Late submissions will not be considered unless otherwise permitted by an applicable solicitation provision.

Quotes must be valid for 120 calendar days.

3.2 System for Award Management (SAM) Registration

Quoters must be actively registered in SAM.gov under NAICS 562111 with complete Representations and Certifications prior to award. Quoters must state their Unique Entity Identifier (UEI), business address, and primary point of contact in their quote.

3.3 Structure of Quote Submission

Quotes shall be submitted in the following three electronic volumes:

1. Volume I – Technical Capability
2. Volume II – Past Performance
3. Volume III – Price

The Government will evaluate only the information submitted in the quote, except that the Government may use information available in SAM.gov or other appropriate sources when making a responsibility determination.

Volume I – Technical Capability

The quoter shall organize Volume I by Subfactors 1A through 1C. The narrative portion shall not exceed **ten (10) pages**.

Formatting Requirements: Volume I narrative shall –

1. Be submitted on standard 8.5x11-inch pages;
2. Use Times New Roman font, 12 point size or larger;
3. Use margins no smaller than one (1) inche on the top, bottom, left and right sides of each page;
4. Use single line spacing or greater; and
5. Be submitted in PDF format.

The ten (10) page limit includes all narrative text, tables, charts, graphics, tables of contents, section dividers, and appendices, unless expressly excluded below. Each page in the submitted PDF counts as one page, regardless of orientation. The Government will not evaluate narrative content beyond the first ten (10) countable pages. A cover page does not count towards the page limit.

Equipment lists, vehicle specifications, permits, licenses, disposal/recycling-facility documentation, facility acceptance letters, letters of commitment, and account confirmations do not count toward the page limit. Such documents must be limited to supporting the corresponding Volume I requirement and may not be used to introduce additional narrative or otherwise circumvent the page limitation.

Reliance on Proposed First-Tier Subcontractors. If a quoter relies on a proposed first-tier subcontractor to demonstrate any required technical capability, including collection vehicles, containers, personnel, hauling, disposal, recycling, or continuity-of-service capability, the quoter shall identify the subcontractor and clearly identify the capability and PWS function the subcontractor will perform. The quoter may cross-reference the subcontractor letter of commitment submitted under Volume II.

The quoter remains responsible for demonstrating the capability to perform all material PWS requirements and for successful performance of the entire contract.

Subfactor 1A – Equipment and Container Capability:

The quoter shall demonstrate the capability to furnish, deploy, operate, maintain, and replace, as necessary, all equipment and containers required by the PWS at contract start.

The quoter shall provide:

1. A list of proposed refuse and recycling collection vehicles, including vehicle type and general capacity;
2. A description of primary and backup vehicle capability;
3. A description of the quoter's ability to furnish and maintain all PWS-required commercial containers, residential totes, and 30-cubic-yard bulk containers; and
4. A statement that all collection vehicles will comply with applicable PWS vehicle standards, including watertight refuse bodies and applicable Department of Transportation and Occupational Safety and Health Administration requirements.

Standard for Acceptability: The submission demonstrates the quoter has, or will have by contract start, sufficient compliant vehicles, containers, totes, and bulk-container capability to meet all PWS requirements.

Subfactor 1B – Collection and Response Capability:
The quoter shall provide a concise narrative, describing its capability to:

1. Perform scheduled commercial and residential collection services within the days, hours, frequencies, and locations specified in the PWS and attachments;
2. Correct missed pickups within 24 hours after discovery or notification;
3. Immediately remove collection-related spills and return containers to their proper condition and location;
4. Provide on-call 30-cubic-yard bulk-container service in accordance with the PWS turnaround requirements; and
5. Maintain continuity of service during vehicle breakdowns, staffing shortages, inclement weather, or other foreseeable disruptions.

Standard for Acceptability: The submission demonstrates a practical and credible capability to meet the collection, missed-pickup, spill-cleanup, and bulk-container requirements of the PWS.

Subfactor 1C – Disposal, Recycling, and Regulatory Capability:

The quoter shall identify its proposed refuse disposal facility or facilities and recycling facility or facilities.

The quoter shall provide:

1. The name and location of each proposed refuse disposal and recycling facility;
2. Evidence that the proposed facilities are appropriately licensed or permitted for the intended services;

3. Evidence that the quoter has current access, or a written commitment or explicit arrangement that will be in effect at the time of contract award, to each proposed facility; and

4. A statement that the quoter and any proposed first-tier subcontractor hold, or will obtain before performance begins, all permits, licenses, and authorizations required for refuse hauling, transportation, disposal, and recycling.

