STATEMENT OF REQUIREMENT

Services and supplies are required for the currently installed tree cooler for the St. Joe Ranger District, Idaho Panhandle National Forests. The tree cooler was built in 1984, the outdated HVAC system shall be replaced with a new HVAC system. The contractor shall provide a fully functioning new HVAC system for the existing tree cooler with associated evaporator fans and necessary materials for the refrigeration system. Contractor shall remove any humidifiers and associated parts, update the lighting, and install a notification system of a power outage due to ongoing power fluctuations. The contractor shall provide the personnel, materials, and equipment needed to perform the required services to industry standards and specifications. Representative shall communicate with POC regarding any issues that may arise. Contractor shall coordinate work hours with CO and COR for site access, hours, and operation. There will be no Government Property issued. Electricity will be available on site for Contractor's use. All work shall be completed by 03/15/2027.

SCHEDULE OF ITEMS

Earliest Available Start Date: _____

Vendor Name: _____ *Vendor UEI:* _____

CLIN	Description	Estimated Quantity	Unit of Issue	Unit Cost	Total
0001	Refurbishment of Existing Tree Cooler	1	Lump Sum		
			TOTAL		

Schedule Notes:
a) One award will be made from this solicitation.
b) The Total Price shall include all costs.
c) Fill in table above with all information.
d) Shall provide earliest available date that work can start.

SPECIFICATIONS

The cooler is utilized for a few months out of the year, usually in spring and fall, to store tree seedlings before planting. Below freezing temperatures are required for a few weeks of the year between seedling arrival until thawing begins.

All work shall comply with all Federal and State codes, including removal and proper disposal of freon. Contractor shall provide all the personnel required to complete the work to include a certified HVAC mechanic and electrician.

Preference will be given to contractors who source the required parts from the USA. Contractor shall allow the government to review and provide concurrence with equipment being purchased for installation no later than ten (10) business days.

The tree cooler interior dimensions are 25’ x 30’ 9” x 10’ 2”.

Contractor shall provide a minimum of a one-year warranty on all labor and a two-year warranty on major components.

Quoter shall list the major components to include the make, model, and country of manufacture, that is planned for use to comply with all the specifications.

All components from the electrical panel to the compressor shall be replaced/updated as needed. Included attachment has blueprints, electrical diagram, condenser specifications, and pictures of the unit.

List of Major Components:
Compressor
Condenser
Expansion Valve
Evaporator
Thermostat
Lighting

Contractor shall comply with the following specifications:

- Prepare and have all required permits
- Remove and dispose of existing equipment and associated parts/pieces of infrastructure that will not be used
- Size and replace the condenser required to establish a reliable cooler and related system
- The cooler shall be capable of maintaining an even temperature plus or minus 1° Fahrenheit and can be set and adjusted, at a minimum, between 28° and 40° Fahrenheit
- Provide a digital, easy to use thermostat mounted on the interior wall by the door that will adjust and set temperature accurately by a minimum of 1° and maximum of 2° Fahrenheit increments
- Preference will be given to systems that can control temperatures remotely.
- The compressors shall be compatible with and utilize R-404A or R-448A Refrigerant
- Provide indoor evaporator fans/coils sized to work with the compressor
- Install drain lines from evaporator coils/fans to exterior drain
- Install refrigeration lines to manufacturer's specifications
- Install environmental controller for temperature
- Install a warning alarm when temperature is outside of the programable acceptable range. Shall be able to set range by increments ≤ 2° Fahrenheit)
- Utilize existing electrical panels however everything from the panel to the compressor can be replaced as required
- Install notification system of power outage
- Start, test, and commission all new equipment to confirm all stated refrigeration capabilities are met. The test period shall be five days to ensure the cooler holds at the required critical temperatures.
- Cleanup work area
- Provide owner training for operation and maintenance of the new system to include applicable maintenance schedules and technical manuals for the new equipment after the commissioning of the equipment.

Location Information
Idaho Panhandle National Forests
St. Joe Ranger District
Avery Office
34 Hoyt Drive
Avery, ID 83802

Federal Holidays are excluded. The Contractor is not required to provide service on Federal Holidays. Federal Holidays are observed as follows:

Government facilities observe Federal Holidays that fall on a weekend as follows: Government facility will be closed the Friday before a holiday which falls on a Saturday; Government facility will be closed the first Monday after a holiday which falls on a Sunday.

