Solicitation Request: The 763rd Enterprise Sourcing Squadron at Scott AFB will solicit White

Papers for AMC Information Technology solutions.

Type of Contract: The Air Force anticipates the award of a Firm-Fixed Price type contract in accordance with Federal Acquisition Regulation (FAR). Offerors are encouraged to review RFO FAR 52.212-4 *Contract Terms and Conditions – Commercial Products and Commercial Services and RFO FAR 12.205 Solicitation provisions and contract clauses* for standard terms and conditions in a commercial contract. In addition, the Air Force reserves the right to award an Other Transaction for Prototype Project in accordance with 10 U.S.C. § 3458 and 10 U.S.C. § 4022.

The Air Force reserves the right to award one or more, or no, contracts/agreements for all, part, or none of the White Papers and detailed approach submissions received in response to the AOI(s) posted.

CLASSIFIED INFORMATION. Offerors shall submit unclassified White Papers to simplify and expedite reviews and responses by the Government.

PURPOSE: This CSO is a competitive solicitation focused on technologies to meet the mission of the Department of the Air Force. The Government seeks to obtain ~~innovative~~ solutions or potential new capabilities to fulfill requirements, close capability gaps, or provide potential technological advancements in the capability areas listed in the AOI(s).

SECURITY CLEARANCE: All respondees require a Secret Clearance. If a Facilities Clearance is required, the level of clearance will be specified in the AOI.

~~**Innovative** means:~~

~~1. Any technology, process, or method, including research and development that is new as of the date of submission of a White Paper;~~
~~2. Any application of an existing technology, process, or method that is new as of the date of submission of submission of a White Paper; or~~
~~3. A new application or adaptation of an existing technology, process, or method as of the date of submission of a White Paper.~~

~~All items, technologies, and services acquired using a CSO will be treated as commercial items if they meet above definition of innovative.~~ The Government encourages White Papers that span a wide spectrum of possible technical and business solutions in response to the specific AOI(s).

Awards resulting from this CSO will be made based on the evaluation results of a Two-Step closed process. The Government reserves the right to fund only part of a submitted White Paper and detailed approach submission; and may incrementally fund any or all awards under this CSO. All awards are subject to the availability of funds. All contracts/agreements entered into under this CSO will be Firm Fixed Price type contracts or agreements.

White Papers may be submitted at any time prior to the due dates and times specified in the AOI(s). Offerors are responsible for monitoring SAM.gov for any amendments to this

solicitation that may have updated information. All responses to the AOI(s) shall be valid for 180 calendar days after the submission date.

Submission Limit: White Papers shall not exceed the page limits specified in the AOI(not including title page or table of contents) using 12-point Times New Roman font, 1 inch margins (on all sides) or, alternatively, White Papers may take the form of briefing slides which shall not exceed the slide limit specified in the AOI (not including title slide). Any pages or briefing slides exceeding the limit will be removed and not evaluated.

Required Content:

1. Section A: Company Information

    a. Title of Project
    b. Name of Company
    c. Business Size
    d. Company's Commercial and Government Entity (CAGE) number
    e. Unique Entity Identifier (UEI) number
    f. Company Point of Contact (POC) [Name, Phone, Email]
    g. Technical POC [Name, Phone, Email]
    h. Facility Clearance (if required, will be specified in AOI)

2. Section B: Technical Solution

    a. Specified in posted AOI(s).

3. Additional Sections may be posted in individual AOI(s)

White Paper Review, Evaluation and Selection Process: Each White Paper will be evaluated by the Government, and the White Paper shall stand on its own technical merit. White Papers will be evaluated in accordance with the following evaluation factors:

1. Technical
2. Importance to agency
3. Price

Evaluation factor importance will be determined in the applicable AoI(s).

Method of Evaluation: Scientific, technological, and/or other subject-matter experts peer review process.

The selection process will be specified in the posted AOI(s).

Unsuccessful offerors will be notified by the Government, either via email or letter,

to inform them that the proposed effort is not of interest to the Government at this time.

Those Companies whose White Papers are of interest to the Government will be notified and communications will include a submission due date for Step Two: Detailed Approach at that time.

STEP TWO: DETAILED APPROACH

SUBMISSION INFORMATION:

The Company will be invited to develop and submit a full written Detailed Approach and negotiate appropriate terms and conditions governing the prototype project. Companies may discuss ideas and details of the approach during the writing process with the Government.