Supporting documentation may be held in the name of the quoter, a named proposed first-tier subcontractor, or the proposed disposal or recycling facility, as applicable. Permits, licenses, facility agreements, disposal agreements, recycling agreements, facility acceptance letters, account confirmations, and similar documentation are not required to be in the quoter's name at quote submission, provided the quotation clearly demonstrates the relationship between the quoter, any proposed first-tier subcontractor, and each proposed facility.

Acceptable evidence may include a current disposal agreement, facility acceptance letter, account confirmation, permit, license, signed letter of commitment, or other documentation demonstrating the quoter's ability to lawfully perform the disposal and recycling requirements. Generic marketing material or documentation that does not establish the proposed entity's commitment or the quoter's access to the proposed facility will not be sufficient.

Standard for Acceptability: The submission demonstrates the quoter, either directly or through identified proposed first-tier subcontractor support, has or will obtain the lawful permits, licenses, facility access, equipment, and arrangements necessary to transport, dispose of, and recycle materials in accordance with the PWS and applicable requirements.

Volume II – Past Performance

The quoter shall submit up to three (3) references for recent and relevant refuse, recycling, waste-hauling, or comparable collection and disposal contracts performed within the past five (5) years. References may be for the quoter, a proposed first-tier subcontractor that will perform a major or critical aspect of the requirement, or a combination thereof.

Formatting Requirements: Volume II narrative shall not exceed three (3) pages total. No individual reference may exceed one (1) page. The page limit includes all narrative text, tables, charts, graphics, tables of contents, section dividers, and appendices. A cover page does not count towards the page limit.

Volume II shall be submitted on standard 8.5 x 11-inch pages, using Times New Roman font, 12 point or larger, margins no smaller than one (1) inch on all sides, and single line spacing or greater. Volume II shall be submitted in PDF format. The Government will not evaluate narrative content beyond the first three (3) countable pages.

For each reference, provide:

1. Name of the entity that performed the referenced work;
2. Procuring Agency or Commercial Customer;
3. Contract number and title of contract;
4. Contract award date;
5. Period of performance;
6. Total dollar value;
7. Point of contact name, telephone number, and email address;
8. Brief description of services and how the referenced work is similar in scope, complexity, and magnitude to this requirement.

Proposed First-Tier Subcontractor References: When submitting a reference for a proposed first-tier subcontractor, the quoter shall also provide:

1. The subcontractor's legal business name;
2. A description of the specific PWS functions the subcontractor will perform;
3. The estimated percentage of the total contract amount the quoter expects to pay the subcontractor;
4. A statement whether the subcontractor is represented to be a similarly situated entity for purposes of FAR 52.219-14, including the NAICS code assigned to the subcontract;
5. A statement whether the subcontractor intends to further subcontract any portion of its proposed work; and
6. A signed letter of commitment from an authorized representative of the subcontractor.

    a. The letter of commitment must identify the RFQ number, the quoter, and the proposed subcontractor; describe the subcontractor's intended scope of work; and state that the subcontractor commits to perform that work if the quoter receives award. The letter need not disclose proprietary pricing, rates, or other commercial terms.

    b. Signed letters of commitment do not count toward the three (3) page Volume II narrative limit. Letters of commitment must be limited to identifying the parties, describing the proposed scope of work, and confirming the subcontractor's commitment to perform that work if the quoter receives award.

A quoter without relevant past performance shall receive a Neutral past performance determination. A Neutral determination will be treated as Acceptable for purposes of this solicitation.

Volume III – Price

The quoter shall complete and submit Attachment 10, Schedule B, and shall provide a price narrative explaining the methodologies, calculations, and assumptions used in developing the prices.

The quoter shall:

1. Complete all required pricing fields;
2. Provide unit prices and extended prices for each Contract Line Item Number (CLIN) and complete this for each period of performance;
3. Submit prices in whole U.S. dollars only, without cents or decimal values;
4. Ensure extended prices equal the applicable unit price multiplied by the stated quantity;
5. Include all costs necessary for complete PWS performance; and
6. Not alter Government-provided CLIN descriptions, units, quantities, or periods of performance.

Failure to price all required priced CLINs may render the quotation ineligible for award.

SECTION 4 – EVALUATION CRITERIA & BASIS FOR AWARD (FAR 52.212-2 ADDENDUM)

The provision at FAR 52.212-2, Evaluation—Commercial Products and Commercial Services, applies to this acquisition, as tailored by this addendum:

4.1 Basis for Award

In accordance with the Revolutionary FAR Overhaul (RFO) Part 12.203(b), the Government intends to award a Firm Fixed Price (FFP) contract to the responsible small business quoter whose quote conforms to the RFQ, is the lowest-priced, is determined to be technically acceptable, and demonstrates acceptable past performance.

