1.Completed Attachment E, Provision Representations Sheet. The Government reserves the right to verify and/or clarify provision representations with the apparent awardee prior to award.

2. Quality Control Plan (QCP): A complete QCP must be submitted with the initial offer. The QCP must be specific to the contract specifications and location(s) listed. Refer to 1.4 Quality Control Plan (QCP) in the Performance Work Statement for requirements.

3. Completed Attachment F – Past Performance Questionnaire

Past performance is relevant information regarding an offeror's actions under previously awarded contracts. It includes the offeror's overall quality of performance, record of conforming to contract requirements and standards of good workmanship; the offeror's adherence to contract schedules including the administrative aspects of performance; effectiveness of their quality control programs, responsiveness of management; responsiveness to service calls and effectiveness of corrective action, offeror's history of reasonable and cooperative behavior, commitment to customer satisfaction, offeror's success in advancing sustainability programs and overall performance. This information will be obtained through feedback from the offeror's customers. To be relevant, past performance information must be provided for contracts of similar or greater scope for Governmental (Federal, state or local) or commercial properties of similar or greater size, complexity, use and tenancy. Past performance will be considered relevant if it meets all of the following criteria: Custodial and related services including but not limited to interior and exterior (reserved), integrated pest management, trash removal, recycling and window washing. Offerors shall complete Attachment F – Past Performance Questionnaire. This form must be completed for each reference submitted that meets the criteria identified above. The offeror cannot use the same reference (i.e., same project and same contact person) more than once. Past performance will be evaluated by analysis of information provided by the offeror and by interviews with the offeror's past and/or current customers. If the offeror submits under a teaming arrangement, unless the references submitted are for the teaming arrangement, each firm in the teaming arrangement will be evaluated and the composite score will be the average of all the scores for each firm of the teaming arrangement.

While offerors must submit evidence of a minimum of 3 customer references for past performance evaluations, they may provide more (but in no case shall they submit more than 5 references. The Government is not required to conduct or complete reference checks on more than 3 contracts, although it may choose to do so. Additionally, if more than 3 references are provided, the Government reserves the right to choose which references to include in its evaluation.

In addition to those references provided directly by the offeror, the CO may identify and analyze the past performance of the offeror on any other relevant contract that they currently have or had of which the CO has knowledge or obtains knowledge, including but not limited to projects listed in the Contractor Performance Assessment Reporting System (CPARS). (3) Any such language, provision, or clause is deemed to be stricken from the commercial supplier agreement.

(b) Paragraph (a) of this clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

FAR 52.212-1 INSTRUCTIONS TO OFFERORS - COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2025) (GSA Class Deviation RFO-2025-12)

(a) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include—

(1) The solicitation number;

(2) The name, address, telephone number of the Offeror;

(3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;

(5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and

(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) Period for acceptance of offers. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The

Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) Debriefings. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.

(3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award.

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.

(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

(End of provision)

FAR 52.212-2 EVALUATION - COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2025) (GSA Class Deviation RFO-2025-12)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate proposals:

- Factor 1 - Technical
- Factor 2 - Past Experience
- Factor 3 - Past Performance
- Factor 4 - Price

Technical, Past Experience, and Past Performance are of equal importance. The non-price factors, when combined, are more important than price. As proposals become more equal under the non-price factors, Price may become more important.

(b) Options (if applicable). The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Addendum to FAR 52.212-2 — Evaluation Approach

Evaluation Approach. The Government will evaluate proposals using the comparative evaluation process outlined in FAR 13.106-2 (b) (3), where proposals will be compared to one another to determine which provides the best benefit to the Government. The Government reserves the right to consider a proposal other than the lowest price that provides additional benefit(s). Proposals may exceed the minimum requirements of the solicitation. The Government reserves the right to select a proposal that provides benefit to the Government that exceeds the minimum requirements of the solicitation but is not required to do so. Each proposal must meet the minimum requirements of the solicitation. The evaluation will consider the following:

1. **Technical Capability/Approach**: The proposal will be evaluated to the extent to which it can meet and/or exceed the Government's requirements as outlined in the Performance Work Statement and solicitation.
2. **Past Experience**: The Government will evaluate the Offeror's demonstrated success in executing work that is similar in scope, size, and complexity with the requirement outlined in the Performance Work Statement and solicitation. Offerors shall demonstrate comparable past experience within the last 5 years, submitting 3 examples. Experience should be similar in size (contract value, FTEs, duration), scope (SOW), and complexity (challenges, processes). Prime contractor experience is preferred, but predecessor companies, major subcontractors (>$200,000), joint ventures, or parent/affiliated companies' experience may be considered if relevant to performance. Experience may include federal or non-federal customers.

   The Offeror shall provide the following supporting information for each past experience example. If any of the information is not provided, the past experience example will not be considered.

   a. Client/Government Agency, address, and phone number.
   b. Contract number, task order(s) if applicable, and contract type for work completed within the last five (5) years or currently in progress.
   c. Date of contract, period of performance (duration), and place of performance.
   d. Address, email, and phone number of work points of contacts (POC) including contracting and technical officers. The POC information provided must be current and accurate.
   e. Size of contract (average number full-time equivalents provided per year) and total dollar value of award, to include options.
   f. Brief description of contract work and responsibilities.

   For each Subcontractor's work being proposed as relevant experience, a signed Teaming Agreement shall be included in the proposal.

Past performance: Past performance will be evaluated in accordance with FAR 13.106-2. Under this factor, the Government will assess how well the Offeror has previously performed similar recent (within the last 5 years) work and will determine the likelihood of success and timely completion based on the Offeror's history of prior performance. The Government will base its past performance evaluation on the prior work provided in the proposal, Contractor Performance Assessment Reporting System (CPARS), and the Contracting Officer's knowledge of the Offeror's prior performance. The Government is not limited to data provided in the proposal and CPARs, and may also use data obtained from other sources.

3. **Price**: The Government will evaluate the price for reasonableness. The Total Evaluated Price will be calculated by adding the total price for the base requirement and all option periods and/or optional CLINs, if applicable. The Government may use various price analysis techniques and procedures to make a price reasonableness determination. Proposals that do not meet the minimum technical requirements of the solicitation will not be eligible for award, regardless of price.

FAR 52.229-11 TAX ON CERTAIN FOREIGN PROCUREMENTS - NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions*. As used in this provision—

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It □ is □ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that—I am claiming on the IRS Form W-14 □ a full exemption, or □ partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and

regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.
