App. No. _____

Wyoming Water Quality Application for a Chapter 3 Permit to Construct

This application is for permits to construct water or wastewater treatment facilities, water distribution or wastewater collection facilities, subdivision reviews, or land application of wastewater. Submit a complete application package (including this form and applicable investigations, design reports, plans, specifications, etc.) as described in Water Quality Rules and Regulations, Chapter 3 to the appropriate District Office address listed below or electronically at: https://deq.wyoming.gov/water-quality/water-wastewater/permitting/. A District map can be viewed at: https://gis.deq.wyoming.gov/maps/www_districts/index.html

For the Southeast District, submit completed packages to:
DEQ/ Water Quality Division
200 W 17th Street, Suite 400
Cheyenne, WY 82002
(307) 777-7781

For the Northeast District, submit completed packages to:
DEQ/Water Quality Division
2100 West 5th Street
Sheridan, WY 82801
(307) 675-5640

For the Northwest and Southwest Districts, submit completed packages to:
DEQ/Water Quality Division
510 Meadowview Drive
Lander, WY 82520
(307) 332-3144

Authority: The Wyoming Environmental Quality Act, W.S. 35-11-101 and Article 3, W.S. 35-11-301 require a permit for the construction or modification of public water supplies, wastewater facilities, and land application systems. W.S. 18-5-306 requires the review of the safety and adequacy of proposed sewage systems and water systems in new subdivisions by DEQ. Please select all rules that apply to the permitting of your project from the list below. A list of all current Water Quality rules and regulations may be found at: https://rules.wyo.gov/Search.aspx?mode=1

Check All That Apply	Chapter Number	Description of Rule Chapters
☑	11	Design and construction standards for **sewerage systems**, treatment works, disposal systems, or other facilities capable of causing or contributing to pollution. This chapter also includes mobile home park and campground sewerage, public water supply distribution systems, road application of wastewater, and reuse of treated wastewater.
☑	12	Design and construction standards for **public water supplies**, including subdivision water supplies and water line extensions.
☐	25	Septic tank and/or soil absorption systems and other **small wastewater systems**. This form is required for all ***engineered*** non-conventional systems. Do not use this form if you are already using a DEQ-designed application package.
☐	26	**Well construction standards** for commercial, municipal, and industrial waste wells; special process discharge wells; artificial recharge and miscellaneous discharge wells; geothermal wells; observation and monitoring wells; and test wells.
☐	28	Permitting, design, and operation standards for **commercial oilfield waste disposal facilities.**
☑	Other	Briefly describe: Well Abandonment
