PROJECT OVERVIEW

In cooperation with the F.E. Warren Air Force Base and Central Federal Lands Highway Division, this project includes re-graveling existing gravel Minuteman Missile Access Roads in various counties within Colorado, Nebraska, and Wyoming. The intent of this project is to provide necessary aggregate road maintenance for select routes utilized by the United States Air Force.

I. PRE-BID INFORMATION

ELECTRONIC BIDS WILL NOT BE ACCEPTED. Submit a printed copy of your bid to the address listed on the SF-1442 (Page A-1, Item 8).

Bids and bonds shall be submitted in sealed envelopes or packages:

(1) addressed to the office specified in the solicitation, and
(2) showing the time and date specified for receipt, the solicitation number, and the name and address of the bidder.

Bidders using commercial carrier services shall ensure that the bid is addressed and marked on the outermost envelope or wrapper as prescribed above when delivered to the office specified in the solicitation.

Submit the following documents with your Bid Package–

- SF-1442, Solicitation, Offer & Award, Pages A-1 and A-2
- Bid Schedule Pages A-6 through A-13
- Completed an applicable Authority to Bind certificate, pages A-14 through A-18
- Buy American Act & Hazardous Materials, Pages A-19 through A-20
- Bid Guarantee (RFO Clause 52.228-1), Pages B-1 through B-4. Bid bonds must be originals with original signatures and corporate seals. Photocopies and Faxed copies are NOT acceptable and will make your bid non-responsive.
    - Digital copies may be downloaded at https://www.gsa.gov/forms-library/bid-bond
- Completed the VETS-4212 declaration, Page A-iii; Bidders' Information, Pages B-5 through B-8.

Bidders should retain all other pages for their information. Bids should be submitted in a sealed envelope and include the Contractor's Name, Solicitation Number and the Project Number/Name.

It is the responsibility of the bidder to verify that this solicitation document, including the plans, are complete as listed in the table of contents and the index to sheets. Plan sheets can be found at https://sam.gov and viewed by individual sections, downloaded by individual sections, or the entire plan set downloaded in a zip file. Physical data relevant to this solicitation may also be viewed or downloaded at the above site.

This solicitation and subsequent contract are governed by the 48 CFR, Chapter 1, Federal Acquisition Regulation (FAR), Revolutionary FAR Overhaul (RFO), Department of Transportation Acquisition Regulation (TAR), and the Standard Specifications for Construction of Roads and Bridges on Federal Highway Projects, FP-24.

The FP-24 was utilized for the design of this project. Paper copies of the FP-24 will not be provided to bidders or the awarded Prime Contractor. The FP-24 is available electronically at https://flh.fhwa.dot.gov/resources/specs/ and a copy is uploaded with this solicitation.

Applicable FAR, RFO and TAR provisions and clauses in this IFB are incorporated by reference or full text. FAR, RFO and TAR provisions and clauses incorporated by reference can be accessed on the Internet at https://www.acquisition.gov/content/regulations, https://www.acquisition.gov/far-overhaul/far-part-deviation-guide and https://www.acquisition.gov/tar.

Notice of SAM Registration – Offerors or quoters are required to have an active Federal Government contracts registration in the System for Award Management (SAM) when they submit an offer or quotation, and at the time of award. Failure to be fully registered prior to submission of a bid may require award to the next successful registered offeror. See RFO Subpart 4.203-1(b).

Register online at www.sam.gov.

"System updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in DOT solicitations.

Examples include:

- 52.222-25, Affirmative Action Compliance, and

- 52.212-3(d), Offeror Representations and Certifications—Commercial Products and Commercial Services.

- 52.223-22, Public Disclosure of Greenhouse Gas Emissions and Reduction Goals—Representation.

- 52.212-3(t), Offeror Representations and Certifications—Commercial Products and Commercial Services.

Contracting officers will not need to consider these representations when making award decisions or enforce requirements. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM."

Representations and Certifications – This solicitation is issued under **NAICS 237310** – Highway, Street & Bridge Construction with a small business size standard of $45 million. If your average annual gross receipts for the past 5 years are above $45 million, you are a large business for this solicitation. If they are below $45 million you are a small business. Before submitting bids, you must ensure you have completed your annual representations and certifications electronically at the SAM website at www.sam.gov. Include NAICS 237310 in your SAM profile.

Vets-4212 Reporting: - The Contractor must complete the report if required. See reporting requirements at: https://www.dol.gov/agencies/vets/programs/vets4212

- My firm had a qualifying Federal Contract in 2025 and has complied with the reporting requirements. ☐
- My firm did not have a qualifying Federal Contract in 2025 and is therefore exempt from the reporting requirements. ☐

Bid Guarantee – Follow the requirements of RFO Clause *52.228-1 Bid Guarantee* and Subpart 102.03 of the FP-24. Bid bonds must be original and have original signatures and corporate seals. Photocopied and faxed copies of bonds will be rejected and cause your bid to be non-responsive.

Accuracy and Completeness of Bid- The Contractor is fully responsible for verifying that all data is correct when an offer is submitted. Failure to properly update your data may cause the offer to be rejected.

Request for Technical Information – Questions relative to the plans and SCRs for this solicitation will only be accepted in writing (see Item 9 on Page A-3).

TECHNICAL QUESTIONS REGARDING THIS SOLICITATION WILL NOT BE ACCEPTED AFTER 4 P.M. ON NOVEMBER 19, 2026

Consolidate all questions on a single Microsoft Word document and submit NLT the deadline to submit technical questions.

Questions can be submitted to CFLContracts@dot.gov. Questions and answers will be posted at https://sam.gov

Modifications to Bids - Bids may be modified or withdrawn by regular mail, electronic commerce (email), if such notice is received **prior to the time specified for receipt of bids**. The Government will not be responsible for ANY failure attributable to the transmission or receipt of electronic commerce (email).

For all modifications, we **STRONGLY ENCOURAGE you to resubmit the entire bid schedule with a unit price and amount for every bid item, and a Schedule Total.** See RFO Provision 52.214-5, Submission of Bids. Modifications which make the bid ambiguous, indefinite, or uncertain as to any essential requirement of the contract will cause the bid to be rejected as nonresponsive.

Email Address to submit modifications to bids for this project is cflcontracts@dot.gov

Revolutionary FAR Overhaul 36.101-4 requires a description of the Federal Highway

Administration's (FHWA) procedures that apply to definitization of equitable adjustments for change orders under construction contracts. It also requires that FHWA furnish data on the agency's past performance, for the prior 3 fiscal years, regarding the time required to definitize equitable adjustments for change orders under construction contracts.

Change orders as defined in RFO 2.101 are changes to the contract work pursuant to RFO 52.243-4, Changes.

There are no agency-specific additional policies and procedures that exist at this time.

The table below contains data regarding the definitization of equitable adjustments for change orders under construction contracts by fiscal year (FY).

Time to definitize after receipt of an adequate change order definitization proposal under construction contracts	**Number of change order proposals definitized under construction contracts**		
	FY 2023	**FY 2024**	**FY 2025**
0 to 30 days	0	0	1
31 to 60 days	0	1	0
61 to 90 days	0	0	0
91 to 180 days	1	4	2
181 to 365 days	1	2	1
366 or more days	0	0	0
After completion of contract performance via a contract modification addressing all undefinitized equitable adjustments received during contract performance	0	0	0

II. POST AWARD INFORMATION

CFLHD will no longer be providing paper copies of the conformed contract to the Awarded Prime Contractor.

Subcontracting – RFO Clause *52.219-8, Utilization of Small Business Concerns* states that Prime Contractors afford small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns the maximum practicable opportunity to participate in performing contracts let by any Federal agency.

Insurance requirements - See Subsection 107.05 of the FP-24.

Masterworks - Contractors shall use the Government's web-based system Masterworks to prepare all "*Inspector's Daily Record of Construction Operations"* (*Contractors Daily Reports)* and measurement notes (pay notes).

The Contractor shall be required to attend a training session on the use of Masterworks. The virtual training sessions will be either a video presentation or live training as determined by the CO. The Contractor shall be responsible for training additional staff.

The Contractor shall be required to submit a user account form to gain access to the Masterworks. See Subsection 104.04.

NOTICE: NON-MANDATORY VIRTUAL PRE-BID MEETING

This pre-bid meeting notice is being given to solicit contractor interest and to orient contractors with the project prior to the bid opening. Representatives from the Federal Highway Administration (FHWA) will conduct a virtual meeting on Thursday, November 12th from 10:00 a.m. to approximately 11:00 a.m. Mountain Time.

To RSVP send e-mail to CFLcontracts@dot.gov by close of business November 10, 2026.

SOLICITATION

NOTE: In sealed bid solicitations "offer" and "offeror" mean "bid" and "bidder."

10. THE GOVERNMENT REQUIRES PERFORMANCE OF THE WORK DESCRIBED IN THESE DOCUMENTS:

ROADWAY CONSTRUCTION PROJECT IN STRICT ACCORDANCE WITH:

1. **48 CFR, CHAPTER 1, FEDERAL ACQUISITION REGULATION (FAR), REVOLUTIONARY FAR OVERHAUL (RFO) AND THE DEPARTMENT OF TRANSPORTATION ACQUISITION REGULATION (TAR)**
2. **DEPARTMENT OF LABOR, CONSTRUCTION WAGE RATE REQUIREMENT RATES.**
3. **SPECIAL CONTRACT REQUIREMENTS.**
4. **PLANS.**
5. **BID SCHEDULE.**
6. **STANDARD SPECIFICATIONS FOR CONSTRUCTION OF ROADS AND BRIDGES ON FEDERAL HIGHWAY PROJECTS, FP-24, U.S. CUSTOMARY UNITS.**

See Subsection 104.04 of the FP-24 for governing order of precedence

11. The Contractor shall begin performance within 10 calendar days and complete it within * calendar days after receiving [ ] award [X] notice to proceed. The performance period is [X] mandatory [ ] negotiable. ***See Page A-3**

12A. THE CONTRACTOR MUST FURNISH ANY REQUIRED PERFORMANCE AND PAYMENT BONDS? *(If "YES," indicate within how many calendar days after award in Item 12B.)* [X] YES [ ] NO	12B. CALENDAR DAYS 10

13. ADDITIONAL SOLICITATION REQUIREMENTS:

A. Sealed offers in original and 0 copies to perform the work required are due at the place specified in Item 8. by 2:00 p.m. (hour) local time on 12/02/26 (date). If this is a sealed bid solicitation, offers will be publicly opened at that time. Sealed envelopes containing offers shall be marked to show the offeror's name and address, the solicitation number, and the date and time offers are due.

B. An offer guarantee [X] is [ ] is not required.

C. All offers are subject to the (1) work requirements and (2) other provisions and clauses incorporated in the solicitation in full text or by reference.

D. Offers providing less than 60 calendar days for Government acceptance after the date offers are due will not be considered and will be rejected.

OFFEROR ***(Must be fully completed by offeror)***

14. NAME AND ADDRESS OF OFFEROR *(Include ZIP Code)*	15. TELEPHONE NO. *(Include area code)*
	16. REMITTANCE ADDRESS *(Include only if different than Item 14)*
UEI.	

17. The offeror agrees to perform the work required at the prices specified below in strict accordance with the terms of this solicitation, if this offer is accepted by the Government in writing with 60 calendar days after the date offers are due. *(Insert any number equal to or greater than the minimum requirement stated in Item 13D. Failure to insert any number means the offeror accepts the minimum in Item 13D.)*

AMOUNTS	SEE INDIVIDUAL BID SCHEDULE(S)

18. The offeror agrees to furnish any required performance and payment bonds.

19. ACKNOWLEDGMENT OF AMENDMENTS
(The offeror acknowledges receipt of amendments to the solicitation - give number and date of each)

AMENDMENT NO.										
DATE										

20A. NAME AND TITLE OF PERSON AUTHORIZED TO SIGN OFFER *(Type or print)*	20B. SIGNATURE	20C. OFFER DATE

AWARD ***(To be completed by Government)***

21. ITEMS ACCEPTED:

22. AMOUNT	23. ACCOUNTING AND APPROPRIATION DATA

24. SUBMIT INVOICES TO ADDRESS SHOWN IN BLOCK 27 *(4 copies unless otherwise specified)*	25. OTHER THAN FULL AND OPEN COMPETITION PURSUANT TO THE UNITED STATES CODE AT ☐ 10 U.S.C. 3204(a)( ) ☐ 41 U.S.C. 3304(a)( )
26. ADMINISTERED BY CODE: _____	27. PAYMENT WILL BE MADE BY FEDERAL HIGHWAY ADMINISTRATION CENTRAL FEDERAL LANDS HIGHWAY DIVISION 12300 W. DAKOTA AVENUE, SUITE 167 LAKEWOOD, COLORADO 80228

CONTRACTING OFFICER WILL COMPLETE ITEM 28 OR 29 AS APPLICABLE

☐ 28. NEGOTIATED AGREEMENT *(Contractor is required to sign this document and return _____ copies to issuing office.)* Contractor agrees to furnish and deliver all items or perform all work requirements identified on this form and any continuation sheets for the consideration stated in this contract. The rights and obligations of the parties to this contract shall be governed by (a) this contract award, (b) the solicitation, and (c) the clauses, representations, certifications, and specifications incorporated by reference in or attached to this contract.	☐ 29. AWARD *(Contractor is not required to sign this document.)* Your offer on this solicitation is hereby accepted as to the items listed. This award consummates the contract, which consists of (a) the Government solicitation and your offer, and (b) this contract award. No further contractual document is necessary.
30A. NAME AND TITLE OF CONTRACTOR OR PERSON AUTHORIZED TO SIGN *(Type or print)*	31A. NAME OF CONTRACTING OFFICER *(Type or print)*

30B. SIGNATURE	30C. DATE	31B. UNITED STATES OF AMERICA BY	31C. AWARD DATE

Item 8: **LOCATION OF PUBLIC BID OPENING:** Offers must be received by designated date and time as stated in Item 13A.

