RFP, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the RFP on the first work day on which normal Government processes resume.

(v) Proposals may be withdrawn by written notice received at any time before award. Oral proposals in response to oral RFPs may be withdrawn orally. Proposals may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the proposal before award.

(4) Unless otherwise specified in the RFP, the offeror may propose to provide any item or combination of items.

(5) Offerors shall submit proposals in response to this RFP in English, unless otherwise permitted by the RFP, and in U.S. dollars, unless the provision at FAR 52.225-17, Evaluation of Foreign Currency Offers, is included in the RFP.

(6) Offerors may submit modifications to their proposals at any time before the RFP closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(7) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(8) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(d) Offer expiration date. Proposals in response to this RFP will be valid for the number of days specified on the RFP cover sheet (unless a different period is proposed by the offeror).

(e) Restriction on disclosure and use of data. Offerors that include in their proposals data that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall-

(1) Mark the title page with the following legend:

Mark the title page with the following legend: This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed—in whole or in part—for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of, or in connection with, the submission of this data, the Government

shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [insert numbers or other identification of sheets]; and

(2) Mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(f) Contract award.(1) The Government intends to award a contract or contracts resulting from this RFP to the responsible offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the RFP.

(2) The Government may reject any or all proposals if such action is in the Government’s interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a contract without negotiations with offerors (except clarifications as described in FAR 15.202(b)). Therefore, the offeror's initial proposal should contain the offeror's best terms from a cost or price and technical standpoint. The Government reserves the right to conduct negotiations if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly evaluated proposals. If the government does enter into negotiations the backup pricing worksheet may be requested.

(5) The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the proposal.

(6) The Government reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the Government’s best interest to do so.

(7) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(8) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.

(9) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.

(10) If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

(i) The agency's evaluation of the significant weaknesses or deficiencies in the debriefed offeror's offer.

(ii) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

(iii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

(iv) A summary of the rationale for award.

(v) For acquisitions of commercial products, the make and model of the product to be delivered by the successful offeror.

(vi) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the RFP, applicable regulations, and other applicable authorities were followed by the agency.

(vii) For DoD contracts in excess of $10 million but not in excess of $100 million with a small business or nontraditional defense contractor (10 U.S.C. 3014), an option for the contractor to request disclosure of the agency's written source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the contract award.

(viii) For award of a DoD contract in excess of $100 million, disclosure of the agency's written source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the contract award.

(End of provision)

V.B. FAR 52.240-91 Security Prohibitions and Exclusions (NOV 2025) (GSA Class Deviation RFO-2025-40)

(a) Definitions. As used in this clause—

American Security Drone Act-covered foreign entity means an entity included on a list that the Federal Acquisition Security Council (FASC) develops and maintains and publishes in the System for Award Management (SAM) at https://www.sam.gov (section 1822 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

Covered article, as defined in 41 U.S.C. 4713(k), means:

(1) Information technology, as defined in 40 U.S.C. 11101, including cloud computing services of all types;

(2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the Communications Act of 1934 (47 U.S.C. 153);

(3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the Controlled Unclassified Information program (see 32 CFR part 2002); or

(4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled—

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

FASC-prohibited unmanned aircraft system means an unmanned aircraft system manufactured or assembled by an American Security Drone Act—covered foreign entity.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act (FASCSA) requiring removing covered articles from executive agency information systems or excluding one or more named sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201-1.303(d) and (e):

(1) The Secretary of Homeland Security may issue FASCSA orders that apply to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.

(2) The Secretary of Defense may issue FASCSA orders that apply to the Department of Defense (DoD) and national security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as a DoD FASCSA order.

(3) The Director of National Intelligence (DNI) may issue FASCSA orders that apply to the intelligence community and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of FASCSA order may be referred to as a DNI FASCSA order.

Information technology, as defined in 40 U.S.C. 11101(6)—

(1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the

executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use—

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but

(3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract.

