1. SAM says bids are due December 2 at 3:00 PM CST. The SF 1442 says November 20 at 3:00 PM local time. Which date should we use?

   The 2 December date is the correct date, the SF 1442 has been updated.

2. The Q&A says performance and payment bonds are due within 10 calendar days of award. The SF 1442 says 20 calendar days. Which applies?

   Performance and payment bonds are due within 10 calendar days of award. SF 1442 has been updated.

3. The Q&A says the May 18, 2026 wage determination will apply for the full contract. The notice says updates before award or task orders will apply. Which wage basis should we use for the five-year pricing?

   The May 18, 2026 wage determination will apply for the full contract.

4. The supplied ND20260014 determination does not list a floor-layer or carpet-layer classification. Please identify the applicable classification and fringe, or the required conformance process for this flooring work.

   The classification would be “laborer general”.

5. The pre-solicitation answers describe a ten-calendar-day task-order response and a schedule due within ten days of award. Please distinguish the required response, plan and work-start deliverables so firms can price realistic crew and material lead times.

   Schedule is due 10 calendar days after Notice to Proceed has been issued. Task order response will vary based on urgency of the task order.

6. Technical Provisions 1.3 requires the named Air Force Carpet Program sources and NTE pricing. Please confirm the contractor's permitted ordering mechanism and whether any carpet is Government-furnished.

   There are no restrictions on the ordering mechanism. The term “sources” refers to the manufacturer, not the actual supplier/source of the material. The potential for Government-furnished carpet exists but is not likely.

7. Historical spend. The pre-solicitation Q&A states a historical estimate of $1M with a ceiling of $1.4M. Is that figure annual or for the full prior contract period?

   That is the full prior contract period.

8. Sales tax. The Q&A states the Government is exempt from state taxes. Under North Dakota law, contractors are generally treated as the consumer of materials incorporated into real property. Should offerors include North Dakota sales/use tax on materials in unit prices, or will the Government furnish documentation establishing an exemption at the contractor purchase level?

   No documentation will be provided to exempt the contractor from paying taxes, offerors should include sales/use tax on materials in unit price.

9. Experience narrative. Section L, Part 1 references "painting" and "square footage painted." Please confirm offerors should describe square footage of flooring installed and flooring-specific preparation methods.

   That is a clerical error and has been corrected.

10. Experience value range. Section L states individual task orders must fall within $2,000 to $200,000. Will a standalone interior flooring contract (not a task order) within that range be credited, and will a contract above $200,000 be credited?

    No, a standalone flooring contract will not be awarded within the $2,000 to $200,000 range.

11. Carpet Program NTE pricing. Please confirm whether the Government will provide the current Air Force Carpet Program NTE price lists, or whether offerors should obtain them directly from the program manufacturers. Please also confirm how the bid material mark-up percentage will apply when NTE prices are updated under a new Commodities Contract or after the current program ends in January 2028.

    Offerors will obtain pricing from the manufacturers. Per Bid Schedule Instructions part 2.6, the same mark-up will apply to the carpet material price on the Air Force Carpet Program every year unless the offeror notifies the Contracting Officer.

12. Price adjustment. Please confirm that no economic price adjustment applies to labor or non-Carpet-Program materials over the ordering period, and that the 6-month extension will be priced at Year 5 rates.

    Yes, no economic price adjustment will apply and the six month extension will be priced at Year 5 rates.

13. Quantities. (a) Modular carpet furnish lines BA, BB and BC total 8,500 SY per year, while modular install line CA is 7,000 SY per year. Please confirm these quantities are as intended. (b) Year 1 LVT quantities (EA through ED) are nine times the Year 2 through 5 quantities. Please confirm.

(a) Additional quantities for waste are allowed on material-only line items. (b) Quantities for Year 2 through Year 5 should match Year 1. A revised Bid Schedule will be provided.

14. Response time. Technical Provisions 1.7.2 requires on-site response within 24 hours during the period of work, and the Q&A states 10 calendar days from receipt of a task order purchase request. Please confirm the 24-hour requirement applies only to active task orders under performance.

    Yes, this only applies to active task orders under performance.

15. Amendments. Please confirm whether responses to these questions will be issued by formal amendment on SAM.gov.

    The answers will be issued by formal amendment on SAM.gov.

16. Submission method: Section L states that one electronic copy of each deliverable should be submitted by email to both contracting points of contact. The SF 1442 refers to sealed offers, original plus one copy. Could you please confirm that email submission to both points of contact is acceptable, and whether a DoD SAFE link should be requested in advance for large files?

    Yes, submission to both points of contact is acceptable, and a DoD Safe link will be provided in advance for large files.

17. Bond timing: The pre-solicitation questions and answers state that a performance and payment bond will be required within 10 calendar days of award. Item 12b of the SF 1442 states 20 calendar days. Could you please confirm which period controls? Please also confirm that the $20,000 bid guarantee on SF-24 remains required.

    The performance and payment bond will be required within 10 calendar days.

18. Experience narrative: The Section L experience instructions refer to a painting requirement and square footage painted. As this is a flooring solicitation, could you please confirm that this is a typographical error and that flooring experience is the intended scope?

    This is a typographical error, and flooring experience is the intended scope.
