1 Department of Commerce Electronic Submission of Payment Requests Invoicing Processing Platform (Dec 2022)

Payment requests must be submitted electronically through the U.S. Department of the Treasury's Invoice Processing Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable payment request or invoicing instructions, Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions - Commercial Items included in commercial item contracts. The IPP website address is https://www.ipp.gov.

Under this contract, the following documents are required to be submitted as an attachment to the IPP invoice: Vendor's Invoice

The Contractor must use the IPP website to register, access, and use IPP for submitting payment requests. If not already enrolled, the Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email within three to five business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email: IPPCustomerSupport@fiscal.treasury.gov or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting payment requests, the Contractor must submit a waiver request in writing to the Contracting Officer with its proposal or quotation. Contact the contracting officer for more information on submitting a waiver request.

Standard Language UTILIZATION OF FEDCONNECT FOR CONTRACT ADMINISTRATION

RFO 52.217-8 Option To Extend Services. (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 Days of the period of performance expiring.

If the Government fails to extend the term of the contract within the period identified and the Government has provided a written notice to the Contractor that the action is undergoing review in accordance with Department of Commerce procedures for implementing Executive Order 14222 the contractor shall stop all work and incur no costs to be charged to the Government. Once the Department of Commerce's review process has occurred, or no later than 30 days from the initial review notification, the Government will notify the contractor if the option may be exercised and, if so, adjust start and end dates of the period of performance accordingly. The Government will then extend the term of the contract with a bilateral modification.

Inclusion of FAR clause 52.217-8, Option to Extend Services, in the solicitation and resultant contract is for use by the Government as outlined at FAR 37.111, Extension of Services. The option will be exercised as needed at any time during the life of the contract using the rates applicable at the time of exercise.

(End of clause)

RFO 52.217-9 Option To Extend the Term of the Contract. (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 180 Days before contract expiration; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 15 days before the contract expires. The preliminary notice does not commit the Government to an extension.

If the Government fails to extend the term of the contract within the period identified and the Government has provided a written notice to the Contractor that the action is undergoing review in accordance with Department of Commerce procedures for implementing Executive Order 14222 the contractor shall stop all work and incur no costs to be charged to the Government. Once the Department of Commerce's review process has occurred, or no later than 30 days from the initial review notification, the Government will notify the contractor if the option may be exercised and, if so, adjust start and end dates of the period of performance accordingly. The Government will then extend the term of the contract with a bilateral modification.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 Years.

(End of clause)

RFO 52.222-42 Statement of Equivalent Rates for Federal Hires. (MAY 2014)

In compliance with the Service Contract Labor Standards statute and the regulations of the Secretary of Labor (29 CFR part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

This Statement is for Information Only: It Is Not A Wage Determination

In accordance with NOAA Administrative Order (NAO) 202-1106, NOAA Sexual Assault and Sexual Harassment Prevention and Response Policy, it is the policy of NOAA to maintain a work environment free from sexual assault and sexual harassment. NOAA prohibits sexual assault and sexual harassment by or of any employee, supervisor, manager, contractor, vendor, affiliate, or other individual with whom NOAA employees come into contact by the virtue of their work for NOAA.

(a) Definitions.

Contractor Employees - The term “contractor employees,” as used in this solicitation and contract language, refers to employees of the prime contractor or its subcontractors, affiliates, consultants, or team members.

Sexual Assault - The term sexual assault, as used in this solicitation and contract language, means any conduct proscribed by state or federal sexual abuse laws, including, but not limited to, those defined in chapter 109A of title 18 of the U.S. Code (sexual abuse), and assaults committed both by offenders who are strangers to the victim and by offenders who are known or related by blood or marriage to the victim.

Sexual Harassment - As defined by the Equal Employment Opportunity Commission, sexual harassment is a form of sex discrimination that violates Title VII of the Civil Rights Act of 1964. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, non-verbal, or physical conduct of a sexual nature when any of the following are true:

- Submission to such conduct is made either explicitly or implicitly as a term or condition of an individual's employment;
- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual;

- The conduct unreasonably interferes with an individual's work performance or creates an intimidating, hostile, or offensive working environment.

The main characteristics of sexual harassment are that the harasser's conduct is targeted against the recipient's sex, gender identity, or sexual orientation, and is unwelcome to the recipient. It may include, but is not limited to: offensive jokes, slurs, epithets or name calling, undue attention, physical assaults or threats, unwelcome touching or contact, intimidation, ridicule or mockery, insults or put-downs, constant or unwelcome questions about an individual's identity, and offensive objects or pictures.