Item 9: **FOR GENERAL INFORMATION:** E-mail us at CFLContracts@dot.gov.

FOR TECHNICAL INFORMATION (plans and specifications): Questions must be submitted in writing by e-mail at CFLContracts@dot.gov .

Item 11: **COMPLETION DATE:** The Contractor shall be required to (a) commence work under this contract within 10 calendar days after the date the Contractor receives the notice to proceed, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than **See SCR Section 108.01**, subject to such extensions as may be authorized. The time stated for completion shall include final cleanup of the premises.

Item 12A: **PERFORMANCE AND PAYMENT BONDS:** See RFO *Clause 52.228-15 Performance and Payment Bonds-Construction* (Clauses begin on Page C-1) and Subsection 102.06 of the FP-24.

Item 13B: **BID BOND AMOUNT:** See RFO Provision *52.228-1 Bid Guarantee* (Provisions begin on Page B-1) and *Subsection 102.03 Bid Guarantee* of the FP-24. All bid guarantees must have original signatures with original corporate seals.

Item 19: **ACKNOWLEDGMENT OF AMENDMENTS:** FAILURE TO ACKNOWLEDGE AMENDMENTS, **IN ITEM 19 OF THE SF-1442,** BY THE DESIGNATED DATE AND HOUR SPECIFIED IN THE SOLICITATION MAY RESULT IN REJECTION OF YOUR BID. If amendments are issued, they will be posted to https://sam.gov.

Item 24: **SUBMITTING INVOICES:** See *Subsection 109.08 Progress Payments* of the FP-24.

ESTIMATED PRICE: The price range of the project work is between $5,000,000 and $10,000,000.

Bid Schedule Instructions

BIDDERS, PLEASE NOTE: This Bid Proposal is comprised of three (3) schedules. Before preparing the bid, carefully read the Solicitation Provisions and the following:

- Insert a numeric unit bid price for each pay item for which a quantity appears in the bid schedule. Unit bid prices should be quoted no more precisely than the nearest cent (2 decimal places). Unit bid prices quoted more precisely will be rounded up to the nearest cent by the Government

- Multiply the unit price by the quantity for each pay item and show the amount bid. When the words “Lump Sum” appear as a unit bid price, insert an amount for each lump sum pay item.

- Total all amounts bid for each pay item and show the Construction Cost Total on the space provided on the last page of each schedule or option.

- Also show the Construction Cost Total for each schedule/option as well as the combined Total of each Schedule and the Option in the spaces provided on the Bid Summary page.

NOTE: If the amount bid for a pay item is inconsistent with the product of the unit price provided by the bidder and the quantity provided by the Government, the unit price will govern, and the Government will determine a corrected amount bid for the pay item by multiplying the unit price by the quantity.

Basis for Award

To be eligible for award of contract, the offeror shall submit prices for each item necessary to complete all contract work in Schedule A, Schedule B and Schedule C.

The Government will evaluate the total of Schedule C first. If funds are not available for Schedule C at the time of award, the Government will evaluate Schedule B. If funds are not available for Schedule B at the time of award, the Government will evaluate Schedule A.

Accordingly, award of contract, if made, will be made to the lowest responsive, responsible bidder, subject to funds availability.

BID SCHEDULE

Bidder/Offeror please note: Before preparing the bid, carefully read the Solicitation Provisions. Insert a unit bid price, in figures, for each pay item for which a quantity appears in the bid schedule. Unit bid prices should be quoted no more precisely than the nearest cent (2 decimal places). Unit bid prices quoted more precisely will be rounded up to the nearest cent by the Government. Multiply the unit price by the quantity for each pay item and show the amount bid. Should any mathematical check made by the Government show a mistake in the amount bid, the corrected unit price extension shall govern. When the word "LPSM" (Lump Sum) appears as a unit bid price, insert an amount for each lump sum pay item. When a sum based on a fixed rate appears for any pay item in the amount bid column, include the Government inserted amount bid for the item in the total bid amount. Total all of the amounts bid for each pay item and show the total bid amount.

Schedule B - Base	$0.00

Schedule	Bid Total
Schedule C - Base	$0.00

INSTRUCTIONS: When the offeror/principal is a corporation, include this certification with your offer/bid.

Corporate Certificate

I,_____(name), certify that I am the

_____(title), of the corporation named as the Offeror/Principal herein;

that_____(name), who signed this offer and/or bid bond on behalf of_____(company name) is

_____(title) of this corporation;

that the offer was duly signed for and on behalf of said corporation by authority and scope of its governing body, and within the scope of its corporate powers.

_____(signature) Affix Corporate Seal

_____(title)

INSTRUCTIONS: When the offeror/principal is a limited liability corporation, include this certification with your offer/bid.

Limited Liability Certificate

I,_____(name), certify that I am the

_____(title), of the limited liability company

named as the Offeror/Principal herein;

that_____(name), who signed this

offer and/or bid bond on behalf of_____(company name) is

_____(title) of this company;

that the offer was duly signed for and on behalf of said company by authority and scope of its

governing body, and within the scope of its powers.

_____(signature)

_____(title)

Affix Company Seal
(as applicable)

INSTRUCTIONS: When the offeror/principal is a partnership, include this certification with your offer/bid.

Authority to Bind Partnership

This certifies that the names and signatures of all partners are listed below, and that the person signing the proposal has the authority to actually bind the partnership pursuant to its partnership agreement. Each of the partners individually has full authority to enter into and execute contractual instruments on behalf of said partnership, except as follows:

(State "None" or describe limitations, if any)

This authority shall remain in full force and effect until such time as the revocation of authority by any cause whatsoever has been furnished in writing to and acknowledge by the Contracting Officer.

(Include names and signatures of all partners)

INSTRUCTIONS: When the offeror/principal is a joint venture, include this certification with your offer/bid.

Authority to Bind Joint Venture

This certifies that the person signing the proposal has the authority to actually bind the joint venture pursuant to its joint venture agreement, and that each of the named persons listed below individually has full authority to enter into and execute contractual instruments on behalf of said joint venture, except as follows:

(State "None" or describe limitations, if any)

_____

_____

_____

_____

This authority shall remain in full force and effect until such time as the revocation of authority by any cause whatsoever has been furnished in writing to and acknowledged by the Contracting Officer.

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

INSTRUCTIONS: When the offeror/principal is a sole proprietorship, include this certification with your offer/bid.

Sole Proprietorship Requirement

An Offeror/Principal that is a sole proprietorship must submit an offer/bid and a bond signed by the sole proprietor, or by one duly authorized to sign for the sole proprietor. If the signature is by someone other than the sole proprietor, a copy of the power of attorney authorizing the individual to sign must be provided with the offer/bid.

BUY AMERICAN ACT- CONSTRUCTION MATERIALS

It is understood and agreed that the materials and components listed in Subparts 25.1 and 25.2 of the RFO are a part of this contract and are deemed to be Domestic Construction Material for the purposes of this contract.

NOTE TO CONTRACTOR:

The following information and any applicable supporting data is required for evaluation of requests under RFO Clause 52.225-9 Paragraph (c) & (d) and RFO Provision 52.225-10 Paragraph (b).

Material and/or Component

Construction Material Description	Unit of Measure	Quantity	*Cost Delivered to Job Site
Foreign Construction Material			
Comparable Domestic Material			

Material and/or Component

Construction Material Description	Unit of Measure	Quantity	*Cost Delivered to Job Site
Foreign Construction Material			
Comparable Domestic Material			

[Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).]*
[Please include name, address, telephone number and contact for suppliers surveyed. Attach copy of response; if oral, attach summary. Include all applicable supporting information.]

HAZARDOUS MATERIALS

As required by RFO Clause 52.223-3, Hazardous Materials Identification and Safety Data - Alternate I, the apparent low bidder must submit prior to award a Material Safety Data Sheet (MSDS) for all hazardous materials that the bidder identifies in paragraph (b) of the RFO clause and defined under the latest version of Federal Standard No. 313.

Hazardous Material	Identification Number

BIOBASED PRODUCTS AND SUSTAINABLE PRODUCTS AND SERVICES

See RFO Provision 52.223-1 Biobased Product Certification and RFO 52.223-2 Reporting of Biobased Products Under Service and Construction Contracts for usage, certification, and reporting requirements.

USE OF RECOVERED MATERIALS ON FEDERAL LANDS HIGHWAY PROJECTS

Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act (RCRA) of 1976, as amended (42 U.S.C. 6901 et seq.), requires Federal, State, and local procuring agencies using appropriated Federal funds to purchase items composed of the highest percentage of recovered materials practical. Use of recovered materials is strongly encouraged on Federal Lands Highway Projects. Highway construction items covered by the Environmental Protection Agency's *Comprehensive Guidelines for Procurement of Products Containing Recovered Materials* include fly ash, ground granulated blast furnace slag, traffic barricades, traffic cones, hydraulic mulch and compost for mulch.

Use of fly ash and ground granulated blast furnace slag and construction materials containing fly ash and ground granulated blast furnace slag on Federal Lands Highway Projects:

- It is the policy of the United States Government that fly ash and ground granulated blast furnace slag and materials containing fly ash and ground granulated blast furnace slag shall have maximum practicable opportunity for incorporation into its construction projects.

- The Contractor agrees to investigate the use of fly ash and ground granulated blast furnace slag and materials containing fly ash and ground granulated blast furnace slag to the fullest extent consistent with the efficient performance of this contract. Both the contractor and the subcontractors are urged to seek out suppliers of fly ash and ground granulated blast furnace slag, cement and concrete containing fly ash and ground granulated blast furnace slag and to solicit bids for these materials.

- Names of firms that supply fly ash and ground granulated blast furnace slag and materials containing fly ash and ground granulated blast furnace slag are available from the American Coal Ash Association and the National Slag Association.

Bid Bond (See Instructions on Page 3)	Date Bond Executed (Must Not Be Later Than Bid Opening Date)	**OMB Control Number: 9000-0001** **Expiration Date: 1/31/2027**

Principal (Legal Name And Business Address)	Type Of Organization ("X" One) ☐ Individual ☐ Partnership ☐ Joint Venture ☐ Corporation ☐ Other (Specify)
	State Of Incorporation

Surety(ies) (Name And Business Address)

Penal Sum Of Bond					Bid Identification	
Percent Of Bid Price	Amount Not To Exceed				Bid Date	Invitation Number
	Million(s)	Thousand(s)	Hundred(s)	Cents		6982AF27B000010
20	3	000	000	00	For (Construction, Supplies Or Services) Construction	

Obligation:

We, the Principal and Surety(ies) are firmly bound to the United States of America (hereinafter called the Government) in the above penal sum. For payment of the penal sum, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally. However, where the Sureties are corporations acting as co-sureties, we, the Sureties, bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a joint action or actions against any or all of us. For all other purposes, each Surety binds itself, jointly and severally with the Principal, for the payment of the sum shown opposite the name of the Surety. If no limit of liability is indicated, the limit of liability is the full amount of the penal sum.

Conditions:

The Principal has submitted the bid identified above.

Therefore:

The above obligation is void if the Principal - (a) upon acceptance by the Government of the bid identified above, within the period specified therein for acceptance (sixty (60) days if no period is specified), executes the further contractual documents and gives the bond(s) required by the terms of the bid as accepted within the time specified (ten (10) days if no period is specified) after receipt of the forms by the Principal; or (b) in the event of failure to execute such further contractual documents and give such bonds, pays the Government for any cost of procuring the work which exceeds the amount of the bid.

Each Surety executing this instrument agrees that its obligation is not impaired by any extension(s) of the time for acceptance of the bid that the Principal may grant to the Government. Notice to the Surety(ies) of extension(s) is waived. However, waiver of the notice applies only to extensions aggregating not more than sixty (60) calendar days in addition to the period originally allowed for acceptance of the bid.

Witness:

The Principal and Surety(ies) executed this bid bond and affixed their seals on the above date.

1. This form is authorized for use when a bid guaranty is required. Any deviation from this form will require the written approval of the Administrator of General Services.
2. Insert the full legal name and business address of the Principal in the space designated "Principal" on the face of the form. An authorized person shall sign the bond. Any person signing in a representative capacity (e.g., an attorney-in-fact) must furnish evidence of authority if that representative is not a member of the firm, partnership, or joint venture, or an officer of the corporation involved.
3. The bond may express penal sum as a percentage of the bid price. In these cases, the bond may state a maximum dollar limitation (e.g., 20% of the bid price but the amount not to exceed _____ dollars).
4. (a) Corporations executing the bond as sureties must appear on the Department of the Treasury's list of approved sureties and must act within the limitations listed therein. The value put into the Liability Limit block is the penal sum (i.e., the face value) of the bond, unless a co-surety arrangement is proposed.

(b) When multiple corporate sureties are involved, their names and addresses shall appear in the spaces (Surety A, Surety B, etc.) headed "Corporate Surety(ies)." In the space designated "Surety(ies)" on the face of the form, insert only the letter identifier corresponding to each of the sureties. Moreover, when co-surety arrangements exist, the parties may allocate their respective limitations of liability under the bond, provided that the sum total of their liability equals 100% of the bond penal sum.

(c) When individual sureties are involved, a completed Affidavit of Individual Surety (Standard Form 28) for each individual surety, shall accompany the bond. The Government may require the surety to furnish additional substantiating information concerning its financial capability.

5. Corporations executing the bond shall affix their corporate seals. Individuals shall execute the bond opposite the word "Corporate Seal"; and shall affix an adhesive seal if executed in Maine, New Hampshire, or any other jurisdiction requiring adhesive seals.