Intelligence community, as defined by 50 U.S.C. 3003(4), means the following—

(1) The Office of the Director of National Intelligence;

(2) The Central Intelligence Agency;

(3) The National Security Agency;

(4) The Defense Intelligence Agency;

(5) The National Geospatial-Intelligence Agency;

(6) The National Reconnaissance Office;

(7) Other offices within the Department of Defense for the collection of specialized national intelligence through reconnaissance programs;

(8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;

(9) The Bureau of Intelligence and Research of the Department of State;

(10) The Office of Intelligence and Analysis of the Department of the Treasury;

(11) The Office of Intelligence and Analysis of the Department of Homeland Security; or

(12) Such other elements of any department or agency as may be designated by the President, or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another’s network to hand off traffic where it is ultimately

delivered (e.g., connecting a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Kaspersky Lab-covered article means any hardware, software, or service that—

(1) Is developed or provided by a Kaspersky Lab-covered entity;

(2) Includes any hardware, software, or service developed or provided in whole or in part by a Kaspersky Lab-covered entity; or

(3) Contains components using any hardware or software developed in whole or in part by a Kaspersky Lab-covered entity.

Kaspersky Lab-covered entity means—

(1) Kaspersky Lab;

(2) Any successor entity to Kaspersky Lab, including any change in name, e.g., “Kaspersky”;

(3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or

(4) Any entity of which Kaspersky Lab has a majority ownership.

National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency—

(1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or

(2) Is protected at all times by procedures established for information that have been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or foreign policy.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

Subsidiary means an entity in which more than 50 percent of the entity is owned directly by a parent corporation or through another subsidiary of a parent corporation.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

Unmanned aircraft means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft (49 U.S.C. 44801(11)).

Unmanned aircraft system means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the operator to operate safely and efficiently in the national airspace system (49 U.S.C. 44801(12)).

(b) Prohibitions on providing or using specific products or services in performance of contract. Unless a waiver or exception applies, the Contractor is prohibited from providing any products or services to the Government or using in the performance of the contract any of the following:

(1) A covered application on any information technology owned or managed by the Government, or on any information technology used or provided by the Contractor under this contract, including equipment provided by the Contractor's employees (section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328));

(2) A Kaspersky Lab-covered article (Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91));

(3) Covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system (paragraphs (a)(1)(A) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)). This does not prohibit contractors from providing—

(i) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) Prohibition on unmanned aircraft systems manufactured or assembled by American Security Drone Act—covered foreign entities.

(1) Prohibition. The Contractor is prohibited from—

(i) Delivering any FASC-prohibited unmanned aircraft system, which includes unmanned aircraft (i.e., drones) and associated elements (sections 1823 and 1826 of American Security Drone Act of 2023, within the National Defense Authorization Act for Fiscal Year 2024, Pub. L. 118-31, Div. A, Title XVIII, Subtitle B, 41 U.S.C. 3901 note prec.);

(ii) On or after December 22, 2025, operating a FASC-prohibited unmanned aircraft system in the performance of the contract (section 1824 of Pub. L. 118-31); and

(iii) On or after December 22, 2025, using Federal funds to procure or operate a FASC-prohibited unmanned aircraft system (section 1825 of Pub. L. 118-31).

(2) Procedures. The Contractor shall search SAM for the FASC-maintained list of American Security Drone Act—covered foreign entities before proposing, or using in performance of the contract, any unmanned aircraft system. Also, the Contractor shall ensure any effort or expenditure associated with a FASC-prohibited unmanned aircraft system is consistent with a corresponding exemption, exception, or waiver determination expressly stated in the contract.

(3) Exemptions, exceptions, and waivers. The prohibitions in paragraph (c) of this clause do not apply where the agency has determined an exemption, exception, or waiver applies, and the contract indicates that such a determination has been made. See sections 1823 through 1825 and 1832 of Public Law 118-31 for statutory requirements pertaining to exemptions, exceptions, and waivers.

(d) Prohibition on using or providing specific products or services or conducting certain transactions regardless of connection to contract.

(1) Certain telecommunications and video surveillance equipment, systems, or services.

(i) Unless an applicable waiver has been issued by the Government, the Contractor cannot use any equipment, systems, or services that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system (paragraph (a)(1)(B) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)).