Federal Acquisition Regulation (AR) and United States Department of Agriculture Acquisition Regulation (AGAR) Clauses and Provisions

The clauses and provisions contained herein are applicable to any order awarded as a result of this solicitation. The terms and conditions set forth herein supersede all other terms and conditions. Acceptance of the order in accordance with (IAW) FAR 12.201-1(b)(2) constitutes acceptance of all terms and conditions contained herein.

As part of the Revolutionary FAR Overhaul (RFO), system updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in this solicitation. Contracting officers will rely on representations from offers based on provisions in the solicitation. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

FAR 52.212-1 is amended as follows:

INSTRUCTIONS TO QUOTERS

Contractors shall submit their quote electronically to the Buyer and Contracting Officer. Quote shall be emailed to julia.cohrs@usda.gov and sarah.ackerman@usda.gov. Contractor is responsible for verifying receipt of quote.

Any questions regarding this RFQ shall be submitted electronically to Julia Cohrs and Sarah Ackerman at the email addresses above.

Contractors shall submit a price quote and technical proposal to include all the evaluation factors with the required information (below).

Price:

Contractor shall fill out the SF-1449 and provide pricing as requested in the Schedule of Items including completion and signing of requested company information.

Documents to be submitted:

- License Copies - Provide a copy of License of HVAC mechanic and electrician for the State of Idaho.

-**Warranty -** Shall provide warranty details for all labor and major components*see page 4 for listing of major components).

-**List of Major Components** - Make, model, and country of manufacture as defined on page four.

Ability to Meet Performance Period:

Work shall be completed by **03/15/2027 and the date work can begin will be evaluated. Contractors shall provide a statement confirming their ability to complete all quoted items. This statement must include:**

- The contractor's capacity to perform the required work,
- Any limits to their capabilities,
- Assurance that all required work can be completed by the requested dates and
- Confirmation of the date work can begin.

Relevant Past Performance:

Contractor shall provide the following information for relevant past performance:

Award #	CO's Name	COR's Name	Period of Performance

Award Type

It is anticipated that a Firm-Fixed-Price purchase order will be awarded as a result of this synopsis/solicitation. The Government intends to make one award from this solicitation. Therefore, to be considered responsive, contractors must submit pricing for all items.

Evaluation and Basis for Award

Evaluation-Commercial Items:

The provision at FAR 52.212-2, Evaluation—Commercial Products and Commercial Services is applicable to this solicitation.

a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

Price:
The Contractor's quotation shall be evaluated in accordance with FAR 12.204, to determine if it is fair and reasonable.

Documents to be submitted with quote:
Documents will be evaluated on submission and acceptability of the required documents. This factor will be evaluated using the following rating system: **Exceptional:** All required documents submitted and the contractor proposes major components which exceed minimum requirements and warranty standards. **Acceptable:** All required documents submitted and the contractor shows a demonstrated ability to meet contract requirements. **Unacceptable:** Missing required documents and or the contractor shows a demonstrated lack of ability to meet contract requirements.

Ability to Meet Performance Period:
The Contractor's quotation will be evaluated on the confirmation statement of their ability to complete all quoted items. This factor will be evaluated using the following rating system: **Acceptable:** The Contractor's response illustrates they have the capacity to perform the required work for all quoted projects and will be able to start work and complete the project(s) within the timeframe. **Unacceptable:** The Contractor's response does not illustrate they have the capacity to perform the required work, will not be able to start work and complete the project within the timeframe, or the Contractor did not respond to this evaluation factor.

Relevant Past Performance:
The Government may utilize any references provided by the Contractor, along with information available from past work similar in size, complexity and scope completed within the last three years; and any information found using sources such as Federal Government sources or the Contractor Performance Assessment Reporting System (CPARS) to determine if the Contractor has acceptable or neutral Past Performance. The Government will consider the extent to which the vendor demonstrates experience performing work similar in scope, size, and complexity to the requirements of this solicitation. Government evaluators may avail themselves of various federal, state, and local past performance databases. The Government may research quoter performance on any federal, state, local, and commercial contract performance of the quoter that is known to the Government but not included on the submitted performance information. Additionally, the personal experience and evaluator knowledge of offeror performance may be utilized. Past Performance will be evaluated using the following rating system:

- **Acceptable:** The contractor shows a demonstrated ability to meet contract requirements in prior or current contracts, including quality of work, timeliness, cost control, business relations, and adherence to contract terms.
- **Neutral:** Offeror does not have a past performance record.
- **Unacceptable:** The contractor has a documented history of failing to meet contract requirements, including poor quality, missed deadlines, cost overruns, lack of responsiveness, or unethical behavior or did not respond to this evaluation factor.