6. Type the name and title of each person signing this bond in the space provided.

7. In its application to negotiated contracts, the terms "bid" and "bidder" shall include "proposal" and "offeror."

Paperwork Reduction Act Statement - This information collection meets the requirements of 44 USC § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget (OMB) control number. The OMB control number for this collection is 9000-0001. We estimate that it will take 1 hour to read the instructions, gather the facts, and answer the questions. Send only comments relating to our time estimate, including suggestions for reducing this burden, or any other aspects of this collection of information to: General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street, NW, Washington, DC 20405.

BIDDER'S INFORMATION

INSTRUCTIONS: Answer all questions on this form by inserting "none" or "not applicable" where appropriate. If more space is required, attach additional sheets. Return the signed, dated and completed form with the bid to the address shown in the invitation for bids on or before the time set for bid opening. The prospective bidder shall provide any additional information requested by the Government during evaluation of the bids.

If the prospective bidder is a joint venture or general partnership, a separate Bidder's Qualifications form shall be provided individually for each joint venture participant or partner.

1. Name and address of business

Name			Unique Entity ID (See RFO Provision 52.204-91)
Street			Employer ID Number (EIN)* *Necessary for Government reporting purposes only
City	State	Zip Code	
County			
Telephone Number (Include Area Code)			
Fax Number (Include Area Code)			E-mail Address

2. a. Type of organization (check appropriate box):

☐ Individual ☐ Non-Profit Organization ☐ Corporation
☐ Partnership ☐ Joint Venture ☐ Incorporated in:

If a foreign entity:

☐ Individual ☐ Non-Profit Organization ☐ Corporation
☐ Partnership ☐ Joint Venture ☐ Registered in

b. Size and Type of Business Concern (check appropriate boxes):

☐ Large Business Concern ☐ Small Disadvantaged Business Concern ☐ Emerging Small Business
☐ Small Business Concern ☐ Women-Owned Small Business ☐ SBA 8(a) Certified
☐ HUBZone Business Concern ☐ Veteran Owned Business Concern ☐ Service-Disabled Veteran-Owned Business Concern

3. If a Joint Venture or General Partnership:

a. Provide the name under which the project will be bid, the home office address, and the name of the principal who will represent the company with the regard to this project if different from "1" above.

Principal

Business Name

Street

City State Zip Code

b. Provide the name of the home office addresses of each of the joint venture partners; indicate which partner is the sponsoring partner. Attache a separate sheet for additional partners.

Sponsoring Partner

Street

City State Zip Code

Other Partner

Street

City State Zip Code

4. Date Organization Established
5. Name of succeeded business (if any):
6. How many years have you been in business at:
   a. General Contractor _____ years.
   b. Subcontractor _____ years.

7. a. Furnish the following information concerning the owner, partners, officers and directors:

Name	Title	Percent of Business Owned	Years of Business Experience	
			Contracting	Other

b. Attach resumes of key personnel as well as the on-site manager(s) and superintendent(s), and specifically identify the following

- Present position, responsibility, and length of employment
- Amount and type of construction
- Amount and type of highway construction experience, including position, responsibility, and a brief project description for each period of employment.
- Formal education and training, professional or technical registrations or licenses.

8. a. Contracts in force. (Attach additional sheets if necessary)

Project Name and Contract Numbers	Owner's Name, Address, and Contact Name, Email and Telephone #	Scope of Work Performed	Contract Amount	Estimated Completion Date	Name of Surety

b. Are there any unresolved claims or lawsuits associated with these projects? If so, state the amount in dispute, parties involved, nature and circumstances of the dispute, and status of the matter on a separate sheet.

9. a. List up to five of the largest jobs you have completed in the last five years which are similar in project work scope to this project. (Attach additional sheets if necessary)

Project Name and Contract Numbers	Owner's Name, Address, Contact Name, Email and Telephone #	Scope of Work Performed	Original and Final Contract Amounts	Original and Final Completion Dates	Names of On-site Project Manager and Superintendent	Name of Surety

b. Are there any unresolved claims or lawsuits associated with these projects? If so, state the amount in dispute, parties involved, nature and circumstances of the dispute, and status of the matter on a separate sheet

Solicitation Provisions

52.203-2 Certificate of Independent Price Determination (APR 1985)

(a) The offeror certifies that-

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to-

(i) Those prices;

(ii) The intention to submit an offer; or

(iii) The methods or factors used to calculate the prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory-

(1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision; or

(2)(i) Has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision _____ *[insert full name of person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror's organization]*;

(ii) As an authorized agent, does certify that the principals named in subdivision (b)(2)(i) of this provision have not participated, and will not participate, in any action contrary to paragraphs (a)(1) through (a)(3) of this provision; and

(iii) As an agent, has not personally participated, and will not participate, in any action contrary to paragraphs (a)(1) through (a)(3) of this provision.

(c) If the offeror deletes or modifies subparagraph (a)(2) above, the offeror must furnish with its offer a signed statement setting forth in detail the circumstances of the disclosure.

(End of provision)

52.222-5 Construction Wage Rate Requirements Secondary Site of the Work. (MAY 2014)(DEVIATION OCT 2025)

52.223-1 Biobased Product Certification (MAY 2024)(DEVIATION FEB 2025) (DEVIATION DEC 2025)

As required by the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 8101(4)) and the Energy Policy Act of 2005 (7 U.S.C. 8102(a)(2)(F)), the Offeror certifies, by signing this offer, that biobased products (within categories of products listed by the United States Department of Agriculture at https://www.biopreferred.gov/resources/categories.html to be used or delivered in the performance of the contract, other than biobased products that are not purchased by the Offeror as a direct result of this contract, will comply with the applicable specifications or other contractual requirements.

(End of provision)

52.225-10 Notice of Buy American Requirement—Construction Materials (MAY 2014)

52.228-1 Bid Guarantee. (SEP 1996)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, *e.g.*, bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds -

(1) To unsuccessful bidders as soon as practicable after the opening of bids; and

(2) To the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.

(c) The amount of the bid guarantee shall be ***twenty (20%) percent*** of the bid price or ***$3,000,000.00***, whichever is less.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

52.233-2 Service of Protest. (SEP 2006)(DEVIATION SEP 2025)

(a) Protests, (as defined in section 33.102), that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), must be served on the Contracting Officer identified in the solicitation by obtaining written and dated acknowledgment of receipt from them.

Mrs. Leslie Karsten
Acquisitions Branch Chief
Federal Highway Administration
12300 West Dakota Avenue, Suite 360
Lakewood, Colorado 80228

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.

(End of provision)

52.240-90 Security Prohibitions and Exclusions Representations and Certifications. (DEVIATION SEP 2025)

52.252-1 Solicitation Provisions Incorporated by Reference. (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): ***http://www.acquisition.gov/far*** and ***https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52***

(End of provision)

52.252-3 Alterations in Solicitation. (APR 1984)

Portions of this solicitation are altered as follows: ***NONE***

(End of provision)

52.252-5 Authorized Deviations in Provisions. (NOV 2020)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b)The use in this solicitation or contract of any Revolutionary FAR Overhaul (RFO) (48 CFR All Changed Chapters, https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52) and the Department of Transportation Regulation (TAR) (48 CFR, Chapter 12) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

52.203-12 Limitation on Payments to Influence Certain Federal Transactions. (JUN 2020)

52.203-13 Contractor Code of Business Ethics and Conduct (NOV 2021)

52.203-14 Display of Hotline Poster(s) (NOV 2021)

(a) *Definition.*

United States, as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) *Display of fraud hotline poster(s).* Except as provided in paragraph (c)—

(1) During contract performance in the United States, the Contractor shall prominently display in common work areas within business segments performing work under this contract and at contract work sites-

(i) Any agency fraud hotline poster or Department of Homeland Security (DHS) fraud hotline poster identified in paragraph (b)(3) of this clause; and

(ii) Any DHS fraud hotline poster subsequently identified by the Contracting Officer.

(2) Additionally, if the Contractor maintains a company website as a method of providing information to employees, the Contractor shall display an electronic version of the poster(s) at the website.

(3) Any required posters may be obtained as follows:

General Fraud	**https://www.oig.dot.gov/sites/default/files/files/OIG-generic-2.pdf**

(c) If the Contractor has implemented a business ethics and conduct awareness program, including a reporting mechanism, such as a hotline poster, then the Contractor need not display any agency fraud hotline posters as required in paragraph (b) of this clause, other than any required DHS posters.

(d) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (d), in all subcontracts that exceed the threshold specified in Federal Acquisition Regulation 3.1004(b)(1) on the date of subcontract award, except when the subcontract—

(1) Is for the acquisition of a commercial product or commercial service; or

(2) Is performed entirely outside the United States.

(End of clause)

52.222-90 Addressing DEI Discrimination by Federal Contractors (DEVIATION APR 2026)

(a) *Definitions*. As used in this clause—
Program participation means membership or participation in, or access or admission to: training, mentoring, or leadership development programs; educational opportunities; clubs; associations; or similar opportunities that are sponsored or established by the contractor or subcontractor.

Racially discriminatory diversity, equity, and inclusion (DEI) activities means disparate treatment based on race or ethnicity in the recruitment, employment (e.g., hiring, promotions), contracting (*e.g.*, vendor agreements), program participation, or allocation or deployment of an entity's resources.

(b) In connection with the performance of work under this contract, the Contractor agrees as follows:

(1) The Contractor will not engage in any racially discriminatory DEI activities;

(2) The Contractor will furnish all information and reports, including providing access to books, records, and accounts, as required by the Contracting Officer, for purposes of ascertaining compliance with this clause;

(3) In the event of the Contractor's or a subcontractor's noncompliance with this clause, this contract may be canceled, terminated, or suspended in whole or in part, and the Contractor or subcontractor may be declared ineligible for further Government contracts;

(4) The Contractor will report any subcontractor's known or reasonably knowable conduct that may violate this clause to the Contracting Officer and take any appropriate remedial actions directed by the Contracting Officer; and

(5) The Contractor will inform the Contracting Officer if a subcontractor sues the Contractor and the suit puts at issue, in any way, the validity of this clause.

(6) The Contractor recognizes that compliance with the requirements of this clause are material to the Government's payment decisions for purposes of 31 U.S.C. 3729(b)(4).

(c) The Contractor must include the substance of this clause, including this paragraph (c), in subcontracts at any tier, including those for commercial products and commercial services, except those where the place of delivery or performance is outside the United States.

(End of clause)

52.223-2 Reporting of Biobased Products Under Service and Construction Contract. (MAY 2024)(DEVIATION FEB 2025)(DEVIATION DEC 2025)

(a) Definitions. As used in this clause—

Biobased product means a product determined by the U.S. Department of Agriculture (USDA) to be a commercial product or industrial product (other than food or feed) that is composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials and forestry materials, or that is an intermediate ingredient or feedstock. The term includes, with respect to forestry materials, forest products that meet biobased content requirements, notwithstanding the market share the product holds, the age of the product, or whether the market for the product is new or emerging. (7 U.S.C. 8101) (7 CFR 4270.2).

USDA-designated product category means a generic grouping of biobased products that are listed by USDA in a procurement guideline (7 CFR part 4270) and for which USDA has provided minimum biobased content standards
(see https://www.biopreferred.gov/resources/categories.html).

(b) Requirement. The Contractor shall—

(1) Report to https://www.sam.gov, with a copy to the Contracting Officer, on the product types and dollar value of any biobased products in USDA-designated product categories purchased by the Contractor during the previous Government fiscal year, between October 1 and September 30; and

(2) Submit this report no later than—

(i) October 31 of each year during contract performance; and
(ii) At the end of contract performance.

(End of clause)

52.223-3 Hazardous Material Identification and Material Safety Data. (FEB 2021)(DEVIATION DEC 2025)

52.223-5 Pollution Prevention and Right-to-Know Information. (MAY 2024)

52.223-23 Sustainable Products and Services (May 2024)(DEVIATION FEB 2025)(DEVIATION DEC 2025)

(a) *Definitions.* As used in this clause—

Sustainable product means—

(1) A product that contains recovered material designated by the EPA under the Comprehensive Procurement Guidelines (42 U.S.C. 6962) (40 CFR part 247) (https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products).

(2) An energy-efficient product or low standby power device (42 U.S.C. 8259b) (10 CFR part 436, subpart C) (https://www.energy.gov/eere/femp/search-energy-efficient-products, https://www.energystar.gov/products?s=mega, and https://www.energy.gov/femp/low-standby-power-product-list).

(3) A biobased product that meets the content requirements of the USDA under the BioPreferred® program (7 U.S.C. 8102) (7 CFR Part 4270) (https://www.biopreferred.gov/).

(4) A substance identified in the EPA's Significant New Alternatives Policy (SNAP) program as a safe alternative to an ozone-depleting substance (42 U.S.C. 7671l) (40 CFR part 82, subpart G) (https://www.epa.gov/snap/unacceptable-and-acceptable-substitutes-tables).

(b) Requirements. The Government has identified in the statement of work or elsewhere in the contract the sustainable products that are required during the performance of this contract. The Contractor shall ensure that it provides sustainable products as required by this contract, when the products are—

(1) Delivered to the Government;
(2) Furnished for use by the Government;
(3) Incorporated into the construction of a public building or public work; or

(c) Furnished for use in performing services under this contract, where the cost of the products is a direct cost to this contract.

(End of clause)

52.224-1 Privacy Act Notification. (APR 1984)

52.224-2 Privacy Act. (APR 1984)

52.225-9 Buy American-Construction Materials (OCT 2022)(DEVIATION NOV 2025)

(a) Definitions. As used in this clause—

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

Domestic construction material means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if–

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all

components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference.

(1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction materials, excluding COTS fasteners. The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

_____*[Contracting Officer to list applicable excepted materials or indicate "none"]*

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components*.