(b) Requirements.

1. It is the responsibility of the contractor to ensure that contractor employees maintain the highest degree of conduct and standards in performance of the contract. In support of this, NOAA urges its contractors to develop and enforce comprehensive company policy addressing sexual assault and sexual harassment.

2. The contractor shall include wording substantially the same as this solicitation and contract language in every subcontract so that it is binding upon each subcontractor.

3. If a contractor employee observes or is the object of sexual assault or sexual harassment, he or she is highly encouraged to report the matter, as soon as possible, to their immediate supervisor, the COR, subset of the COR (e.g. Task Manager or Assistant COR), or contracting officer (CO) if a COR is not assigned to the contract. The contract employee may also contact the NOAA Civil Rights Office to obtain guidance on reporting instances of sexual assault or sexual harassment. If deemed necessary, the contractor employee may also report such instances to local law enforcement. In the case where the incident occurs while performing at a remote location, such as at sea or in the field (at a field camp or other isolated location) where the above referenced individuals are unavailable, the contractor employee should follow the reporting procedure set forth in NAO 202-1106, Section 6.07, Reporting from Remote Locations.

4. Swift reporting allows NOAA and the contractor to take the appropriate measures to ensure that offensive behavior stops and the complainants' needs are addressed.

5. The COR (if assigned), CO, and contractor, where applicable, will work together to ensure appropriate action is taken in accordance with applicable laws and regulations, contract terms and conditions, and the contractor's written policy (where applicable).

6. The contractor shall provide all contractor employees assigned to perform under this contract with mandatory sexual assault and sexual harassment prevention and response training in compliance with the requirements of NAO 202-1106, Section 5, Prevention Training and Awareness, as part of their initial in-processing and on an annual basis thereafter. The initial training shall be completed within 30 business days of contract award or the date a contractor employee is assigned to perform under the contract, as applicable.

Evidence of initial training by name and date completed for each contractor employee, shall be submitted to the COR or contracting officer (if no COR assigned) within 10 business days of completion.

Evidence of annual training by name and date completed for each contractor employee shall be submitted to the COR or contracting officer (if no COR assigned) no later than March 1st of each calendar year of contract performance.

7. The mandatory sexual assault and sexual harassment training provided by the contractor shall include the required elements set forth by NOAA's Workplace Violence Program Manager. A link to the website including the required elements of the training is provided at https://www.noaa.gov/organization/acquisition-grants/noaa-workplace-harassment-training-for-contractors-and-financial. The website will also provide training materials and resources to assist the contractor in conducting the training. The contractor may provide training that solely addresses the NOAA required elements or may supplement existing company sexual assault and sexual harassment training in a manner that ensures all of the elements are adequately addressed.

8. The required elements of the training and resources available to the contractor for the training may be updated by NOAA periodically. The contractor is responsible for monitoring the website and incorporating any changes to the NOAA required elements into the contractor provided training.

9. NOAA's Workplace Violence Program Manager, COR, or CO may periodically review the contractor's training outline to ensure all required elements are included and, if necessary, any appropriate adjustments are made to the training by the contractor.

10. Contractor employees performing on assignments in a remote location, such as at a field camp or other isolated locations, are subject to receiving the same briefing on the parameters of the order provided to NOAA employees as set forth in Section 6 of NAO 202-1106.

11. The contractor shall provide a copy of this solicitation and contract language and NAO 202-1106 to contractor employees.

(c) Sexual Assault/Sexual Harassment (SASH) Helpline.

For NOAA employees, affiliates, and contractors who have experienced sexual assault or sexual harassment, NOAA has established the NOAA Sexual Assault/Sexual Harassment (SASH) helpline. This helpline is designed to provide crisis intervention, referrals, and emotional support to those who are victims and/or survivors of sexual harassment or sexual assault within the workplace. Contractor employees may use the helpline to receive live, confidential, one-on-one support in an occurrence of sexual harassment or assault by a Federal Government employee.

All services are anonymous, secure, and available worldwide, 24 hours a day, seven days a week. The NOAA SASH helpline is accessible through a variety of channels, including:

- Phone: 1-866-288-6558
- Website & Online Chat: https://www.noaasashhelpline.org/
- Mobile App: NOAA SASH Helpline (available via iOS and Android App Stores)
- Text: (202) 335-0265

(d) Confidentiality.