To be eligible for award, the quote must:

1. Receive an Acceptable determination under Volume 1 – Technical Acceptability;
2. Receive an Acceptable determination under Volume 2 – Past Performance; and
3. Offer the lowest Total Evaluated Price under Volume 3 – Price.

The lowest priced quote will be evaluated on Technical and Past Performance acceptability. If it is found to be acceptable, an award will be made. If it is found to be unacceptable, the next lowest price will be evaluated. This process will continue until an acceptable offer is identified; not all offers will be evaluated.

4.2 Evaluation Information

Volume I – Technical Capability Evaluation

Technical Capability will be evaluated on an Acceptable/Unacceptable basis. To receive an Acceptable determination, the quoter shall demonstrate the capability to perform all material PWS requirements. This will be demonstrated by submitting all requested information in Volume I and meeting the Standard for Acceptability for Subfactors 1A, 1B, and 1C.

The subfactors are not weighted, scored, or ranked. A quotation must be determined Acceptable under each subfactor in Volume I to receive an overall Acceptable determination. A quotation will be determined Unacceptable if it fails to address a subfactor, takes exception to a material PWS requirement, or provides insufficient or inconsistent information to demonstrate required capability. An Unacceptable quotation will not be eligible for award.

Volume II – Past Performance Evaluation

Past Performance will be evaluated on an Acceptable/Unacceptable basis.

The Government will evaluate relevant past performance of the quoter and, when properly submitted under Volume II, relevant past performance of a proposed first-tier subcontractor that will perform a major or critical aspect of the requirement. The evaluation will be based on the information received by Past Performance references, the Contractor Performance Assessment Report System (CPARS), and other relevant sources, to obtain contractor past performance information. Although the Government will consider data obtained from other sources, the burden of providing thorough and complete past performance information rests with the quoter. Additionally, the Government will only consider relevant Past Performance as defined by similar in nature, scope, and complexity.

A quoter with no record of relevant past performance will receive a Neutral determination, which is evaluated as Acceptable.

An Acceptable determination reflects past performance information that provides a reasonable expectation of successful performance.

An Unacceptable determination reflects relevant adverse past performance information that creates substantial doubt regarding the quoter's ability to successfully perform the required services. The Government will consider the relevance, recency, severity, and corrective actions associated with any adverse past performance information.

A quote determined Unacceptable under Volume II will not be eligible for award.

Volume III – Price Evaluation

The Government will evaluate price in accordance with (IAW) RFO Part 12.204. For preparing a price quote, the contractor shall assume that the basic period of performance will be one 12-month base period, four 12-month option periods, and a 6-month optional extension pursuant to

FAR Clause 52.217-8. The Government will evaluate the price quote for the base year and all option periods.

The Government will evaluate Price for completeness, mathematical accuracy, reasonableness, and material unbalancing. Price will be evaluated using the completed Attachment 10, Schedule B, and the price narrative. Optional periods will be evaluated pursuant to solicitation provision FAR 52.217-5, Evaluation of Options. The Government will evaluate quotes for award purposes by adding the total price for all ordering periods to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the ordering prices are significantly unbalanced. Evaluation of ordering periods shall not obligate the Government to exercise the additional ordering period(s).

The estimated quantities for the not-to-exceed CLINs are used for evaluation only. The Government will order and pay only for actual, authorized services performed under the contract.

Evaluation of options does not obligate the Government to exercise options.

The Government may evaluate any and all information submitted by the quoter to support the reasonableness of prices proposed. The method of evaluation used by the Contracting Officer is solely within the discretion of the Contracting Officer. Additionally, the government may request quoter's to submit additional information/data to support price reasonableness such as copies of paid invoices for the same or similar items or uncertified cost and pricing data. Failure to submit the requested information may result in disqualification of the submitted quote. Additionally, ordering activities are strongly encouraged to verify that any additional requirements pertaining to contracting for acquisition support services are met.

The Government will evaluate its Option to Extend Services (see FAR Clause 52.217-8) by adding six months of the quoter's final option period price to the quoter's total price. Quoters are required to provide price for a 12-month base period and four option periods only. Quoters shall not submit a price for the potential six-month extension of services period. The Government may choose to exercise the Extension of Services at the end of any performance period (base or option periods), utilizing the rates of that performance period.

(1) The solicitation number;
(2) The name, address, telephone number of the Offeror;
(3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;

(c) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) Debriefings. If a post award debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers: **See Addendum in Section 4**.

(b) Options (if applicable). The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

- **FAR 52.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services (Aug 2025) (DEVIATION 25-21)**

  (a) *Definitions.* The clause at Federal Acquisition Regulation (FAR) 52.202-1, Definitions, is incorporated by reference.