(ii) This prohibition applies to using covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. This does not prohibit the contractor from using—

(A) A service that connects to the facilities of a third party, such as backhaul, roaming, or interconnection arrangements; or

(B) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Office of Foreign Assets Control Restrictions.

(i) Except as authorized by the Office of Foreign Assets Control (OFAC) in the Department of the Treasury, the Contractor shall not acquire, for use in the performance of this contract, any supplies or services if any proclamation, Executive order, or statute administered by OFAC, or if OFAC's implementing regulations at 31 CFR chapter V, would prohibit such a transaction by a person subject to the jurisdiction of the United States.

(ii) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas.

(A) For lists of entities and individuals subject to economic sanctions, see OFAC's List of Specially Designated Nationals and Blocked Persons at https://home.treasury.gov/policy-issues/financial-sanctions/specially-designated-nationals-and-blocked-persons-list-sdn-human-readable-lists.

(B) For more information about these restrictions, as well as updates, see OFAC's regulations at 31 CFR chapter V and at https://home.treasury.gov/policy-issues/office-of-foreign-assets-control-sanctions-programs-and-information.

(C) To conduct electronic screens of potential parties to regulated transactions, see the consolidated screening list at https://www.trade.gov/consolidated-screening-list, which consolidates multiple export screening lists of the Departments of Commerce, State, and the Treasury.

(3) Sudan prohibition. The Contractor is prohibited from conducting any restricted business operations in Sudan in accordance with Accountability and Divestment Act of 2007 (Pub. L. 110-174).

(4) Iran prohibitions.

(i) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, the contractor shall not engage in certain activities or transactions relating to Iran (section 6(b)(1)(A) of Iran Sanctions Act (50 U.S.C. 1701 note).

(ii) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, contractor shall not export certain sensitive technology to Iran, as determined by the President, and has an active exclusion in SAM (22 U.S.C. 8515).

(iii) The prohibition in paragraphs (d)(4)(i) and (d)(4)(ii) do not apply if the acquisition is subject to trade agreements and the offeror certifies that all the offered products are designated country end products or designated country construction material (see part 25).

(iv) Unless an exception applies or the Government grants a waiver, contractors are prohibited from knowingly engaging in any significant transaction (i.e., over $15,000) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked according to the International Emergency Economic Powers Act (section 6(b)(1)(B) of Iran Sanctions Act (50 U.S.C. 1701 note)).

(e) Governmentwide exclusion and removal orders.

(1) Unless the Government has issued an applicable waiver, contractors shall not provide or use as part of the performance of the contract any covered article, or any products or services

produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order as follows:

(i) For solicitations and contracts awarded by a Department of Defense contracting office, DoD FASCSA orders apply.

(ii) For all other solicitations and contracts, DHS FASCSA orders apply.

(2) The Contractor shall search for the phrase "FASCSA order" in the System for Award Management (SAM) at https://www.sam.gov to locate applicable FASCSA orders.

(3) The Government may identify in the solicitation other FASCSA orders that are not in SAM, which are effective and apply to the solicitation and resulting contract.

(4) A FASCSA order issued after the date of solicitation applies to this contract only if added by an amendment to the solicitation or modification to the contract (see FAR 40.204-1(c)).

(f) Reasonable inquiry. The contractor shall conduct a reasonable inquiry to determine if there are any prohibited products or services. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(g) Removal of prohibited products and services. For Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts or any other procurement instrument intended for use by multiple agencies, upon notification from the Contracting Officer, during the performance of the contract, the Contractor shall promptly make any necessary changes or modifications to remove any product or service produced or provided by a source that this clause prohibits.

(h) General report.

(1) If the Contractor identifies or is notified by any source, (including a subcontractor at any tier), that any product or service provided or used (or to be provided or used) during contract performance does not comply with any prohibition in this clause, then the Contractor shall report the following information, or as much information is known, in writing to the contracting office as identified in paragraph (h)(2) within 72 hours:

(i) Contract number and order number, if applicable;

(ii) The specific prohibition the product or service is not complying with;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited (include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication,

assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the contractor would like the Government to consider a waiver, and asks for such a waiver);

(vii) Whether alternative products or services are available that would comply with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions implemented or recommended.