1. Section A shall provide the technical approach;
    a. Title Page
        i. Company Name
        ii. Title
        iii. Point of Contact (Name, Title, Date, E-Mail Address, Phone, and Address)
        iv. Any subcontractors or teaming members
        v. An abstract which provides a concise description of the approach.
    b. Technical Approach
        i. Describe the company's proposed technical approach, deliverables, and the resources needed to execute it.
        ii. Include the nature and extent of the anticipated results.
        iii. Include any potential ancillary and operational issues (i.e. certifications, algorithms, and any engineering/software development methodologies) to be used.
        iv. This approach shall include a Performance Work Statement (PWS) identifying the work to be performed.. Provide a detailed project schedule that outlines the various phases of work to be accomplished within the proposed period of performance. You may refer to the White Paper that prompted this step, but do not duplicate it.
    c. Government Support Required
        i. Identify the type of support, if any, the Company requests of the Government in general such as facilities, equipment, data, and information, and/ or materials.

2. Section B shall address the price schedule portions of the approach.
    a. The Company shall propose a total price to complete the project and provide any other data or supporting information that is necessary for the determination of a fair and reasonable price. This can include, but is not limited to, commercial price catalog or other proprietary information to help the Government assess project price.

These submissions will be assessed by the Government team subject matter experts. Companies may propose their own internal terms and conditions (e.g., Service License Agreements (SLA) and/or User License Agreements (ULA)) to be considered during deliberations with the Government. Companies should note that there are certain terms and conditions the Government is unable to accept. However, projects awarded through the CSO are flexible to adopt customary industry standards where it is otherwise legal and where it meets the Government's needs.

DEBRIEFINGS:

The Government will conduct written, post-award debriefings (only applicable to Two Step Awards) upon request only in accordance with RFO FAR 52.212-1(e) and will address the evaluation factors contained herein only. It will not include a comparison of submissions against a common statement of work (SOW) as the CSO provides no common statement of work that interested parties must respond to and instead represents opportunity for submission of a variety of ~~innovative~~ commercial items, technologies, and/or services that represent meaningful submissions of diverse scope and price.

ADDITIONAL INFORMATION:

1. Deliverables/Schedule: Specified in each AOI.

Other Information:

- Program Security Classification: If a DD254 is applicable, offerors shall verify their Cognizant Security Office information is current with the Defense Counterintelligence and Security Agency, DCSA.
- Export Control: Information involved in this effort may be subject to Export Control, International Traffic in Arms (ITAR) 22 CFR 120-131, or Export Administration Regulations (EAR) 15 CFR 710-774. If effort may be subject to export control, then a Certified DD Form 2345, Militarily Critical Technical Data Agreement, will be required to be submitted with White Paper. (See RFO DFARS 225.7901-4, RFO DFARS 252.225- 7048, Export-Controlled Item).
- Government Furnished Property (GFP) Availability: GFP is not anticipated to be made available under any resulting contract, or agreement but will be determined in each AOI. In accordance with RFO FAR 45.201(b), the offeror is responsible for all costs related to making the property available for use, such as payment of all transportation, installation or rehabilitation costs.
- Base Support/Network Access: Base support will be specified in each AOI.

2. Eligible Offeror: This is an unrestricted solicitation. Small businesses are encouraged to propose. Offerors are encouraged to complete the Annual Representations and Certification in the System for Award Management (SAM.gov) as soon as possible as active registration is required to receive an award.

3. Foreign Participation: Participation at the prime level is prohibited. Subcontracting arrangements will be handled in accordance with the International Traffic and Arms Regulation. In addition, foreign national participation will be limited to public domain information only.

4. You may be ineligible for award if all requirements of this CSO and the applicable AOI are not met on the White Paper due date or Step Two submission due date when applicable.

5. 763d ESS policy is to treat all submissions as confidential information, and to disclose their contents only for the purpose of evaluation. The Government understands that information provided in response to this CSO is presented in confidence and may contain trade secret or commercial or financial information, and it agrees to protect such information from unauthorized disclosure to the maximum extent permitted or required by Law, to include:

a. 18 U.S.C. 1905 (Trade Secrets Act);
b. 18 U.S.C. 1831 et seq. (Economic Espionage Act);
c. 5 U.S.C. 552(b)(4) (Freedom of Information Act);
d. Executive Order 12600 (Pre-disclosure Notification Procedures for Confidential Commercial Information); and,
e. Any other statute, regulation, or requirement applicable to Government employees.

6. Marking Proprietary Information. White Paper data the firm does not wish to make public, or to be used by the Government except for peer review, shall:

> Mark the first page of each White Paper volume with the following legend: "This White Paper includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed-in whole or in part-for any purpose other than to evaluate this White Paper. If, however, a contract is awarded to this offeror as a result of – or in connection with – the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in pages [insert numbers or other identification of sheets]"; and every subsequent page containing restricted data should contain the following statement, “Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.”