  (b) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post acceptance rights—
  (1) Within a reasonable time after the defect was discovered or should have been discovered; and
  (2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(c) *Assignment.* The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(d) *Changes.* Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(e) *Disputes.* This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal, or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause FAR 52.233-1, Disputes, which is incorporated in this contract by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(f) *Excusable delays.* The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence. Examples of occurrences include acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. When an excusable delay occurs, the Contractor shall—

(1) Notify the Contracting Officer in writing as soon as possible;
(2) Remedy the delay as quickly as possible; and
(3) Notify the Contracting Officer when the occurrence is over.

(g) *Invoice.* The Government will handle invoices according to the Prompt Payment Act (31 U.S.C. 3903) and 5 CFR part 1315. The Contractor shall submit invoices to the address designated in the contract to receive invoices. An invoice must include the information required by 5 CFR part 1315.9(b).

(h) *Patent indemnity.* The Contractor shall indemnify the Government and its officers, employees, and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark, or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment—

(1) Items accepted. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.
(2) Prompt payment. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR Part 1315.
(3) Discount. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount

earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.
(4) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—
(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);
(B) Affected contract number and delivery order number, if applicable;
(C) Affected line item or subline item, if applicable; and
(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(5) Interest.
(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final decisions. The Contracting Officer will issue a final decision as required by 33.211 if–
(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;
(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or
(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.
(v) Amounts shall be due at the earliest of the following dates:
(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on-

(A) The date on which the designated office receives payment from the Contractor; (B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or (C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures for interest credits prescribed in FAR part 32 in effect on the date of this contract.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon—

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. The Government will send a cure notice to the Contractor, unless the reason for the termination is late delivery. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that

the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 49 U.S.C. 40118, Government-financed air transportation; and 41 U.S.C. chapter 21 relating to procurement integrity.

(r) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

(1) The schedule of supplies/services;
(2) The Disputes, Payments, Invoice, Compliance with Laws Unique to Government Contracts, and Unauthorized Obligations paragraphs of this clause;
(3) Other contract clauses incorporated in the solicitation or contract;
(4) Addenda to this solicitation or contract;
(5) Solicitation provisions incorporated in the solicitation;
(6) Other paragraphs of this clause;
(7) Other documents, exhibits, and attachments; and
(8) The specification.

(s) Unauthorized obligations.

(1) Except as stated in paragraph (s)(2) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government-authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (s)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(t) Comptroller General examination of record. This paragraph applies if this contract was awarded using other than sealed bid procedures and is in excess of the simplified acquisition threshold on the date of award of this contract.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices, at all reasonable times, the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR part 4, longer period required by statute, or periods specified in other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This clause does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(u) Incorporation by reference. The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(End of clause)

- **FAR 52.217-8, Option to Extend Services (NOV 1999)**

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 1 day.

(End of clause)

- **FAR 52.217-9, Option to Extend the Term of the Contract (MAR 2000)**

(a) The Government may extend the term of this contract by written notice to the Contractor within 1 day provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 10 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed five (5) years or sixty (60) months.

(End of clause)

- **FAR 52.219-14 Limitations on Subcontracting (Class Deviation 22-02, Rev. 1) (JUL 2023)**

(a) This clause does not apply to the unrestricted portion of a partial set-aside.
(b) Definition. Similarly situated entity, as used in this clause, means a first-tier subcontractor, including an independent contractor, that

(1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) Applicability. This clause applies only to

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with subparts 19.8, 19.13, 19.14, and 19.15;

(4) Orders expected to exceed the simplified acquisition threshold and that are

(i) Set aside for small business concerns under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or

(ii) Issued directly to small business concerns under multiple-award contracts as described in 19.504(c)(1)(ii);

(5) Orders, regardless of dollar value, that are

(i) Set aside in accordance with subparts 19.8, 19.13, 19.14, or 19.15 under multiple award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or

(ii) Issued directly to concerns that qualify for the programs described in subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 19.504(c)(1)(ii); and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) Independent contractors. An independent contractor shall be considered a subcontractor.

(e) Limitations on subcontracting. By submission of an offer and execution of a contract, the Contractor agrees to the following requirements in the performance of a contract assigned a North American Industry Classification System (NAICS) code applicable to this contract:

(1) Services (except construction). It will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding certain other direct costs and certain work performed outside the United States (see paragraph (e)(1)(i)), to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract.