(1) The cost of a particular domestic construction material subject to the requirements of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that is manufactured in the United States and does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that exceeds 55 percent domestic content as a domestic offer and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(A)*(1)* of this clause.

(3) The procedures in paragraph (b)(3)(i)(A)*(2)* of this clause will no longer apply as of January 1, 2030.

(B) *For domestic construction material that is a critical item or contains critical components*.

(1) The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the

additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest foreign offer of construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer, and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(B)*(1)* of this clause.

(3) The procedures in paragraph (b)(3)(i)(B)*(2)* of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute. (1)

(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of

this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute or Balance of Payments Program.

(d) *Data*. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison			
Construction material description	Unit of measure	Quantity	Price (dollars)*
Item 1:			
Foreign construction material.	_____	_____	_____

Domestic construction material.	_____	_____	_____
Item 2:			
Foreign construction material.	_____	_____	_____
Domestic construction material.	_____	_____	_____

[* *Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued)*].
[*List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.*]
[*Include other applicable supporting information.*]

52.252-2 Clauses Incorporated by Reference. (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as

if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): ***http://www.acquisition.gov/far and https://www.acquisition.gov/far-overhaul***

(End of clause)

52.252-4 Alterations in Contract. (APR 1984)

Portions of this contract are altered as follows: ***NONE***

(End of clause)

52.252-6 Authorized Deviations in Clauses. (NOV 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation Revolutionary FAR Overhaul (RFO) (48 CFR All Changed Chapters) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b)The use in this solicitation or contract of any Department of Transportation Regulation (TAR) (48 CFR, Chapter 12) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

52.253-1 Computer Generated Forms. (JAN 1991)(DEVIATION OCT 2025)

1252.201-70 Contracting Officer's Representative (NOV 2022)

1252.223-70 Removal or Disposal of Hazardous Substances – Applicable Licenses and Permits (NOV 2022)

1252.223-71 Accident and Fire Reporting (NOV 2022)

1252.223-73 Seat Belt Use Policies and Programs (NOV 2022)

1252.228-74 Notification of Payment Bond Protection (NOV 2022)

(a) The prime contract is subject to the Bonds statute (historically referred to as the Miller Act) (40 U.S.C. chapter 31, subchapter III), under which the prime contractor has obtained a payment bond. This payment bond may provide certain unpaid employees, suppliers, and subcontractors a right to sue the bonding surety under the Bonds statute for amounts owned for work performed and materials delivery under the prime contract.

(b) Persons believing that they have legal remedies under the Bonds statute should consult their legal advisor regarding the proper steps to take to obtain these remedies. This notice clause does

not provide any party any rights against the Federal Government, or create any relationship, contractual or otherwise, between the Federal Government and any private party.

(c) The surety which has provided the payment bond under the prime contract is: On File with the FHWA.

(d) Subcontract flow down requirements. This clause shall be flowed down to all subcontractors. Prime contractors shall insert this notice clause in all first-tier subcontracts and shall require the clause to be subsequently flowed down by all first-tier subcontractors to all their subcontractors, at any tier. This notice contains information pertaining to the surety that provided the payment bond under the prime contract and is required to be inserted in its entirety to include the information set forth in paragraph (c).

(End of clause)

1252.232–70 Electronic Submission of Payment Requests (NOV 2022)(DEVIATION AUG 2025)

(a) *Definitions.* As used in this clause—

(1) *Contract financing payment* has the meaning given in FAR 32.001.

(2) *Payment request* means a bill, voucher, invoice, or request for contract financing payment or invoice payment with associated supporting documentation. The payment request must comply with the requirements identified in FAR 32.905(b), "Content of Invoices," this clause, and the applicable Payment clause included in this contract.

(3) *Electronic form* means an automated system transmitting information electronically according to the accepted electronic data transmission methods and formats identified in paragraph (c) of this clause. Facsimile, email, and scanned documents are not acceptable electronic forms for submission of payment requests.

(4) *Invoice payment* has the meaning given in FAR 32.001.

(b) *Electronic payment requests.* Except as provided in paragraph (e) of this clause, the contractor shall submit payment requests in electronic form. Purchases paid with a Governmentwide commercial purchase card are considered to be an electronic transaction for purposes of this rule, and therefore no additional electronic invoice submission is required.

(c) *Processing system.* The Department of Transportation utilizes the DELPHI system for processing invoices. The DELPHI module for submitting invoices is called *iSupplier.* Access to DELPHI is granted with electronic authentication of credentials (name & valid email address) utilizing the GSA credentialing platform *login.gov.* Vendors submitting invoices are required to submit invoices via *iSupplier* (DELPHI) and authenticated via *www.login.gov.*

(d) *Invoice requirements.* To receive payment and in accordance with the Prompt Payment Act, all invoices submitted as attachments in *iSupplier* (DELPHI) shall contain the following:

(1) Invoice number and invoice date.

(2) Period of performance covered by invoice.

(3) Contract number and title.

(4) Task/Delivery Order number and title (if applicable).

(5) Amount billed (by CLIN), current and cumulative.

(6) Total ($) of billing.

(7) Cumulative total billed for all contract work to date.

(8) Name, title, phone number, and mailing address of person to be contacted in the event of a defective invoice.

(9) Travel. If the contract includes allowances for travel, all invoices which include charges pertaining to travel expenses will catalog a breakdown of reimbursable expenses with the appropriate receipts to substantiate the travel expenses.

(10) The following statement "The Contractor certifies that, by submitting this invoice to the Government, the supplies and/or services billed have been shipped, rendered, or delivered in accordance with instructions issued by the ordering officer; that they are reflected in the quantities and/or period of performance stated on the invoice; and that such supplies and/or services conform to the quantity and quality requirements specified in the applicable contract, order, or blanket purchase agreement.

Furthermore, pursuant to Executive Order 14173, Ending Illegal Discrimination And Restoring Merit-Based Opportunity, the Contractor certifies that it is in compliance with the Equal Protection principles of the Constitution and all applicable Federal anti-discrimination laws, and acknowledges that such compliance is material to the Government's payment decision under the False Claims Act (31 U.S.C. § 3729(b)(4)). The Contractor also affirms that it does not operate any diversity, equity, and inclusion (DEI) initiatives that are inconsistent with the Equal Protection principles of the Constitution and the non-discrimination requirements of Federal law, as interpreted by the Supreme Court in Students for Fair Admissions v. Harvard, 600 U.S. 181 (2023)."

(e) *Payment system registration.* All persons accessing the *iSupplier* (DELPHI) will be required to have their own unique user ID and password and be credentialed through *login.gov.*

(1) *Electronic authentication. See www.login.gov* for instructions.

(2) To create a *www.login.gov* account, the user will need a valid email address and a working phone number. The user will create a password and then *www.login.gov* will reply with an email confirming the email address.

(3) *iSupplier* (DELPHI) registration instructions: New users should navigate to: *http://einvoice.esc.gov* to establish an account. Users are required to log in to *iSupplier* (DELPHI) every 45 days to keep it active.

(4) *Training on DELPHI.* To facilitate use of DELPHI, comprehensive user information is available at *http://einvoice.esc.gov.*

(5) *Account Management.* Vendors are responsible to contact their assigned COR when their firm's points of contacts will no longer be submitting invoices, so they can be removed from the system.

(f) *Waivers.* For contractors/vendors who are unable to utilize DOT's DELPHI system, waivers may be considered by DOT on a case-by-case basis. Vendors should contact their Contracting Officer's Representative (COR) for procedures.

(g) *Exceptions and alternate payment procedures.* If, based on one of the circumstances set forth in 1232.7002(a) or (b), and the contracting officer directs that payment requests be made by mail, the contractor shall submit payment requests by mail through the United States Postal Service to the designated agency office. If alternate payment procedures are authorized, the Contractor shall include a copy of the Contracting Officer's written authorization with each payment request. If DELPHI is succeeded by later technology, the Contracting Officer will supply the Contractor with the latest applicable electronic invoicing instructions.

(End of clause)

1252.239–93 Information and Communication Technology Accessibility (NOV 2022)

POST-AWARD EVALUATION OF CONTRACTOR PERFORMANCE

Contractor Performance Evaluations

a. Interim and final evaluations of contractor performance will be prepared on this contract in accordance with FAR 42.1502 and TAM 1242.1502. The final performance evaluations will be prepared at the time of completion of work.
b. The Contractor can elect to review the evaluation and submit additional information or provide a rebuttal statement. The contractor will be permitted 60 calendar days to respond from the date of receipt of the evaluation. Contractor response is voluntary. If the contractor does not respond within 60 days, the Government will presume that the Contractor has no comment. Any disagreement between the parties regarding an evaluation will be referred to an individual at a level above the Contracting Officer, whose decision is final.
c. Copies of the evaluations, Contractor responses, and review comments, if any, will be retained as part of the contract file, and may be used to support future award decisions.

The Federal Highway Administration utilizes the Contractor Performance Assessment Reporting System (CPARS) to record and maintain past performance information. CPARS hosts a suite of web-enabled applications that are used to document contractor performance information that is required by Federal Regulations. The CPARS module assesses performance on contracts for Systems, Services, Information Technology, and Operations Support; Architect-Engineer contracts; and Construction contracts. Reference material can be accessed in CPARS.

The registration process requires the Contractor to identify an individual that will serve as a primary contact. This individual will be authorized access to the evaluation for review and comment. In addition, the Contractor is encouraged to identify a secondary contact in the event the primary contact is unavailable to process the evaluation within the required 60 day time period. After the FHWA Focal Point registers the contract in CPARS, the contractor representative will receive a system generated email notifying him/her that the contract is registered. A system generated email will also provide the Contractor with a User ID if the person does not already have a CPARS User ID.

After a performance evaluation has been prepared and is ready for comment, the Contractor representative will receive a system generated email notification that the performance evaluation is electronically available for review and comment. The Contractor representative will receive an automated email whenever an assessment is completed and can subsequently retrieve the completed assessment from CPARS.

Contractors may access evaluations in CPARS for review and comment.

==========

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide

employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Note: Executive Order 13658 generally applies to contracts subject to the Davis-Bacon Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. Executive Order 13658 does not apply to contracts subject only to the Davis-Bacon Related Acts regardless of when they were awarded. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least $13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within

the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than SU , UAVG , SA , or SC denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes

over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The SU identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union

prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

SU wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The SA identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the SA identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can

be:

a) a survey underlying a wage determination

b) an existing published wage determination

c) an initial WHD letter setting forth a position on a wage determination matter

d) an initial conformance (additional classification and rate) determination

On survey related matters, initial contact, including requests for summaries of surveys, should be directed to the WHD Branch of Wage Surveys. Requests can be submitted via email to davisbaconinfo@dol.gov or by mail to:

Branch of Wage Surveys
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

Regarding any other wage determination matter such as conformance decisions, requests for initial decisions should be directed to the WHD Branch of Construction Wage Determinations. Requests can be submitted via email to BCWD-Office@dol.gov or by mail to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7).

Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210.

==========

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is

like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Note: Executive Order 13658 generally applies to contracts subject to the Davis-Bacon Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. Executive Order 13658 does not apply to contracts subject only to the Davis-Bacon Related Acts regardless of when they were awarded. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least $13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than SU , UAVG , SA , or SC denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The SU identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date,

6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

SU wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The SA identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the SA identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can be:

a) a survey underlying a wage determination

b) an existing published wage determination

c) an initial WHD letter setting forth a position on a wage determination matter

d) an initial conformance (additional classification and rate) determination

On survey related matters, initial contact, including requests for summaries of surveys, should be directed to the WHD Branch of Wage Surveys. Requests can be submitted via email to davisbaconinfo@dol.gov or by mail to:

Branch of Wage Surveys
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

Regarding any other wage determination matter such as conformance decisions, requests for initial decisions should be directed to the WHD Branch of Construction Wage Determinations. Requests can be submitted via email to BCWD-Office@dol.gov or by mail to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.

Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210.

==========

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Note: Executive Order 13658 generally applies to contracts subject to the Davis-Bacon Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. Executive Order 13658 does not apply to contracts subject only to the Davis-Bacon Related Acts regardless of when they were awarded. If a contract is subject to

Executive Order 13658, the contractor must pay all covered workers at least $13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than SU , UAVG , SA , or SC denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union

whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The SU identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

SU wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The SA identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications

and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination.
The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the SA identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can be:

a) a survey underlying a wage determination
b) an existing published wage determination
c) an initial WHD letter setting forth a position on a wage determination matter
d) an initial conformance (additional classification and rate) determination

On survey related matters, initial contact, including requests for summaries of surveys, should be directed to the WHD Branch of Wage Surveys. Requests can be submitted via email to davisbaconinfo@dol.gov or by mail to:

Branch of Wage Surveys
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

Regarding any other wage determination matter such as conformance decisions, requests for initial decisions should be directed to the WHD Branch of Construction Wage Determinations. Requests can be submitted via email to BCWD-Office@dol.gov or

by mail to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210.