Any party receiving information from the filing of a complaint alleging sexual assault or sexual harassment, or while performing an investigation into such a complaint, shall keep the information

confidential. “Confidentiality” means that the information shall only be shared with others who have a need to know the information to conduct their official duties.

(e) Remedies.

In addition to other remedies available to the Government, contractor employee violations of Federal requirements (e.g., law, statutes, executive orders, code, rules, regulations) applicable to sexual assault and sexual harassment and/or failure to complete the mandatory training set forth in this solicitation and contract language, may result in:

1. Requiring the contractor to remove a contractor employee or employees from the performance of the contract;

2. Requiring the contractor to terminate a subcontract;

3. Suspension of contract payments until the Contractor has taken appropriate remedial action;

4. Termination of the contract for default or cause, in accordance with the termination clause of this contract;

5. Suspension or debarment; or

6. Other appropriate action.

NOAA Acquisition Manual 1330-52.232-71 ELECTRONIC SUBMISSION OF PAYMENT REQUESTS (FEB 2023)

The Contractor must submit payment requests electronically through the U.S. Department of the Treasury's Invoice Processing Platform System (IPP). The Contractor must use the IPP website to register, access, and submit payment requests. The IPP website address is https://www.ipp.gov.

"Payment request" means any request for contract financing payment or invoice payment to the Contractor. To be considered proper, invoices must be prepared in accordance with, and contain all elements specified in, the contract payment clause (e.g., FAR 52.212-4(g), FAR 52.232-25(a)(3), FAR 52.232-26(a)(2), FAR 52.232-27(a)(2)).

The Contractor must include the following documents as attachments to payment requests submitted through the IPP: Contractor's invoice.

If the Contractor is unable to comply with the requirement to submit payment requests through the IPP due to a threat to national security; a matter of unusual or compelling urgency; or because the political, financial, or communications infrastructure of a foreign country does not support access to the IPP, the Contractor must request an exception in writing. Contact the Contracting Officer for more information about requesting an exception.

NOAA Acquisition Manual 1330-52.237-70 CONTRACTOR COMMUNICATIONS

(a) A contractor employee shall be identified both by the individual's name and the contractor's name when:

● Included in NOAA's locator, and

● When submitting any type of electronic correspondence to any NOAA employee or stakeholder.

(b) Any written correspondence from a contractor or any contractor employee shall be printed on company/organization letterhead or otherwise clearly identify the sender as an employee of the company or organization and shall identify the contract number.

(c) Contractors and/or contractor employees shall clearly identify themselves as such in any verbal communications, whether in informal discussion or a formal meeting.

(End of solicitation and contract language)

NOAA Acquisition Manual 1330-52.237-71 NOAA GOVERNMENT-CONTRACTOR RELATIONS - NON-PERSONAL SERVICES CONTRACT (SEPT 2017)

(a) The Government and the contractor understand and agree that the services to be delivered under this contract by the contractor to the Government are non-personal services as defined in FAR Part 37, Service Contracting, and the parties recognize and agree that no employer-employee relationship exists or will exist under the contract between the Government and the contractor's personnel. It is, therefore, in the best interest of the Government to afford both parties an understanding of their respective obligations.

(b) Contractor personnel under this contract shall not:

1. Be placed in a position where they are under relatively continuous supervision and control of a Government employee.

2. Be placed in a position of command, supervision, administration, or control over Government personnel or over personnel of other contractors performing under other NOAA contracts.

(c) The services to be performed under this contract do not require the contractor or the contractor's personnel to exercise personal judgment and discretion on behalf of the Government. Rather, the contractor's personnel will act and exercise personal judgment and discretion on behalf of the contractor.

(d) Rules, regulations, directives, and requirements that are issued by the Department of Commerce and NOAA under its responsibility for good order, administration, and security are applicable to all personnel who enter the Government installation and facilities, who are provided access to Government systems, or who travel on Government transportation. This is not to be construed or interpreted to establish any degree of Government control that is inconsistent with a non-personal services contract.

(e) Both parties are responsible for monitoring contract activities for indications of improper employee-employer relationships during performance. In the event a situation or occurrence takes place inconsistent with this contract language, the following applies:

1. The contractor shall notify the contracting officer in writing within 5 business days from the date of any situation or occurrence where the contractor considers specific contract activity to be inconsistent with the intent of this contract language. The notice must include the date, nature and circumstance of the situation or occurrence, the name, function and activity of each Government employee or contractor employee involved or knowledgeable about the situation or occurrence, provide any documents or the substance of any oral communications related to the activity, and an estimated date by which the Government is recommended to respond to the notice in order to minimize cost, delay, or disruption of performance.