(i) The following services may be excluded from the 50 percent limitation:

(A) Other direct costs, to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service. Examples include airline travel, work performed by a transportation or disposal entity under a contract assigned the environmental remediation NAICS code (562910), cloud computing services, or mass media purchases.

(B) Work performed outside the United States on awards made pursuant to the Foreign Assistance Act of 1961, or work performed outside the United States required to be performed by a local contractor.

(2) Supplies (other than procurement from a nonmanufacturer of such supplies). It will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract.

(3) General construction. It will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded.

(4) Construction by special trade contractors. It will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause.

[Contracting Officer check as appropriate.]
_X_ By the end of the base term of the contract and then by the end of each subsequent option period; or
__ By the end of the performance period for each order issued under the contract.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.
(1) In a joint venture comprised of a small business protégé and its mentor approved by the Small Business Administration, the small business protégé shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protégé in the joint venture must be more than administrative functions.
(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

- **FAR 52.222-42 Statement of Equivalent Rates for Federal Hires (May 2014)**

In compliance with the Service Contract Labor Standards statute and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C.5341 or 5332. This Statement is for Information Only:

On March 14, 2025, President Trump issued Executive Order 14236, "Additional Rescissions of Harmful Executive Orders and Actions," (90 FR 13037), which revoked, among other items, Executive Order 14026 of April 27, 2021, "Increasing the Minimum Wage for Federal Contractors" (86 FR 22835). Pursuant to section 2(d) of Executive Order 14236, the Department of Labor is no longer enforcing Executive Order 14026 or the implementing rule (29 CFR part 23) and will take steps, including rescinding 29 CFR part 23, to implement and effectuate the revocation of Executive Order 14026.

- **FAR 52.222-55 Minimum Wages for Contractor Workers Under Executive Order 14026 (OCT 2023) (Deviation 24-02)**

(a) Definitions. As used in this clause— United States means the 50 states, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer Continental Shelf Lands Act (43 U.S.C. 1331, et seq.).

Worker – (1)(i) Means any person engaged in performing work on, or in connection with, a contract covered by Executive Order 14026, and– (A) Whose wages under such contract are governed by the Fair Labor Standards Act (29 U.S.C. chapter 8), the Service Contract Labor Standards statute (41 U.S.C. chapter 67), or the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV); (B) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541; and (C) Regardless of the contractual relationship alleged to exist between the individual and the employer. (ii) Includes workers performing on, or in connection with, the contract whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c) . (iii) Also includes any person working on, or in connection with, the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship. (2)(i) A worker performs on a contract if the worker directly performs the specific services called for by the contract; and (ii) A worker performs in connection with a contract if the worker's work activities are necessary to the performance of a contract but are not the specific services called for by the contract. (b) Executive Order Minimum wage rate. (1) The Contractor shall pay to workers, while performing in the United States, and performing on, or in connection with, this contract, a minimum hourly wage rate of $15.00 per hour beginning January 30, 2022. (2) The Contractor shall adjust the minimum wage paid, if necessary, beginning January 1, 2023, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on https://www.sam.gov (or any successor website), and a general notice on all wage determinations issued under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by reference into this contract. (3)(i) The Contractor may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only for increased labor costs (including subcontractor labor costs) as a result of an increase in the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated labor costs shall include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance but will not otherwise include any amount for general and administrative costs, overhead, or profit. (ii) Subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Contractors shall consider any subcontractor requests for such price adjustment. (iii) The Contracting Officer will not adjust the contract price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause and will not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute. (4) The Contractor warrants that the prices in this contract do not include allowance for any contingency to cover increased costs for which

adjustment is provided under this clause. (5) A pay period under this clause may not be longer than semi-monthly but may be shorter to comply with any applicable law or other requirement under this contract establishing a shorter pay period. Workers shall be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued. (6) The Contractor shall pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The Contractor may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with 29 CFR 23.230, Deductions. (7) The Contractor shall not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof. (8) Nothing in this clause shall excuse the Contractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance or any applicable contract establishing a minimum wage higher than the E.O. 14026 minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart. (9) The Contractor shall pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate. (10) The Contractor shall follow the policies and procedures in 29 CFR 23.240(b) and 23.280 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than $30 a month in tips. (c)(1) This clause applies to workers as defined in paragraph (a). As provided in that definition– (i) Workers are covered regardless of the contractual relationship alleged to exist between the contractor or subcontractor and the worker; (ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c) are covered; and (iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship, are covered. (2) This clause does not apply to— (i) Contracts or subcontracts to which the States of Texas, Louisiana, or Mississippi, including their agencies, are a party; (ii) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., i.e., those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts; (iii) Individuals exempted from the minimum wage requirements of the FLSA under 29 U.S.C. 213(a) and 214(a) and (b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction) statute. These individuals include but are not limited to— (A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(a); (B) Students whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(b); and (C) Those employed in a bona fide executive, administrative, or professional capacity (29 U.S.C. 213(a)(1) and 29 CFR part 541).