TRUCK DRIVERS: GROUP 1 ""A"" FRAME TRUCK DRIVER; CORING MACHINE (SELF PROPELLED); DUMP TRUCK DRIVER (TO AND INCLUDING 13 CY.); FLAT RACK MATERIAL TRUCK		

DRIVER (TO 5 TONS); FUEL SERVICE TRUCK DRIVER; GANG TRUCK DRIVER; GRAVEL SPREADER; GREASEMAN, TIREMAN, SERVICEMAN; OIL DISTRIBUTOR DRIVER (TO & INCLUDING 3,600 GAL.); SNOW PLOW DRIVER (THE CY. RATE OF THE TRUCK); TRANSIT MIX OR WET MIX TRUCK DRIVER; UTILITY WINCH TRUCK DRIVER; WATER TRUCK DRIVER (TO & INCLUDING 3,600 GAL.).....$ 26.18 4.61

POWER EQUIPMENT OPERATORS: GROUP 3 DRAGLINES, CRANES, PILEDRIVERS & TRUCK MOUNTED CRANES (MFG. RATING: 3.5 CY. OR LARGER, AND/OR 50 TONS AND LARGER ALL ATTACHMENTS); FRONT END LOADERS (over 10 CY.); HEAVY DUTY MECHANIC; MACHINE DOCTOR; WELDER; HOIST OPERATOR (TWO OR MORE DRUMS, SHAFTS, OR RAISES); MOTOR PATROL OPERATOR (FINISH); ROTO-MILLING MACHINE (8 FT. & LARGER); MIXER OPERATOR (DUAL DRUM).....$ 36.99 11.21

POWER EQUIPMENT OPERATORS: GROUP 2 ARTICULATED ROCK TRUCK (ALL CAPACITY); ASPHALT PLANT OPERATOR; BACKHOE, EXCAVATOR & SHOVEL (6 CY. & LARGER); BATCH PLANT OPERATOR; BITUMINOUS LAYDOWN MACHINE OPERATOR; CONCRETE BATCH PLANT OPERATOR; CONCRETE FINISH MACHINE OPERATOR; CONCRETE SPREADER & PAVER OPERATOR; CONCRETE MULTI BLADE SPAN SAW (HUNT PROCESS); CRUSHER OPERATOR; DOZER OPERATOR (ALL SIZES & POWER ATTACHMENTS); DRILLING MACHINE, INTEGRATED (ALL TYPES); DRAGLINES, CRANES, PILEDRIVER & TRUCK MOUNTED CRANES (MFG RATING: LESS THAN 3.5 CY. AND/OR LESS THAN 50 TONS ALL ATTACHMENTS); FRONT END LOADERS (1.5 TO & INCLUDING 10 CY.); HYDRO-TYPE CRANE (TO 50 TONS); MIXER

OPERATOR, CONCRETE (OVER 1 YD.); MOTOR PATROL
OPERATOR (ALL EXCLUDING FINISH); MULCHING MACHINE
OPERATOR; OILER (CRANE & SHOVELS); PAVEMENT
BREAKER, HYDRO-TAMPER & SIMILAR; ROLLER OPERATORS,
ASPHALT (STEEL & PNEUMATIC); ROTO-MILLING MACHINE
(UNDER 8 FT. WIDE); SCRAPER EQUIPMENT (ALL TYPES
AND SIZES); SCREED OPERATOR; TRENCHING MACHINE
OPERATOR.....$ 28.55 11.21

POWER EQUIPMENT OPERATORS: GROUP 1 SKID STEER (ALL
ATTACHMENTS); AIR COMPRESSOR (ALL TYPES); BACKHOES
& EXCAVATORS (TO 5 CY.); BATCH BIN WEIGHMAN,
SCISSORMAN OR HOPPER; BROOM OPERATOR (ALL TYPES);
CHIP SPREADER OPERATOR; CONVEYOR BELT OPERATOR;
CRUSHER OILER; FORM GRADER OPERATOR; JOINT MACHINE
OPERATOR; LONGITUDINAL FLOAT OPERATOR; OILER,
UTILITY; POWER LOADER (BELT & BUCKET TYPE); PUMP
OPERATOR; ROLLER OPERATOR, SELF-PROPELLED (DIRT);
TIRE REPAIRMAN (LARGE CONSTRUCTION EQUIP. TIRES);
TRACTOR OPERATOR (FARM WITH/WITHOUT POWER
ATTACHMENTS); TUGGER (ALL TYPES).....$ 25.35 11.21

LABORERS: GROUP 3 MINER (DRILLER), MACHINEMAN,
TIMBERMAN; DRILL DOCTOR, FORM SETTER AND MOVER,
SPADER, SPILLING AND/OR CAISSON WORKER; POWDERMAN,
BLASTER, TENDER; WAGON DRILL, AIR-TRAC., (DIAMOND
AND OTHER DRILLS FOR BLASTING POWDER OR GROUTING)...$ 28.30 11.21

LABORERS: GROUP 2 ASPHALT RAKER AND TAMPER; BIN
WALL INSTALLER; CHAIN SAW OPERATOR (CLEARING &
GRUBBING); CONCRETE SAW (ALL TYPES); DUMP MAN; FORM
SETTER (PAVING); HAND OPERATED VIBRATORY ROLLER;
HIGH SCALAR; JACKHAMMER & PAVEMENT BREAKER;

MAINTAINER (TRAFFIC CONTROL); MORTAR MAN ON STONE RIPRAP; NOZZLE MAN (AIR, WATER, GUNITE & SANDBLASTING); LANDSCAPER, LANDSCAPE LABORER; TAMPER OPERATOR (PNEUMATIC, ELECTRIC, GAS & SIMILAR); PAINTER (BRUSH & SPRAY); PIPE SETTER (ALL PIPE TYPES).....$ 21.78 11.21

LABORERS: GROUP 1 ERECTOR & INSTALLER (FENCES, GUARDRAIL & BARRIER); FLAG PERSONS (TRAFFIC CONTROL); FORM STRIPPER; GENERAL LABORER; HEATER TENDER; MATERIAL CHECKER; PICK-UP TRUCK DRIVER; PILOT CAR DRIVER; PRE-WATERING, PRESETTING & PRE-IRRIGATION (ALL WORK); RIPRAP MAN; TAR & ASPHALT POT TENDER.....$ 21.78 0.00

IRONWORKER.....$ 38.60 0.00

GROUNDMAN (ELECTRICAL WORK).....$ 35.76 18.35

EQUIPMENT OPERATOR (ELECTRICAL WORK).....$ 50.38 21.32

ELECTRICIAN (INSIDE WIREMAN, OUTSIDE LINEMAN AND SIGNAL AND LIGHTING WORK).....$ 60.59 22.42

CONCRETE FINISHER.....$ 24.69 9.03

CARPENTER.....$ 30.00 6.57

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

==========

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any

solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Note: Executive Order 13658 generally applies to contracts subject to the Davis-Bacon Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. Executive Order 13658 does not apply to contracts subject only to the Davis-Bacon Related Acts regardless of when they were awarded. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least $13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than SU, UAVG, SA, or SC denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated

rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The SU identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted

average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

SU wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The SA identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the SA identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can be:

a) a survey underlying a wage determination
b) an existing published wage determination
c) an initial WHD letter setting forth a position on a wage determination matter
d) an initial conformance (additional classification and rate) determination

On survey related matters, initial contact, including requests for summaries of surveys, should be directed to the WHD Branch of Wage Surveys. Requests can be submitted via email to davisbaconinfo@dol.gov or by mail to:

Branch of Wage Surveys
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

Regarding any other wage determination matter such as conformance decisions, requests for initial decisions should be directed to the WHD Branch of Construction Wage Determinations. Requests can be submitted via email to BCWD-Office@dol.gov or by mail to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

==========

END OF GENERAL DECISION"

SPECIAL CONTRACT REQUIREMENTS

The following Special Contract Requirements amend and supplement the *Standard Specifications for Construction of Roads and Bridges on Federal Highway Projects (FP-24),* U.S. Department of Transportation, Federal Highway Administration.

Section 101. — TERMS, FORMAT, AND DEFINITIONS

101.02 Specifications Format. Delete the second paragraph and substitute the following:

Division 150 consists of project contract requirements that apply to all contracts. The contractor must perform all work included in Division 150. Work under Division 150 is paid for directly or indirectly according to Subsection 109.05. If there is no pay item in the bid schedule, no direct payment is made.

101.03(a) Acronyms. Add the following:

CDR – Contractor's Daily Record

101.04 Definitions. Delete the definition of (c) Supplemental agreement under Contract Modification.

101.04 Definitions. Add the following:

Masterworks — A web-based system used by the Government, Contractors, and Subcontractors on this Government contract to prepare CDRs, measurement notes (pay notes and field measurement documentation), and transmit submittals, and documents and drawings.

Section 102. — BID, AWARD, AND EXECUTION OF CONTRACT

102.02A Physical Data. (Added Subsection).

Data and information furnished or referred to below is for the Contractor's information. The Government is not responsible for any interpretation of, or conclusion drawn from the data or information by the Contractor.

(a) Weather conditions: Contact the National Weather Service.

Section 104. — CONTROL OF WORK

104.04 Electronic Documentation. Delete this Subsection and substitute the following:

Provide documents and drawings electronically using Masterworks.

Request the *Masterworks User Account Form* (Form Masterworks-001) and submission instructions. Complete and electronically submit Form Masterworks-001 for each individual requiring Masterworks access. Allow 7 days for system access.

Contact the CO to schedule a training session on the use of Masterworks. The virtual training session will be either a video presentation or live training as determined by the CO. The Contractor is responsible for training additional staff that were not present during the original training session.

Maintain active Masterworks accounts for all Contractor staff who use Masterworks. Notify the CO within 24 hours after an account holder is reassigned or no longer associated with the project. If account holder is no longer employed by the contractor, submit a Form Masterworks-001 requesting their account be marked inactive.

Provide documents and drawings in their native file format (the format produced by the software that the document and drawing was created in) upon request.

Documents and drawings include but are not limited to correspondence, submittals, measurement notes, reports, plans, diagrams, qualifications, certifications, payrolls, schedules, invoices, mix designs, job-mix formulas, test results, notifications, requests, permits, and agreements.

Provide a resolution quality with color, text, and lines clearly discernible. Submit each document and drawing in an individual file. Name files with a unique document name.

Documents and drawings delivered after 5:00 pm local time will be considered received on the next business day.

The CO will reject documents that are unreadable, corrupted, illegible, or include malicious content.

104.08 Load Restrictions. Delete the second sentence of the third paragraph.

Section 105. — CONTROL OF MATERIAL

105.01 Source of Supply and Quality Requirements. Add the following:

Materials containing petroleum-based solvents such as cutback asphalts and traffic paints may be restricted from use by local laws or ordinances in certain geographic areas. Upon presenting proof of such restrictions, alternate materials considered acceptable to the CO may be substituted for the materials specified in the contract.

Certify, according to Subsection 107.10(d), that sources of rock, sand, gravel, earth, subsoil, or other natural material imported into the project construction limits are noxious weed free.

Water use must be tracked and reported, by well (owner name and number) location, water use location (route), and daily volume of water use. Report water usage to CO after project completion. Final payment will not be made until reports have been provided to the CO.

The contractor is responsible for locating an adequate water source and all costs, fees, taxes, and transportation costs incurred in the purchase, transportation, and application of water.

Consult with each representative below from each state before using water to review the legal parameters of the wells. Obtain water use agreements prior to using water. Provide CO copies of water use agreements.

Water used in Colorado can only be obtained from sources in Colorado.

Water used in Nebraska can only be obtained from sources in Nebraska. Consult with Ryan Reisdorff (308-254-2377), rreisdorff@spnrd.org of the South Platte Natural Resources District for water drawn from Kimball County.

Nebraska water can only be obtained from groundwater sources outside of the 28/40 zone (Map of the 28/40 zone can be accessed at: https://dnr.nebraska.gov/sites/dnr.nebraska.gov/files/doc/water-planning/upper-platte/platte-river-recovery-implementation-program/28-40-map.pdf

Water used in Wyoming can only be obtained from sources in Wyoming. Consult with Michelle Hubbard (307-777-7641), michelle.hubbard@wyo.gov of the Wyoming State Engineer's Office.

105.04 Handling and Storing Material. Add the following after the second paragraph:

For Contractor-located, non-commercial staging, storing, and material handling areas, secure environmental clearances according to Subsection 107.10.

Use products according to the manufacturer's recommendations for handling, storage, and disposal. Follow the requirements of FAR Clause 52.236-10 Operations and Storage Areas and FAR Clause 52.236-12 Cleaning Up. Maintain the staging and storage areas in a clean, neat, and orderly condition.

Store construction, building and waste materials, and containers in designated areas indoors or protect with a suitable covering.

Keep the manufacturer's SDS, an inventory of the material, and emergency numbers near the storage area. Take appropriate measures to ensure that incompatible chemicals are not stored next to each other.

Submit a site map showing the material storage and stockpile locations at least 14 days before the start of construction activities.

Before mobilizing to the staging and storage areas, submit photographs documenting the existing conditions of the area identified in the plans.

After restoring staging and storage areas, submit photographs documenting the restored sites.

Section 106. — ACCEPTANCE OF WORK

106.01 Conformity with Contract Requirements. Add the following:

If the accuracy of Government test results is disputed, inform the CO. If the dispute is unresolved after reasonable steps are taken to resolve the dispute, further evaluation may be obtained by written request.

Where sample and testing procedures refer to AASHTO, ASTM, or other standards (designated as FLH T), use the procedure as modified in the FLH *Field Materials Manual*.

Where the specifications refer to AASHTO T 11, follow "Procedure B - Washing Using a Wetting Agent".

Where the specifications refer to AASHTO T 310, follow the "Direct Transmission Method of In-Place Nuclear Density and Moisture Content".

106.03 Certification. Delete the third paragraph and substitute the following:

See Table 106-3 for schedule for full or partial acceptance by material certification. Submit certification and sample of material for testing as required.

Check certifications before incorporating the material into the work to ensure that the requirements of the contract have been met. Mark the certifications with the following information: project number and name; pay item number and description; date; and Contractor-signed certification stating "to the best of our knowledge the materials certified by the attached certification represent the materials incorporated into the work of this contract".