2. The contracting officer will review the information provided by the contractor, obtain additional information (if needed), and respond in writing as soon as practicable after receipt of the notification from the contractor. The contracting officer's response will provide a decision on whether the contracting officer determines the situation or occurrence to be inconsistent with the intent of this contract language and, if deemed necessary, will specify any corrective action(s) to be taken in order to resolve the issue.

NOAA Acquisition Manual 1330-52.237-72 CONTRACTOR ACCESS TO NOAA FACILITIES (SEPT 2017)

(a)

1. The performance of this contract requires employees of the prime contractor or its subcontractors, affiliates, consultants, or team members ("contractor employees") to have access to and to the extent authorized, mobility within, a NOAA facility.

2. NOAA may close and or otherwise deny contractor employees access to a NOAA facility for a portion of a business day or longer for various reasons including, but not limited, to the following events:

i. Federal public holidays for Federal employees in accordance with 5 U.S.C. 6103;

ii. Fires, floods, earthquakes, and unusually severe weather, including but not limited to snow storms, tornadoes, and hurricanes;

iii. Occupational safety or health hazards;

iv. Lapse in Appropriations; or

v. Federal Statute, Executive Order, Presidential Proclamation, or any other unforeseen reason.

3. In such events, the contractor employees may be denied access to a NOAA facility that is ordinarily available for the contractor to perform work or make delivery, as required by the contract.

(b) In all instances where contractors are denied access or required to vacate a NOAA facility, in part or in whole, the contractor shall be responsible to ensure contractor personnel working under the contract

comply. If the circumstances permit, the contracting officer will provide direction to the contractor, either directly or through the COR, which could include continuing on-site performance during the NOAA facility closure period; however, if Government oversight is required and is not available, on-site performance shall not be allowed. In the absence of such direction, the contractor shall exercise sound judgment to minimize unnecessary contract costs and performance impacts, for example, performing required work off- site if possible or reassigning personnel to other activities if appropriate.

(c) The contractor shall be responsible for monitoring the Office of Personnel Management at opm.gov, the local radio, television stations, NOAA web sites, and other communication channels. Once the facility is accessible, the contractor shall resume contract performance as required by the contract.

(d) For the period that NOAA facilities were not accessible to contractors who required access in order to perform the services, the contracting officer may—

1. Adjust the contract performance or delivery schedule for a period equivalent to the period the NOAA facility was not accessible;

2. Forego the work; or

3. Reschedule the work by mutual agreement of the parties.

(e) Notification procedures of a NOAA facility closure, including contractor denial of access, are as follows:

1. The contractor shall be responsible for notification of its employees of the NOAA facility closure to include denial of access to the NOAA facility. The dismissal of NOAA employees in accordance with statute and regulations providing for such dismissals shall not, in itself, equate to a NOAA facility closure in which contractors are denied access. Moreover, the leave status of NOAA employees shall not be conveyed or imputed to contractor personnel. Accordingly, unless a NOAA facility is closed and the contractor is denied access to the facility, the contractor shall continue performance in accordance with the contract.

2. Access to Government facilities and resources, including equipment and systems, will be limited and personnel necessary to administer contract performance may not be available. Generally, supply and service contracts that are funded beyond the date of the lapse in appropriation and do not require access to Government facilities, active administration by Government personnel or the use of Government resources in a manner that would cause the Government to incur additional obligations during the lapse in appropriation may continue. If a delivery date for a contract falls during the period of a lapse in appropriations, Government personnel may not be available to receive delivery. Contractors are directed to consult with a contracting officer before attempting to make a delivery. Contracting officers will be available throughout the lapse in appropriation period to provide guidance.

Once OMB guidance is given, CORs, in consultation with the contracting officer, will notify those contractors that are deemed by the Program Office to be performing excepted work and identify the contractor personnel requiring access to NOAA facilities. CORs will also coordinate directly with facility management or physical security personnel at respective locations to ensure that the names of contractor personnel requiring access to Government facilities during the lapse in appropriations are provided to physical security personnel.

Contractors who are not designated as performing excepted work are not allowed access to Government facilities or to utilize Government resources in a manner that would incur any additional obligation of funding on behalf of the Government during the lapse in appropriation.

3. Unless otherwise specified within the contract award, contractors requiring access to NOAA facilities outside normal business hours or outside the normal workweek shall submit a written request in writing through the COR to the contracting officer. The written request shall provide justification supporting the required access and be submitted 72 hours before access to the NOAA facility is needed.