Evaluation Method:
Award will be made to the quoter representing the best value to the Government. The Government may consider quotations that exceed minimum requirements and offer additional value or benefits, even if they are not the lowest priced. However, formal tradeoff procedures will not be conducted.

AGAR Provisions

452.203-70 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Certification (Dec 2025)

(a) By submission of its offer, the offeror certifies that:

(1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution.
(2) Neither it nor any proposed subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution.

(b) If the offeror participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, by submission of its offer, the offeror certifies that it is compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The offeror affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the offeror will not be eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to offeror's compliance with the above requirements and/or eligibility for the contract may subject the offeror to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) Failure on the part of the offeror or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate the contract for default.
(End of Provision)

NOTICE FOR FILING AGENCY PROTESTS
United States Department of Agriculture (USDA) Protest Procedures

The United States Department of Agriculture (USDA) is committed to fair, transparent, and efficient acquisitions. Interested parties with concerns about this solicitation are encouraged to seek resolution through the following USDA procedures.

Tier 1: Contracting Officer Concern Resolution

Submission: Interested parties with concerns about either the solicitation or subsequent award should first submit their concern directly to the Contracting Officer, providing sufficient detail to allow the Contracting Officer to understand and assess the issue.

Process: The Contracting Officer will review the concern, seek clarification as needed, and engage with the interested party to attempt prompt resolution.

Review Timeline: The Contracting Officer will make every effort to provide a response or resolution within 10 business days of receiving the concern.

Effect on Award or Performance: Tier 1 engagement is not considered an official notification of filing an agency protest and does not pause solicitation deadlines, delay award decisions, or suspend contract performance.

Next Steps: If the matter cannot be resolved at Tier 1, the interested party may file a written agency protest under Tier 2.
USDA encourages all parties to seek resolution with the Contracting Officer before filing an agency protest.

Tier 2: Agency Protest
If concerns cannot be resolved at Tier 1, an interested party may file a written agency protest with either the Contracting Officer or the USDA Independent Review Authority. The decision by the USDA Independent Review Authority is an alternative to a decision by the Contracting Officer. The USDA Independent Review Authority will not consider an appeal of the Contracting Officer's decision on an agency protest.
The protest must state whether the protester elects review by the Contracting Officer, by the UDSA Independent Review Authority. If no election is stated, the Contracting Officer will decide the protest.

Required Information: Protests shall include the information set forth in FAR 33.104-4 (a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.

Submission: Agency protests should be submitted electronically to SPE.inquiry@usda.gov and the Contracting Officer.

Timeliness: Protests must be filed within the timeframes specified in FAR 33.104.

Effect on Award or Performance: Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined to be in the best interest of the Government.

Review Timeline: USDA strives to resolve agency-level protests within 35 business days of receipt.

Election of Forum: By filing a protest with USDA, the protesters agree not to file a protest on the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If such a protest is filed externally, the USDA agency protest will be dismissed.

Questions: Questions regarding this notice or protest procedures should be directed to the Contracting Officer identified in this solicitation.

THE SERVICE CONTRACT ACT
By direction of the Secretary of Labor

Daniel W. Simms
Director

Division of
Wage Determinations

EMPLOYMENT STANDARDS ADMINISTRATION
WAGE AND HOUR DIVISION
WASHINGTON D.C. 20210

Wage Determination No.: 2015-5511

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least $13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually.
Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: $5.92 per hour, up to 40 hours per week, or $236.80 per week or $1,026.13 per month

HEALTH & WELFARE EO 13706: $5.42 per hour, up to 40 hours per week, or $216.80 per week, or $939.46 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or

successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least $27.63 per hour (or at least $684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of $3.35 per week (or $.67 cents per day). However, in those instances where the uniforms furnished are made of """"wash and wear"""" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS **

The duties of employees under job titles listed are those described in the """"Service Contract Act Directory of Occupations"""", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage

determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the """"Service Contract Act Directory of Occupations"""" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."""