(d) Notice. The Contractor shall notify all workers performing work on, or in connection with, this contract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage

Rate Requirements (Construction) statute, the Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the Contractor shall post notice, utilizing the poster provided by the Administrator, which can be obtained at www.dol.gov/agencies/whd/government-contracts, in a prominent and accessible place at the worksite. Contractors that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

(e) Payroll Records. (1) The Contractor shall make and maintain records, for three years after completion of the work, containing the following information for each worker: (i) Name, address, and social security number; (ii) The worker's occupation(s) or classification(s); (iii) The rate or rates of wages paid; (iv) The number of daily and weekly hours worked by each worker; (v) Any deductions made; and (vi) Total wages paid. (2) The Contractor shall make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The Contractor shall also make such records available upon request of the Contracting Officer. (3) The Contractor shall make a copy of the contract available, as applicable, for inspection or transcription by authorized representatives of the Administrator. (4) Failure to comply with this paragraph (e) shall be a violation of 29 CFR 23.260 and this contract. Upon direction of the Administrator or upon the Contracting Officer's own action, payment shall be withheld until such time as the noncompliance is corrected. (5) Nothing in this clause limits or otherwise modifies the Contractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.
(f) Access. The Contractor shall permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.
(g) Withholding. The Contracting Officer, upon his or her own action or upon written request of the Administrator, will withhold funds or cause funds to be withheld from the Contractor under this or any other Federal contract with the same Contractor, sufficient to pay workers the full amount of wages required by this clause.
(h) Disputes. Department of Labor has set forth in 29 CFR 23.510, Disputes concerning contractor compliance, the procedures for resolving disputes concerning a contractor's compliance with Department of Labor regulations at 29 CFR part 23. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. These disputes include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the workers or their representatives.
(i) Antiretaliation. The Contractor shall not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause or has testified or is about to testify in any such proceeding.

(j) Subcontractor compliance. The Contractor is responsible for subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due subcontractor workers.
(k) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (k) in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

- **HSAR 3052.240-71 Contractor Employee Access (JUL 2023) (HSAR DEVIATION 25-12) (NOV 2025)**

  (a) Controlled Unclassified Information (CUI) is any information the Government creates or possesses, or an entity creates or possesses for or on behalf of the Government (other than classified information) that a law, regulation, or Governmentwide policy requires or permits an agency to handle using safeguarding or dissemination controls. This definition includes the following CUI categories and subcategories of information: (1) Chemical-terrorism Vulnerability Information (CVI) as defined in 6 CFR part 27, “Chemical Facility Anti-Terrorism Standards,” and as further described in supplementary guidance issued by an authorized official of the Department of Homeland Security (including the Revised Procedural Manual “Safeguarding Information Designated as Chemical-Terrorism Vulnerability Information” dated September 2008); (2) Protected Critical Infrastructure Information (PCII) as set out in the Critical Infrastructure Information Act of 2002 (title XXII, subtitle B of the Homeland Security Act of 2002 as amended through Pub. L. 116–283), PCII’s implementing regulations (6 CFR part 29), the PCII Program