Section 6 - Instructions to Offerors

Addendum to RFO 52.212-1 General

NOTICE TO QUOTERS: Instructions for submitting quotations under this request for quote must be followed. Failure to provide all information to aid in the evaluation may be considered non-responsive. Quotes that are non-responsive may be excluded from further evaluation and rejected without further notification to the quoter.

OBJECTIVE: The Government will award one purchase order from this Request for Quotation (RFQ). This RFQ is a 100% Small Business Set-Aside. The Government will only consider quotations from vendors who meet the small business size standard of the NAICS code associated with this RFQ is 561730, Landscaping Services.

Government Affordability Statement:
The total estimated price range for this procurement is $138,000.00 to $207,000.00. The Government may select a quote for award with a price below, at, or exceeding this figure, depending on which quote is the lowest-priced technically acceptable.

GENERAL INSTRUCTIONS:
a. This commercial acquisition will be conducted in accordance with the terms and conditions of the Revolutionary Federal Acquisition Regulation (FAR) Overhaul (RFO), specifically, RFO 12, Acquisition of Commercial Products and Commercial Services.

1. Acceptance Period - The acceptance period entered on the Standard Form (SF) 1449 by the quoter must be valid for 90 days from the RFQ due date.
2. Signature Authority – The person signing the quote must have the authority to commit the Quoter to all the provisions of the offer.
3. The quote must be prepared in two parts: A technical quote and a price quote. Each of the parts must be separate and complete in itself so that evaluation of one may be accomplished independently from evaluation of the other. The technical quote must not contain reference to price; however, resource information (such as data concerning labor hours and categories, materials, subcontracts, etc.), must be contained in the technical quote so that the quoter's technical capability is sufficiently detailed to provide a clear and concise presentation that addresses all requirements and demonstrates a clear understanding of the requirements.
4. The technical quote must be in an Adobe PDF format and no smaller than Times New Roman size 12 font. Tables, graphics, and other illustrations must be no smaller than size 10 font.
5. The quoter must submit the following by 11:00am Eastern Time on November 24, 2026 via email to jack.huckleby@noaa.gov & jenna.taulman@noaa.gov: QUOTES RECEIVED AFTER THE TIME AND DATE AS SPECIFIED IN BLOCK EIGHT (8) OF THE SF 1449 MAY NOT BE ACCEPTED.

Quotation Format:
Volume I: Technical Quote: One (1) electronic copy
Volume II: Business/Price Quote: One (1) electronic copy
Note: Each part must be clearly marked by title.

SOLICITATION QUESTIONS

No questions shall be asked during the site visit. Instead, they should be submitted electronically via email to jack.huckleby@noaa.gov & jenna.taulman@noaa.gov by 11:00am Eastern Time on November 19, 2026. Any responses to questions will be made in writing by a formal amendment to the RFQ as soon as practicable, without identification of the questioner. Even if provided in another form, only the question & responses included in the amendment to the solicitation will govern performance of the contract.

EVALUATION SUBMISSION REQUIREMENTS
The Government will award a purchase order resulting from this RFQ to the responsible quoter whose technically acceptable quotation is determined to be lowest priced. The following factors will be used to evaluate offers:

VOLUME I - TECHNICAL QUOTE
The technical quote must provide information relevant to the evaluation criteria outlined in this RFQ. Quoters must assume the Government has no prior knowledge of their experience and will base its evaluation on the information presented in the quoter's quote. Quoters must address the following in the technical quote:

Factor 1: Technical Approach
Quoters must outline their understanding of the requirement and their planned technical approach to fulfill all requirements of the SOW. Simply copying or paraphrasing SOW language will be rated Unacceptable.

Factor 2: Experience
Provide two (2) completed projects within the past three (3) years demonstrating relevant experience in non-residential snow removal.
A Quoter may submit project experience completed by a proposed subcontractor to satisfy the technical capability requirement, provided the subcontractor will perform a major or critical portion of the physical work.
If proposing to rely on a subcontractor's experience, the quote must:

1. Clearly identify the subcontractor and detail their specific role, scope of work, and level of effort in performance.
2. Provide the subcontractor's project references meeting the criteria in Section 6.
3. Provide any required licenses, certifications, and documentation for the subcontractor relevant to their role.

VOLUME II - BUSINESS/PRICE QUOTE
The quoter must submit one electronic copy of Volume 2, marked as such.