(2) If a report must be submitted to a contracting office, the Contractor shall submit the report as follows:

(i) If a Department of Defense contracting office, the Contractor shall report to the website at https://dibnet.dod.mil.

(ii) For all other contracting offices, the Contractor shall report to the Contracting Officer.

(iii) For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order.

(3) If the report provided does not contain any of the information required by paragraph (h)(1) of this clause, and the contractor later discovers new information that is required by paragraph (h)(1) of this clause, then the contractor shall submit a subsequent report within 72 hours of discovering the new information.

(4) The contractor shall also report the information in paragraph (h)(1) if the contractor wishes to ask for a waiver of the requirements of a new FASCSA order being applied through modification.

(i) New FASCSA orders report.

(1) During contract performance, the Contractor shall review SAM at least once every three months, or as advised by the Contracting Officer, to check for covered articles subject to

FASCSA order(s), or for products or services produced by a source subject to FASCSA order(s) not currently identified under paragraph (e) of this clause.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance. The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(3) The Contractor shall submit a report to the contracting office identified in paragraph (h)(2) of this clause if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s). For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order. The Contractor shall report the following information within 72 hours for each covered article or each product or service produced or provided by a source, where the covered article or source is subject to a FASCSA order:

(i) Contract number and order number, if applicable;

(ii) Name of the covered article or source subject to a FASCSA order;

(iii) The specific FASCSA order the product or service does not comply with;

(iv) The elements of (h)(1)(iii) through (ix) of this clause.

(j) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (j) but excluding subparagraphs (d)(1) and (i)(1), in all subcontracts and other contractual instruments, including subcontracts for acquiring commercial products or commercial services.

(End of clause)

V.C. FAR 52.222-90 Addressing DEI Discrimination by Federal Contractors (APR 2026) (GSA Class Deviation RFO-2025-22)

(a) Definitions. As used in this clause—

Program participation means membership or participation in, or access or admission to: training, mentoring, or leadership development programs; educational opportunities; clubs; associations; or similar opportunities that are sponsored or established by the contractor or subcontractor.

Racially discriminatory diversity, equity, and inclusion (DEI) activities means disparate treatment based on race or ethnicity in the recruitment, employment (e.g., hiring, promotions), contracting (e.g., vendor agreements), program participation, or allocation or deployment of an entity's resources.

(b) In connection with the performance of work under this contract, the Contractor agrees as follows:

(1) The Contractor will not engage in any racially discriminatory DEI activities;

(2) The Contractor will furnish all information and reports, including providing access to books, records, and accounts, as required by the Contracting Officer, for purposes of ascertaining compliance with this clause;

(3) In the event of the Contractor's or a subcontractor's noncompliance with this clause, this contract may be canceled, terminated, or suspended in whole or in part, and the Contractor or subcontractor may be declared ineligible for further Government contracts;

(4) The Contractor will report any subcontractor's known or reasonably knowable conduct that may violate this clause to the Contracting Officer and take any appropriate remedial actions directed by the Contracting Officer; and

(5) The Contractor will inform the Contracting Officer if a subcontractor sues the Contractor and the suit puts at issue, in any way, the validity of this clause.

(6) The Contractor recognizes that compliance with the requirements of this clause are material to the Government's payment decisions for purposes of 31 U.S.C. 3729(b)(4).

(c) The Contractor must include the substance of this clause, including this paragraph (c), in subcontracts at any tier, including those for commercial products and commercial services, except those where the place of delivery or performance is outside the United States.

(End of clause)

Alternate I (NOV 2025).

As prescribed in 40.205(b), substitute the following paragraph (e)(1) for paragraph (e)(1) of the basic clause:

(e) Governmentwide exclusion and removal orders.

(1) Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by any applicable FASCSA orders identified by the checkbox(es) in this paragraph (e)(1).