Procedures Manual, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security, the PCII Program Manager, or a PCII Program Manager Designee; (3) Sensitive Security Information (SSI) as defined in 49 CFR part 1520, "Protection of Sensitive Security Information," as amended, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security (including the Assistant Secretary for the Transportation Security Administration or designee), including Department of Homeland Security MD 11056.1, "Sensitive Security Information (SSI)" and, within the Transportation Security Administration, TSA MD 2810.1, "SSI Program"; (4) Homeland Security Agreement Information means information the Department of Homeland Security receives pursuant to an agreement with State, local, Tribal, territorial, or private sector partners that is required to be protected by that agreement. The Department receives this information in furtherance of the missions of the Department, including, but not limited to, support of the Fusion Center Initiative and activities for cyber information sharing consistent with the Cybersecurity Information Sharing Act of 2015; (5) Homeland Security Enforcement Information means unclassified information of a sensitive nature lawfully created, possessed, or transmitted by the Department of Homeland Security in furtherance of its immigration, customs, and other civil and criminal enforcement missions, the unauthorized disclosure of which could adversely impact the mission of the Department; (6) International Agreement Information means information the Department of Homeland Security receives that is required to be protected by an information sharing agreement or arrangement with a foreign government, an international organization of governments or any element thereof, an international or foreign public or judicial body, or an international or foreign private or nongovernmental organization; (7) Information Systems Vulnerability Information (ISVI) means: (i) Department of Homeland Security information technology (IT) systems data revealing infrastructure used for servers, desktops, and networks; applications name, version, and release; switching, router, and gateway information; interconnections and access methods; and mission or business use/need. Examples of ISVI are systems inventories and enterprise architecture models. Information pertaining to national security systems and eligible for classification under Executive Order 13526 will be classified as appropriate; and/or (ii) Information regarding developing or current technology, the release of which could hinder the objectives of the Department, compromise a technological advantage or countermeasure, cause a denial of service, or provide an adversary with sufficient information to clone, counterfeit, or circumvent a process or system; (8) Operations Security Information means Department of Homeland Security information that could be collected, analyzed, and exploited by a foreign adversary to identify intentions, capabilities, operations, and vulnerabilities that threaten operational security for the missions of the Department; (9) Personnel Security Information means information that could result in physical risk to Department of Homeland Security personnel or other individuals whom the Department is responsible for protecting; (10) Physical Security Information means reviews or reports illustrating or disclosing facility infrastructure or security vulnerabilities related to the protection of Federal buildings, grounds, or property. For example, threat assessments, system security plans, contingency plans, risk management plans, business impact analysis studies, and certification and accreditation documentation; (11) Privacy Information includes both

Personally Identifiable Information (PII) and Sensitive Personally Identifiable Information (SPII). PII refers to information that can be used to distinguish or trace an individual's identity, either alone, or when combined with other information that is linked or linkable to a specific individual; and SPII is a subset of PII that if lost, compromised, or disclosed without authorization could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual. To determine whether information is PII, DHS will perform an assessment of the specific risk that an individual can be identified using the information with other information that is linked or linkable to the individual. In performing this assessment, it is important to recognize that information that is not PII can become PII whenever additional information becomes available, in any medium or from any source, that would make it possible to identify an individual. Certain data elements are particularly sensitive and may alone present an increased risk of harm to the individual. (i) Examples of stand-alone PII that are particularly sensitive include: Social Security numbers (SSNs), driver's license or State identification numbers, Alien Registration Numbers (A numbers), financial account numbers, and biometric identifiers. (ii) Multiple pieces of information may present an increased risk of harm to the individual when combined, posing an increased risk of harm to the individual. SPII may also consist of any grouping of information that contains an individual's name or other unique identifier plus one or more of the following elements: (A) Truncated SSN (such as last 4 digits); (B) Date of birth (month, day, and year); (C) Citizenship or immigration status; (D) Ethnic or religious affiliation; (E) Sexual orientation; (F) Criminal history; (G) Medical information; and (H) System authentication information, such as mother's birth name, account passwords, or personal identification numbers (PINs). (iii) Other PII that may present an increased risk of harm to the individual depending on its context, such as a list of employees and their performance ratings or an unlisted home address or phone number. The context includes the purpose for which the PII was collected, maintained, and used. This assessment is critical because the same information in different contexts can reveal additional information about the impacted individual. (b) Information Resources means information and related resources, such as personnel, equipment, funds, and information technology. (c) Contractor employees working on this contract must complete such forms as may be necessary for security or other reasons, including the conduct of background investigations to determine suitability. Completed forms shall be submitted as directed by the Contracting Officer. Upon the Contracting Officer's request, the Contractor's employees shall be fingerprinted or subject to other investigations as required. All Contractor employees requiring recurring access to government facilities or access to CUI or information resources are required to have a favorably adjudicated background investigation prior to commencing work on this contract unless this requirement is waived under Departmental procedures. (d) The Contracting Officer may require the Contractor to prohibit individuals from working on the contract if the Government deems their initial or continued employment contrary to the public interest for any reason, including, but not limited to, carelessness, insubordination, incompetence, or security concerns. (e) Work under this contract may involve access to CUI. The Contractor shall access and use CUI only for the purpose of furnishing advice or assistance directly to the Government in support of the Government's activities, and shall not disclose, orally or in writing, CUI for any other purpose to any person unless authorized in writing by the Contracting Officer. For those Contractor employees

authorized to access CUI, the Contractor shall ensure that these persons receive initial and refresher training concerning the protection and disclosure of CUI. Initial training shall be completed within 60 days of contract award and refresher training shall be completed every 2 years thereafter. (f) The Contractor shall include this clause in all subcontracts at any tier where the subcontractor may have access to government facilities, CUI, or information resources.