Factor 3: Price Quotation
Each quoter's price quote must be based on the quoter's own technical quote, the Government's specifications, and other contractual requirements. If the prices to be used are based on a published price list or catalog, the quoter must so state, and provide a copy of the document with its price quote. If the prices are to be based on established market prices, not otherwise published, or are prices applicable only to the proposed purchase order, the quoter must so state. Price quotes must generally adhere to the pricing structure established in the Price Schedule. The quoter must submit one electronic

copy of Volume 2, marked as such.
A. The Government expects that this purchase order will be awarded based upon adequate price competition. However, in order to determine that quoted prices are fair and reasonable, the Government reserves the right to request that the quoter provide cost breakdowns to support proposed prices. Information to support unit prices should include, but not be limited to, the following:

a. Salary/wage information with associated payroll expenses, for personnel to be used in performance of the purchase order;
b. Cost for equipment, supplies, and consumable materials;
c. A breakout of related support costs, such as equipment maintenance, rental, transportation, etc.;
d. Overhead costs;
e. General Administrative expenses; and
f. Profit

B. Structure and Information to be Included:

1. Volume 1 - Technical Quote
2. Volume 2 - Price Quote
3. Point of contact name, telephone, and e-mail address.
4. CAGE and UEI Number
5. Acknowledgement of registration in the System for Award Management (SAM) database
6. Acknowledgement of solicitation SF30 amendments if any
7. Identification of Authorized Negotiators, including name, telephone, and e- mail address
8. Certification that Representations and Certifications have been executed by an individual authorized to legally bind the quoting firm.

AbilityOne:
Consistent with Government's commitment to providing employment opportunities for those with disabilities, the contractor is encouraged to independently partner with the National Industries for the Blind and SourceAmerica Central Nonprofit Agencies under the AbilityOne Program (www.abilityone.gov) in identifying subcontracting opportunities for this requirement and using qualified AbilityOne contractors. Each quote must describe their proposed use of the AbilityOne program, describe how they will effectively utilize AbilityOne contractors, and provide their anticipated goals for this requirement. A list of AbilityOne products and services listed by North American Industry Classification System codes and descriptions, and Product Service Codes is available at https://www.abilityone.gov/abor.html.

RFO 52.212-1 Instructions to Offerors-Commercial Products and Commercial Services. (SEP 2023) (Deviation JAN 2026)

(a) *Submission of offers*. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include-

(1) The solicitation number;

(2) The name, address, telephone number of the Offeror;

(3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;

(5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and

(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) *Period for acceptance of offers*. The Offeror agrees to hold the prices in its offer firm for 90 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers*.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings*. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.

(3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award.

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.

(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

(End of provision)

RFO 52.237-1 Site Visit. (APR 1984)

Offerors or quoters are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award.

The Site visit will occur at 11:00am Eastern Time on November 18, 2026. To RSVP for this site visit please contact the Contract Specialist, Jack Huckleby, at jack.huckleby@noaa.gov and the Contracting Officer, Jenna Taulman, at jenna.taulman@noaa.gov and CC the site points of contact (POC)'s below:

Section 7 - Evaluation

RFO 52.212-2 Evaluation-Commercial Products and Commercial Services. (NOV 2021) (Deviation JAN 2026)

Basis for Award
Quotes will be evaluated based on price and the factors set forth in this section using Lowest Price, Technically Acceptable (LPTA) procedures.

(a) Evaluation factors. The Government will award a purchase order resulting from this solicitation to the responsible Quoter whose quote, conforming to the solicitation, is determined to be technically acceptable and offers the lowest evaluated price. Award will be made without tradeoffs. Evaluation will be based on the following pass/fail criteria:

Factor 1: Technical Approach - Pass (Acceptable): The quoter provides a clear, logical technical narrative detailing how they will execute all tasks listed in the SOW and meet the required specifications.

Factor 2: Experience - Pass (Acceptable): The quoter provides details for two (2) completed projects within the past three (3) years demonstrating relevant experience that encompass the following: Snow Removal Services. If relying on a proposed subcontractor's experience to meet this requirement, the quote must satisfy all criteria listed in Section 6 for this factor.

Factor 3: Price - The quoted prices will be evaluated but not scored. The Government will evaluate the price quote for completeness and reasonableness in relation to the RFQ requirements based on the Total Evaluated Price. Price quotes must be Firm-Fixed-Price, submitted in PDF or Excel format, and inclusive of all required costs outlined in the instructions.
Evaluation will start with the lowest priced quote and move upwards until a quote receives a "pass" rating for Factors 1 & 2.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the options.

(c) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