Table 106-3
Schedule For Full or Partial Acceptance by Materials Certification

Section	Description	Material	Material Property Or Specification	Certification Frequency	Sample Frequency
301	Untreated Aggregate Courses	Surface course aggregate	Source, quality and gradation	1 per source	1 per source
312	Dust Palliative	Calcium chloride magnesium chloride, lignosulfonate	As specified	1 per shipment	First shipment
403	Asphalt Concrete	Aggregate asphalt mix	Source quality, gradation, stability, and grade	1 per mix	1 per source
634 and 635	Permanent Pavement Markings, Temporary Traffic Control	634.02 as applicable, 635 as applicable	As specified	1 per source	–

Section	Description	Material	Material Property Or Specification	Certification Frequency	Sample Frequency
701	Cementitious Material	Portland cement, blended hydraulic cement, mortar cement	AASHTO M 85, M 240, ASTM C91 and ASTM C1392 as applicable	1 per shipment	1 per 100 tons
702.01	Asphalt Binder	Asphalt cement	AASHTO M 226 or M 320, as applicable	1 per shipment	1 per shipment
702.02	Emulsified Asphalt	Emulsified asphalt	AASHTO M 140 or M 208 as applicable	1 per shipment	1 per shipment
702.05	Antistrip Additive	As specified	As applicable	1 per shipment	–
706	Concrete Pipe	As specified	As applicable	1 per shipment	–
707	Metal Pipe	As specified	As applicable	1 per shipment	–
708	Plastic Pipe	As specified	As applicable	1 per shipment	–
709	Reinforcing Steel and Wire Rope	As specified	As applicable	1 per shipment	For 709.01 submit 3, 1-yard bars of each size and grade of bar furnished. For 709.02 submit 1 6-foot length for each size furnished
710	Fencing and Mesh Fabrics	As specified	As applicable	1 per shipment	–
711	Concrete Curing Material and Additives	As specified	As applicable	1 per material source per material type	–
712	Joint Material	As specified	As applicable	1 per shipment	–
713	Roadside Improvement Material	As specified	As applicable	1 per shipment	–
714	Geosynthetic Material	As specified	As applicable	1 per shipment	1 per project per type
715	Piling	As specified	As applicable	1 per shipment	–
716	Material for Timber Structures	Timber and hardware	As applicable	1 per shipment	–
717	Structural Metal	As specified	As applicable	1 per shipment	For 717.01(e) minimum 6 per shipment for each size used. For 717.09 1 per project

Section	Description	Material	Material Property Or Specification	Certification Frequency	Sample Frequency
718	Traffic Signing and Marking Material	As specified	As applicable	1 per shipment	–
719	Coating Material	As specified	As applicable	1 per batch\lot	1 sample for quantities > 25 gallons
720	Structural Wall and Stabilized Embankment Material	As specified	As applicable	1 per shipment per material type	–
721	Electrical and Illumination Material	As specified	As applicable	1 per shipment per material type	–
722	Anchor Material	As specified	As applicable	1 per shipment per material type	–
723	Dampproofing and Waterproofing Material	Asphalt materials used for damproofing and waterproofing concrete and masonry surfaces	As specified for each type of asphalt material	1 per shipment	–
724	Guardrail	As specified	As applicable	1 per shipment	–
725	Miscellaneous Material	As specified	As applicable	1 per shipment per material type	–

106.03(b) Production certification. Delete subsection **(3)** and substitute the following:

(3) Substantiating evidence that the material conforms to the contract quality requirements, including the following:

(a) Test results on material from the same lot and documentation of the inspection and testing system;

(b) A statement from the manufacturer that the material complies with the contract; and

(c) Manufacturer's signature or other means of demonstrating accountability for the certification.

Section 107. — LEGAL RELATIONS AND RESPONSIBILITY TO THE PUBLIC

107.02(d) Utilities. Add the following:

No utilities are shown in the plans. Utilities have been certified to a Quality D according to the CFLHD *Utility Data Quality Certification* requirements available at https://highways.dot.gov/federal-lands/rw-util/cfl.

It is anticipated utilities are located within the project right of way but there will be no impacts and will require no relocation. Take precautions to locate utilities before ground disturbance. Coordinate with utility owners. Notify the CO of utility conflicts.

107.03 Bulletin Board. Delete Subsections (a) and (f).

107.03A Public Notice (Added Subsection).

Publish notices of the proposed road work in local newspapers of record and local radio stations for each respective county for which work is being performed. Include a description of the work, expected delays, and periods when the road is open to traffic without delays. Publish a minimum of two (2) consecutive weeks in weekly publications and two (2) consecutive Sundays in daily publications for all respective counties before beginning work on the project. Publish on an approved day if a Sunday publication is not available.

Provide a copy of the notices to the CO for review and comment at least five (5) working days prior to submitting the notices to the publications.

107.05 Responsibility for Damage Claims. Delete the first sentence of the third paragraph and substitute the following:

Before work starts, submit "*certificates of insurance*" certifying that the policies will not be changed or canceled until 30 days' written notice has been given to the Government.

107.08 Sanitation, Health, and Safety. Delete the first paragraph and substitute the following:

Follow the requirements of FAR Clause 52.236-13 Accident Prevention, Alternate 1. Submit an accident prevention plan.

107.10(a) Federal Water Pollution Control Act (Clean Water Act) 33 USC § 1251 et seq. Add the following:

(4) Do not ford running streams with construction equipment. Obtain approval from the CO to use temporary bridges or other structures whenever crossings are necessary.

(5) Locate machinery servicing and refueling areas away from streambanks, wetlands, shorelines, lakes, and reservoirs to reduce the possibility and minimize the impacts of accidental spills or discharges.

107.10(b) Oil and hazardous substances. Delete this subsection and substitute the following:

Submit a hazardous spill plan at least 2 days before starting work, as required by Federal, State, or local regulations. Where the project meets the applicability requirements of 40 CFR 112, submit a Spill Prevention, Control, and Countermeasure (SPCC) Plan.

Describe preventative measures including the location of refueling and storage facilities and the handling of hazardous material. Describe actions to be taken in case of a spill. Identify personnel, equipment, and resources available to address spill prevention and response.

Do not use equipment with leaking fluids. Repair equipment leaks immediately. Keep absorbent material manufactured for containment and cleanup of hazardous material on the job site. Sand and soils are not approved absorbent materials.

Notify the CO of hazardous spills. Report the spill to the appropriate federal, state, and local authorities as required by the SPCC plan or hazardous spill plan.

107.10(c) Dirt, plant, and foreign material. Add the following:

All vehicles and equipment entering the project area must be clean of noxious weeds and free from oil leaks and are subject to inspection. Thoroughly wash construction equipment, including the undercarriage and any surface where soil containing exotic seeds may exist. Allow the CO to inspect each piece of equipment before entering the project. Provide the cleaning and inspection records to the CO.

107.10(d) Clearances for Contractor-selected, noncommercial areas. Add the following to the end of the first paragraph:

Use rock, sand, gravel, earth, subsoil, or other natural materials from a Contractor-selected non-commercial materials source that has been certified free of noxious weeds. Materials imported into the project limits which do not include a noxious weed free certification may be rejected and ordered to be removed from the project limits. The CO has the discretion of requesting inspection of certified materials by a third party and rejecting the use of the source if noxious weeds or seeds thereof are found to be present.

Add the following after Subsection (4):

(5) Any required certifications.

Add the following:

107.10(e) Project-specific commitments.

(1) Properly muffle all construction equipment per the manufacturer's recommendations.

Section 108. — PROSECUTION AND PROGRESS

108.01 Commencement, Prosecution, and Completion of Work. Delete this subsection and substitute the following:

A preconstruction conference will be held after the contract is awarded and before starting work. Seven days before the preconstruction conference, submit copies of the preliminary work plan according to Section 155.

Limit operations according to Sections 107 and 156.

Limit operations as follows:

(a) Coordinate with each applicable county for haul road designations and limitations. Provide communications with the county to the CO 5 days before beginning work within each county.

Kimball County, NE
Ben Sauter, 308-235-5839, Ben.Sauter@kimballcountyne.gov

Laramie County, WY
Molly Bennett, 307-369-7195, Molly.Bennett@laramiecountywy.gov

Logan County, CO
Mike Burri, 970-520-6370, BurriM@logancountyco.gov

Weld County, CO
Mike Livengood, 970-381-1035, MLivengood@weld.gov

(b) Perform no on-site work before April 01, 2027.

(c) Perform no ground disturbing activities before April 15, 2027.

(d) Perform no work for the following Colorado route segments during the sharp-tailed Grouse lek season of March 1 – June 30: WAAB-J-06, WAAB-M-02(a), WAAB-M-02(b), WAAB-M-04(c).

Perform no work except to maintain traffic control devices, erosion control devices, the roadway driving surface, and to control dust during the listed holidays and surrounding days as shown in Table 108-2.

Table 108-2
Holidays and Surrounding Days

Holiday	Time	Remarks
Birthday of Martin Luther King, Jr.	Noon Friday to 6:00 a.m. Tuesday	–
Washington's Birthday	Noon Friday to 6:00 a.m. Tuesday	–
Memorial Day	Noon Friday to 6:00 a.m. Tuesday	–
Juneteenth National Independence Day	Noon June 18 to 6:00 a.m. June 20	If June 19 falls on a Saturday, do not work the preceding Friday. If June 19 falls on a Sunday, do not work the following Monday.
Independence Day	Noon July 3 to 6:00 a.m. July 5	If July 4 falls on a weekend, Friday, or Monday, do not work the weekend. If July 4 falls on a Saturday, do not work the preceding Friday. If July 4 falls on a Sunday, do not work the following Monday.
Labor Day	Noon Friday to 6:00 a.m. Tuesday	–
Columbus Day	Noon Friday to 6:00 a.m. Tuesday	–
Veterans Day	Noon November 10 to 6:00 a.m. November 12	If November 11 falls on a Saturday, do not work the preceding Friday. If November 11 falls on a Sunday, do not work the following Monday.
Thanksgiving Day	Noon Wednesday to 6:00 a.m. Monday	–
Christmas Day / New Year's Day	Noon December 23 to 6:00 a.m. January 2	If December 23 or January 1 falls on a Monday, do not work the adjacent weekend and do not work on December 23. If January 1 falls on a Friday, do not work the weekend.

Schedule at least 2 non-workdays out of every 14 days. The selected non-workdays do not need to be consecutive, but they must be scheduled. Notify the CO at least 2 weeks before changing the scheduled days off.

The CO may grant written approval for exemptions to scheduled days off for specific project operations and for periods of limited duration.

Add the following:

The CO will issue the NTP before commencement of any work. The completion date for Schedule A is August 9, 2027. The completion date for Schedule B is September 6, 2027. The completion date for Schedule C is September 13, 2027.

108.03 Subcontracting. Delete the second paragraph and substitute the following:

Within 14 days of subcontract award, submit a completed SF 1413 and 1413S. Complete Part I for each Subcontractor, and include Part II when the Subcontractor performs on-site work. Complete other forms that may be required by the Government to show the work subcontracted and the total dollar amount of the subcontract. Submit the above required information for each Subcontractor at lower tiers.

108.04 Determination and Extension of Contract Time. Delete the first sentence.

108.04(c) Time extensions. Add the following:

If a quantity variation described in Subsection 109.06(e) results in an increase in the time necessary for completion, the Contractor may request, in writing, an extension of time as provided within this Subsection.

108.05 Failure to Complete Work on Time. Delete the second and third paragraphs and substitute the following:

Liquidated damages in the amount specified in FAR Clause 52.211-12 Liquidated Damages — Construction will be assessed for each day beyond the time allowed to complete the contract until substantial completion of the work.

If a winter shutdown occurs during this period, liquidated damages in an amount equal to 10 percent of the amount shown in FAR Clause 52.211-12 Liquidated Damages — Construction will be assessed for each day until work resumes at which time full liquidated damages will be assessed.

Delete Table 108-1.

Section 109. — MEASUREMENT AND PAYMENT

109.01 Measurement of Work. Delete the sixth paragraph.

109.01 Measurement of Work. Delete the seventh paragraph and substitute the following:

Prepare, sign, and submit electronic measurement notes (item postings and supporting field documentation) using Masterworks. Unacceptable measurement notes will be electronically rejected and returned. Correct rejected measurement notes and resubmit electronically.

109.02(d)(1)*(a) Average end area method.* Delete this Subsection and substitute the following:

> *(a) Average end area method.* Take cross-sections of the original ground. Use design or staked templates to determine end areas. Compute the quantity using the average end areas multiplied by the horizontal distance along a centerline or reference line between the end areas.

109.06(c)(3) Profit. Delete this Subsection and substitute the following:

> **(3) Profit.** Include a reasonable profit, except when precluded by the FAR. Limit profit to 10 percent of the total cost. Due to the limited risk in post-work pricing, a lower profit percentage may be determined by a profit analysis according to FAR 15.404-9 Profit.

109.06(d) Cost or pricing data. Delete this Subsection and substitute the following:

(d) Cost or pricing data. When the contract modification exceeds the amount indicated in FAR Clause 52.214-27 Price Reduction for Defective Cost or Pricing Data - Modifications - Sealed Bidding, FAR Clause 52.215-10 Price Reduction for Defective Certified Cost or Pricing Data, or FAR Clause 52.215-11 Price Reduction for Defective Cost or Pricing Data - Modifications, and the CO has determined that an exception does not apply, submit cost or pricing data according to Subsection 109.06(b) or (c) as applicable and as defined in FAR Subpart 2.1 Definitions, for the Contractor and each major subcontractor. See FAR Subpart 15.4 Contract Pricing and FAR Table 15-1 Instructions for Submitting Cost/Price Proposals When Certified Cost or Pricing Data Are Required for guidance.

109.06 Pricing of Adjustments. Add the following:

(e) Variation in estimated quantity. If the quantity of a unit-priced item is an estimated quantity and the actual quantity of the unit-priced item varies more than 15 percent above or below the estimated quantity, an equitable adjustment in the contract price may be made upon request of either party. The equitable adjustment will be based upon any increase or decrease in costs due solely to the variation above 115 percent or below 85 percent of the estimated quantity.