Yes □ No **X** DHS FASCSA Order

Yes □ No **X** DoD FASCSA Order

Yes □ No **X** DNI FASCSA Order

(End of clause)

V.D. Security Requirements

See requirements within Division 01 specifications.

V.E. Additional Clauses

Not applicable.

VI. Method of Award

VI.A. Evaluation of Offers

(1) The Government will award a contract resulting from this Solicitation to the responsible Offeror whose offer conforming to the Solicitation will be the best value to the Government, Total Evaluated Price and other factors considered. In addition to Total Evaluated Price, the following non-price factors shall be used to evaluate offers:

Phase I Technical Qualifications	**Relative Weight**
● Factor 1 – Experience on Similar Projects	(40% Weight)
● Factor 2 – Past Performance on Relevant Project	(15% Weight)

Phase II Technical Qualifications	**Relative Weight**
● Factor 3 – Management Approach	(45% Weight)

(2) Non-Price Factors, when combined, are significantly more important than/significantly less important than/equal in importance to Total Evaluated Price.

(3) Tradeoff Information: Offerors are evaluated for award based upon a best value trade off concept of their proposals.

(4)To the extent consistent with law, GSA may use artificial intelligence tools to assist in its review of proposals and/or documentation of evaluations.

VI.B. Determination of Responsibility

In order to be considered responsible, an Offeror must demonstrate that it meets the requirements of FAR 9.104-1 (GSA Class Deviation RFO-2025-09). The Contracting Officer's determination of an Offeror's responsibility or non-responsibility may be based upon any information obtained by the Contracting Officer, and is independent of the evaluation of offers set forth herein.

VI.C. Price Reasonableness

The proposed prices will be evaluated for reasonableness. Price reasonableness determines whether an Offeror’s price is too high. Analysis of price proposals will be performed using one or more of the techniques defined in FAR 15.404 (GSA Class Deviation RFO-2025-15) in order to determine price reasonableness. Normally, price reasonableness is established through adequate price competition, but may also be determined through price analysis techniques as

described in FAR 15.404-1 (GSA Class Deviation RFO-2025-15). Notwithstanding anything to the contrary in this solicitation and for the avoidance of doubt, the Government will **not** perform a price realism analysis of the Offeror's proposal.

VI.D. Unbalanced Prices

Offers must include balanced prices. Unbalanced pricing may increase performance risk and could result in payment of unreasonably high prices. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly over or understated as indicated by the application of price analysis techniques. All offers with separately priced line items or subline items shall be analyzed to determine if the prices are unbalanced. If price analysis techniques indicate that an offer is unbalanced, the contracting officer shall: (i) Consider the risks to the Government associated with the unbalanced pricing in determining the competitive range and in making the source selection decision; and (ii) Consider whether award of the contract will result in paying unreasonably high prices for contract performance. An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the Government.

VI.E. Total Evaluated Price

The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s). Total Evaluated Price shall be calculated using the prices and formula indicated in the Phase II Price Proposal Form.

VI.F. Non-Price Factors

(1) Experience: Experience will be evaluated on the basis of information submitted by the Offeror indicating completion of projects of similar size, complexity, and scope. If the Offeror materially misrepresents information relating to its experience, the Contracting Officer may reject the proposal.

(2) Past Performance: Past performance will be evaluated on the basis of information received by the Contracting Officer concerning the Offeror's performance on other contracts, including information not submitted by the Offeror. If the Contracting Officer becomes aware of required past performance information omitted from the Offeror's proposal, the Contracting Officer may draw a negative inference from the omission of such information.

(3) Management Approach: The Government will evaluate the Offeror's management approach to determine its understanding of the project requirements and its ability to effectively organize, manage, staff, coordinate, and execute the work throughout the duration of the project. The Offeror must provide a Project Execution Narrative and Staffing Plan that demonstrate a clear, practical, and project-specific approach to successful performance.

VI.G. Evaluation of Joint Venture Offerors

In the evaluation of responsibility and non-price factors, information submitted for a party to the joint venture will only be evaluated to the extent that the terms of the joint venture agreement do

not limit such party's performance or financial obligations as a party to the Contract contemplated by this Solicitation.