- **HSAM 3032.702-70 Incremental Funding Requirements**

(a) Contract line items are incrementally or fully funded as shown in the below table. The sum of $_____ is available for payment and obligated on this contract for the CLINs in the table below:

CLIN	CLIN Price	Amount Currently Funded	Funds Required for Full Funding

(b) For items identified in the chart above as not fully funded, the contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement of authorized termination costs in the event of termination of those items for the Government's convenience, does not exceed the total amount currently allotted to the items not fully funded under the contract. The contractor is not authorized to continue work on those item(s) beyond that point.

(c) The Government may add funds to this contract as funds become available. There is no fixed schedule for providing additional funds.

(d) If the additional funds are less than the amount required for full performance of this contract (or order), the parties will agree as to the period of performance covered by the funds. The modification adding funds that do fully fund the contract (or order) shall retain the language of this section, appropriately updating the data in paragraph (a).

(e) The contractor will notify the contracting officer in writing at least thirty (or insert ninety or sixty) days prior to the date when, in the contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any

cost for termination for convenience, will approximate 85 percent of the total amount then obligated on the contract for performance of the applicable items. The notification will state the estimated date when that point will be reached. If after such notification additional funds are not obligated by the date identified in the contractor's notification, or by an agreed substitute date, the contracting officer will terminate any item(s) for which additional funds have not been provided, pursuant to the clause of this contract authorizing termination for the convenience of the Government, such as the clause entitled "Termination for Convenience of the Government" or paragraph (1) entitled “Termination for the Government's Convenience” of the clause at FAR 52.212-4, “Commercial Terms and Conditions - Commercial Products and Commercial Services.”

(f) In the event of incrementally funded line items, the total amount payable by the Government includes allowable costs, profit, and estimated/negotiated termination settlement costs for those items. The Government will not be obligated in any event to reimburse the contractor in excess of the amount obligated on the line items of the contract regardless of anything to the contrary in any other clause.

(g) The contractor agrees that, even though such data are not normally available to the Government, in the event the Government must terminate for its convenience, the contractor shall provide cost data as defined in FAR 15.402 regarding its performance under the contract to support its termination settlement proposal.

(h) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a).

(i) The termination provisions of paragraphs (e) through (h) do not limit the rights of the Government under the clause entitled “Default” or “Termination for Cause.” The provisions of this section are limited to the work and availability of funds for the contract line items set forth in paragraph (a). This language no longer applies once the contract is fully funded.

(j) Nothing in this section affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled “Termination for Convenience of the Government” or paragraph (1) entitled “Termination for the Government's Convenience” of the clause at FAR 52.212-4, “Commercial Terms and Conditions-Commercial Products and Commercial Services.”

(k) Nothing herein shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(l) Upon receipt of the contractor's notice under paragraph (e) of the Incremental Funding Requirements contract language above, the contracting officer shall promptly provide written notice to the contractor that the Government is,--

(1) Allotting additional funds for continued performance and increasing the Government's limitation of obligation in a specified amount;

(2) Terminating the contract; or

(3) Considering whether to allot additional funds; and

(A) The contractor is entitled by the contract terms to stop work when the Government's limitation of obligation is reached; and

(B) Any costs expended beyond the Government's limitation of obligation are at the contractor's risk.

(m) If the contracting officer is notified that the contract will receive no further funds by the date identified by the contractor, the contracting officer shall,--

(1) Promptly give the contractor written notice of the Government's decision and, terminate for the convenience of the Government; or

(2) If the contracting officer has documented reason to believe that funds will be received at a future date, negotiate a mutually acceptable funding schedule.

IPP is a secure web-based electronic invoicing system provided by the U.S. Department of the Treasury's Bureau of the Fiscal Service in partnership with the Federal Reserve Bank of St. Louis (FRSTL). IPP is available at no cost to any commercial vendor or independent contractor doing business with a participating government agency.

Actions to take:

1) If your company is already registered to use IPP, no action is required.

2) If you are NOT already enrolled in IPP: The point of contact provided in your SAM.gov registration will receive two emails from ipp.noreply@mail.eroc.twai.gov. Please note that emails from this email address may filter into your spam or junk folder:

   a. The first email will have the IPP Logon ID and a link to the IPP application

   b. A second email, which will be sent within 24 hours of the first email, contains a temporary password.

Once your contact receives these emails, please ensure they log into IPP and complete the registration process.

Once registered to use IPP, your company may submit invoices electronically, receive email notifications when requests are paid, view payment history, and access remittance downloads. The email notification of payment is sent when a payment is distributed to your bank account and may include the following payment information: Date of payment, dollar amount, invoice number, paying agency, payee name, and ACH trace number.

Vendor training materials, including a first time login tutorial, are available on the https:www.ipp.gov/ website.