109.08(a) General. Delete the last sentence and substitute the following:

> The CO may withhold partial progress payment according to Subsection 109.08(h) for failure to make satisfactory progress until a construction schedule or schedule update is approved.

109.08(b) Invoice requirements. Add the following:

Submit a separate statement documenting the total cumulative value for on-site work subcontracted to date as a percentage of the original contract amount.

109.08(c) Government's receiving report. Delete this Subsection and substitute the following:

The Government's receiving report will be developed using the measurements and quantities from Pay Notes received by the CO in Masterworks and determined acceptable.

109.08(d) Closing date and invoice submittal date. Add the following:

No closing dates will be permitted from September 1 to October 5. Do not submit invoices between September 1 and October 5.

109.08(e)(1) Proper invoices. Delete this Subsection and substitute the following:

(1) Invoices received by the 7th day following the closing date.

(a) Proper invoices. If the invoice meets the requirements of Subsection 109.08(b), and the quantities and unit prices shown on the Contractor's invoice agree with the corresponding quantities and unit prices shown on the Government's receiving report, the invoice will be paid.

(b) Defective invoices. If the invoice does not meet the requirements of Subsection 109.08(b), or if any of the quantities or unit prices shown on the Contractor's invoice exceed the corresponding quantities and unit prices shown on the Government's receiving report, the invoice will be deemed defective, and the Contractor so notified according to FAR Clause 52.232-27(a)(2). Defective invoices will not be corrected by the Government and will be returned to the Contractor within 7 days after the Government's designated billing office receives the invoice.

Revise and resubmit returned invoices by the 18th day following the closing date. The CO will evaluate the revised invoice. If the invoice is deemed proper, it will be forwarded for processing within 7 days of receipt. If the invoice still does not meet the requirements of Subsection 109.08(b), the Contractor will be so notified according to FAR Clause 52.232-27(a)(2), and no progress payment will be made that month. Correct the deficiencies and resubmit the invoice the following month.

If the revised invoice meets the requirements of Subsection 109.08(b), but still has quantities or unit prices exceeding the corresponding quantities and unit prices shown on the Government's receiving report, the Government's data for that item or work will be used. The Contractor's invoice, as revised by the Government's receiving report, will be forwarded for processing by the 23rd day following the closing date. The Contractor will be notified by the 23rd day following the closing date of the reasons for any changes to the invoice.

109.08(e)(2) Defective invoices. Delete this Subsection and substitute the following:

(2) Invoices received between the 8th and 16th day following the closing date.

(a) Proper invoices. If the invoice meets the requirements of Subsection 109.08(b), and the quantities and unit prices shown on the Contractor's invoice agree with the corresponding quantities and unit prices shown on the CO's receiving report, the invoice will be deemed proper and forwarded for processing within 7 days of receipt.

(b) Defective invoices. If the invoice does not meet the requirements of Subsection 109.08(b), the invoice will be deemed defective, the Contractor so notified according to FAR Clause 52.232-27(a)(2), and no progress payment will be made that month. Correct the deficiencies and resubmit the invoice the following month.

If the invoice meets the requirements of Subsection 109.08(b) but has quantities or unit prices exceeding the corresponding quantities and unit prices shown on the Government's receiving report, the Government's data for that item of work will be used. The Contractor's invoice, as revised by the Government's receiving report, will be forwarded for processing within 7 days of the Government's receipt of the invoice. The Contractor will be notified of the reasons for any changes to the invoice.

109.08(f) Partial payments. Delete this Subsection and substitute the following:

(f) Partial payments. Progress payments may include partial payment for material to be incorporated in the work according to FAR Clause 52.232-5(b)(2), provided the material meets the requirements of the contract and is delivered on, or in the vicinity of, the project site or stored in acceptable storage places.

Partial payment for material does not constitute acceptance of such material for use in completing items of work. Partial payments will not be made for living or perishable material until incorporated into the project.

Individual and cumulative partial payments for preparatory work and material will not exceed the lesser of:

(1) 80 percent of the contract bid price for the item; or

(2) 100 percent of amount supported by copies of invoices submitted.

The quantity paid will not exceed the corresponding quantity estimated in the contract. The CO may adjust partial payments as necessary to protect the Government.

Section 152. — CONSTRUCTION SURVEY AND STAKING

Construction Requirements

152.04 General. Add the following to the fifth paragraph:

No horizontal or vertical control information will be furnished. No government survey data will be provided. See plans for Northing/Eastings for begin/end of each route and milepost information for culvert locations.

152.05(g) Culverts. Delete this Subsection and substitute the following:

(1) Verify and set culvert locations at the inlet, outlet, and inlet basin points as shown in the plans. Plot to scale the profile along the culvert centerline. Show the existing ground, flow line, roadway section, and culvert including end treatments and other appurtenances. Show the elevations, grade, culvert length, degree of elbow, catch points, and hinge points on the plot.

(2) Perform the following if the culvert design shown in the plans does not fit field conditions, when the CO requires adjustment to a culvert location, or when a culvert design isn't furnished for a new culvert, culvert replacement, or culvert extension:

(a) Recommend a revised culvert location and alignment if needed.

(b) Survey and record the ground profile along the culvert centerline and additional channel profile for an appropriate offset to capture required information in Subsection 152.05(g)(2)(e).

(c) Determine the slope catch points at the inlet and outlet.

(d) Set reference points and record information necessary to determine culvert length and end treatments.

(e) Plot to scale the profile along the culvert centerline. Show the existing ground, flow line, roadway section, culvert, end treatments, and other appurtenances. Show elevations, grade, culvert length, and degree of elbow. Show inlet embedment depth required to obtain minimum pipe cover as shown in the plans.

(1) For single skewed culverts, submit a plotted field-design cross-section normal to roadway centerline and at each end section. Plot the offset and elevation of existing ground at the end section and at proposed template break points between centerline and the end section. Ensure the template design embankment slope is not exceeded.

(2) For multiple skewed culverts, submit a plotted field design cross-section normal to roadway centerline and at the end sections (left and right) nearest to the shoulder. Plot the offset and elevation of existing ground at the end section and at proposed

template break points between centerline and the end section. Ensure the template design embankment slope is not exceeded.

(3) Submit the plotted field-design cross-section for approval of final culvert length and alignment. Plot at a clear and readable scale. Do not order culvert material until the CO has accepted the final structure size, length, and alignment according to 602.03.

(4) Set inlet, outlet, and reference stakes when the field design has been approved. Stake inlet and outlet ditches to ensure the culvert and end treatments (such as drop inlets) are functional.

(5) Adjust slope, reference, and clearing stakes as necessary to provide for culvert inlet treatments in cut slopes. Readjust slope, reference, and clearing stakes as necessary when culvert inlets are moved from their plan locations. Review slope adjustments with the CO and obtain approval.

Section 153. — CONTRACTOR QUALITY CONTROL

Description

153.01 Add the following:

This work also consists of using Masterworks to prepare electronic CDRs and measurement notes (pay notes and supporting field documentation), including entering labor, equipment, subcontractors, and inspection records into the system.

Construction Requirements

153.03(b) QC procedures. Add the following to Subsection (3):

List the material to be tested by pay item, tests to be conducted, the location of sampling, and the frequency of testing.

153.03 Quality Control Plan. Add the following after Subsection (c):

(d) Subcontractors and suppliers. Include the work of all subcontractors. If a subcontractor is to perform work under this Section, explain how the subcontractor's inspection plan will interface with the Prime Contractor first tier subcontractors and lower tier subcontractors and organizations, and the CO. Include the work of major suppliers and suppliers of structural and geotechnical services and materials.

153.03 Quality Control Plan. Add the following:

Modifications or additions may be required to any part of the plan that is not adequately covered. Acceptance of the quality control plan will be based on the inclusion of the required information. Acceptance does not imply any warranty by the Government that the plan will result in consistent contract compliance. It remains the responsibility of the Contractor to demonstrate such compliance.

153.05 Certifications and Submittals. Delete this Subsection and substitute the following:

For materials or work accepted by certification according to Subsection 106.03, review all certifications to ensure compliance with the requirements of the contract before incorporating materials into the work and provide a signed copy of the reviewed certification to the CO. According to FAR Subpart 46.407, materials or work without proper certification will be rejected in writing, and payment for such material or work will be withheld until proper certification has been provided to the CO.

153.06 Prosecution of Work. Delete this Subsection and substitute the following:

Address each of the subjects shown for each phase of construction:

(a) Preparatory phase.

(1) In a preparatory phase meeting, review the contract requirements for the work; the process for constructing the work; and the plan for inspecting, testing, measuring, and reporting the work. Include the project superintendent, QCM, work foreperson, and the CO in the meeting. Schedule and conduct a preparatory meeting for each type of work to be performed at least one week prior to beginning the work.

(2) Review and coordinate certifications, submittals, plans, drawings, and permits.

(3) Verify the capabilities of equipment, material, and personnel. Provide training as necessary.

(4) Establish a detailed testing schedule based on the production schedule.

(5) Ensure preparatory testing and inspection is accomplished.

(6) Review accuracy of the surveying and staking.

(b) Start-up phase.

(1) In a start-up phase meeting, review the contract requirements and the processes for constructing the work with the personnel who will be performing the work. Invite the CO, project superintendent, QCM, testers, and inspectors of the work being performed, and the personnel directly supervising and performing the work. Review the planned testing, inspection, and reporting requirements with the quality control personnel responsible for the testing and inspection. Explain the reporting procedures to be used if defective work is identified. Conduct a start-up meeting for each type of work to be performed upon beginning the work.

(2) Inspect, test, and report start-up work according to the QCP and ensure the work conforms to the contract.

(c) Production phase.

(1) Inspect, test, and report according to the QCP and evaluate the acceptability of the work produced.

(2) Identify and correct deficiencies.

(3) Request Government inspection.

(4) Provide feedback on processes and deficiencies. Identify root causes of deficiencies and make timely and effective changes to work processes to prevent repeated deficiencies.

153.07 Sampling and Testing. Delete this Subsection and substitute the following:

Perform sampling and testing according to the approved QCP. As a minimum perform process control testing according to the Sampling, Testing, and Acceptance Requirements tables at the end of each Section where applicable. Where no minimums are specified, submit proposed tests to be performed and the proposed sampling and testing frequencies.

(a) Sample splitting. Schedules and times or locations for obtaining on-site split samples for Government use will be provided by the CO using a procedure for random sampling. Sample any material that appears defective or inconsistent with similar material being produced, unless such material is voluntarily removed and replaced or otherwise corrected according to Subsection 106.01

(b) Testing. Provide a laboratory equipped with all test equipment necessary to satisfy the requirements of the contract. Ensure test equipment has been checked, calibrated, standardized, and otherwise verified according to AASHTO and ASTM standards by an individual qualified to perform the work. Perform an equipment inspection after the laboratory has been moved to its permanent location on the project site, and anytime it is moved thereafter. Inspect equipment within 45 days of actual use for project testing, and at least once a year thereafter. Do not use equipment that has not been inspected or is found to be deficient. Mark deficient equipment and take it out-of-service until repaired or replaced and shown by subsequent inspection to perform as required. Maintain records documenting laboratory equipment inspections. Provide certification stating the equipment conforms to testing requirements and provide evidence of current inspection. Keep laboratory facilities clean and maintain equipment in proper working condition. Allow the CO unrestricted access to the laboratory for inspection and review.

The CO may require a demonstration of proficiency in sampling and testing capabilities. One or more proficiency samples may be provided by the Government to verify basic qualifications. Provide the results of the proficiency samples to the CO within 48 hours of receipt of the material.

153.08 Records and Control Charts. Delete the first sentence and substitute the following:

Maintain complete testing and inspection records by pay item number and make them accessible to the CO.

(a) QC and construction operations reports. Delete this Subsection and substitute the following:

(a) QC and construction operations reports. For each day of the contract, prepare a CDR using Masterworks. Enter initial data for Labor/Equipment and Subcontractors before beginning any work. Maintain and update the Labor/Equipment and Subcontractors data to reflect ongoing changes as they occur. Report operations or items of work separately, with manpower and equipment assigned to each operation separately. Detail inspection results, including deficiencies observed and corrective actions taken. Complete a CDR for each contractor and subcontractor working that day.

When submitting test results on material being incorporated into the work, report test results within the reporting times indicated in the sampling and testing requirements at the end of each Section.

Enter the following data into Masterworks:

(1) Subcontractor data.

(2) Labor/Equipment.

(a) All manpower and equipment, including contractor and subcontractors. Complete all data fields.

(b) Labor: Type/classification, move-in date, move-out date, hourly rate, the contractor or subcontractor, and name.

(c) Equipment: Type/classification, move-in date, move-out date, make, model, and year of equipment manufacture.

Certify all CDRs using the following statement:

"I certify that the information contained in this record is accurate and that work documented herein complies with the contract. Exceptions to this certification are documented as a part of this record."

Submit certified CDRs that have been signed by a person who has both responsibility for the inspection system and signature authority.

Submit the record and certification within 24 hours of the work being performed. If the CDR is incomplete, in error, or otherwise misleading, the CDR will be rejected and returned within Masterworks with corrections noted. Correct rejected CDRs and resubmit the revised CDR within 24 hours. If chronic errors or omissions occur, correct the procedures by which the records are produced.

153.09 Acceptance. Add the following:

The Government may charge to the Contractor the cost of any additional inspections required when the work being inspected is found not to comply with contract requirements during the initial inspection. Work stop orders, due to recurring deficiencies of work required by this Section, will be rescinded after the Contractor demonstrates to the CO that changes were made to the quality control plan and system which resulted in the correction of those deficiencies. There will be no adjustment in the contract time, or payments to the Contractor for any impacts, delays, or other costs due to any periods of work stoppage resulting from failure to comply with the requirements of this Section.

CDRs will be evaluated under Subsection 106.02.

