Requests for Information (RFI's) and Responses – Solicitation #: W50S8R-27-B-A002

(as of 13 Nov 26)

RFI 01

1. Bid opening date. Block 13A of the SF 1442 and the SAM.gov notice text appear to show different bid opening dates (Wednesday, December 9, 2026 and Thursday, December 10, 2026, both at 1:00 PM EST). Please confirm the correct date and time for bid opening.

2. Commercial carrier delivery. Section 00 21 00, paragraph 5, describes hand-carried bids delivered to the main gate at 1947 Harrington Memorial Rd. Will a sealed bid delivered by a commercial carrier (for example, FedEx or UPS) before the bid opening time be accepted as timely? If so, please advise the exact delivery address, how the outer envelope should be marked, and who will sign for and take custody of the package.

RESPONSE:

- Bid opening date is 10 Dec 2026 (solicitation has been amended/uploaded to SAM.gov)
- Yes, bids delivered through normal mail or a carrier are acceptable, and should be addressed in the same manner as hand-delivered bids:
    - 179th Cyberspace Wing – Attn: Gordon Strom
    - 1947 Harrington Memorial Rd.
    - Mansfield, Ohio 44903

  A individual authorized to receipt deliveries on-base will sign for package, and notify the Contracting Office of delivery. Note: if delivery of bid package is not received on base prior to bid opening date and time, as noted in solicitation, the bid will be marked "Late".