Payment

153.11 Add the following:

Progress payments for Contractor quality control by the lump sum will be paid as follows:

(a) 25 percent of the pay item amount, no more than 0.5 percent of the original contract amount, will be paid after the Contractor quality control plan is accepted; all testing

facilities are in place; qualified quality control supervisor, inspection, and sampling and testing personnel are in position to provide quality control activities; and the work being inspected or tested has started.

(b) 65 percent of the pay item amount will be prorated for payment based on the completed portion of the total work not including the original 25 percent completed under (a) above.

(c) The remaining portion of the pay item amount will be paid when all inspections, test results, submittals, and reports are complete and accepted.

Section 154. — CONTRACTOR SAMPLING AND TESTING

Construction Requirements

154.03 Sampling. Add the following:

Perform the initial curing of all concrete test cylinders. Provide for transporting the Government verification cylinders to the FHWA-Central Federal Lands Highway Division (CFLHD) Laboratory unless other testing facilities are approved.

Label each concrete mold with the name and number of the project, the cylinder number, date molded, location of the sample, and the test age (7, 14, or 28 days). Label the mold after casting and the cylinder after stripping to ensure the sample can be identified throughout the entire curing process.

Provide the required cylinder molds.

154.04B Laboratory (Contractor-Provided). (Added Subsection).

Provide a field laboratory or commercial laboratory equipped with all test equipment necessary to satisfy the requirements of the contract.

The sampling and testing services of a commercial laboratory meeting or exceeding the requirements described herein may be used if all contract sampling and testing requirements are satisfied by the use of the commercial facility.

Ensure test equipment has been checked, calibrated, standardized or otherwise verified according to AASHTO and ASTM standards by an individual qualified to do this work. Ensure mobile laboratories receive an equipment inspection after the laboratory has been moved to its permanent location on the project site and anytime it is moved thereafter. Inspect equipment within 45 days of actual use in project testing and at least once a year thereafter. Do not use equipment that has not been inspected or is found to be deficient. Mark deficient equipment and take it out-of-service until it is repaired or replaced and shown by subsequent inspection to perform as required. Maintain records documenting these inspections in the laboratory. Provide certifications stating the equipment conforms to testing requirements and provide evidence of current inspection.

The CO may require the Contractor to perform testing to demonstrate acceptable equipment and an acceptable level of technician competence. The CO may also check equipment and inspection records to verify condition. Repair or replace equipment not meeting applicable requirements. Keep laboratory facilities clean and maintain equipment in proper working condition. Provide the CO unrestricted access to the laboratory for inspection and review.

Section 155. — SCHEDULES FOR CONSTRUCTION CONTRACTS

Construction Requirements

155.05 Baseline Construction Schedule. Add the following:

Include activities for permit review and approval. Refer to the permitting agencies to determine an appropriate duration for permit application review, permit approval, and distribution of permits.

155.06(d)(1) Delete Subsection (*f*) and substitute the following:

> (*f*) Revised construction activities affected by impacts addressed with an approved time impact analysis. Include a revised completion date for the total work.

155.07 Progress Meetings. Add the following:

Notify the CO in accordance with 107.03A before beginning work on any road segment. Include a description of work, expected delays, expected closures, and period when the road is open to traffic without delays. Provide weekly email updates.

Section 156. — PUBLIC TRAFFIC

Construction Requirements

156.02 Qualifications. Delete this subsection and substitute the following:

Provide a traffic control supervisor (TCS) certified by a state department of transportation or ATSSA. At least 30 days before starting work, submit documentation of appropriate certifications for approval.

156.03 Accommodating Traffic During Work. Add the following to the end of the first paragraph:

The temporary traffic control submittal should have site specific details including narrative and sight distance requirements. Provide a plan for managing traffic control speeds through work zones. When the posted speed is over 40 mph, provide details showing how speeds will be reduced in the work zone. Provide flaggers according to the MUTCD and Section 635.

156.04 Maintaining Roadways During Work. Add the following to Subsection (a):

Do not construct temporary traffic diversions outside of the clearing limits or use alternate route detours without approval.

156.06 Limitations on Construction Operations. Delete Subsection (a) and substitute the following:

(a) Limit construction-caused delays to public traffic to no more than 30 minutes per passage per route.

156.06 Limitations on Construction Operations. Delete the first sentence of Subsection (d) and substitute the following:

For alternate one-way traffic control, provide a minimum lane width of 9 feet. For two-way traffic, provide a minimum roadway width of 18 feet. Use flaggers and a pilot car to direct traffic through active construction zones.

156.06 Limitations on Construction Operations. Add the following:

(j) Perform all work during weekday, daylight hours. Daylight hours are defined in 156.07.

(k) Perform grading or surfacing part-width at a time using alternate one-way control according to 156.06(d). Use flaggers and a pilot car to direct traffic through sections of road under construction.

(l) Full road closures between the hours of 10:00 am and 4:00 pm will only be allowed for culvert removals and replacements. Submit a closure request for approval to the applicable County contact, as shown in Subsection 108.01(a) and in accordance with 107.03A. Include a

site specific temporary traffic control plan with a proposed route detour, proposed closure and detour signage, flagging, and closure duration in the closure request. Provide closure approval to the CO before beginning work associated with the closure.

Section 157. — SOIL EROSION AND SEDIMENT CONTROL

Construction Requirements

157.04 General. Delete this Subsection and substitute the following:

Provide and implement a site-specific soil erosion and sediment control plan coordinated with the Contractor's operations. Develop a soil erosion and sediment control plan to include necessary measures to minimize erosion and keep eroded soil particles from leaving the construction site. Submit the soil erosion and sediment control plan to the CO at or before the preconstruction conference. Allow 30 days for CO review and approval.

Contract permits amend the requirements of this Section. Do not modify the type, size, or location of controls or practices without approval.

If soil erosion and sediment control measures are not functioning as intended, take corrective action to eliminate or minimize pollutants in stormwater discharges from the project.

Do not import wood chips without approval.

Provide certified weed free devices.

Do not use monofilament plastic for erosion or sediment control products.

Section 209. — STRUCTURE EXCAVATION AND BACKFILL

Construction Requirements

209.09(b) Pipe culverts. Delete this Subsection and substitute the following:

209.09(b) Pipe culverts. Backfill pipe culverts with flowable backfill. Place and anchor pipe to prevent floating and movement. Backfill using flowable backfill according to Section 614.

Measurement and Payment

209.12 Add the following:

Do not measure flowable backfill for payment. See Subsection 109.05.

Section 301. — UNTREATED AGGREGATE COURSES

Description

301.01 Delete this subsection and substitute the following:

This work consists of constructing one or more courses of aggregate on a prepared surface as shown in the plans and maintaining haul roads used throughout the project duration.

Construction Requirements

301.03 General. Add the following:

For surface course set target values within the gradation range shown in Table 703-2.

301.03A Maintaining Haul Roads. (Added subsection):

Maintain haul roads in a condition that provides safe and continuous access for construction and public traffic at all times or as required by the CO.

Record the condition of haul roads before and after construction activities using photographs or video. Restore haul roads to their original condition or better at the completion of the project.

Table 301-1. Delete Table 301-1 and substitute the following:

Table 301-1
Sampling, Testing, and Acceptance Requirements

Material or Product (Subsection)	Type of Acceptance (Subsection)	Characteristic	Category	Test Methods Specifications	Sampling Frequency	Point of Sampling	Split Sample	Reporting Time	Remarks
Source									
Aggregate quality (703.05(a), (b), & (c))	Measured & tested for conformance (106.04 & 105)	LA abrasion (coarse)	–	AASHTO T 96	1 per type & source of material	Source of material	Yes	Before using in work	Not required if using Government -furnished sources
		Soundness using sodium sulfate (coarse & fine)	–	AASHTO T 104	"	"	"	"	"
		Fractured faces	–	AASHTO T 335	"	"	"	"	"
		Liquid limit	–	AASHTO R58 & T 89, Method A	"	"	"	"	"
Surface course aggregate (703.05(c))	Measured & tested for conformance (106.04 & 105)	Plasticity index	–	AASHTO R 58, T 89, & T 90	1 per type & source of material	Crusher belt or after processing	Yes	Before using in work	Not required if using Government -furnished sources

Table 301-1 (continued)
Sampling, Testing, and Acceptance Requirements

Material or Product (Subsection)	Type of Acceptance (Subsection)	Characteristic	Category	Test Methods Specifications	Sampling Frequency	Point of Sampling	Split Sample	Reporting Time	Remarks
Source (continued)									
Subbase, base, or surface course aggregate (703.05(b) & (c))	Process control (153.03)	Gradation	–	AASHTO T 11 & T 27	2 per day per stockpile minimum	Crusher belt	No	24 hours	Not required if using a pre-crushed commercial source
		Fractured faces	–	AASHTO T 335	"	"	"	"	"
Surface course aggregate (703.05(c))	"	Plasticity index	–	AASHTO R 58, T 89, & T 90	2 per day per stockpile minimum	Crusher belt or after processing	No	24 hours	Not required if using a pre-crushed commercial source

Table 301-1 (continued)
Sampling, Testing, and Acceptance Requirements

Material or Product (Subsection)	Type of Acceptance (Subsection)	Characteristic	Category	Test Methods Specifications	Sampling Frequency	Point of Sampling	Split Sample	Reporting Time	Remarks
Production									
Surface course aggregate	Statistical (106.05)	Gradation		AASHTO T 27 & T 11	1 per 2,500 tons	From windrow or roadbed after processing	Yes	24 hours	–
		No. 4	II						
		No. 40	II						
		No. 200	II						
		Other specified sieves	II						
		Plasticity index	II	AASHTO R 58, T 89, & T 90	"	"	"	"	–
	Measured & tested for conformance (106.04)	Moisture-density (maximum density)	–	AASHTO T 180, Method D(1)	1 per type & source of material	Stockpile or production output	Yes	"	–
		Density	–	AASHTO T 310 or other approved procedures	1 per 500 tons	In-place after compaction	No	End of shift	–
		Moisture content (in-place)	–	"	"	"	"	"	–
		Fractured faces	–	AASHTO T 335	1 per 15,000 tons	From windrow on roadbed after processing	Yes	24 hours	–

Table 301-1 (continued)
Sampling, Testing, and Acceptance Requirements

Material or Product (Subsection)	Type of Acceptance (Subsection)	Characteristic	Category	Test Methods Specifications	Sampling Frequency	Point of Sampling	Split Sample	Reporting Time	Remarks
Finished Product									
Subbase, base, & surface course	Measured & tested for conformance (106.04)	Surface tolerance & grade	–	Subsection 301.06	As directed	Surface of final course	No	Before placement of next lift or as requested	–

Section 303. — ROAD RECONDITIONING

Construction Requirements

303.07 Aggregate Surface Reconditioning. Delete this subsection and substitute the following:

Repair soft and unstable areas to the full aggregate surface depth and according to Subsection 204.07. Scarify to a minimum 4-inch depth. Remove irregularities and shape to a uniform surface to meet the crown requirements as shown in the plans or as approved. Compact and finish the surface according to Subsection 301.05.

Section 602. — CULVERTS AND DRAINS

Construction Requirements

602.03 General. Add the following:

Remove debris, vegetation, and earthen material that impedes the inlet and outlet channel flow to the structure prior to installing the structure. Dispose of removed material according to Subsection 203.07.

Regrade inlet and outlet channels at structures to provide positive drainage.

Embed culvert ends to maintain minimum cover requirements as shown in the plans and to provide positive drainage. Obtain approval for embedment depth in accordance with Subsection 152.05(g)(2).

Measurement

602.09 Add the following:

Do not measure the removal and disposal of debris, vegetation, and earthen material for payment. See Subsection 109.05.

Do not measure regrading at the inlet or outlet for payment. See Subsection 109.05.

Section 607. — CLEANING, RELAYING, AND REPAIRING EXISTING DRAINAGE STRUCTURES

Construction Requirements

607.02 General. Add the following:

Replace length of pipe containing damage which inhibits positive drainage or the installation of proposed work items as shown in the plans. Obtain approval before replacing damaged pipe. Install according to Section 602. Dispose of damaged pipe according to Subsection 203.07.

Section 703. — AGGREGATE

703.01 Fine Aggregate for Concrete. Add the following:

(c) Sand equivalent value, AASHTO T 176, Alternate Method No. 2	75 minimum

703.05(a) Delete the Subsection and substitute the following:

(a) General. Provide hard, durable particles or fragments of crushed stone, crushed slag, or crushed gravel conforming to the following:

(1) Los Angeles abrasion, AASHTO T 96	50 percent maximum
(2) Soundness of aggregate using sodium sulfate AASHTO T 104, 5 cycles	
(a) Coarse aggregate	12 percent loss maximum
(b) Fine aggregate	12 percent loss maximum
(3) Fractured faces, ASTM D5821 (one or more)	50 percent minimum

(4) Without organic matter and lumps or balls of clay.

703.05(b) Subbase or base course aggregate. Delete the Subsection.

703.05(c) Surface course aggregate. Delete the Subsection and substitute the following:

703.05(c) Surface course aggregate. In addition to Subsection 703.05(a), conform to the following:

(1) Gradation	Table 703-2
(2) Liquid limit, AASHTO R 58 and T 89, Method A	25 maximum
(3) Plasticity index, AASHTO T 90	Table 703-2

Table 703-2
Surface Course Gradations and Plasticity Index

Sieve Size	Percent by Mass Passing Designated Sieve (AASHTO T 27 & AASHTO T 11)
¾ inch	100(1)
No. 4	47 to 71 (6)
No. 40	12 to 28 (4)
No. 200	9 to 16 (3)
Plasticity Index (PI)	8 (4)

(1) Statistical procedures do not apply.

( ) The value in the parentheses is the allowable deviation (±) from the target values.
